Question: Will all of the units/tracts/lots be released to survey at the same time or will they be released individually or in smaller groups?

Answer: It is estimated that there will be a maximum of four groups of five units. This number of bid packets will be adjusted as needed.

Question: Are all of the units/tracts/lots in the same subdivision in close proximity to one another or are these units spread out across a larger area of the county?

Answer: The units are scattered sites throughout the County.

Question: What is the typical turn-around time frame expected for reception of all final products once these units/tracts/lots are released to be surveyed?

Answer: 10 days

Question: What is the average size of the tract/lot for each home?

Answer: This information is unavailable.

Question: Is there a map showing the locations or web-based GIS application to view these tracts/lots so that we can give a more accurate estimate for this work?

Answer: This information is unavailable.
