   Answer: See section 5.10 Minimum On-site staffing Requirements required by the Sheriff

10. **Question:** What are the current salaries for the nurses?
    a. Is there a shift differential?

    Answer: See Question and Answer #2

11. **Question:** Will the County or the Medical Service Provider be responsible for paying the bills of the current pharmacy company (Contract Pharmacy Services) under the new contract?

    Answer: The successful proposer will only be responsible for medical bills incurred under the new contract.

12. **Question:** Please provide the following information about medication administration.
    a. Who administers medications, e.g., RNs, LPNs, medical assistants?
    b. How many medication passes per day do you currently have and at what times?
    c. Are medications passed out in the housing unit and by whom?
    d. Are any medications sent with inmates/detainees upon discharge?
    e. Are the medication carts owned by the county?

    Answer:
    a. This is determined by medical contractor
    b. Twice daily every 12 hours
    c. Yes by medical contractor staff
    d. Only as required. Ex MAT program
    e. yes

13. **Question:** Are any medications allowed to be brought in from home?

    Answer: No, there may be exceptions for specialty medications.

14. **Question:** Are any medications allowed to be "kept on person" within the jail?
    a. If so, which are allowed?

    Answer: yes. OTC, rescue inhalers and eye drops

15. **Question:** Are there over-the-counter medications on commissary?

    Answer: dental

21. **Question:** Do you currently have a dentist who comes on-site?
    a. If so, how long is the dentist onsite?
    b. How many days per week is the dentist on-site?
    c. Does the dentist have an assistant?

    Answer: Yes, there is a dentist and dental assistant onsite 30 hours per week under current contract.

22. **Question:** If you do not have a dentist on-site, how many inmates/detainees do you take off-site to see the dentist in a month?

    Answer: See question and answer #21

23. **Question:** Do you currently do TB screening by asking questions and/or TB skin test? If you do TB screening, when do you complete the screening or skin tests? How many TB tests did you perform in last year?

    Answer: TB plan follows Texas department of Health and Human services and is maintained by current healthcare vendor. See Section 5.11: Historical Data

24. **Question:** Are there any special business license fees or taxes that are to be paid to the city or county?

    Answer: No

25. **Question:** Do you currently have a financial limit (POOL) with the current contract?
    a. If so, what does it cover and how much is it? A pool is a set amount of money that the county has to cover certain items. For example, the pool may cover the cost of off-site medical appointments, pharmaceuticals, hospital care, etc. for the inmates. Some places may have a $1,000,000 pool to cover the year. Once that money is exhausted, the County then pays 100% of the cost. So, if the County has $1,000,000 and in the 11th month has spent $1,002,000, the County would have to pay the extra $2,000 and any extra in the 12th month of the contract.

    Answer: Yes. See Section 5.5: Term

26. **Question:** Have you gone over the financial limit (POOL)?
    a. If so, how many months into the contract was it before you went over the limit?
    b. If so, how much over the financial limit (POOL) did you go over every year?

    Answer: Yes, we have exceeded the aggregate cap. The aggregate cap was set at $500,000.00 in previous contracts.
    - **a. We exceeded the cap in the 5th month of year one of the current contract and exceeded the cap in the 4th month of year two in the current contract**
    - **b. The aggregate cap was exceeded by $1,441,279.73 in year one of the current contract (June 2023-June 2024) and as of December 31, 2024 in current contract (June 2024-June 2025) we are over the cap by $568,225.74**

27. **Question:** How much is the current co-pay?

    Answer: RX= $2.00; Nurse sick call= $4.00; NP sick call= $5.00; MD/Dentist sick call= $6.00

28. **Question:** Who is your current medical services contractor?

    Answer: See Section 5.2 of Specifications for (RFP 25-002/CG)

29. **Question:** Can you please provide a copy of the current medical services contract?

    Answer: See Attachment A

30. **Question:** Would you like the new contractor to re-price all medical claims? If [redacted] was to win the contract, we offer re-pricing services for all off site services. So, when a bill comes into the facility for an inmate, [redacted] will work to get the amount down as low as possible. We have people that are experienced with bill scrubbing that know the correct billing codes. We have seen a $10,000 bill reduced to about $1,000. This saves everyone money in the long run.

    Answer: Details of any services provided should be included in your proposal.

31. **Question:** What is your current process for re-pricing medical claims? Does the current contractor provide these services or not.

    Answer: The current contractor is responsible for "re-pricing" and paying all medical claims.

32. **Question:** Do you have a state statute that you reprice to?

    Answer: No

33. **Question:** What is the 3-year average spending on the following: ambulance, in/outpatient, pharmacy, medical supplies, durable medical supplies, mobile x-ray and laboratory?

    Answer: There is no available data on: in/outpatient, medical supplies, durable medical supplies, mobile x-ray and laboratory. That would need to be supplied by current vendor at their discretion.
    The available spending under current contract for ambulance:
    6/13/23 to 5/31/24: Ambulance= 16,231.33
    6/1/24 to 1/31/25: Ambulance= $25,332.39
    Pharmacy: See Question and Answer #10 in Addendum #1

34. **Question:** Would the county prefer the vendor to review/verify the inmate/detainee medical bills, apply any discounts and pay the invoice for the county (act as a third-party administrator)?

    Answer: The successful proposer will be responsible for all health care costs under the contract including offsite medical care up to the $1,000,000.00 aggregate cap. If the aggregate cap is exceeded the county will reimburse the successful proposer for the costs above $1,000,000.00.

35. **Question:** Is there a dedicated fax line to medical?
    a. If not, is a fax line available?

a. For each of the past 3 years, please indicate how many (if any) JCCF patients have been admitted to a SNF or an LTAC.
b. Please provide the average length of stay (ALOS) for the JCCF's SNF/LTAC patients.
c. Please provide a list of the SNF and LTAC facilities used by the JCCF.

Answer: None

111. **Question:** For each of the past 3 years, please provide total spend amounts for the following categories.
a. Offsite services
b. Laboratory services
c. Offsite diagnostic (x-ray) services

Answer: See available information in Question and Answer # 26 & #33. Additional information would have to be provided by our current contractor at their discretion.

112. **Question:** Under the new contract, who will be financially responsible for these items: the County or the vendor?
a. Inpatient hospitalization
b. Outpatient surgeries
c. Other outpatient referrals
d. ER visits
e. Ambulance transports
f. Offsite dialysis
g. Offsite diagnostics (lab/x-ray)
h. Pharmaceuticals

Answer: Items (a – g) are included under the aggregate cap and pharmaceuticals are responsibility of vendor.

113. **Question:** Will the vendor be financially responsible for any of the following services under the new contract? For any category that will be at the vendor's cost, please provide three years of cost data on the expenses incurred in that category.
a. Care for newborn babies after the actual delivery
b. Abortions that are not clinically necessary
c. Cosmetic surgery that is not clinically necessary
d. Gender reassignment (sex change) surgery and any follow-up treatment or related cosmetic procedures
e. Contraception, including vasectomy, tubal ligation, or reversal of such

j. Factor and other medications for the treatment of bleeding disorders

Answer: The vendor is not financially responsible for items (a-i). Vendors are responsible for(j.) Cost data not available

114. **Question:** Please confirm that costs in the following categories will be included under the $1 million cap. Additionally, if there are any other cost categories that will be included under the cap, please list them.
a. Inpatient hospitalization
b. Outpatient surgeries
c. Other outpatient referrals
d. ER visits
e. Ambulance transportation
f. Offsite dialysis
g. Offsite diagnostics (lab/x-ray)

Answer: yes, all of the above

115. **Question:** For each of the past three years, by how much (if at all) have total JCCF expenses exceeded the contracted cap amount?

Answer: See Question and Answer #26

116. **Question:** Please provide the formula (or other methodology) that the County will use to evaluate and score vendors' submitted prices.

Answer: See Section 7: Proposal Evaluation and Selection Process

117. **Question:** RFP Page 36 of 79 states, "The executive summary must not include any information concerning the cost of the proposal." This implies that the County wants to keep pricing separate from the technical proposals. Yet the list of proposal contents on RFP Page 35 of 79 indicates that the Cost Proposal Form should NOT be separately from the technical proposal. Please clarify: Does the County want bidders to submit their price proposals separate from their technical proposals?

Answer: Section 4.5: The executive summary is a (maximum 3 page) concise summary of the contents of proposal. It should not include price. See section 4.2 Organization of Proposal Contents. Please note that we will accept proposals in any order as long as all required documentation, forms, addenda and required information is present.

118. **Question**. RFP Page 37 of 79 refers to "the selected Performance Review Company." Please explain what this is and what its role will be with regard to the jail health care contract.

Answer: This is the Evaluation Committee.

119. **Question:** RFP Page 37 of 79 states, "If applicable, each Proposer must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project." Is the County requiring bidders to submit rates for the positions listed in their staffing plans?

Answer: This is not applicable to this contract.

120. **Question:** RFP Pages 40-41 of 79 state, "Proposer will supply at its expense, all other supplies required to carry out its performance" AND "If in excess of $500, the item shall be deemed "equipment"; if $500 or less, the item shall be deemed "supply". Please indicate who—County or health care vendor—will be financially responsible for the cost of equipment, i.e., items with a cost in excess of $500.

Answer: The county will purchase approved and necessary medical equipment in excess of $500. This doesn't include office equipment such as computers, scanners, printers and fax machines, etc which are the responsibility of the Proposer/Vendor. All equipment will be maintained at the expense of vendor.

121. **Question:** With regard to the pre-employment physical data provided on RFP Page 43 of 79, there is overlap between (b) and (c) since both line items include Q1 2022 numbers. Can the County please reissue this data so that the numbers more accurately reflect the volume of pre-employment physicals (i.e., remove the double-counted data)?

Answer: Contractor did not track data in current contract. The information in (c.) is based on number of new hires by time period. There is no additional information is available.

1149 Pearl Street **OFFICE MAIN: (409) 835-8593**
1st Floor, Beaumont, TX 77701 **FAX: (409) 835-8456**

122.. **Question:** With regard to the "background investigation conducted by the Sheriff's Office for initial and/or continued employment" referenced on RFP Page 44 of 79:
a. Who is financially responsible for the cost of these background checks?
b. If the vendor is financially responsible, please tell us how much the Sheriff's Office charges per background check.

Answer: The Vendor is responsible for it's own reasonable background checks. The "background investigation conducted by the Sheriff's Office for initial and/or continued employment" is at the expense of the County.

123. **Question:** RFP Page 45 of 79 states, "Proposer shall include a Medication Administration Record to include all information contained on the prescription label." Please clarify if this means (a) bidders must include a sample MAR with their proposals; or (b) bidders must include the cost of MARs in their pricing.

Answer: Pharmaceuticals should be included in pricing

124. **Question:** With regard to the "Medical Department" discussed on RFP Page 48 of 79, is this unit classified as an infirmary, per NCCHC definition?

Answer: No

125. **Question:** RFP Page 48 of 79 requires the vendor to "Provide on-site programs and counseling to include but not limited to SAMHSA…Substance Abuse counseling." However, we do not see any licensed Substance Use Counselors in the staffing plan. Please clarify whether substance use disorder counseling (e.g., 12-step programming, etc.) is in the scope of the RFP and contract.

Answer: See LPC hours in Section 5.10

126. **Question**: With regard to RFP Section 5.9.37 Mental Health Services:
a. Please provide a description of the scope and variety of mental health services currently being provided at the Jail.
b. Please describe the services that the Spindletop Center provides at the Jail and indicate how their scope of work relates to the health care vendor's.
c. What staff position(s) provide suicide watch, e.g., Sheriff's Office security officers, vendor mental health staff, etc.?

Answer: (a. and b.) This information would have to be provided by our current contractor at their discretion.
(c.) both security officers and mental health staff.

127. **Question:** RFP Page 49 of 79 states, "The Proposer shall ensure that a minimum of three (3) qualified physicians meeting the requirements of Texas Health and Safety Code Chapter 574 are retained each month to provide the following services upon request of County or Sheriff regarding civil commitments." Please provide the following information on this topic.
a. We do not see these "three (3) qualified physicians" in the staffing plan. Is the County's intent for bidders to add these 3.0 FTE physician to their proposed staffing?
b. Alternatively, will the County consider reimbursing the vendor on an hourly basis for these physicians, WHEN AND IF the need for their services ever arises? This will save the County a significant amount of money, (as opposed to adding the doctors to the staffing plan and including 100% of their salaries in the annual contract price).

c. For each of the past three years, please indicate how often the services of such physicians were required by the Sheriff's Office.

Answer: Requirement to retain for Courts. Have not been used.

128. **Question:** With regard to the Historical Data table on RFP Page 51 of 79:
a. Is the "Total dialysis off site" number referring to (a) patients, (b) treatments, or (c) visits?
b. So that bidders can perform more accurate trending and analysis, will the County please provide the same data for calendar years 2022 and 2023?

Answer: (a.) patients, additional information not available

129. **Question:** RFP Page 54 of 79 states, "Any reworked version of this provided form that is intended to be a substitute for PAGE 57 of these specifications, that is provided by a Proposer may be determined as non-responsive, and may result in the proposal's disqualification." That said, will the County permit bidders to add lines to the existing RFP price forms, as needed?

Answer: Any pricing Alternatives or Additions should be placed under section 7.2 Alternates.

130. Question: Please confirm that bidders are supposed to insert their completed Cost Proposal Forms under Section F, Cost Proposal Form of their proposals, and NOT in Section G, Copy of RFP Specifications. We are asking this because the instructions for Section G state "Note: All forms should be completed, and any information requested should be inserted/included."

Answer: See Question and Answer #117.

131. **Question:** The RFP states bidders should include their "Federal Employer Identification Number, Jefferson County Vendor number, and Jefferson County Business License Number, if any." Please clarify which vendor numbers are required for this bid. If Jefferson County vendor numbers are required, please clarify how we can obtain them.

Answer: If you have one of these numbers, then include it. You are not required to have any off these numbers.

132. **Question:** Please confirm that proposers only need to register in SAM.gov.

Answer: You must have initially started the registration process prior to submission of proposal. You will need to be fully registered with an "active" status prior to award as per section 1.13 of the RFP specifications.

133. **Question:** Section 4.7 details specific roles which are considered "Key Positions" for this contract. In section 6.1 the RFP indicates that "the proposal must identify key personnel who are part of the proposed Administrative Team." Please confirm which roles from the key personnel list the County expects to be included as part of the Administrative Team

Answer: The proposer should identify their Administrative Team that will be specific to this contract.

134. **Question**: Please provide the names of the current providers for laboratory, radiology, dialysis, optometry and any other onsite specialty services. Please provide the number of hours/days per week that each service is onsite and what additional services would the county like to add, subject to volume?

Answer: This information would have to be provided by our current contractor at their discretion. You can include any additions in your proposal.

135. **Question:** During the pre-bid conference the incumbent vendor stated they were fully staffed, however a review of posted vacancies for this site indicates there are currently nine (9) open medical positions. Can the county please confirm the current number of open medical/behavioral health positions at the site?

Answer: Contractor is meeting staffing hours with current staff and/or agency staff.

136. **Question:** Please provide copies of the last NCCHC and Texas Jail Standards Survey Reports.

Answer: See Question and answer # 47

137. **Question:** Please clarify what is the "initial term" of this new contract.

Answer: The initial term is two years from commencement of new contract. See section 5.5

138. **Question:** What, if any, are the current backlogs in:
-Nurse sick call
-Provider sick call
-Dental sick call
-Behavioral Health sick call
-14 day Initial Assessments (H & P)
-Annual H & P
-Annual Dental exam
-Provider chronic care

Answer: Information not available. This information would have to be provided by our current contractor.

139. **Question**: Are Re-Entry services currently being provided? If yes, are they done by County or the current medical vendor staff? If provided by the current medical vendor, please identify the required education, number of hours per week, and a brief description for the services.

Answer: No

140. **Question:** Are the EMTs scheduled and assigned to Booking expected to stay in the Booking Area, regardless if there are inmates to be seen? Can they be assigned other tasks when there are no inmates to be Booked/Screened?

Answer: Book-in must be staffed 24/7

141. **Question:** The RFP states the proposer shall ensure that a minimum of three qualified physicians are retained each month to provide medical examinations, review of documentations and/or conduct interviews, and be available to provide court testimony for Civil Commitment cases. Can you provide statistical information to include the number of reviews/evaluations/exams/and court hearings have occurred per month for the last 12 months, along with the average number of hours required per case?

Answer: See question and Answer #127

142. **Question:** Please confirm that JCSO is open to changing the level of professional in Booking from EMT to RN/LPN.

Answer: You may submit alternates in your proposal.

143. **Question:** Will the County provide the number of inmate healthcare lawsuits currently pending in which the County, its employees or its healthcare vendor are a named party? What is the current status of each pending case?

Answer: 2 current cases that include County. The first case, on 3/3/25 the magistrate judge issued a report and recommendation to grant the County defendants' motion for summary judgment. The second case, has been consolidated in a prior filing so all previous dismissal motions will be refiled. This second case involves an inmate who was detained for 4 days (Thurs evening-Mon morning) and did not receive his medication because the VA never responded so he was placed for a medical visit on Monday morning but was transferred to another county before his visit.

144. **Question:** Will the County provide a list of the inmate healthcare cases closed over the last two (2) years and the outcome of the cases including the amounts of any payments (judgments or settlements) paid by the County or the healthcare vendor over the last two (2) years?

Answer: 1. *Hassan et al vs. Jefferson County, Texas et al*, Cause No. 1:21-cv-530 Eastern District of Texas: County defendant granted immunity and Plaintiff dismissed claims against remaining County Defendants. 2. [PENDING CLOSURE BY COUNTY] *Brian Linscomb vs. Zena Stephens, et al*, Cause No. 1:21-cv-551: magistrate judge issued a report and recommendation to grant the County defendants' motion for summary judgment.

145. **Question:** In the last two years, how many claims and/or lawsuits related to inmate healthcare have been tendered to the current vendor for indemnity and defense?

Answer: None

146. **Question:** Is the County currently bound by any consent decrees or court orders that would affect the provision of healthcare services? If so, will the County please provide a copy of any decree or order?

Answer: See Question and Answer #48

147**. Question:** Is the County currently, or anticipated to be, under investigation, audit, or review by any federal, state, or local governmental authority or regulatory agency for healthcare services provided? Is the County waiting for the result of any recent prior inspection/audit/review? Have any reports of audits/inspections been issued or received in the last 36 months? Will the County share the reports or results?

Answer: No

148. **Question**: The RFP notes a credit of 100% for understaffing less than 30 days, with a credit of 150% for staffing shortages starting on the 31st consecutive day and beyond. Please confirm that once a position hits the 31st vacant day, the 100% vacancy credit no longer applies and only the 150% credit is applicable.

Answer: The 100% credit applies day 1 though day 29. The 150% credit would apply starting on day 30. Only one of the two credits apply per position at any one time.

149. **Question:** We recognize that the RFP indicates on page 45 that "remote services are not allowed to cover onsite required staffing." However, can the county confirm if there are currently any telehealth services in place? Is the County open to implementing or expanding telehealth services for specialty care?

Answer: There are no telehealth services in place. You can submit in alternates in your proposal.

150.. **Question:** On average, what is the EMT/ambulance response time to the site?

Answer: This information is not available

151. **Question:** Will the Proposer's equipment reside on the County network or will the Proposer need to install their own network.

Answer: See Question and Answer #37

152. **Question:** If the Proposer is required to provide its own Internet circuit, are there network drops in all locations where medical services are provided?

Answer: Yes

153. **Question:** Please provide the Proposer details on the Internet Service Provider in use today and available bandwidth?

Answer: AT&T currently is able to provide internet at this location. Speeds are unknown.

154. **Question:** If a network drop needs to be relocated or added who is responsible, the Proposer or the County? Does the County have a preferred wiring vendor?

Answer: We do have a preferred wiring vendor. If only a few drops are needed, maintenance can usually take care of these. However, if there are several drops needed, we typically outsource it.

155. **Question:** If the County is providing the network, will the Proposer be allowed to install VPN tunnel between vendor network and county network for use by medical staff for administrative and medical applications?

Answer: See Question and Answer #37

156. **Question:** Please confirm that existing computer equipment will be available to the incoming Proposer on day one of the contract. Can the County provide an inventory list of desktops, laptops, printers, scanners, etc.?

Answer: Contractor is responsible for all computer equipment, printers, scanners etc.

157. **Question:** If Telehealth equipment currently exists, is it owned by the County or vendor?

Answer: N/A

158. **Question:** Will the existing equipment the new Proposer takes over include any Telehealth equipment? If so, please provide vendor name, Software used, hardware count, description along with peripherals.

Answer: N/A

159. **Question:** Can the County confirm that CorEMR is the current electronic health record in place? Which version of this EHR is in use today?

Answer: Yes. This information would have to be provided by our current contractor.

160. **Question:** Is the current vendor contractually required to provide the existing EHR / EMR data in a commercially usable digital format to the incoming Proposer to transition patient details?

Answer: Vendor is contractually obligated to provide all medical records in a digitized and stand alone form.

161. **Question**: What is the integration method between the offender management system and the EHR? (e.g. HL7, XML format, API)

Answer: We currently have an FTP job that sends the data as a CSV file.

162. **Question:** Will the Proposer be able to establish an integration between the EHR and our Data Warehouse for the purposes of reporting and creating specific dashboards?

Answer: We will send a CSV, how data is integrated is up to the vendor.

163. **Question:** Understanding Respondents shall not alter the Cost Proposal Form – can Respondents recreate this form exactly as presented in the RFP to facilitate data entry to avoid hand written or typed responses?

Answer: Yes

164. **Question:** Please confirm the County would like three (3) years of litigation information as required in the Proposal Submittal Checklist.

Answer: 5 years of litigation information is required under Section 6: Proposal Requirements; Sub-Section 6.1 on page 52. These requirements supersede the General Proposal Submittal Checklist on page 5.

165. **Question**: If Proposer resides on County network, will timeclocks be allowed on County network or will Proposer need to install a separate network?

Answer: See question and answer #37.

166. **Question:** If a clock needs to be relocated on site who is responsible for the associated cost, the County or Proposer?

Answer: Proposer

167. **Question:** Will the county allow Wi-Fi enabled devices (laptops/tablets/computers) in the facility for the provision of healthcare services?

Answer: Yes

168. **Question:** Please provide the last three months of staffing reconciliations.

Answer: See Staffing reports in Attachment D

169. **Question**: How many clients are currently on MAT?

Answer: see Question and Answer #103

170. **Question:** What medications are utilized for MAT?

Answer: See Question and Answer #103

171. **Question:** Is MAT continuation only or is induction part of the program

Answer: See Question and Answer #103

172. **Question:** Are all MAT clients housed together?
Answer: No

173. **Question:** Is there a separate medication pass for MAT?

Answer: See question and Answer #12

174. **Question:** Please confirm that Spindletop is the current partner for MAT?

Answer: Texas Treatment Services- Beaumont is partner for MAT

175. **Question:** What is medical vendor's role in MAT?

Answer: See Question and Answer #103. Provides continuation only.

176. **Question:** Is the county open to alternative MAT programming if the population warrants it?

Answer: You can submit this in your proposal

177. **Question:** Are clients referred to community partner(s) upon discharge?

Answer: Yes

178. **Question:** Are any other community partners beyond partner Spindletop utilized at discharge?

Answer: Spindletop is utilized for Mental Health. We are open to other partnerships which can be included in your proposal.

179. **Question:** What is the medical vendor's current role in MAT programming and administration of medications?

Answer: See Question and answer #103.

180. **Question:** What role does the medical vendor hold in MAT reentry/aftercare?

Answer: See Question and answer #103.

181. **Question:** What role does the medical vendor hold in GP reentry/aftercare?

188. **Question:** By facility, please detail how many medication passes there are per day.

Answer: See Question and answer #12

189. **Question:** Please provide the total number of prescriptions written in the last 12 months.

Answer: See Question and Answer #106

190. **Question:** Can you please provide the total number of patients per year who have received factor drugs for the last 24 months? What was the average length of stay at the facility for each of these patients?

Answer: information not available

191. **Question**: What was the total monthly spend on oncology medications for each of the last 3 years?

Answer: Information not available.

192. **Question:** What was the total spend per month on pharmaceuticals for each of the last three years?

Answer: see available data in Question and Answer #10 in Addenda #1

193. **Question**: What is the average percentage of medications filled from stock medication?

Answer: Information unavailable and would have to be provided by current contractor at their discretion.

194. **Question**: Please provide the number and percentage of inmates on Hepatitis C medication in the last 12 months. Also, how many patients tested positive for HCV in the last
year, whether treated or untreated?

Answer: Information unavailable and would have to be provided by current contractor at their discretion.

195. **Question:** Does the facility have its own DEA number?

Answer: This is responsibility of Contractor if necessary

196. **Question:** Does the facility hold a State issued pharmacy license or State issued Control Substance license?

Answer: This is responsibility of Contractor if necessary

197. **Question**: What is the current number of medication carts? Are all current carts in good working condition? How many would possibly need to be replaced if in poor condition?

Answer: See Question and Answer #184. Equipment maintained by contractor.

198. **Question**: Is there a time requirement (from prescription) for the availability of urgent or critical medication?

Answer: As medically necessary

199. **Question**: Does the facility currently utilize an eMAR? If so, what is the name of the system?

Answer: See question and Answer #36

200. **Question:** Please describe the current method for medication order entry.

Answer: Information would have to be provided by current contractor at their discretion.

201. **Question**: How many days' worth of medication is required to be provided upon discharge from the facility?

Answer: See Question and answer #185

202. **Question:** The statistical information notes a 42% increase between the 2023/2024 data and the annualized value of June 2024 through Jan 2025. Please provide additional information as to the reason(s) for such a dramatic increase during the time period.

Answer: Information not available

203. **Question:** The current schedule does not allow sufficient time between answers to questions being released and when proposals would need to be produced and shipped. Would the County consider an extension of the due date to be no less than three weeks from the date that answers to questions are posted? This would provide all bidders with sufficient time to analyze and incorporate the information provided from those answers into their proposals, thereby reducing variables and resulting in stronger and more comparable proposals with beter prices.

Answer: There will not be any extensions to due date.

THIS AGREEMENT, made and entered into this 15th day of June, 2023 by and between the County of Jefferson, Texas, a political subdivision in the State of Texas, (hereinafter referred to as the "County"), Sheriff Zena Stephens (hereinafter referred to as the "Sheriff") and CorrHealth, LLC, (hereinafter referred to as the "Contractor").

WHEREAS, the County is the owner of the Jefferson County Correctional Facility (JCCF) located at 5030 Highway 69 South, Beaumont Texas 77705, (hereinafter referred to collectively as the "Facility") and Sheriff is the operator.

WHEREAS the County, on behalf of the Sheriff, issued a Request for Proposals for "Medical, Dental, and Behavioral Healthcare Services" RFP 22-039/MR Inmate Heath Care Services For Jefferson County Correctional Facility dated October 18, 2022, attached hereto as **EXHIBIT D**; and

WHEREAS, the Contractor submitted its Proposal, dated November 30, 2022, in response to RFP 22-039/MR Inmate Heath Care Services For Jefferson County Correctional Facility, attached hereto as **EXHIBIT C**; and

WHEREAS the County, pursuant to Texas Local Government Code Sec. 351.045, desires to engage the Contractor to render certain services in connection therewith, and the Contractor is willing to provide such services,

NOW, THEREFORE, in consideration of the premises and mutual obligations herein, the parties hereto do mutually agree as follows:

1. General Engagement

   A. The County hereby contracts with the Contractor to provide for the delivery of medical, mental, and ancillary health care to individuals committed to the custody of the Jefferson County Correctional Facility. The terms and conditions of the accepted Request for Proposal for "RFP 22-039/MR" specific to "Inmate Health Care Services for Jefferson County Correctional Facility" for the Jefferson County Correctional Facility is incorporated herein verbatim as if fully set forth.

   B. Individuals who are unconscious, injured or seriously ill at the time of booking shall not be committed to the custody of the Jefferson County Correctional Facility. These individuals shall be immediately referred to a third-party provider for medical attention and their admission and booking (or their return to the Jefferson County Correctional Facility) will be predicated on written medical clearance from the third-party provider. The Contractor will not be responsible for any cost associated with medical care that is delivered prior to an individual's being booked into the Jefferson County Correctional Facility.

      1. Injured or Seriously Ill means a person who is unconscious/semi-unconscious; severe shortness of breath, wheezing, or chest tightness; severely intoxicated and cannot walk under his/her own power; severe withdrawal; actively attempting suicide/self-harm; report of sexual assault in the last 5 days; suspected overdose, swallowed drugs, or drugs placed in orifice(s); severe bleeding/obvious trauma; pregnant female with opiate addiction; complaints of chest pain with signs/symptoms of a cardiac emergency; involved in a motor vehicle accident where a person died, the collision was head-on, the arrestee was unrestrained, the

airbag deployed, or the vehicle rolled over; signs of severe head trauma (loss of consciousness, periorbital ecchymosis (raccoon eyes), retroauricular or mastoid ecchymosis (Battles's Sign)); signs of internal bleeding Periumbilical ecchymosis (Cullen Sign), flank ecchymosis (Grey-Turner Sign), severe abdominal pain with rebound tenderness, hypotension; obvious fracture(s); arrestee actively seizing, or had a seizure within the last 24 hours with possible head trauma; arrestee that was tased AND has a cardiac complaint; care requirements that exceed CorrHealth's capacity to care for the arrestee onsite; T<95F or >104F; P<40BMP or >150BPM; R<12BPM or >25BPM; O2<90%; BG<50 or >500; SBP<80 or >210; DBP<55 or >140.

2. Order of Precedence

   A. The parties agree that in the event of any inconsistency or conflicts among the documents referenced in this Agreement will be resolved by giving precedence in the following order:

      1. Any Agreement Amendment to this Agreement in reverse chronological order from oldest date to newest date order, then
      2. This Agreement
      3. **EXHIBIT A**: Scope of Services
      4. **EXHIBIT B**: Best and Final Offer
      5. **EXHIBIT C**: Contractor's response: JEFFERSON COUNTY RFP#22-039/MR Inmate Heath Care Services For Jefferson County Correctional Facility November 30, 2022
      6. **EXHIBIT D**: County's formal request for proposal: RFP 22-039/MR Inmate Health Care Services October 18, 2022

3. Scope of Services

   A. For the purposes of this Agreement, the Contractor's responsibility for medical care commences when an individual is booked into the Jefferson County Correctional Facility. The Contractor shall provide health care services for all persons committed to the physical custody of the Jefferson County Correctional Facility and to individuals who are engaged in work release activities but who spend each night at the Jefferson County Correctional Facility. The Contractor shall provide on a regular basis, all professional medical, dental, mental health, related health care, and administrative services for the inmates. These services include intake health screenings, regularly scheduled sick call, nursing coverage, regular physicians visits on site, infirmary-level care, hospitalization, medical specialty services, emergency medical care, electronic medical records (EMR) management, pharmacy and pharmaceutical services, laboratory services, radiology services, auditory services, ophthalmology services, health education and training services, utilization review, a quality assurance program, administrative support services, dental services, and on-site emergency medical treatment for visitors or County personnel, all as more specifically described **EXHIBIT**

A Scope of Services which is incorporated herein by reference and made a part of this Agreement.

B. The County may, from time to time, request changes in the Scope of Services to be performed hereunder. Such changes, including any increase or decrease in the amount of the Contractor's compensation, which are mutually agreed upon by and between the County and the Contractor, shall be incorporated in written amendments to this Agreement.

4. Compensation and Method of Payment

A. Total Compensation and method of payment for performing the services specified in Section 1 hereof, the County agrees to pay the Contractor in accordance with the budget agreed to by the parties for the applicable fiscal year. Payments in accordance with this Agreement shall constitute full and complete compensation for the Contractor's services under this Agreement, including all expenditures made and expenses incurred by the Contractor in performing such services.

B. The total maximum cost to the County under this Agreement for the first year of the total of a two-year term is Seven Million Seven Hundred Sixteen Thousand Eight Hundred Thirty-Six Dollars and Forty-Four Cents ($7,716.836.44) for year one term (base annual payment).

C. Said Seven Million Seven Hundred Sixteen Thousand Eight Hundred Thirty-Six Dollars and Forty-Four Cents ($7,716.836.44) shall be divided into twelve (12) equal monthly payments of Six Hundred Forty-Three Thousand Sixty-Nine Dollars and Seventy Cents ($643,069.70) except for partial months worked by the Contractor (base monthly payment). The payment for any partial month shall be prorated based on the actual number of days worked divided by the number of days in the partial month.

D. Per the terms and conditions of the accepted Request for Proposal for "RFP 22-039/MR" specific to "Medical and Behavioral Health Services" for the Jefferson County Correctional Facility a base population of eight hundred fifty (850) inmates shall be paid to the Contractor monthly for all services provided upon receipt by the County of invoices for payment as determined by the budgetary and fiscal guidelines of the County and on the condition that the Contractor has accomplished the services to the satisfaction of the County. In the event, the Agreement is terminated on a date other than the end of the month, the monthly base Services Invoice will be prorated based on the actual days of services provided by the Contractor.

E. Population Increase. The above price agreed to within Section 4.C is based on an average daily population (ADP) of eight hundred fifty (850) inmates during a billing period. If the ADP increases or decreases by one hundred-fifty (150) inmates, the price will remain the same. This will be referred to as the basic adjusted price. If the ADP increases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be increased for that billing period at the rate of $1.85 per inmate per day in excess of the basic adjusted price. If the ADP decreases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be decreased for that billing period at the rate of $1.85 per inmate per day in excess of the basic adjusted price. Adjustments shall be paid on a quarterly basis.

1. Contractor and the County agree to collaboratively review and determine additional service requirements for staffing and ancillary services to include but not limited to, supplies, x-rays, and labs when the inmate monthly average daily population (MADP) exceeds the base increases by greater than one hundred-fifty (150) for three (3) consecutive months. All parties agree that any additions to both service requirements and price increases will reflect the actual MADP to meet the uniquely evolving needs of the National Commission on Correctional Health Care (NCCHC) and Texas Commission on Jail Standards (TCJS) standards, as well as all State and Federal laws, rules, and regulations.

F. Payments. Payments shall be made to the Contractor monthly upon receipt by the County of properly documented requests for payment as determined by the budgetary and fiscal guidelines of the County and on the conditions that the Contractor has accomplished the services to the satisfaction of the County and Sheriff. All parties agree that the satisfactory term for payment from the County to the Contractor shall be made within thirty (30 days) of receipt of invoice.

1. Invoices will be emailed to:

Jefferson County Auditor's Office
Atten: Fran Lee
1149 Pearl St., 7th Floor
Beaumont, TX 77701
Email address: fran.lee@jeffcotx.us

Ccd:
Chief John Shauberger
Jefferson County Correctional Facility
5030 Highway 69 South
Beaumont, Texas 77705
Email address: john.shauberger@jeffcotx.us

G. Payment Certification. Certification of payments shall be made following the review and signoff of the JCCF Jail Administrator or designee of each invoice. Any discrepancies discovered by the County in the audit of invoices received by the Contractor shall be resolved immediately. The Contractor shall provide a separate credit invoice referencing the invoice number where the discrepancy occurred and reason for the correction for all credits due to the County within forty-five (45) calendar days from notice of error.

H. Erroneous Payment. In the event of an error that causes one of more payments to be issued in error, the Contractor shall reimburse the County within forty-five (45) days of written notice of such error for the full amount of the erroneous payment.

I. Inmates. The Contractor agrees that in no event, including, but not limited to nonpayment by the Contractor, insolvency of the Contractor or breach of this Agreement, shall the Contractor, or its subcontractors bill, collect a deposit from, seek compensation, remuneration, or reimbursement from or have any recourse against an inmate, or persons acting on the behalf of an inmate, for services provided pursuant to this

Agreement. In no case will the County and/or inmates be liable for any debts of the Contractor.

5. Reimbursement of Off-Site Expenditures

   A. The Contractor will be financially responsible for the costs associated with off-site treatments, emergent services, hospitalization, medical specialty services (whether provided on-site or off-site), radiology services, and transportation services for the inmates held by Jefferson County, Texas. The Contractor shall make all attempts to reduce off-site costs and utilize the Contractor's Utilization and Claims Management provider. Once the Contractor's Utilization and Claims Management provider processes the bills, the Contractor shall provide the County with a monthly Aggregate Cap Report detailing the total cost of such off-site care. Once the Aggregate Cap has exceeded Five-Hundred Thousand Dollars ($500,000.00), an invoice separate from the monthly invoice for comprehensive services will be generated monthly. The invoice shall include detailed documentation of the off-site services provided to each detainee. All parties agree that the satisfactory term for payment from the County to the Contractor shall be made within thirty (30 days) of receipt of invoice.

      1. Financial Limitations Through Aggregate Cap

         a. The Contractor's maximum liability for costs associated with the provision of off-site medical or other healthcare services which include, but are not limited to, the services, shall be Five-Hundred Thousand Dollars ($500,000.00) in the aggregate per Contract Year, to be pro-rated for any partial contract years (the "Financial Limitations Through Aggregate Cap"). Costs for any medical or other health services, as set forth above, which are provided to Inmates/Detainees during the Contract Year that are in excess of the Aggregate Cap Amount shall be the responsibility of the County. When the "Financial Limitations Through Aggregate Cap" Amount for the Contract Year is reached, the Contractor will continue to provide utilization management, extend all provider discounts to the County and pay these expenses on behalf of the County, as long as the County remains current with payments due under this Agreement. The County will be reimbursed if the Aggregate Cap is not reached in the aggregate per Contract Year.

         b. Off-site services shall be assessed by both parties on a monthly basis.

6. Initial Term

   This initial term of this Agreement shall be effectively known as a two-year term, beginning on the date executed by Commissioners' Court ("Initial Term"), unless sooner terminated as provided for in this Agreement.

   A. The Second Year of the Initial Term shall include an automatic rate increase of 5%.

      1. The Contractor has the sole responsibility to request any Second Year Term Rate Adjustment over the automatic 5% based on general increases in the costs of providing healthcare services in Jefferson County. Renewal Term rate adjustments over five percent (5%) may be granted based upon an analysis of the Bureau of Labor Statistics Consumer Price Index (CPI) for Medical Care Services, West Region, all urban consumers, not seasonally adjusted; the Bureau of Labor

Statistics Employment Cost Index (ECI) for Healthcare workers; Texas wage studies; merit/retention increases at market rates; any increases in cost of high-risk liability policies, increases in costs as a result of Texas's laws i.e. the Civil Rights Act, and any increase in supplies, ancillary costs, and light equipment. Any requests for Extension Term rate adjustments over five percent (5%) shall be presented to the County 30 days prior to the end of the first-year contract term.

7. Renewal Term

   A. The County may, at its sole option, renew the term of this Agreement beyond the Initial Term for up to three (3) additional one-year terms under the same terms and conditions provided for herein (each such period being a "Renewal Term"). The County shall notify the Contractor of its election for a Renewal Term as provided below or as mutually agreed upon.

   B. Each additional one-year Renewal Term shall include an automatic rate increase of 5%. The Contractor has the sole responsibility to request any Renewal Term rate adjustment over the automatic 5% based on general increases in the costs of providing healthcare services in Jefferson County. Renewal Term rate adjustments over five percent (5%) may be granted based upon an analysis of the Bureau of Labor Statistics Consumer Price Index (CPI) for Medical Care Services, West Region, all urban consumers, not seasonally adjusted; the Bureau of Labor Statistics Employment Cost Index (ECI) for Healthcare workers; Texas wage studies; merit/retention increases at market rates; any increases in cost of high-risk liability policies increases in costs as a result of Texas's laws i.e. the Civil Rights Act, and any increase in supplies, ancillary costs, and light equipment. Any requests for Extension Term rate adjustments over five percent (5%) shall be presented to the County 30 days prior to the end of the current contract term.

   C. The County and the Contractor agree that in the event of new legislative mandates causing changes to any state statute, rule, or regulation is passed or any order issued or any statute, guideline, or standard of care adopted or interpretation made materially affecting the cost to the Contractor of providing medical and behavioral healthcare services hereunder, the Contractor and the County agree to collaboratively negotiate additional compensation to be paid by the County to the Contractor to comply with such legal mandates.

8. Pharmaceutical Services

   A. Include general pharmaceuticals, psychotropic medications, HIV, Hepatitis, and over-the-counter (OTC) medications.

      1. The Contractor will be financially responsible for the costs associated with the provision of pharmaceuticals for inmates held in the Jefferson County Correctional Facility.

         a. To meet the uniquely evolving pharmaceutical needs of patients which may be driven by entities such as NCCHC standards and Texas Commission on Jail Standards (TCJS) standards, as well as all State and Federal laws, rules, regulations, or court orders that may be placed upon the County relating to descriptive pharmaceuticals, i.e. Medication Assisted Treatment (MAT), HIV,

cancer, or restoration to competency driven pharmaceuticals the County and the Contractor agree to collaboratively discuss requirements for and provide additional funding if the pharmacy costs have reached 10% over seven hundred twenty-five thousand dollars ($725,000.00) with more than one month remaining within the Agreement Year.

9. Electronic Medical Records (EMR)

   A. The electronic medical records management system utilized at the facility is CorEMR. The County will be responsible for ongoing CorEMR licensing and server costs. All Contractor staff must be trained on this system. The Health Services Administrator (HSA) maintains the utilization of the medical records management system.

   B. All health records are the property of the Sheriff. The Contractor acts as custodian for the health records, and such records are kept confidential, subject to the rights of access thereto at all times on the part of the Sheriff. The Contractor shall ensure access to inmate healthcare records as controlled by the health authority consistent with the applicable local, State, and Federal confidentiality laws. The confidential relationship of doctor and patient extends to inmate patients and their clinicians.

   C. The Contractor shall maintain a current record of the rules and regulations covering the confidentiality of healthcare records and the types of information that may and may not be shared. The Contractor shall collaborate with jail administration to orient all appropriate Sheriff staff to HIPAA requirements as well as to ensure that related forms, including the inmate's release of confidential information, meets the requirements of the Contractor's HIPAA compliance program and plan.

   D. The release of any information regarding inmate healthcare shall be obtained only through Contractor.

      1. When medical records are requested directly by any sources outside of Jefferson County, Jefferson County Correctional Facility Administration or the Sheriff such medical records shall be obtained only through subpoena.

      2. There are times when Contractor is requested to provide inmate medical records to the Jefferson County Correctional Facility Administration and or the Sheriff, when such a request for inmate healthcare medical records occurs the Contractor shall provide under attorney/client privilege to the Jefferson County Correctional Facility Administration and or the Sheriff.

      3. There are times when Contractor may be requested to provide inmate medical records to the County of Jefferson County only through a subpoena.

   This policy ensures appropriate legal measures are taken when anyone is requesting an inmate's healthcare record. All healthcare records are maintained in accordance with the laws of the state of Texas, including those of discharged inmates. Inactive medical records are maintained according to Texas State Statutes and the American Medical Association.

10. Termination for Breach

   A. If either party fails to fulfill its obligations under this Contract in a timely and proper manner, or if either party violates any material covenant, agreement or stipulation of this Agreement, the other party shall have the right to terminate the Agreement by

giving written notice to the party of termination which shall occur no less than thirty (30) calendar days after the date of notice, unless the party to whom notice is given cures the breach to the satisfaction of the party giving notice prior the effective date of termination. The Notice of Termination shall include the effective date of cancellation and the reasons, therefore.

B. Contact Information for Termination and Default

C. In addition to any remedies afforded the County that are enumerated in the RFP, if, through any cause, the Contractor breaches the Contractor's obligations under this Agreement, the County shall have the right to terminate the Agreement, subject to the Contractor's right to cure the default as set forth herein. The County reserves the right to recover any excess cost incurred by the violation or breach of the Agreement by deduction from an unpaid balance due to the Contractor, a combination of these remedies, or any other legal method.

D. In the event, the Contractor fails to fulfill the Contractor's obligations under this Agreement, the following steps will be followed, prior to termination:

1. The County and/or Sheriff shall notify the Contractor in writing of the nature of such default. Within ten (10) working days following such notice, the Contractor shall correct the default, or;

2. In the event of a default not capable of being corrected within said ten (10) day period, the Contractor may request an extension of time from the County and/or Sheriff, whichever notified Contractor of the default explaining why the default cannot be corrected within said period, shall continue correcting the default at the earliest practical date if the extension is approved at the sole discretion of the County and/or Sheriff, and utilize all due diligence to correct the default with the extended time period.

3. If the Contractor fails to correct the default within the time periods provided above or does not use due diligence to correct the default, the County without further notice shall have the rights and remedies provided by the law to declare this Agreement terminated thirty (30) days after the date of notice.

E. Prior Obligations. By termination pursuant to this Section, neither party may nullify obligations already incurred for performance of services or payment for services prior to the date of notice or, unless specifically stated in the notice, required to be performed through the effective date of termination. Any agreement or Notice of Termination shall incorporate necessary transition arrangements.

F. Rights Upon Termination of Expiration.

1. Upon termination or expiration of this Agreement, the Contractor shall, upon request of the County or Sheriff, make available to the County or Sheriff, or to a person authorized by the County or Sheriff, all records and equipment that are the property of the County.

2. Upon termination or expiration of this Agreement, the County shall pay the Contractor all amounts due for services through the effective date of such termination.

3. In the event that the County terminates the Agreement in full or in part because of breach by The Contractor, the Contractor shall be liable to the County for administrative costs incurred by the County in procuring such similar services. The Contractor shall not be liable for any excess costs or administrative costs if the failure to perform the Agreement arises out of causes beyond the control and without error or negligence of the Contractor or any of its subcontractors. The rights and remedies of the County provided in this Section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

4. The Contractor shall be responsible for payment of any claims from subcontractors or other providers, including emergency services providers, for goods and services ordered by the Contractor for its operation at the JCCF and delivered prior to the termination date. The Contractor shall promptly notify the County and Sheriff of any anticipated claims, which are known to the Contractor at the time of Notice of Termination or incurred prior to termination.

5. The Contractor shall provide the orderly and reasonable transfer of inmate care in progress, even for those inmates who are hospitalized or in long-term treatment.
6. Should the Contractor terminate the Agreement, it shall reimburse the County for all costs arising from delays caused by the Contractor incurred in hiring a new Contractor/subcontractors.

11. Termination without Cause

A. The County may terminate the Contract without cause at any time at the County's sole discretion by giving written notice to the Contractor of termination, which shall occur no less than 90 calendar days after the date of notice and shall specify the effective date thereof.

1. Termination shall be by written notice that shall be hand delivered or mailed (certified mail, return receipt requested). If notice is by mail, the effective date of notice will be deemed to be three (3) calendar days from the date of the postmark. If notice is hand-delivered, notice of termination is effective as of the time of delivery to the Contractor or the Contractor's place of business.
2. In no event shall termination nullify obligations of either party incurred prior to the effective date of termination.

B. The Contractor may terminate the Contract without cause at any time in the Contractor's sole discretion by giving written notice to the County of termination, which shall occur no less than 90 calendar days after the date of notice and shall specify the effective date thereof.

1. Termination shall be by written notice that shall be hand delivered or mailed (certified mail, return receipt requested). If notice is by mail, the effective date of notice will be deemed to be three (3) calendar days from the date of the postmark. If notice is hand delivered, Notice of Termination is effective as of the time of delivery to the County Purchasing Agent and the Sheriff.
2. In no event shall termination nullify obligations of either party incurred prior to the effective date of termination.

12. Termination for Lack of Appropriations

A. The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Jefferson County Commissioners' Court for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Jefferson County Commissioners' Court, this Agreement may be terminated at the end of the County's then current fiscal year upon written notice given by the County to the Contractor. Such event shall not constitute an event of default. All payment obligations of the County and all of its interest in this Agreement will cease upon the date of termination. The County's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final.

13. Independent Contractor

    A. Neither the Contractor nor its employees are considered to be employees of the County or the Sheriff for any purpose whatsoever. The Contractor is considered to be an Independent Contractor at all times in the performance described herein. The Contractor further agrees that neither it nor its employees are entitled to any benefits from the County under the provisions of the Worker's Compensation Act of the state of Texas, or to any of the benefits granted to employees. The Contractor shall not accrue leave, retirement, workers' compensation benefits, insurance, bonding, use of County vehicles, or any other benefits afforded to employees of the County, as a result of this Agreement. The County shall provide no liability coverage to the Contractor. The Contractor acknowledges that all sums received hereunder are reportable for income tax purposes as applicable for self-employment or business income, and Texas Gross Receipts Tax.

14. Personnel

    A. The Contractor represents that it has, or will secure at its own expense, all personnel required in performing the services as described under this Agreement. Such personnel shall not be employees of or have any contractual relationships with the County.

    B. The services required hereunder will be performed by the Contractor or under its supervision and all personnel engaged in performing the services shall be fully qualified and shall be authorized or permitted under federal, state and local laws to perform such services.

    C. None of the services covered by this Agreement shall be subcontracted without the prior written approval of the County. Any portion of the services subcontracted hereunder shall be specified by written agreement and shall be subject to each provision of this Agreement.

    D. The Contractor agrees to maintain staffing levels of this agreement. Adjustments to understaffing are made as credits to the County. In the event the Contractor has a vacancy for greater than thirty (30) consecutive days, the Contractor shall credit the County 150% of the salary and benefits of the vacant position for each day thereafter. A position is not considered vacant when the position is filled in any capacity including by other Contractor employees, agency nurses, or temporary replacements that have the required license of the vacant position. Credits are made quarterly. A staffing analysis will be included with the monthly billing.

15. Indemnification and Hold Harmless

    A. The Contractor shall defend, indemnify, and hold harmless the County, its agents, employees, officers, elected officials and their employees, from and against all claims, demands and judgments (including attorney fees) made, alleged or recovered against the County, the Sheriff or Sheriff's employees or the Contractor including, but not limited to, damages to real or tangible property or for bodily injury or death to any person, arising solely out of the negligence, fault, actions, omissions, services or deliberate indifference of the Contractor, or its employees or agents. The County agrees to promptly notify the Contractor of any such claim or demand to defend and indemnify

and agrees to cooperate with the Contractor in a reasonable manner to facilitate the defense of such claim.

B. The Contractor shall only have a duty to defend, indemnify and hold harmless the County, the Sheriff or Sheriff's employees for any vicarious liability that may be imposed upon them solely due to the medical services provided by the Contractor, arising solely from allegations that appropriate medical care was not provided by the Contractor, or arising solely from allegations that medical care provided by the Contractor was in any manner negligent, inappropriate, or deliberately indifferent, or for any claim or allegation, regardless of type of claim or legal theory, related solely to the actions or omissions of employees or services of the Contractor.

C. The Contractor has no duty to indemnify, hold harmless or defend the County, including its officials, employees, and agents collectively referred to as the County for the County's own alleged negligent, inappropriate, or deliberately indifferent acts or omissions. However, the Contractor does have an absolute duty to indemnify, hold harmless and defend the County, the Sheriff and Sheriff's employees from claims of vicarious liability made against the County arising solely out of the negligence, fault, actions, omissions, services, or deliberate indifference of the Contractor, or its employees or agents.

D. If a defense is required as set forth above, the Contractor shall defend the County, including its officials, employees, agents, elected officials and their employees collectively referred to as the County by attorneys and other professionals selected and engaged by the Contractor's insurance carrier for any claims, suits, actions, or proceedings related to the losses, liabilities, and indemnity set forth above. The Contractor and the County may be represented by the same attorneys, and any alleged conflict of interest is waived. Upon selection and hiring of attorneys and other professionals to defend the County and/or the Contractor, the Contractor shall notify the County of the attorneys and other professionals selected and engaged, and the County shall not be obligated to reimburse the Contractor or the Contractor's insurance carrier for the cost of such attorneys and other professionals. In no event shall any matter be settled without prior notice to the County. The Contractor will do everything within its power to prevent the settlement of any claims or lawsuits that the County deems to be frivolous or lacking in merit, subject to the terms of the Contractor's policies of insurance.

E. The Contractor shall obtain and maintain continuously for the term of this Agreement at its expense, the insurance types and amounts set forth in Section 22 Insurance. The Contractor is not relieved of any liability or other obligations due to its failure to obtain or maintain insurance in sufficient amounts, durations, or types.

16. Discrimination Prohibited

A. In performing the services required hereunder, the Contractor shall not discriminate against any person on the basis of race, color, religion, gender, sexual preference, sexual orientation, national original or ancestry, age, spousal affiliation, physical handicap, or mental handicap as defined in the Americans With Disabilities Act of 1990, as currently enacted or hereafter amended.

17. ADA Compliance

    A. In performing the services required hereunder, the Contractor agrees to meet all the requirements of the Americans With Disabilities Act of 1990 (the "ADA"), which are imposed directly on the Contractor or which would be imposed on the County as a public entity. The Contractor agrees to be responsible for knowing all applicable rules and requirements of the ADA and to defend, indemnify and hold harmless the County, its officials, agents, employees, elected officials and their employees from and against any and all claims, actions, suits or proceedings of any kind brought against said parties as a result of any acts or omissions of the Contractor or its agents in violation of the ADA.

18. Reports and Information

    A. At such times and in such forms as the County may require, there shall be furnished to the County such statements, records, reports, data and information, as the County may request pertaining to matters covered by this Agreement. Unless authorized by the County, the Contractor will not release any information concerning the work product including any reports or other documents prepared pursuant to this Agreement until the final product is submitted to the County.

19. Audits and Inspections

    A. At any time during normal business hours and as often as the County or Sheriff may deem necessary, there shall be made available to the County or Sheriff for examination of all the Contractor's records with respect to all matters covered by this Agreement.

    B. The Contractor shall permit the County and Sheriff to audit, examine, and make excerpts or transcripts from such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, conditions of employment, and other data relating to all matters covered by this Agreement.

20. Insurance

    A. General

    The Contractor shall procure and maintain during the life of this Agreement insurance coverage of the kinds and in the amounts listed herein. The Certificates of Insurance must be issued by insurance companies authorized to do business in the State of Texas and shall cover all performance under this Agreement whether completed by the Contractor, the Contractor's employees, or by subcontractors. The policies shall include a provision for thirty (30) calendar days written notification to the ATTN:

    Jefferson County Purchasing Department
    1149 Pearl Street
    1st Floor
    Beaumont, Texas 77701

    B. Workers Compensation

    Part I. Workers Compensation – Statutory Part II. Employers' Liability - $1,000,000

The Contractor shall comply with the provisions of the Workers Compensation Act of the State of Texas, (the "Act"). If the Contractor has determined that it is not subject to the Act, it will certify, in a signed statement, that it is not subject to the Act. The Contractor will notify the Contracting Agency (Jefferson County) and comply with the Act should it employ three or more persons during the term in providing services to the County. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, the services provided by the Contractor may be terminated effective immediately.

C. Commercial General Liability on ISO form CG 0001 0798 or equivalent. Bodily

E. Independent Contractors: Included

F. Contractual Liability: Included in Commercial General Liability

G. Professional Liability: (if applicable) $1,000,000 Each Occurrence
$3,000,000 General Aggregate

H. The Contractor shall furnish one copy each of Certificates of Insurance herein required for each copy of the Agreement, which shall specifically set forth evidence of all coverage required. If such limits are higher than the minimum limits required by the County, such limits shall be certified and shall apply to the coverage afforded the County under the terms and conditions of the Agreement as though required and set forth in the Agreement. The Contractor shall furnish to the County copies of any endorsements that are subsequently issued amending coverage or limits.

I. Approval of Insurance

1. The Contractor or subcontractor(s) shall not begin work under the Agreement until the required insurance has been obtained and the proper Certificates of Insurance (COI) (or insurance policies) have been filed with the County, adding the County as an additional insured as applicable. Neither approval nor failure to approve certificates, policies or insurance by the County shall relieve the Contractor or subcontractor(s) of full responsibility to maintain the required insurance in full force and effect.

21. The County acknowledges and agrees that per the Contractor's professional liability insurance coverage all medical procedure(s) based upon, or attributable to, in whole or in part or in any way involving, inclusion of surgery, obstetrics, and inclusive of prenatal care past the First Trimester of pregnancy (12 weeks) shall not be provided by CorrHealth's on-

site provider care. First trimester (12 weeks) management is at the discretion of the on-site responsible physician or designee and may also occur off-site. All such management of pregnancy beyond the First Trimester (12 weeks) of pregnancy will require management by an off-site provider for care and services. The Contractor shall be prepared to coordinate services for the specialized needs of females, including pregnancy, childbirth, and infant care.

22. Confidentiality

A. General

1. Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the County or Sheriff.

~~2.~~ Any confidential information, as defined in state law, code, rules, or regulations or by an otherwise applicable code of ethics, regarding the Sheriff's detainees provided to or developed by the Contractor and its subcontractors shall not be made available to any individual or organization by the Contractor and its subcontractors without the prior written approval from the Sheriff.

3. The Contractor and its subcontractors warrant that they shall retain all information belonging to the County or Sheriff, and shall neither use or disclose it to anyone without the explicit written permission of the County or Sheriff, and that each and every employee of the Contractor and its on-site subcontractors has received training on respecting patient confidentiality. The Contractor recognizes that irreparable harm can be occasioned to the County, Sheriff and inmates by disclosure of information relating to its operations and, accordingly, the County or Sheriff may refuse or enjoin such disclosure, and the Contractor and its subcontractors shall be solely responsible for any violations. This provision shall not relate to medical record information, which will be disclosed according to applicable law.

B. Notice. The Contractor shall (1) notify the County or Sheriff promptly of any unauthorized possession, use, knowledge, or attempt thereof, of the County's or Sheriff's data files or other confidential information; and (2) promptly furnish the County and Sheriff full details of the unauthorized possession, use, knowledge or attempt thereof, and assist investigating or preventing the recurrence thereof.

C. Procedures.

1. The Contractor shall adopt and implement written confidentiality policies and procedures, which conform to federal and state laws and regulations.

2. The Contractor's contracts with practitioners and other providers shall explicitly state expectations about the confidentiality of inmate information and records.

3. The Contractor shall afford inmates and/or legal guardians the opportunity to approve or deny the release of identifiable personal information by the Contractor to a person or agency outside of the Contractor, except when such release is required by law, State regulation, or quality standards.

4. When release of information is made in response to a court order, the Contractor shall notify where practical the inmate and/or legal guardian of such action in a timely manner.
5. The Contractor shall have specific policies and procedures that direct how confidential information gathered or learned during the investigation or resolution of a complaint is maintained, including the confidentiality of the inmate's status as a complainant.

23. Intellectual Property.

A. The Contractor warrants that all material produced hereunder shall be of original development by Contractor, and shall be specifically developed for the fulfillment of this Agreement and shall not infringe upon or violate any patent, copyright, trade secret or other property right of any third party, and the Contractor shall indemnify and hold the County and Sheriff harmless from and against any loss, cost, liability, or expense arising out of breach or claimed breach of this warranty.

24. Subcontracts

A. General

1. The Contractor is solely responsible for fulfillment of this Agreement. The County shall make payments under this Agreement only to the Contractor.
2. The Contractor shall remain solely responsible for performance by any subcontractor providing services in connection with this Agreement.

B. Subcontractors.

1. The Contractor may subcontract to a qualified individual or organization for the provision of any Service defined in the Scope of Services only with the consent of the County, which shall not be unreasonably withheld. The Contractor remains legally responsible to the County for all work performed by any subcontractor.
2. The County reserves the right to review all subcontracts and/or any significant modifications to previously approved subcontracts to ensure compliance with law, policy, and requirements. The Contractor is required to give the County and Sheriff prior notice with regard to its intent to subcontract certain significant contract requirements including, but not limited to credentialing, utilization review, and claims processing.
3. The Contractor must maintain policies and procedures for verifying that the credentials of all providers and subcontractors meet applicable standards.
4. The Contractor must maintain fully executed originals of all subcontracts, which shall be accessible to the County and Sheriff upon request.
5. The Contractor shall notify the County and Sheriff of any proposed material amendments to any subcontract with fifteen (15) business days prior to any such amendment. The County and/or Sheriff may disapprove or require modification or deletion of the amendment.

6. The Contractor shall not contract with an individual, or with an entity owned by an individual, (or in which an individual has a controlling interest), or with an entity that has an officer, director, agent, or manager, who has been convicted of any felony offense.
7. Subcontractors must meet the following minimum requirements:
    a. Subcontracts must be executed in accordance with all applicable federal, state and local laws, regulations, policies and rules.
    b. Subcontracts must identify the parties of the subcontract and their legal basis of operation in the State of Texas.
    c. Subcontracts must include the procedures and specific criteria for terminating the subcontract.
    d. Subcontracts must identify the services to be performed by the Subcontractor and those services performed under any other subcontract(s). Subcontracts must include provision(s) describing how services provided under the terms of the subcontract are accessed by inmates.
    e. Subcontracts must include the reimbursement rates and risk assumption, if applicable.
    f. Subcontracts must contain a provision requiring that the Subcontractor maintain all records relating to service provided to inmates for a six (6) year period and shall make all inmate's medical records available for the purpose of quality review conducted by the County or its designated agents.
    g. Subcontracts must require that inmate information be kept confidential, as defined by state law.
    h. Subcontracts must contain a provision requiring the Subcontractor to comply with all applicable federal, state and local laws, regulations, policies, and rules.
    i. Subcontracts must include a provision requiring the Subcontractor to release any information necessary for the Contractor to perform any of its obligations.
    j. Subcontracts must include a provision for termination for any violation of applicable County, state, or federal requirements.
    k. Subcontracts must contain a hold harmless provision wherein the Subcontractor agrees to hold harmless the County in the event that the Contractor cannot or will not pay for services performed by the subcontractors pursuant to the subcontract.

25. Conflict of Interest

    A. The Contractor warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of work required under this Agreement.

26. Scope of Agreement

    A. This Agreement incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written Agreement. No prior agreement or understandings, verbal or otherwise, of the parties, or their agents shall be valid or enforceable unless embodied in this Agreement.

27. Notice

    A. Any notices required to be given hereunder shall be sent to the principals at the addresses specified in Section 10 herein. If either party shall change addresses or principals, then such party shall promptly notify the other party in writing. If no notification is made, then notice shall be deemed effective if sent to the principals at the addresses specified in Section 10 herein.

28. Compliance with Applicable Law

    A. The Contractor shall comply with all applicable state, federal, municipal and then County's laws, rules and ordinances.

29. Waiver

    A. No waiver of any breach of any of the terms or conditions of this Agreement shall be held to be a waiver of any other or subsequent breach; nor shall any waiver be valid or binding unless the same shall be in writing and signed by the party alleged to have granted the waiver.

30. Equal Opportunity Compliance

    A. The Contractor agrees to abide by all federal and state laws and regulations pertaining to equal employment opportunity. If the Contractor is found to be not in compliance with these requirements during the life of this Agreement, the Contractor agrees to take appropriate steps to correct these deficiencies.

31. Public Records

    A. The County and Sheriff are subject to the State of Texas Public Information Act ("TPIA") and the Contractor acknowledges that this Agreement is disclosable to the public pursuant to TPIA. Additionally, The Contractor understands that other records and information related to this Agreement may be subject to public disclosure pursuant to TPIA, and the County and/or Sheriff will release any such records per the requirements of TPIA. The County and Sheriff shall not be responsible for any damages or claims related to its disclosure of records or information it determines must be disclosed pursuant to TPIA or any other applicable law. The County, Sheriff and the Contractor will not divulge medical records of inmates that are protected by the Health Insurance Portability and Accountability Act (HIPAA) if such records are excluded from disclosure by TPIA provisions, other applicable laws, or by Court Order.

32. Applicable Law

    A. The laws of the State of Texas and Jefferson County shall govern this Agreement, without giving effect to its choice of law provisions. The Venue shall be proper only in a Jefferson County, Texas court of competent jurisdiction. By execution of this

Agreement, the Contractor acknowledges and agrees to the jurisdiction of the courts of the State of Texas over any and all lawsuits arising under or out of any term of this Agreement.

B. Contractor shall strictly comply with all applicable federal, state, and local laws, rules, and regulations, court orders, administrative directives, and the policies and procedures of the County in effect or hereafter established, including, without limitation, Title II of the Americans with Disabilities Act of 1990, as amended, as well as laws applicable to discrimination and unfair employment practices. To the extent that the Contractor believes that any policies or procedures of the Sheriff violate or impinge upon the rights of any inmate or subject any inmate to serious physical or mental harm, the Contractor may request to discuss those policies and procedures with the Sheriff and such discussion will not be unreasonably delayed by either party. The Sheriff will maintain the final authority over all such policies and procedures, even when such policies and procedures relate to inmate medical care. The Contractor only has the right to discuss such policies and procedures with the Sheriff, and the Contractor neither has the right or duty to change, ignore or refuse to follow such policies and procedures.

C. The County and the Contractor agree that in the event of new legislative mandates causing changes to any state statute, rule, or regulation is passed or any order issued or any statute, guideline, or standard of care adopted or interpretation made materially affecting the cost to the Contractor of providing medical and behavioral healthcare services hereunder, the Contractor and the County agree to collaboratively negotiate additional compensation to be paid by the County to the Contractor to comply with such legal mandates.

33. Administrative Requirements

A. A compilation of health care policies and procedures are reviewed at least annually by the Contractor. Documentation of the policy review includes signatures of the Contractor and the date of the review. The Contractor meets annually with the County's or Sheriff's Contract Administrator to review and, if necessary, make any site-specific changes to policy and procedures. This effort results in facility-approved directives tailored to the vision, objectives, and strategy of the facility regarding the provision of medical and behavioral health care for inmate-patients. The County's or Sheriff's Contract Administrator or designee inspects and reviews operations and programs at least annually to evaluate compliance with policies and procedures. A report describing findings, and corrective plans is submitted. The Contractor shall maintain a compilation of site-specific policies and procedures that will adhere to and reference all NCCHC standards and TCJS standards, as well as all State and Federal laws, rules, and regulations. All policies and nursing protocols whether electronic or hard copy shall be the property of the Contractor and shall remain the property of the Contractor after the term or termination of this Agreement. Any proprietary intellectual property of the Contractor shall be made available to the County but shall remain the sole property of the Contractor.

1. The Contractor's policy and procedures, literature, and nursing protocols guide and inform the practice of care but do not create the standard of care. Standard of care is the level and type of care that is deemed reasonable based upon the clinical

situation under all the relevant surrounding circumstances recognized as acceptable and appropriate by reasonably prudent healthcare providers in similar fields.

B. The Contractor agrees to utilize PowerDMS as the electronic document management system for the dissemination of operational policies and procedures. The Contractor will provide free access for the County and Sheriff to view the Contractor's policy and procedures within the PowerDMS platform. The Contractor will ensure that each of the Contractor's employees have read, acknowledged, and demonstrated competency regarding the Contractor's up-to-date policy and procedures at least 24-hours prior to reporting for a duty shift inside the Jefferson County Correctional Facility.

34. Agreement Changes

A. This Agreement shall not be altered, changed, or amended except by an instrument in writing executed by the parties hereto.

35. Assignability

A. The Contractor shall not assign any interest in this Agreement and shall not transfer any interest in this Agreement (whether by assignment or novation), without the prior written consent of the County and Sheriff thereto.

36. Construction and Severability

A. If any part of this Agreement is held to be invalid or unenforceable, such holding will not affect the validity or enforceability of any other part of this Agreement so long as the remainder of the Agreement is reasonably capable of completion.

37. Enforcement

A. The Contractor agrees to pay to the County all costs and expenses including reasonable attorney's fees incurred by the County in exercising any of its rights or remedies in connection with the enforcement of this Agreement.

38. Entire Agreement

A. This Agreement contains the entire Agreement of the parties and supersedes any and all other Agreements or understandings, oral or written, whether previous to the execution hereof or contemporaneous herewith. **EXHIBIT A** attached hereto is by this reference incorporated herein.

39. Approval Required

A. This Agreement shall not become effective or binding until approved by the Jefferson County Commissioners' Court.

COUNTY COURT OF JEFFERSON COUNTY, TEXAS

EXHIBIT A
SCOPE OF SERVICES

In reference to RFP 22-039/MR Inmate Heath Care Services For Jefferson County Correctional Facility.

1. Contractor shall provide all medical care for the inmates of the Jefferson County Correctional Facility. The term medical care shall include medical, dental, and behavioral health care. Such care shall include care provided at the Jefferson County Correctional Facility and all medically necessary off-site care. At a minimum, such care shall comply in all respects with standards established by the National Commission on Correctional Health Care (NCCHC), the American Correctional Association (ACA), the Texas Commission on Jail Standards (TCJS), the Prison Rape Elimination Act (PREA), best industry practices, and the quality of care standard required by the medical community in Texas. To the extent that the standards of these organizations, best industry practices, or the standards of the medical community in Texas conflict, the higher standard or practice shall be met. The specific requirements set out below are minimum requirements and are not intended to be exhaustive. County and Sheriff are relying on the background and experience of Contractor in the correctional healthcare area to provide whatever is necessary to meet the standards and practices described in this paragraph. If what is necessary to meet such standards and practices exceeds the minimum requirements described below, then Contractor is obligated to provide what is necessary.

2. Contractor warrants and represents to County and Sheriff that all decisions, including but not limited to decisions about staffing, treatment, drugs and referral for off-site medical services and on-site specialty services will be based on medical judgment and will not be influenced in any way by the financial impact on Contractor of such decisions.

3. Contractor shall provide emergency care to staff and visitors who become ill or injured while in the Jefferson County Correctional Facility including but not limited to first aid, assessment, stabilization, and the coordination of transport for off-site care.

4. Contractor shall provide all Jefferson County Correctional Facility staff with annual testing for TB with County paying the cost of the vaccine.

5. At a minimum, Contractor shall provide an initial medical and behavioral health screening at the time of booking, by a qualified licensed healthcare professional fully capable of performing the screening described in this paragraph during all hours of on-site staffing. Such screenings shall include, but shall not be limited to the following (1) current illness, injury and other health problems including medical, dental, behavioral, psychiatric, and communicable diseases, (2) medications and special health requirements, (3) use of alcohol and drugs including types, methods of use, amounts, frequency, history of last use and history of withdrawal problems, (4) for females, a gynecological and pregnancy history, (5) observation and notation of behavior including but not limited to state of consciousness, mental status, appearance, conduct, tremors, and sweating, (6) notation of body deformities, signs of trauma, ease of movement and jaundice, and (7) condition of skin and body orifices including rashes, infestations, needle marks and indications of drug use.

6. Contractor shall have in place arrangements for all specialty care required to provide the standard of care so that inmates shall receive such care as soon as medically necessary whether such care is provided on-site or off-site.

7. Contractor shall be prepared to coordinate services for the specialized needs of females, including pregnancy, childbirth, and infant care.

   A. The County acknowledges and agrees that per the Contractor's professional liability insurance coverage all medical procedure(s) based upon, or attributable to, in whole or in part or in any way involving, inclusion of surgery, obstetrics, and inclusive of prenatal care past the First Trimester of pregnancy (12 weeks) shall not be provided by CorrHealth's on-site provider care. First trimester (12 weeks) management is at the discretion of the on-site responsible physician or designee and may also occur off-site. All such management of pregnancy beyond the First Trimester (12 weeks) of pregnancy will require management by an off-site provider for care and services. The Contractor shall be prepared to coordinate services for the specialized needs of females, including pregnancy, childbirth, and infant care.

8. Contractor shall be prepared to meet fully the behavioral health needs of inmates including but not limited to behavioral health screening at the time of booking, crisis intervention and management of acute psychiatric episodes, stabilization of mental illness, avoidance of deterioration of mental condition while incarcerated, ongoing treatment of mental illness including off-site psychiatric care and the prevention of suicide. In those situations, involving a risk of immediate threat to the safety of the inmate or others, there shall be provision for evaluation by a licensed behavioral health professional as soon as medically necessary to avoid compromising the safety of the inmate or others.

9. Limited dental services shall be provided by Contractor as follows: All emergency dental care services shall be provided when needed on the same basis as any other emergency care including testing and diagnostics, referral to specialty services, and off-site care. A dental screening shall be conducted within fourteen (14) days of intake unless one has occurred within the last six months. It shall identify any emergency and medically necessary dental care and shall include instruction on oral hygiene. If an inmate is in the Jefferson County Correctional Facility for more than twelve consecutive months, an examination by a licensed dentist, including diagnostic x-rays, if deemed necessary by the dentist, shall take place and shall include an individualized treatment plan with referral to any required specialists. The treatment called for in the individualized treatment plan shall be provided by Contractor. Contractor will provide routine dental care, on-site.

10. Contractor shall provide all laboratory, x-ray, and other testing and diagnostic services required to provide the quality of medical care required by this Contract whether such testing and diagnostic services are provided on-site or off-site. All diagnostic and testing results shall be followed up by a licensed provider qualified to understand and act on the results under the supervision of Contractor's Chief Medical Officer or designee, and any abnormal results requiring the attention of a specialist shall be interpreted by a specialist physician and shall be

followed up by a licensed provider qualified to understand and act on the results under the supervision of the specialist physician or of the Contractor's Chief Medical Officer.

11. Contractor shall coordinate with the Sheriff for transportation and communication necessary for off-site care. Contractor shall notify the facility administrator or their designee of an off-site medical appointment 5 days prior to the appointment unless an emergency condition exists. County will be financially responsible for the cost of transportation services for off-site care.

12. Contractor shall provide all pharmacy services required to provide the quality of medical care required by this Contract. Such services shall include, but are not limited to prescription and non-prescription pharmaceuticals, supplies, staff licensed to prescribe all needed medications and supplies, 24/7 staff licensed to administer all needed medication and supplies, locked security for all pharmaceuticals and supplies and record keeping. All pharmaceuticals and supplies shall be available as quickly as is medically indicated. Contractor shall be responsible for providing all prescription and non-prescription pharmaceuticals and supplies.

    A. County shall advise Contractor if a detainee is no longer in the facility to avoid overstocking the pharmaceutical and Contractor shall take all reasonable measures to avoid overstocking. Contractor will provide for the return and reimbursement of unused medications when permitted by the State Board of Pharmacy and the U.S. Food and Drug Administration (FDA). Credit will be given on full and partial blister card medications returned, provided the medications: I.) Remain in their original, sealed blister packs. 2.) Have been stored under proper conditions. 3.) Are not defaced or adulterated. 4.) Are not within three (3) months of expiration. 5.) Have not been released to the inmate population or labeled/dispensed as "keep on person" (KOP). 6.) Are not controlled substances. 7.) Have a minimum value of $ 1.50 per card. 8.) Have not been billed to a private insurance or Medicaid.

13. Contractor shall provide any inmate with one pair of ordinary glasses if deemed medically necessary by a healthcare provider licensed to prescribe glasses.

14. Contractor shall have in place a program for effective infectious disease control and for the safe disposal of contaminated waste.

15. Contractor shall create, maintain and organize full, complete and timely records and data documenting the following: (l) compliance by Contractor with all requirements of this Contract, (2) compliance by Contractor with all applicable laws and regulations, (3) compliance by Contractor with all standards and practices, (4) compliance with all reporting requirements of this Agreement, industry standards and practices, and all applicable laws and regulations, (5) compilation of all data and records needed to properly evaluate the care provided by Contractor pursuant to this Agreement.

16. Contractor must provide Electronic Medical Records (EMR) that meets all NCCHC, ACA, TCJS, and any standard that may apply. The system must be fully integrated and bridge with the counties current jail management system. The EMR shall include medication administration, utilization management, discharge planning, tracking of inmate grievances,

tracking of off-site appointments, ability to track inmate fees, ability to track dental, mental health, chronic care, and other services. The EMR must be able to generate daily, weekly, and monthly reports as needed. The Contractor must agree to give the Sheriff all medical records in a digitized stand-alone form upon termination of the contract. The contractor shall be responsible for implementing the EMR upon acceptance of this contract. The records and data through the EMR shall be maintained on the facility premises as a hard copy, or if electronic, in a searchable computer format agreeable to Sheriff and accessible by Sheriff from its computers. While all electronic and hard copy records must be maintained on the facility premises and shall not be removed from the premises, Contractor may in addition maintain hard copy or electronic copies off-site. All records and data created or maintained pursuant to this Contract shall be fully accessible on demand to designated Sheriff employees only. Contractor shall continue to maintain existing records and data in the format in which they exist at the commencement of this Contract. With regard to a future electronic medical system, Contractor shall be responsible for labor in connection with operating such system without additional compensation, and County shall be financially responsible for the acquisition of any additional software or hardware or their installation and maintenance. Contractor understands the confidential nature of such records and will comply fully and completely with the Health Insurance Portability and Accountability Act (HIPAA) and NCCHC standards. Contractor shall assist Sheriff to create and operate a back-up system for all computer-based records and data that ensures that they will be safe from loss or destruction and that complies with HIPAA.

17. The Contractor shall ensure that accurate, comprehensible, legible, and up-to-date medical information is maintained on each inmate under Contractor's care. Ensure that confidential, complete, and well-organized medical records are maintained for infirmary-level care and clinic ambulatory care and that these records include, among other detail, information with respect to mental health, dental care, hospital in-patient and emergency care, laboratory, and radiological services, medication administration records and medical specialty encounters. The Contractor shall be the keeper of inmate medical records (active and inactive) throughout the term of the contract and shall adhere to State laws and regulations governing the management of medical records. At the end of the contract, all medical records will become the property of Jefferson County Correctional Facility. All medical records will be available for review by administrative staff of Jefferson County Correctional Facility at any time. Inmate medical records shall be maintained separately from the correctional file, and the confidentiality and security of medical records shall be always maintained, under applicable State and Federal statutes and regulations, and under local court rules. The Contractor shall comply with the State's statute regarding retention of health records.

18. The Contractor shall complete a Texas Uniform Health Status Update form for all inmates transferred to other correctional facilities from Jefferson County Correctional Facility.

19. A compilation of health care policies and procedures are reviewed at least annually by the Contractor. Documentation of the policy review includes signatures of the Contractor and the date of the review. The Contractor meets annually with the County and Sheriff's Contract Administrator to review and, if necessary, make any site-specific changes to policy and procedures. This effort results in facility-approved directives tailored to the vision, objectives, and strategy of the facility regarding provision of medical and behavioral health care for

inmate-patients. The County's and Sheriff's Contract Administrator or designee inspects and reviews operations and programs at least annually to evaluate compliance with policies and procedures. A report describing findings, and corrective plans is submitted. Contractor shall maintain a compilation of site-specific policies and procedures that will adhere to and reference all NCCHC standards and TCJS, as well as all State and Federal laws, rules, and regulations. All policies and nursing protocols whether electronic or hard copy shall be the property of Contractor and shall remain the property of Contractor after the term or termination of this Agreement. Any proprietary intellectual property of Contractor shall be made available to the County and Sheriff but shall remain the sole property of Contractor. Contractor agrees to utilize PowerDMS as the electronic document management system for the dissemination of operational policies and procedures. Contractor will provide free access for County to view Contractor's policy and procedures within the PowerDMS platform.

A. Contractor's policy and procedures, literature, and nursing protocols guide and inform the practice of care but do not create the standard of care. Standard of care is the level and type of care that is deemed reasonable based upon the clinical situation under all the relevant surrounding circumstances recognized as acceptable and appropriate by reasonably prudent healthcare providers in similar fields.

B. All parties understand and agree that Per NCCHC Standard J-G-04 Therapeutic Relationship, Forensic Information, and Disciplinary Actions (I) that NCCHC does not allow for the collection of forensic information. Jefferson County Correctional Facility is requesting contractually that forensic information be collected by Contractor healthcare staff. This request will result in Jefferson County Correctional Facility not satisfactorily being in compliance with this important standard. NCCHC Compliance for accreditation requires an eighty-five (85%) success rate with important standards. Currently, Jefferson County Correctional Facility is requesting that Contractor healthcare staff perform serum alcohol (ethanol) level screening and drug screenings per court order.

20. Contractor shall establish a comprehensive quality control and improvement program documented within the written Contractor's policies and procedures.

21. Contractor shall provide training for all Sheriff employees who either work at or interact with the Jefferson County Correctional Facility so that their work effectively contributes to providing inmates, staff, and emergency care for visitors the level of care required by this Contract. Any instructional materials, whether electronic or hard copy, used in connection with such training shall be the sole property of Contractor and shall remain the sole property of Contractor after the term or termination of this Contract.

22. All employees and independent contractors (including employees of independent contractors) of Contractor shall be subject to a security and background check as determined by Sheriff before they commence work at the Jefferson County Correctional Facility. Such security and background testing may include both pre-employment and ongoing drug testing if required by either Contractor or Sheriff. If such security or background testing, including pre-employment or ongoing drug testing, shall produce results unacceptable to Sheriff, in its sole discretion,

Sheriff may prohibit the individual access to the Jefferson County Facility and if the Sheriff does so, shall notify Contractor in writing.

23. All employees and independent contractors (including employees of independent contractors) of Contractor shall comply with all Sheriff policies and procedures relating to the Jefferson County Correctional Facility, including but not limited to policies and procedures for access to the Jefferson County Correctional Facility.

24. Contractor shall provide:

Deborah L. Clark, Purchasing Agent
Mistey Reeves, Contract Specialist
Jefferson County Purchasing Office
1149 Pearl Street
1st Floor
Beaumont, Texas 77701

Dear Ms. Clark and Ms. Reeves,

Thank you for including CorrHealth in the county's RFP #22-039/MR and your Best and Final Offer (BAFO) process specific to "Inmate Healthcare Services for the Jefferson County Correctional Facility."

We are thrilled to be invited to submit our BAFO proposal and offered the opportunity to clarify and expand on a few of the specific topics of concern by your RFP Committee. As demonstrated in our original proposal and reiterated again in our BAFO response, our comprehensive inmate medical, mental/behavioral, ancillary, and community-based healthcare programs and services were developed to deliver a high standard of care specifically for your inmate patients. We are committed to continue delivering a high standard of care through supporting appropriate coverage levels comprised of licensed healthcare professionals and doing so through compensation rates which are competitive in the current healthcare market. Our program continues to minimize costly off-site transports, and we will continue to reduce the county's looming risks and liabilities, reduce overall costs, while delivering utmost value with your taxpayer's dollar.

Our programs and services are built upon policies and procedures which are based on Texas Commission on Jail Standards, NCCHC, ACA, federal and community-based standards of care. In fact, after a 2019 annual Texas Commission on Jail Standards and an NCCHC audit which occurred in the same week, Sheriff Stephens stated, "*In a recent surprise jail inspection from the Texas Commission on Jail Standards, our inspector stated, "While most of the jails around the state are providing adequate levels of care, CorrHealth is doing it right." He went on to say, "Their program is spectacular, and it's one the rest of the state should be following."*

In this response we review the important areas which demonstrate why CorrHealth continues to be *the right* partner for Jefferson County and what sets us apart from our competitors.

The opportunity to renew our partnership with Jefferson County is of utmost importance to us. Our partnership is built on over 20 years of experience, innovation, and success. From the very beginning, we strategically organized ourselves to be a very different

kind of provider partner and serve as an agent of positive change to your inmate population with our healthcare programs and services. Since 2018, we've remained highly engaged, hands-on, and fully transparent with Jefferson County and each agency which we proudly serve.

Sheriff Stephens, Chief Shauberger, Major Guillory their team and Jefferson County has maintained a close and direct engagement with CorrHealth's ownership and leadership, which has proven to significantly expedite critical decisions and important processes. Being privately held empowers Jefferson County with access to our transparent financial and operational modeling, which is simply not offered by any other provider. We remain true to our commitment to Jefferson County, and we are confident CorrHealth is uniquely qualified to remain *the right* partner for Jefferson County and the Jefferson County Correctional Facility.

We are genuinely grateful and thank Jefferson County for your trust, your support, and your partnership since 2018. We are incredibly proud of our numerous achievements over the past few years, and we are excited at the prospect of re-earning Jefferson County's trust and partnership for another potential five (5) year term. Jefferson County needs and deserves a proven provider and partner whom you know and trust. Jefferson County needs, and deserves a partner who is creative, hand-on, proactive and will step up at a moment's notice for Jefferson County and deliver utmost value with excellence in service and support. We believe CorrHealth has proven ourselves to be that partner and we are thrilled at the opportunity to extend our partnership for another five (5) year term with you, your team, Jefferson County and to serve the inmates held in the Jefferson County Correctional Facility.

I, along with our team personally commit to delivering the resources necessary to tailor a successful program for Jefferson County and the Jefferson County Correctional Facility. You have my word, and our renewed commitment, that we will always "Do Right," and we will not let you down!

As always, call me at any time should you have questions, concerns or if there's anything I, or our team can do for you.

Sincerely and always my best,

Todd Murphy

In Jefferson County's BAFO, you requested that we address and provide clarification for the following six (6) items, which we have provided detail in the sections below:

1. Explain in detail a plan or implementation of processes to reduce offsite care or expenses. For example, drug screens, lab testing, x-rays/CT scans/MRI, and dialysis.

CorrHealth is a strong steward of Jefferson County's taxpayer dollar. We see it as our responsibility to maximize on-site programs and services and minimize costly off-site transports except for instances when off-site transport is medically necessary.

- ✓ **CorrHealth's claims and utilization management (UM) services and our diligence has saved Jefferson County $2,873,461 in off-site costs since 2021.** CorrHealth understands the importance of an effective claims and utilization management process. Through our diligence with these costly claims and our strong, and successful partnership with our 3rd party claims and utilization management partner, CorrHealth has successfully saved Jefferson County an average of 41% in your off-site services in the 2022-2023 contract year. We saved Jefferson County 58% of your offsite healthcare costs during the 2021-2022 contract year. We are good stewards to the taxpayer dollar, and we are fully committed to maximizing cost savings, which further demonstrate why CorrHealth continues to be *the right* provider-partner for Jefferson County.

- ✓ **Diabetic Review Program.** CorrHealth implemented a continuous diabetic review program, which has significantly improved diabetic control on-site. This program has resulted in both reduced pharmaceutical costs and significantly reduced diabetic off-site transports to the local emergency rooms.

- ✓ **Off-site Referral Approval Process.** CorrHealth has developed an offsite referral approval process ensuring the medical necessity of any, and all offsite office visits, and this process has resulted in over six (6) fewer off-site appointments per month in Jefferson County; which is over seventy-two (72) less off-site visits a year and saving Jefferson County hundreds of thousands in off-site transports annually.

- ✓ **"Red Alert" Process.** CorrHealth recently established a unique process which proactively flags an arrestee at the intake/acceptance process with a "red alert" when he or she exhibits a condition which has proven to be high risk and could result in negative events, which may include the necessity of an off-site transport, special management, or death.

  Once flagged, CorrHealth's licensed team members will follow the inmate's health records throughout their stay to ensure they receive appropriate care while incarcerated at the Jefferson County Correctional Facility. These conditions may include, but not be limited to an arrestee who is exhibiting

abnormally high or low diabetic ranges, an arrestee exhibiting dangerous vital sign ranges, or an arrestee with a chronic health condition such as COPD, cancer, AIDS, or other life-threatening conditions. This process is designed to ensure inmate's receive appropriate care, it will mitigate Jefferson County's and CorrHealth's looming risks and liabilities while improving critical processes.

CorrHealth is the only inmate healthcare provider in the industry to manage such a proactive process.

- ✓ **Beaumont Dialysis Center.** CorrHealth understands Jefferson County prefers on-site dialysis treatments to be performed on-site at the Jefferson County Correctional Facility. CorrHealth recognizes controlling costs and delivering a fair and market value price is a focus point for Jefferson County. With CorrHealth being a responsible steward to the tax dollar, we have negotiated a rate of $600 per visit. This is a win-win between Beaumont Dialysis Center and Jefferson County, and this rate is a tremendous value for Jefferson County. We don't foresee a mobile dialysis provider coming close to meeting this excellent rate. Given the complexities of procuring this specialty service at this time, CorrHealth is proposing to maintain dialysis services at the local provider's office and charge any dialysis costs to the $500,000 off-site aggregate cap until the healthcare and labor market stabilizes and we can procure a partnership with a trusted and reliable mobile dialysis provider who can consistently serve our infrequent dialysis needs within the Jefferson County Correctional Facility. Jefferson County can count on CorrHealth, and this fact is substantiated with Chief Shauberger's recent statement, which was, "*We're always looking to improve and grow, and we have a high level of expectations, and CorrHealth has answered the call at every turn. With CorrHealth, we found a partner who shares our values, needs and our goals.*"

- ✓ **On-Site Court Ordered Forensic Blood Draws.** In most counties, forensic blood draws are conducted at the area hospitals and the arrestee is transported to the detention center after the forensic lab results have been determined conclusive. As a unique courtesy to Jefferson County, CorrHealth agreed to perform forensic blood testing in the Jefferson County Correctional Facility as a component of our 2018 agreement. CorrHealth has been financially covering our team members to appear in court when subpoenaed to testify to the validity of the blood draws. We have provided these services at no cost to Jefferson County since April 2018, and we will continue to do so.

  This service is a tremendous value to Jefferson County, and it has saved Jefferson County and the various arresting agencies tens of thousands in labor, time, and taxpayer dollars annually.

- ✓ **Zero-Cost or Low-Cost health benefits for Jefferson County's recently released inmates.** CorrHealth offers a unique program which allows them to enroll in health benefits, which include medical and mental health care services, substance abuse, pharmaceuticals, dental care, and no cost check-ups to include, but not limited to, immunizations, cancer screenings and preventive care to include no cost annual exams and mammograms. In most cases these benefits are based at zero or low cost to the patient, depending on the person's income status. We are exceptionally proud to offer and support a program which offers the recently incarcerated with quick and simple access to health benefits immediately upon release which ensures the transition process is less stressful as studies prove the recently incarcerated are less likely to re-offend when they have access to health benefits.

- ✓ **CorrHealth is a partner with your best interests in mind.** CorrHealth has continuously proven ourselves as *the right* partner for Jefferson County by keeping the 'big picture' top of mind. One of those ways that we keep the big picture in mind was demonstrated in 2018 when Jefferson County's leadership discussed their frustration and need for mitigating the detention teams' use-of-force on the county's inmates. CorrHealth immediately offered for Robert Davis, CorrHealth's General Counsel, to meet with Sheriff Stephens and Chief Shauberger to better understand the situation and offer Robert Davis' training as a unique and effective solution. Robert Davis created a customized presentation and spent three (3) days in Jefferson County and held six (6) separate training sessions with each member of Detention Administration and the detention team regarding the specific risks and liabilities of non-conformity with the county's training protocols, its policies, procedures, and expectations. Use of force in a detention center is not generally a concern for the healthcare provider and CorrHealth's agreement with Jefferson County did not include such a training, yet CorrHealth stepped up for Jefferson County. CorrHealth did not charge Jefferson County for Robert Davis' time and, or any associated expenses with this essential training.

  This is a prime example of how CorrHealth has stepped up to go above and beyond for Jefferson County since our partnership began in April 2018 and we are committed to continue stepping up for Jefferson County should we be awarded the county's RFP and corresponding new agreement.

2. Provide a detailed schedule of staff to accomplish the services necessary for operations of medical care and screening of the inmates. Which includes a breakdown of full time and part time employees with their responsibilities. Also, the number of hours and which days the Doctor, Dentist, and Psychiatrist will be on-site to match the specifications in the RFP.

3. Provide details pertaining to the recruitment and retention of employees include any current local contacts or agreements in place locally to accomplish these goals.

Recruiting and retaining high-performing healthcare professionals is one of the most critical functions that we do, we take our responsibility and commitment seriously, and we have been successful retaining and recruiting for Jefferson County since day one of our partnership. Successful recruitment and retention in this post-pandemic world and challenging healthcare market requires a strategic, proactive, highly targeted, creative, heavily engaged, and persistent approach and CorrHealth has excelled with that approach. CorrHealth utilizes a multifaceted set of proven resources, tools, and methodologies in the recruitment and retention of our team members, and we are fully prepared to utilize this approach in recruiting healthcare professionals and support team members in Jefferson County. Sarah Zerfas, with over 20 years of experience of recruiting in challenging environments, serves as CorrHealth's Recruiting Specialist. Sarah prides herself on her ability to locate the right candidate for the right positions, connect with them, earn their trust, and place them in the right role. By applying skill and tenacity, Sarah provides solutions and consistent results rather than apologies for staffing vacancies.

CorrHealth has a broad range of tools and methodologies to assist in the recruitment and retention of our team members:

- ✓ Successful recruitment and retention in this post-pandemic world and challenging healthcare market requires a proactive, highly targeted, creative, heavily engaged, and persistent approach.

- ✓ In order to attract and keep quality team members, we must offer compensation rates and benefits that outpace the highly competitive healthcare market for the Beaumont area. A component of our compensation package includes implementing shift differentials for our team members to work positions and schedules which have proven to be difficult to fill.

- ✓ CorrHealth is a destination workplace for passionate high-performing healthcare professionals, and we know the Jefferson County Correctional Facility is the safest place for healthcare professionals to work, and we encourage our team members to spread that message to strong and reliable healthcare professionals within their network. We offer our team members a rewarding referral bonus for any new full-time, part-time, or PRN team member who they directly refer to work at CorrHealth.

- ✓ We actively post positions on all of the major job platforms, and we belong to 50-60 healthcare specific social media groups where we actively post advertisements and jobs 7-days per week.

- ✓ We support a College Outreach Coordinator who connects with nursing schools through attracting graduates by educating them on the correctional healthcare industry, promoting CorrHealth as an employer, why we're a destination workplace, and why the detention facilities in which we work are the safest place for healthcare professionals to work.

- ✓ We were recently awarded the "*The Best and the Brightest in Wellness in 2022*" and in 2021, we were awarded "*The Best and Brightest Places to Work in DFW*", "*The Best and Brightest Places to Work in the Nation.*" These national awards are based on a random survey process completed by our team members about CorrHealth and evaluated independently. These awards have proven to be powerful with our recruiting efforts.

- ✓ We are actively engaged in pursuing Military Veterans, and we support a consultant to help us locate loyal, team driven, problem-solvers to join our teams. We will be attending a military job fair in San Antonio on March 9th in an attempt to fill our positions in Jefferson County and in the various other Texas counties which we proudly serve.

- ✓ We regularly attend, support and recruit at industry related conferences. This year, we will be attending, sponsoring, and supporting and recruiting from the NCCHC's Spring Conference in April. We will also be attending, sponsoring, and supporting and recruiting health care professionals from the Texas Jail Nurse symposium, which is scheduled to take place this summer.

CorrHealth is committed to being a destination workplace for locally based passionate and high-performing healthcare professionals. We know effective recruiting begins with enthusiastically supporting and taking care of our current team member's needs to ensure they are satisfied with their place of employment, valued by their employer and team, and confident in their function and responsibilities. We encourage and support a culture of family and teamwork. We create growth opportunities which align with team members' personal and professional goals. New workers seek purpose-driven work that aligns with their values, interests, skills, and aspirations. CorrHealth "future-proofs" our retention strategy by dismantling barriers to internal career opportunities and growth, by teaching new skills, and creating an authentic connection between company and personal values. It's always our goal to locate, secure, support and retain locally based, high-performing healthcare professionals, and in doing so, we know we must make certain to help inspire our team members to believe in the work which they are doing. Since the advent of the COVID pandemic, agency nursing has become necessary in the healthcare industry, and CorrHealth holds contracts with the top agency nurse recruiters to ensure staffing coverage is always achieved.

We have proactively connected with Gina Hale, PhD, RN, CNE who serves as the Director of Undergraduate Nursing Studies and Ruth Robinson, PhD, RN, EAEN, VEN and serves as the Director of Graduate Studies at LAMAR University with the goal of

establishing a mutual memorandum of understanding (MOU) with them to allow their nursing students internships in the Jefferson County Correctional Facility. We are committed to working closely with nursing institutions such as the LAMAR University and other nursing institutions by scheduling opportunities to present before their nursing students and offer internships in the Jefferson County Correctional Facility.

We offer our team members a rewarding referral bonus and we ask them on an ongoing basis to talk amongst their networks about CorrHealth, why CorrHealth is a destination workplace and why the Jefferson County Correctional Facility is the safest place to work.

4. Provide any commitments, contracts, written agreements with local physicians to assist in specialized care for the inmates or a formalized plan to implement these agreements. This would include but not be limited to orthopedic, maxillofacial, obstetrics/gynecology, and oncology.

CorrHealth has augmented our services regarding specialized care for inmates requiring attention or equipment beyond what is readily available at the facility.

- ✓ **TAN Health.** Early in our tenure as Jefferson County's provider-partner, CorrHealth established a partnership with TAN, which is a Federally Qualified Health Center (FHQC) located in Beaumont and Orange. TAN provides primary and preventive health care in a consistent and affordable manner with the goal of improving the health of the communities located within Jefferson County.
  The changing landscape of healthcare has led us to expand our healthcare endeavors to include all care for all people. TAN has transformed from an HIV service organization into a full-service health center, providing comprehensive and primary care services for all individuals in Southeast Texas, regardless of their ability to pay.

- ✓ **Beaumont Dialysis Center-** As previously mentioned, CorrHealth understands Jefferson County prefers on-site dialysis treatments to be performed on-site at the Jefferson County Correctional Facility. CorrHealth also knows that pricing and costs are a focus point for Jefferson County. CorrHealth is a responsible steward of the county's tax dollar, and we have negotiated a rate of $600 per visit with the Beaumont Dialysis Center. This top-rated, local dialysis center will ensure competitive pricing and keep Jefferson County's costs minimal. We don't foresee a mobile dialysis provider coming close to meeting this tremendous rate. Given the complexities of procuring this specialty service at this time, CorrHealth is proposing to maintain dialysis services at the local provider's office and charge any dialysis costs to the $500,000 off-site aggregate cap. Once the healthcare and labor market stabilizes, we are fully committed to procure a partnership with a trusted and reliable mobile dialysis provider who can consistently serve our infrequent dialysis needs within the Jefferson County Correctional Facility. Once we do

procure an agreement with a mobile dialysis provider, CorrHealth is committed to pass these costs on to Jefferson County and do so at no additional margin.

- ✓ **Gastroenterology–** We have arranged for a Gastro-Intestinal doctor, Dr. Lonnie Bean, to provide on-site services at the Jefferson County Correctional Facility, and we are committed to continue this partnership as needed.

- ✓ **University of Texas Medical Branch (UTMB)** – We are currently exploring the opportunity with UTMB's specialty clinics to establish criteria for evaluation and examination of Jefferson County's patients.

5. Explain your ability to search for and assist in obtaining any grant funding or other revenue for medical services or pharmaceuticals such as HIV medications and or psychiatric care and medications.

CorrHealth understands the need to search and secure alternative funding resources such as grant funding. As Jefferson County's partner, we are certainly amenable to assist Jefferson County in searching for grant funding specific to our healthcare programs and services and our mutual goals, and we have been successful in assisting a few of our county-partners in their quest for additional resources via grant funding. Under CorrHealth's direction, two (2) counties were recently awarded a significant grant from the Reach, Intervene, Support and Engage (RISE) grant program, which has enabled them to offset the county's costs for mental/behavioral and community-based health care programs and services, medical equipment, technology, medical and office supplies, and other essential elements necessary to support enhanced programming. We're currently helping another county pursue the RISE grant to assist with their mental/behavioral and community-based health care programs and services in addition to their medication costs.

In the past, we have worked with the Ryan White HIV/AIDS program. The Health Resources and Services Administration's (HRSA) recent guidance on the use of Ryan White Funds for the incarcerated and justice involved population living with HIV. This guidance allows the funding to be used on a transitional basis for those in federal and state prisons and on a short term and/or transitional basis for those in local jails or under community supervision. We will continue to pursue opportunities in providing medication assistance for our inmate patient population.

We are excited at the opportunity to continue partnering with Jefferson County and begin researching and pursuing any eligible grants which would assist with covering the county's correctional healthcare costs.

6. If you offered multiple options, please present the option that would maximize the services provided at the most valued cost.

Due to the chronic and evolving nature of the medical, mental/behavioral, and ancillary and community-based health care conditions with Jefferson County's inmate population, and due to increasing legal, state (Texas Commission on Jail Standards), industry (NCCHC and ACA), community standards, as well as Jefferson County's expectations, CorrHealth firmly believes our 2nd option will best serve Jefferson County's population while ensuring CorrHealth's team's ability to effectively manage and document our services as appropriate. The matrix below will not only increase the quality or care being provided to Jefferson County's patients, but it'll also reduce grievances, reduce the county's overall costs, while mitigating Jefferson County's looming risks and liabilities.

Note: Due to our transparent pricing models containing confidential and proprietary information and it being our intellectual property, we request and trust Jefferson County to consider this information as CONFIDENTIAL and withhold it from any Freedom of Information Act (FOIA) request and process. Thank you.

CorrHealth
Do Right!

Ms. Clark and Ms. Reeves

Thank you once again for inviting us to take part in your BAFO process, and we hope our responses to your six (6) questions provide the detail in which you and your RFP committee need to re-affirm why CorrHealth remains *the right* provider-partner for Jefferson County.

We are genuinely grateful and thank Jefferson County for your trust, your support, and your partnership over the past five (5) years. Since that time, we are incredibly proud of our numerous achievements, and we are excited at the prospect of re-earning Jefferson County's trust and partnership for another potential five (5) year term.

The bottom line is Jefferson County needs and deserves a proven provider and partner who you know and trust. Jefferson County needs, and deserves a partner who is creative, hands-on, proactive and will step up at a moment's notice for Jefferson County and deliver utmost value with excellence in service and support. We wholeheartedly believe CorrHealth has proven to be that partner and we are thrilled at the opportunity to extend our partnership for another five (5) year term with you, your team, Jefferson County and to serve the inmates held in the Jefferson County Correctional Facility.

You have my word, and our renewed commitment, that we will always "Do Right" and we will not let you down!

As always, please feel free to call me at any time should you have questions, concerns or if there's anything I, or our team can do for you.

Sincerely and always my best,

RFP# 22–039/MR

Inmate Health Care Services for Jefferson County Correctional Facility

November 30, 2022

4.3 Transmittal Letter

November 30th, 2022

JAN 3/30

Ms. Deborah L. Clark, Director of Purchasing
Misty Reeves, Assistant Purchasing Agent
Jefferson County Purchasing Department
1149 Pearl Street, 1st Floor
Beaumont, TX 77701

Dear Ms. Clark, Ms. Reeves, and the RFP Evaluation Committee:

CorrHealth, LLC is excited to submit our proposal in response to Jefferson County's RFP# 22-039/MR, specific to "Inmate Health Care Services for Jefferson County Correctional Facility."

CorrHealth has proudly served Jefferson County since April 2018, together we have worked closely together and prevailed through unique events, our partnership has been successful, and we are thrilled at the opportunity to continue serving and partnering with Jefferson County in delivering quality, professional, and compassionate comprehensive inmate medical, mental/behavioral, ancillary, and community-based healthcare programs and services for Jefferson County and for Jefferson County's inmate population.

During our tenure in Jefferson County, we are incredibly proud of our various achievements, how we've worked closely with Jefferson County's Sheriffs, Detention Administration and their team members through the COVID-19 pandemic and the important enhancements we've made to our program which has ensured safety, streamlined processes, and saved Jefferson County you're your taxpayer resources. CorrHealth has listed a few of our achievements, contributions, and program enhancements under Project Requirements, item 7, on pages 67 to 72 of this response and we hope Jefferson County appreciates these actions, realize them as a key differentiator and critical to our successful partnership.

CorrHealth's core leadership team has earned over two (2) decades of experience, including nearly five (5) years partnering with Jefferson County. We have established a unique, and in-depth understanding of the county's inmate health care requirement. In addition, through discussions with Jefferson County's Sheriffs, Detention Administration, and support team, and after attending the November 2nd pre-bid meeting, carefully assessing the county's RFP and both Addenda, and meticulously studying the county's responses to the questions submitted, we have carefully tailored our response to meet and exceed Jefferson County's unique and evolving needs and requirements. **With this, CorrHealth is confident that we continue to be *the right provider* and partner for Jefferson County and the Jefferson County Correctional Facility and the Count's patient population and taxpayers.**

We have carefully organized an impressive team of passionate leaders with proven backgrounds for building, developing, and supporting strong and effective teams, delivering high-quality, cost-efficient, and timely results, and proactively mitigating the county's looming risks and liabilities. Our team is a diverse group of talented individuals with an unwavering commitment to meeting and exceeding requirements and supporting a high standard of care. Our programs and services are built upon policies and procedures which adhere to the Texas Commission on Jail Standards, NCCHC, ACA, federal and community-based standards of care.

We are thought leaders in our field, we are built to e a different kind of provider from any other provider, and we carefully organized CorrHealth to serve as an agent of positive change to your inmate healthcare programs and services.

We will continue to improve healthcare outcomes, decrease unnecessary off-site transports, and mitigate Jefferson County's looming risks and liabilities. CorrHealth is proud to deliver true and unfiltered transparency including the implementation fo innovative measures which ensure cost-accountability and increased efficiencies. CorrHealth's partnership with Jefferson County has been, and remains, authentic and deeply committed. Jefferson County needs and deserves a provider and partner who sincerely cares. Jefferson County needs and deserves a partner who intently listens to you and genuinely understands your unique needs. CorrHealth is committed to delivering excellence in service and support and an unrivaled partnership experience, while honoring and respecting the taxpayer dollar. CorrHealth remains the partner for Jefferson County.

CorrHealth will accept the terms and conditions of this RFP with no exceptions. Our proposal will be valid for (**90)** days from November 30th, 2022, the deadline for delivery of proposals to the County.

In Closing

We are genuinely grateful and thank Jefferson County for your trust, your support, and your partnership. We are incredibly proud of our numerous achievements over the past few years, and we are excited at the prospect of re-earning Jefferson County's trust and partnership for another potential five (5) year term. The bottom line is Jefferson County needs and deserves a proven provider and a partner whom you know and trust. Jefferson County needs, and deserves a partner who is creative, hands-on, proactive, and will step up at a moment's notice for Jefferson County and deliver utmost value with excellence in service and support. We believe CorrHealth has proven ourselves to be that partner and we are thrilled at the opportunity to extend our partnership for another five (5) year term with you, your team, Jefferson county and to serve the inmates held in the Jefferson County Correctional Facility.

We would like to take this time to sincerely thank Judge Brannick, Sheriff Stephens, Chief Deputy Shauberger, Major Guillory, Captain Mentor, Captain Harrigton, Captain Morris, Captain Lewis, Captain Harrell, Ms. Clark, Director of Purchasing and Ms. Reeves, Assistant Purchasing Agent for your valuable insight, the opportunity to bid on this critical procurement process and renew our partnership with Jefferson County. I personally commit to delivering the resources necessary to tailor a successful program for Jefferson County and the Jefferson County Correctional Facility.

You have my word, and our renewed commitment, that we will always **"Do Right,"** and **we will not let you down!**

Sincerely and always my best,

4.5 Executive Summary

Throughout our response, CorrHealth demonstrates our experience, knowledge, and insight into Jefferson County's correctional healthcare program. Our team of tenured industry professionals has well over 100 years of collective experience in providing quality comprehensive inmate healthcare for counties of various size and scope throughout Texas and the Southwest. CorrHealth was founded to be an agent of positive change in the correctional healthcare industry, and unlike any other provider, and that includes our delivering transparency which was previously unseen in the industry, excellence in service and support, and an unrivaled partnership experience. In this Executive Summary, we outline our response and define a few of our key differentiators.

CorrHealth is providing all of the requirements of this RFP. Included, in order requested by the RFP are the following sections:

a. Transmittal Letter	CorrHealth provides an overview of our organization's performance and partnership with Jefferson County and how we've served your patients and the Jefferson County correctional Facility, while complying with Jefferson County's RFP requirements and being strong stewards of the precious taxpayer dollar.
b. Executive Summary	In this three (3) page Executive Summary, CorrHealth expands on several program and what differentiates us from other providers. We have identified services which meet the county's needs, while exceeding the requirements of the RFP, plus any exceptions.
c. Table of Contents	CorrHealth's Table of contents outlines our proposal, providing specific location of each required section and the Appendices.
d. Offeror Identifying Information	CorrHealth's corporate identifying information follows the Executive Summary in the document.
e. Offeror Personnel and Organization	In our proposal, CorrHealth provides a detailed corporate organizational chart along with the biographies and experience for each of our leaders and for key team members involved in our program at Jefferson County.
f. Project Requirements	In our proposal, CorrHealth proudly provides our program and service delivery for each of Jefferson County's requirements. CorrHealth welcomes the opportunity to clarify any response.
g. Cost Proposal Appendix of RFP	CorrHealth has supplied our cost-plus pricing as requested. We have also provided a fully transparent cost sheet and summary which details our cost breakdown.
h. Other information that may be helpful in the evaluation	CorrHealth understands Jefferson County, we understand your concerns and we understand you unique and evolving needs. Our partnership with Jefferson County is incredibly important to us. We are genuinely grateful for you and our partnership thus far. Should we receive the county's award of your RFP, we look forward to meeting to discuss Jefferson County's needs, collaborating and negotiating the specific terms of our new Agreement with you.

Every county has its own history, concerns, goals, and guidelines just like Jefferson County. CorrHealth carefully tailors and customizes our quality-based healthcare programs and services exclusively for each county we serve, and we have done exactly that with our proposal for Jefferson County. We do not base our coverage matrices, our programs and services, or our engagement methods from generic 'off-the-shelf' templates.

We are confident our approach will continue to be the right one for Jefferson County, your team, and your inmate population. We deliver a hands-on approach and are genuinely committed to **"Do Right"** by our team members, our patients, our county partners, and the communities we proudly serve.

CorrHealth provides quality, compassionate, comprehensive inmate medical, mental/behavioral, ancillary, and community-based programs and services within all state (Texas Commission on Jail Standards), national and industry correctional standards (NCCHC and ACA), and community-based standards of care. Basing our programs and services on these standards ensures we are following a high standard of care, thus mitigating risks and liability, all while working within the county's budgetary guidelines. We will continue to work harder, smarter, be fully transparent, and always ***"Do Right."***

CorrHealth's Differentiators

In an industry saturated with status quo providers, CorrHealth is the highly engaged, creative and non-corporate approach to quality based comprehensive inmate healthcare programs and services. According to Sheriff Stephens in 2018, it's our unique approach that was the primary factor in Jefferson County choosing CorrHealth as its provider-partner and more detail is provided on this on pages 66-71 of this response. CorrHealth was conceived and built to be a very different kind of correctional healthcare provider and an agent of positive change in the correctional healthcare industry and thus far, our vision has been highly successful.

Since our inception in May 2017, we have earned the trust and partnerships of fourteen (14) county agencies throughout the four (4) states which we proudly serve and partner. Our four (4) state territory includes Texas, where we proudly serve and partner with six (6) county partners, including Jefferson County, New Mexico, where we proudly serve and partner with five (5) county partners, Colorado where we serve one county partner, and Wyoming, where we proudly serve two (2) county partners. Below are a few of CorrHealth's key differentiators which are primary factors why Jefferson County, and our other county partners chose us, and factors which further demonstrate why CorrHealth is *the right* provider and partner for Jefferson County:

- ✓ **CorrHealth is proud to be privately held.** We will continue to empower Jefferson county and our team members to engage and work directly with CorrHealth's ownership and decision makers 24/7 just as we have since April 2018. By having sole control over our organization, CorrHealth maintains utmost authority, autonomy, and control of our teams, our programs, and our services. We serve our county partners locally and we do not attempt to manage our teams and sites from Florida, California, Tennessee, Illinois, Oklahoma, or other distant states as each of our competitors do. By being privately held, we make immediate decision locally without Jefferson county having to navigate through multiple tiers of territory managers, bureaucratic processes, and or wait for "corporate" to make the simplest of decisions.

- ✓ **CorrHealth recruits and supports more Texas based leadership and support team members than any other correctional healthcare provider. No other inmate healthcare provider can support Jefferson County the way CorrHealth does and has since 2018.** Whether it's our Co-Presidents, Todd Murphy, and Victor Hutchinson, our CMO, Dr. Nicholas Longnecker, Krista Rogers, Director of Finance, or our Travel and Operations training team, simply stated, no other correctional healthcare provider in the industry has invested so much in Texas. No other provider has the ability to be proactive, serve, and support Jefferson County the way CorrHealth has, and are fully committed in continuing to do.

- ✓ **CorrHealth STEPS UP!** Jefferson County is, and always has been, a highly competitive and challenging place to recruit and retain high performing healthcare professionals. The challenges which Jefferson County faces are why we strategically built our core leadership team of healthcare, service, and support professionals who reside, and serve our county-partners in Texas. We stepped up by increasing compensation rates higher than the modeled budget. We stepped up by filling in key positions in Jefferson County with our Regional Managers, our Trainers.

Filling Jefferson County's key positions with corporate leadership and training positions results in a considerable expense and it has placed a significant hardship on CorrHealth, our teams and our other county-partnerships, but CorrHealth makes these sacrifices as a testament to our commitment and appreciation for Jefferson County and our partnership. Not a day goes by where we don't acknowledge, remember, and give thanks for Jefferson County's faith, your trust and support and serving as our first partner in Texas, and simply stated, CorrHealth is committed to always **"Do Right" and our stepping up for Jefferson County**.

- ✓ **CorrHealth is the only inmate health provider to deliver true and unfiltered transparency.** CorrHealth wholeheartedly believes in providing our county partners and their taxpayers with full and unfiltered transparency into our financials, our operations, our business practices, and in all aspects of our partnership. We provide such transparency with all of our county-partners, and we are proud to deliver such levels of transparency with Jefferson County and through this procurement process. CorrHealth is the only inmate health provider in the industry to provide such levels of unfiltered transparency, doing so in an ethical and responsible manner, to ensure cost accountability and uphold our firm commitment to always **"Do Right"**. CorrHealth delivers the transparency and accountability which Jefferson County needs and deserves, while fostering a firm foundation of trust, which maintains a stable and long-term partnership.

- ✓ **CorrHealth's claims and utilization management (UM) diligence and strong partnership has saved Jefferson County $2,873,461 in off-site costs since 2021.** CorrHealth understands the high costs of off-site services and as strong stewards of the tax-payer dollar, we see it as our responsibility to maximize on-site programs and services and minimize off-site transports as much as possible, but there are instances when off-site transports are medically necessary. CorrHealth understands the importance of an effective claims and utilization management process and through our diligence with these claims and our strong, and successful partnership with our claims and utilization management partner, CorrHealth has saved Jefferson County an average of 41% in your off-site services in the 2022-2023 contract year, we saved the County 58% in the 2021-2022 contract year, we have yielded a peak savings as high as 87% per claim, and these savings over that period equates to a total savings of $2,873,461. Our diligence and these savings are yet other key differentiators and why CorrHealth is *the right* provider-partner for Jefferson County.

- ✓ **CorrHealth recruits and supports more Texas based leadership and support team members than any other correctional healthcare provider. No other inmate healthcare provider can support Jefferson County the way CorrHealth does.** Whether it's our Co-Founders and Presidents, Todd Murphy, and Victor Hutchinson, Robert Davis, our General Counsel, our Chief Medical Officer (CMO), Dr. Nicholas Longnecker, Krista Rogers, Director of Finance, or our Travel and Operations Training team, simply stated, no other correctional healthcare provider in the industry has invested so much in Texas. No other provider has the ability to be proactive, serve, and support Jefferson County the way CorrHealth has, and will continue to do.
- ✓ **CorrHealth is one of the only providers in Texas, and in the industry to recruit, support, and provide a Flex-Travel team of licensed healthcare professionals which reduces the need for temporary agency personnel.** Texas has experienced a stressed healthcare labor market. It has been a challenge to locate, recruit, and retain high-performing healthcare professionals, and the COVID pandemic has only exacerbated this fact. CorrHealth took notice of the need, and we proactively recruited and developed a plan to support a team of Flex/Travel team members to serve our teams and our sites. We did so without thinking twice, we're proud to have done so, and we're proud to be one of the only healthcare providers in Texas to support a dedicated team of Flex/Travel team members.

"With less than a week as our new inmate health care provider and during a routine med pass, one of CorrHealth's nurses noticed one of our Officers looking sweaty and pale and immediately directed her attention to assessing him and his health. Apparently, his appendix had just burst, and he was immediately rushed to the hospital where he had emergency surgery. As a direct result of CorrHealth' nurses' attention to detail and their skill set, Officer Carbajal was able to go home to his family that night. He is healthy and has returned to work. I think Officer Carbajal and his family would agree that we made the right decision by partnering with CorrHealth."
Captain Adam Hilliard
Midland County, TX

✓ **CorrHealth understands training is critical, and we are committed to investing in well-trained and well-supported teams.** Christi Franklin, Training Team Manager and Katie Hunter, Associate Regional Manager are Texas based, they serve our Texas teams and partners, and they provide oversight, training, and support for CorrHealth's healthcare, service, and support mission. In Jefferson County, CorrHealth proactively trains each team member. We hold in-person training sessions with each team member on a regular basis to ensure our team members are well trained, knowledgeable, highly confident, and working well within their team. We make certain that each team member is trained on new equipment prior to placing the equipment into service as subtle manufacturing changes can create confusion or hesitancy, and we avoid this confusion with hands-on training.

✓ **CorrHealth proactively mitigates risks and liabilities, by offering the unparalleled expertise and representation of Robert Davis, CorrHealth's General Counsel.** We are diligent with our training methods, and we have developed proactive measures to mitigate litigation prior to any claim being filed. Robert has over 35 years of experience in representing governmental entities and officials in litigation. He has extensive experience in first-party and third-party litigation for major insurance carriers. He represents entities such as the State Bar of Texas, the Texas Association of Counties, the Texas Jail Association, the Sheriff's Association of Texas, the Texas Chief Deputies Association, the East Texas Police Chiefs Association, and he, along with his firm, represents dozens of Sheriff's Offices.

✓ **CorrHealth manages risk with the knowledge of a trusted expert in Tim Hammond.** CorrHealth takes mitigating looming risks and liabilities extremely seriously. Only CorrHealth can offer Jefferson County the invaluable experience of Tim Hammond, who serves CorrHealth as Director of Risk Management. Tim is vigilant with the development and updating of our policies and procedures. He visits our team members and detention administration regularly with the objective of proactively addressing policy adherence which results in both minimized risk and liability as well as a safer program and operation.

✓ **CorrHealth is an agent of positive change in the inmate healthcare industry.** With our core leadership's two (2) decades in the correctional healthcare industry, we knew our team members and our county partners deserved so much better than the detached status quo by which most providers operate and support, so we had the unique vision, we conceived, and "took the leap" to launch CorrHealth and we did so to be an agent of positive change and to be very different from any other provider in the industry. Our differentiators begin with our being privately held, which empowers our team members and our county partners. It includes our commitment to delivering true and unfiltered transparency into our financials, our operations, our business practices, and in all aspects of our partnership. It includes our being focused on a territory of just four (4) contiguous states of Texas, New Mexico, Colorado, and Wyoming, which ensures we're focused and never far away should we need "boots on the ground" in a matter of hours.

"We knew CorrHealth was built to do things a little differently, they did a great job of expressing that to our Sheriff, who had a vision to improve drastically without worrying about status quo. To improve, sometimes you have to take a degree of risk and push the limits and our Sheriff was willing to do that, and CorrHealth answered the call. It's a great partnership."

John Shauberger, Chief Deputy Jefferson County, Texas

✓ **PowerDMS is a strong and trusted partner with CorrHealth.** We proudly utilize PowerDMS in each county we serve. PowerDMS helps ensure the integrity of our policies and records management processes by storing, updating, disseminating, and tracking our critical compliance data, such as our policies and procedures, our audit records (Texas Commission on Jail Standards and NCCHC) and other sensitive data. We created a seamless and efficient audit process with NCCHC. As a result, CorrHealth earned PowerDMS' 2021 Innovation Award. Leading the way, our use of PowerDMS forced the technical team to rethink the objectives of their platform's functionality within their platform. Innovative solutions for CorrHealth's document management needs resulted in an "outside the box" development practice that is now applied to sites industry wide.

✓ **Understanding the Difference in Price vs. Cost.** CorrHealth understands that price is an important factor in Jefferson County's selection with this RFP process, and we get it. Many providers offer a low price, but that low price often results in a much higher overall costs to Jefferson County in the long run. The long-term result is an inability to retain and recruit healthcare professionals, poor employee/team member morale, medical mistakes, negative outcomes, such as increases in grievances, off-site transports, deaths and litigation and lawsuits, turnover rates, increases in off-site transports, and the overuse of temporary agency staffing.

These deficiencies almost guarantee increased risks and liabilities which results in much higher costs than originally budgeted. The old adage, "You get what you pay for" holds true, but it couldn't be truer than when it comes to inmate healthcare.

✓ **CorrHealth is proud to be a Texas based organization.** Texas is incredibly important to CorrHealth, after all it's our home too, we're proud of the fact that we're incorporated and based in Texas and we're exponentially proud of the fact that we are the only inmate healthcare providers based in Texas. We successfully transitioned our team, programs and services in Jefferson County, Texas in April 2018 and in your 1,268-bed correctional facility, and since then we've successfully transitioned, we began serving and partnering with five (5) other Texas counties since then, and we're ready to expand our program and renew our partnership with Jefferson County for another potential five (5) year term. In that time, we have recruited a passionate, strong, Texas-based leadership team, who are dedicated to serving our Texas county-partners and ensuring their health care success. Our policies, procedures and protocols are based on state (Texas Commission on Jail Standards), NCCHC, ACA, federal, and community-based standards of care. CorrHealth was established specifically to partner with counties, like Jefferson County, and to be an agent of positive change from the status quo and provide Jefferson County with a fresh, honest, and hands-on solution to inmate healthcare. CorrHealth will continue to provide Jefferson County with an exceptional correctional-based comprehensive inmate healthcare program.

Thank you for your consideration to continue a strong and supportive partnership with CorrHealth. Jefferson County is incredibly important to us, and we wholeheartedly value you, your team, and your partnership. We are excited at the prospect of continuing our partnership with Jefferson County through this process and for many years to come.

Section 5: Project Objective and Scope of Services

Scope of Services

The information provided in this RFP package has been taken from data available and is believed to be reasonably accurate. Offerors are requested to personally verify data wherever possible and to ask for any other information needed for the preparation of their response to the RFP.

Compliance with State and Federal Laws and Regulations: The Contractor shall keep fully informed on all federal and state laws, all local laws and regulations, and all orders and decrees of bodies or tribunals having any jurisdiction or authority which in any manner affect those engaged or employed in providing the services required under its contract with Jefferson County. The Contractor shall at all times observe and comply with all such laws, including, but not limited to, the Civil Rights Act of 1964, The Americans with Disabilities Act of 1990, Fair Labor Standards Act of 1938, applicable provisions of OSHA regulations, PREA, and all other pertinent state and federal laws, and all county and local laws, ordinances, regulations, orders and decrees in force at the time of award.

The statistical data, other than inmate population numbers, has been calculated using data provided by the current contracted vendor. Jefferson County is not responsible for any discrepancies in the data that was provided to the County

Objective: The Commissioners' Court of Jefferson County, Texas, and the Office of the Sheriff of Jefferson County, have as their goal the establishment of a program that provides good quality medical, mental health, dental and other health care services for the inmates of JCCF in Beaumont, Texas. Further, their goal is to provide such care in a cost-efficient manner, with knowledgeable administrative and clinical professionals, supported by competent staff, working under a health care system that provides all the elements required for recognition as a correctional health care program that meets community, state and national standards. To that end, the Commissioners' Court and the office of the Sheriff of the County have undertaken the solicitation of proposals to contract for such health care services for the inmates of JCCF, Beaumont, Texas.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has successfully been providing to Jefferson County since April 2018, and we are proposing throughout this response cover a quality based comprehensive inmate healthcare program customized uniquely for the Jefferson County Correctional Facility. Our program meets and exceeds all state (Texas Commission on Jail Standards (TCJS), the National Commission on Correctional Health Care (NCCHC), the American Correctional Association (ACA), Federal Performance Based Detention Standards and community-based standards of care. We shall remain fully informed of all federal and state laws, all local laws and regulations, and all orders and decrees of bodies or tribunals having any jurisdiction or authority which in any manner affect those engaged or employed in providing the services required under its contract with Jefferson County. CorrHealth is committed to observing and complying at all times, with all such laws, including, but not limited to, the Civil Rights Act of 1964, The Americans with Disabilities Act of 1990, Fair Labor Standards Act of 1938, applicable provisions of OSHA regulations, PREA, and all other pertinent state and federal laws, and all county and local laws, ordinances, regulations, orders and decrees in force at the time of award.

CorrHealth provides high quality inmate medical, mental, ancillary and community health care programs and services to counties throughout Texas, the Southwest, and the Rocky Mountain region. We offer our county-partners integrity, true transparency, and an unrivalled partnership. CorrHealth will continue to deliver to Jefferson County a flexible, on-site healthcare solution that will keep providing the following:

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will supply at its expense on-site office equipment it needs such as copiers, fax machines, calculators, additional telephones, answering machines, ordinary computer equipment. This equipment is the property of CorrHealth and must be maintained and repaired at our expense.

4. **The Contractor shall provide adequate equipment and supplies to meet the needs of the program. Contractor will be responsible for all repairs and maintenance of all medical equipment used towards the fulfillment of this Agreement. Contractor shall be responsible for purchasing and stocking all medical and pharmaceutical supplies for the routine and specialty care of all inmates. All remaining supplies shall become the property of JCCF at the termination of the Contract.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will provide adequate equipment and supplies to meet the needs of the program. We will be responsible for all repairs and maintenance of all medical equipment used towards the fulfillment of this Agreement. CorrHealth will be responsible for purchasing and stocking all medical and pharmaceutical supplies for the routine and specialty care of all inmates. We understand all remaining supplies shall become the property of JCCF at the termination of the Contract.

5. **Equipment and Supplies Remain Property of the County: All equipment purchased by the County under the contract shall be the property of the County and shall remain on site at the termination**

of the contract. All supplies, including pharmaceuticals, purchased for use in the performance of the contract, shall be the property of the County and shall remain on site at the termination of the contract.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands that equipment and supplies will remain the property of the county, specifically: All equipment purchased by the County under the contract, all supplies, including pharmaceuticals, purchased for use in the performance of the contract.

6. Placing Purchased Item in Correct Category: In the event it isn't clear whether an item fits under the category of "equipment" or "supply", and there is a difference of opinion as to its appropriate category, the amount of its net purchase price shall be the determinate factor, to wit: if in excess of $500, the item shall be deemed "equipment"; if $500 or less, the item shall be deemed "supply".

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will make every effort to identify a purchased item in the correct category. We agree to the County's method – in case of a difference of opinion, the net price of the purchase will determine the item category.

The EMR must be able to generate daily, weekly, and monthly reports as needed. The Contractor must agree to give the County all medical records in a digitized stand-alone form upon termination of the contract. The contractor shall be responsible for implementing the EMR upon acceptance of this contract.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth successfully implemented CorEMR, which is the correctional healthcare industry's leading electronic medical records (EMR) platform/provider in the Jefferson County Correctional Facility in April 2018. CorEMR meets and exceeds state (Texas Commission on Jail Standards), national (NCCHC and ACA), Federal regulations, and community best standards of care and it is fully integrated and bridges with the counties current jail management system. The EMR includes medication administration, utilization management, discharge planning, tracking of inmate grievances, tracking of off-site appointments, ability to track inmate fees, ability to track dental, mental health, chronic care, and other services. The EMR is able to generate daily, weekly, and monthly reports as needed. Should Jefferson County elect to terminate its partnership with CorrHealth, CorrHealth agrees to provide Jefferson County with any, and all medical records in a digitized and a stand-alone form. Should CorrHealth renew our partnership with Jefferson County, we are committed to continue supporting CorEMR as *the right* EMR solution for Jefferson County's inmate healthcare program.

CorEMR Electronic Medical Records

Should Jefferson County elect to terminate its partnership with CorrHealth, CorrHealth agrees to provide Jefferson

County with any, and all medical records in a digitized and a stand-alone form.

2. **The Contractor shall ensure that accurate, comprehensible, legible, up-to-date medical information is maintained on each inmate under Contractor's care. Ensure that confidential, complete, and well-organized medical records are maintained for infirmary in-patient and clinic ambulatory care, and that these records include, among other detail, information with respect to mental health, dental care, hospital in-patient and emergency care, laboratory and radiological services, medication administration records and medical specialty encounters. The Contractor shall be the keeper of inmate medical records (active and inactive) throughout the term of the contract and shall adhere to State laws and regulations governing the management of medical records. At the end of the contract, all medical records will become the property of JCCF. All medical records will be available for review by administrative staff of JCCF at any time. Inmate medical records shall be maintained separately from the correctional file, and the confidentiality and security of medical records shall be maintained at all times, under applicable State and Federal statutes and regulations, and under local court rules. The Contractor shall comply with the State's statute regarding retention of health records.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth ensures that accurate, comprehensible, legible, up-to-date medical information is maintained on each inmate under our care, and we have successfully done so since we initially transitioned our team, programs, and services in the Jefferson County Correctional Facility in April 2018, and we are committed to continue doing so with the renewal of our partnership through this RFP process. We are committed to ensure that confidential, complete, and well-organized medical records are maintained for infirmary in-patient and clinic ambulatory care, and that these records include, among other detail, information with respect to mental health, dental care, hospital in-patient and emergency care, laboratory and radiological services, medication administration records and medical specialty encounters. CorrHealth will maintain the inmate medical records (active and inactive) throughout the term of the contract and shall adhere to State laws and regulations governing the management of medical records. We understand that all medical records will become the property of the Jefferson County Correctional Facility at the end of the contract. All medical records will be available for review by Chief Shauberger, Major Guillory and their designee(s) at any time. CorrHealth agrees inmate medical records shall be maintained separately from the correctional file, and the confidentiality and security of medical records shall be maintained at all times, under applicable State and Federal statutes and regulations, and under local court rules. CorrHealth will continue to comply with the State's statute regarding retention of health records.

3. **The Contractor shall complete a Texas Uniform Health Status Update form for all inmates transferred to other correctional facilities from JCCF.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will complete a Texas Uniform Health Status Update form for all inmates transferred to other correctional facilities from the Jefferson County Correctional Facility.

Services and Administration:

The Contractor is to establish a program for the provision of comprehensive health care services for JCCF. The program is to meet constitutional and community standards and, as a minimum, meet the standards of the National Commission on Correctional Health Care and standards of the Texas Jail Commission. Included and generally described below are features of the program. Said inclusion is not to indicate any limitations of the program but is intended only as a general description of some of the program's contents.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is committed to continue delivering and supporting our teams members, our programs and services for the provision of comprehensive

inmate health care programs and services for the Jefferson County Correctional Facility. Our program meets, and exceeds state (Texas Commission on Jail Standards), national (NCCHC and ACA), federal, constitutional and community best standards of care.

1. **The development, maintenance and annual review of administrative and operational policies and procedures, and such other manuals and documents that help guide staff in providing quality care in an effective and efficient manner. The County reserves the right to approve policies and procedures of the Contractor. The policies and procedures shall be designed to meet NCCHC and Texas Jail Standards. The Jefferson County Correctional Facility is currently NCCHC accredited.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has been implementing an innovative solution to policy implementation and reviews in Jefferson County since April 2018 creating numerous benefits for Chief Shauberger, Major Guillory and, or their designees. PowerDMS is CorrHealth's electronic document management system for medical and behavioral health policies and procedures. Jail administration has direct access electronically to CorrHealth's medical and behavioral health policies and procedures which have allowed Chief Shauberger, Major Guillory and, or their designees to enhance the management of training opportunities for security personnel. CorrHealth closely reviews our policies and procedures on an annual basis with CorrHealth's Chief Medical Officer (CMO) as well as CorrHealth's on-site Medical Director acting as the responsible physician within the facility. In addition, CorrHealth's medical and behavioral policies and procedures are annually reviewed by CorrHealth's Health Service Administrator (HSA) and Chief Shauberger, Major Guillory and, or their designees. Furthermore, during the 2021 NCCHC Survey performed virtually due to the pandemic, CorrHealth's partnership with PowerDMS enhanced the NCCHC's surveyors' ability to more efficiently review the compliance standards of CorrHealth's medical and behavioral health policies and procedures providing both Chief Shauberger, Major Guillory and, or their designees and CorrHealth an insightful review to effectively enhance the safety and wellbeing of the inmate-patients.

2. **The Contractor shall coordinate, with a Jail Administrator, meetings to discuss health care services. Minutes or summaries shall be maintained and distributed to attendees with copies retained for future reference. The provision for monthly health service staff meetings to include medical, dental, and mental health, to ensure good communication within health services, and the documentation of such meetings.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will coordinate with Major Guillory and Chief Shauberger, or their designee(s), meetings to discuss health care services. Minutes or summaries shall be maintained and distributed to attendees with copies retained for future reference. The provision for monthly Health Services Administrator (HSA) team meetings to include medical, dental, and mental health, to ensure strong and effective communication within the team, coordination, strong team morale, and the documentation of such meetings.

3. **The Contractor shall prepare and participate in external reviews, inspections and audits as requested and shall participate in the preparation of responses to critiques. The Contractor shall develop and implement plans to address/correct identified deficiencies.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will prepare and participate in external reviews, inspections and audits as requested and shall participate in the preparation of responses to critiques. We will develop and implement plans to address/correct any agreed upon deficiencies identified.

4. **Statistical reports and incident reports shall be submitted to the Jail Administrator monthly. The Health Administrator and Jail Administrator will review incident reports at least quarterly. Incidents involving serious consequences, such as an inmate death, are to be reported to the Jail Administrator immediately.**

   CorrHealth understands, agrees, and will comply with this requirement. Statistical reports and incident reports shall be submitted to Chief Shauberger, Major Guillory and or their designee(s) on a monthly basis. CorrHealth's RN/Health Services Administrator (HSA), Chief Shauberger and Major Guillory and, or their designee(s) will work together to review incident reports at least quarterly. Incidents involving serious consequences, such as an inmate death, will be reported to Chief Shauberger, Major Guillory and, or their designee(s) immediately.

5. **The establishment of a continuous quality improvement committee. The Contractor shall develop and implement a plan to monitor services through quality assurance reviews and inspections.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has a strong quality assurance program that covers all aspects of each standard, CorrHealth takes a deep dive into each review and audit each response to provide detailed and specific outcomes to improve in all areas of care. We collect and analyze data to help improve the quality of service continuously. The Continuous Quality Improvement (CQI) process helps our teams improve exponentially. CorrHealth continually strives to increase performance levels and identifies 2-3 processes each month to be evaluated. It is this ongoing effort that helps progress efficiency, accountability, and positive outcomes.

6. **The Contractor shall include regular chart review by physicians of outpatient and inpatient medical records. Chart reviews, deliberations and actions taken as a result of reviews should be documented.**

   CorrHealth understands, agrees, and will comply with this requirement. Documenting any, and all healthcare related events are one of the most important aspects of what we do, it mitigates risk and liabilities. CorrHealth will include regular chart review by physicians of outpatient and inpatient medical records. Chart reviews, deliberations and actions taken as a result of reviews will be documented.

7. **The Contractor shall establish a utilization review program for the review and analysis of the utilization of off-site referrals including subspecialty and inpatient stays. The program shall include non-urgent hospitalization, pre-certification, urgent hospital certification, concurrent review, prospective denial, discharge planning, and prior authorization of targeted procedures, e.g., MRI and CAT scans. The utilization management program shall demonstrate that the use of outside service has been appropriate (medically indicated) and that the length of stay, if applicable is neither longer nor shorter than medically indicated.**

   CorrHealth understands, agrees, and will comply with this requirement. At CorrHealth, we are cognizant of the importance of claims, utilization management (UM), network access and claims processing services. We are not claims and utilization management (UM) experts, and thus have made the responsible decision to subcontract with a 3rd party provider, who specializes in this business and is dedicated to performing these services in the corrections industry. Unlike many of our competitors who attempt to manage their programs from corporate headquarters in distant states, CorrHealth manages most of our claims and utilization management (UM) processes locally and on-site. We are committed to managing Jefferson County's off-site claims and utilization management (UM) processes locally and on-site at the Jefferson County Correctional Facility. By doing so, we will increase efficiencies, decrease off-site providers wait time for payment, and prevent costly mistakes.

CorrHealth has established a strong and trusted partnership with a proven 3rd party utilization provider who has based their business in managing claims, utilization management (UM), network access and claims processing in the correctional setting for over a decade, and their experience is based exclusively in providing these services for county detention facilities of various size and scope, as well as large department of corrections (DOC) systems.

We are confident that Jefferson County has been appreciative of its savings throughout our partnership. Through our 3rd party partner in Jefferson County, and through our partnership, we have successfully saved Jefferson County an average of 52% in off-site claims and yielded a peak savings as high as 87% per claim. These savings are a profound testament to our commitment to meeting and exceeding our goals of providing quality care with fiscal responsibility to our county partners' and their taxpayers, and we are excited to continue extending these savings to Jefferson County.

With the renewal of our partnership with Jefferson County, CorrHealth will continue to partner with our 3rd party provider to provide utilization management review program for the review and analysis of the utilization of off-site referrals including subspecialty and inpatient stays. The program shall include non-urgent hospitalization, pre-certification, urgent hospital certification, concurrent review, prospective denial, discharge planning, and prior authorization of targeted procedures, e.g., MRI and CAT scans. The utilization management program will demonstrate that the use of outside service has been appropriate (medically indicated) and that the length of stay, if applicable, is neither longer nor shorter than medically indicated.

CorrHealth's case management review plan regarding off-site costs will be detailed in this response, however, it is important to note that CorrHealth is committed to maximizing on-site programs and services to minimize unnecessary, costly, and risk-laden off-site services. We have been extremely successful in managing on-site programs and services, which result in an overall savings to each of our county partnerships, and we are fully committed to continue doing so for Jefferson County.

Our claims, adjudication, and utilization management (UM) services ~~process~~ begins with CorrHealth's on-site healthcare professionals contacting our on-site Medical Director or provider for consultation, appropriateness, and medical necessity prior to sending the patient for off-site care. As a form of further checks and balances, CorrHealth's Chief Medical Officer (CMO) reviews each, and every off-site send out on a regular and ongoing basis to validate its appropriateness, and he refers each with the on-site Medical Director and, or each provider.

A component of our utilization management (UM) program is our claims review process. Our third-party provider-partner reviews all invoices for duplication in billing, overcharges, and verification. Every CorrHealth facility reports emergency room, inpatient admissions, and outpatient services to the corporate team members on a daily basis. Each off-site event reported is provided with a unique authorization number.

Our claims management processes adhere to medical specialty guidelines, and industry standards to review claims for the following:

- ✓ Re-bundling,
- ✓ Incidental procedures,
- ✓ Mutually exclusive procedures,
- ✓ Duplicate charges,
- ✓ Medical visits/pre- and post-operative inclusive care,
- ✓ Assistant surgeon,

- ✓ Age/gender conflicts,
- ✓ Experimental procedures,

With our third-party provider-partner's proprietary claims software, CorrHealth can store all medical claim data in-house, including:

- ✓ Patient's name,
- ✓ Type of service/procedure,
- ✓ Provider's name,
- ✓ Provider Tax ID,
- ✓ Patient's date of birth,
- ✓ Date received,
- ✓ Diagnosis code & brief description,
- ✓ Place of service,
- ✓ Patient's account number,
- ✓ Total amount billed,
- ✓ Total paid,
- ✓ Principle, other procedure codes, & dates,

Hospital claims, including:

- ✓ Type of bill,
- ✓ Admission date and hours,
- ✓ Occurrence codes and dates,
- ✓ Admit and discharge diagnosis,
- ✓ Revenue codes,
- ✓ Billed per line,
- ✓ Paid per line,

All services, including:

- ✓ Date of service,
- ✓ Procedure code,
- ✓ Brief description,
- ✓ Modifiers,

- ✓ Units,
- ✓ Billed per line,
- ✓ Paid per line,

CorrHealth believes in delivering true and unfiltered transparency in everything that we do, and that transparency extends to our claims and utilization management processes and the savings which we, along with our third-party provider earns for each of our county partners. Our third-party provider also believes in transparency, and they work closely with CorrHealth to provide transparent data sets for each patient and his/her medical treatments, the amount billed, and the amount negotiated and reconciled down, which is the amount which is paid to the off-site provider(s).

At CorrHealth, establishing and maintaining our excellent payment history is incredibly important to us, we take this responsibility seriously, and we ensure each of our community providers and our ancillary provider partners are paid on a timely basis. Simply stated, we will ensure that Sheriff Stephens, Chief Shauberger, Major Guillory, Judge Brannick, and Jefferson County's Commissioners do not get blindsided by any community-based healthcare provider who might claim Jefferson County does not pay their bills.

8. **The Contractor shall indicate its risk management plan and discuss its procedures for dealing with critical incidents. The Contractor shall be responsible for establishing and providing evidence of a formal mortality review process.**

CorrHealth understands, agrees, and will comply with this requirement. In 2022 CorrHealth implemented a new risk management plan through an effective change of policy and procedures directly relating to critical incidents. This implementation has established procedures to manage critical incidents through a multidisciplinary peer review analysis reporting and review process for incidents occurring within the facility. The review outline consists of the presentation of a chronological timeline of events, differential diagnoses, clinical diagnoses, pathological discussions and laboratory results, a review of any pertinent medical behavioral health and security reports, and a case summary. This will establish a peer review process and will involve CorrHealth's risk management plan to closely involve CorrHealth's General Counsel. This process will be subject to the peer review privilege and attorney-client privilege with CorrHealth's General Counsel participation. In summary, treating health staff are informed if deemed necessary of pertinent findings of reviews. Alternative management strategies or recommendations for process management or training are discussed and documented at the next facility's Continuous Quality Improvement (CQI) committee meeting.

When critical incidents involve mortality, CorrHealth's already positioned policy J-A-09 (I) PROCEDURE IN THE EVENT OF AN INMATE DEATH serves as a directive for the management of clinical mortality reviews. The process involves several different layers of a multidisciplinary thorough review of all deaths to determine the appropriateness of clinical care, to ascertain whether changes to policies, procedures, or practices are warranted, and to identify issues that require further study in an effort to improve care and prevent future deaths. Multiple categories are discussed including a critical incident debriefing, a psychological autopsy when mortality is a result of completed suicide, and a clinical mortality review involving a peer review process incorporating a risk management plan with General Counsel within a multidisciplinary approach. For the benefit of the facility, an administrative review is conducted in which the assessment of correctional and emergency response actions surrounding an inmate-patient's death is reported in writing and any deficiencies noted are corrected. Plans for correction are

retained. CorrHealth's RN/HSA will coordinate and work closely with Sheriff Stephens, Chief Shauberger, Major Guillory and their designees to identify opportunities for improvement.

9. **The Contractor shall implement a pharmacy and therapeutic committee which shall be responsible for additions, deletions to formulary, monitoring usage of pharmaceuticals including psychotropic and identifying prescribing patterns of practitioners. Quarterly written consultation reviews of the pharmacy by a consultant pharmacist shall be required. The Contractor shall utilize a local pharmacy agreement for providing STAT medication orders.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has implemented, and we support a pharmacy and therapeutic committee which are responsible for additions, deletions to formulary, monitoring usage of pharmaceuticals including psychotropic and identifying prescribing patterns of practitioners. Quarterly written consultation reviews of the pharmacy by a consultant pharmacist shall be required. CorrHealth has contracted, and we have established a strong and trusted partnership with the local Walgreen's Pharmacy for providing STAT medication orders when necessary.

10. **The establishment of an infection control activity that monitors the incidence of infectious and communicable disease, seeks to prevent their incidence, and spread, and provides for the care and treatment of inmates so infected. Reporting of infections must be in accordance with local and state laws. The program must be in compliance with CDC and OSHA regulations.**

    CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will establish an infection control activity that monitors the incidence of infectious and communicable disease, seeks to prevent their incidence, and spread, and provides for the care and treatment of inmates so infected. Reporting of infections will be in accordance with local and state laws. CorrHealth's program complies with the Centers for Disease Control (CDC) and Occupational Safety and Health Administration (OSHA) regulations.

11. **Within the parameters of its contractual authority evidence of the maintenance of a safe and sanitary jail environment, the Contractor shall make provision for collection, storage, and removal of medical waste and sharps containers in accordance with state and federal regulations. The Contractor is responsible for the costs of removal and disposal, including all necessary supplies.**

    CorrHealth understands, agrees, and will comply with this requirement. Within the parameters of its contractual authority evidence of the maintenance of a safe and sanitary jail environment, CorrHealth will continue its provision for collection, storage, and removal of medical waste and sharps containers in accordance with state and federal regulations. CorrHealth agrees to be financially responsible for the costs of removal and disposal of the medical waste utilized within the Jefferson County Correctional Facility, including all necessary supplies.

12. **The Contractor shall comply with the policies and procedures to be followed in dealing with inmate complaints regarding any aspect of the health care delivery system. The Contractor shall maintain monthly statistics of grievances filed i.e., those with and without merit. All grievance procedures shall be in accordance with County regulations. The County reserves the right to review any inmate complaints and review the Contractor's actions. The Contractor must implement the County's recommendations in disputed cases.**

    CorrHealth understands, agrees, and will comply with this requirement.

CorrHealth will comply with the Jefferson County Correctional Facility's policies and procedures specific to managing inmate complaints regarding any aspect of the healthcare delivery system. CorrHealth's responses to medical and behavioral health grievances are directed within CorrHealth policies and procedures in collaboration with jail administration guidelines for inmate medical grievances as defined within the inmate handbook. CorrHealth will continue to maintain monthly statistics of grievances filed i.e., those founded or unfounded. CorrHealth agrees Jefferson County reserves the right to review any inmate complaints and review CorrHealth's suggestive actions. CorrHealth agrees that responses from Chief Shauberger, Major Guillory and, or their designee(s) may exhaust the administrative remedies for any inmate-patient. When the grievance remains unresolved after a response from Chief Shauberger, Major Guillory and or their designee(s), the inmate-patient may seek a remedy from the court.

13. **The Contractor shall hire all employees necessary for the performance of this Agreement. The Contractor agrees to initially consider for employment individuals who are currently assigned to work for Health Services at JCCF, as of the date of this proposal. Initial and continued employment of staff and subcontractors shall be subject to approval of the County. All persons employed by the Contractor will be employees of the Contractor and not Jefferson County.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is proud of our team members and our contractors, and we are committed to retain individuals who are currently assigned to work for Health Services at the Jefferson County Correctional Facility, as of the date of this proposal submission. CorrHealth agrees to actively recruit hire, train and support any, and all employed team members necessary for the performance of our partnership and this Agreement. Initial and continued employment of team members and subcontractors will be subject to approval of Jefferson County. CorrHealth agrees any, and all persons employed by CorrHealth will be employees, or contractors, and CorrHealth agrees they will not be employed and, or contracted by Jefferson County.

Recruiting and retaining high-performing healthcare professionals is one of the most critical functions that we do, we take our responsibility and commitment seriously, and we have been successful retaining and recruiting for our county partners. Successful recruitment and retention in this pandemic world and challenging healthcare market requires a proactive, highly targeted, creative, heavily engaged, and persistent approach and CorrHealth has excelled with that approach. CorrHealth utilizes a multifaceted set of proven resources, tools, and methodologies in the recruitment and retention of our team members, and we are fully prepared to utilize this approach in recruiting healthcare professionals and support team members in Jefferson County. Sarah Zerfas, with over 20 years of experience of recruiting in challenging environments, serves as CorrHealth's Recruiting Specialist. Sarah prides herself on her ability to locate *the right* candidate for *the right* positions, connect with them, earn their trust, and place them in *the right* role. By applying skill and tenacity, Sarah provides solutions and consistent results rather than apologies for staffing vacancies.

a. **Assurance that all health care services personnel meet current licensure, certification or registration as required in the community. Copies of all current nursing and physician licenses shall be kept on file in the administrator's office. Licensure of all subcontractors and contract employees shall be kept on file in the administrator's office. The files shall be made available to the Jail Administrator when requested.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth assures that all health care team members meet current licensure, certification or registration as required in the community.

CorrHealth agrees all current physician, subcontractors and team members' licenses shall be provided to Jefferson County, and CorrHealth understands and agrees these records will be kept on file in Chief Shauberger, Major Guillory and or their designee(s) office. b. The Contractor, in performing work required by this Agreement, shall not discriminate against any employee or applicant for employment or violate any federal, state, or local laws.

CorrHealth understands, agrees, and will comply with this requirement. At CorrHealth, we are not all the same and we celebrate that fact. CorrHealth hires great people from a wide variety of backgrounds, not just because it is the right thing to do, but because it makes CorrHealth stronger. All qualified applicants receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status. CorrHealth is committed to compliance with all fair employment practices regarding citizenship and immigration status. CorrHealth has worked for real change and progress in diverse recruitment, hiring and advancement. Today, 87% of CorrHealth senior leadership roles are women. CorrHealth is committed to creating a diverse and inclusive workforce. When it comes to promoting diversity, equity, inclusion and belonging, actions speak louder than words. CorrHealth realizes that employees want to see their organizations step-up, **"Do Right"** and make genuine strides toward ensuring that more women, persons of color, LGBTQ+, and older employees receive opportunities and are promoted into positions of leadership.

c. The County reserves the right to prohibit any of the Contractor's employees and/or independent contractors from performing service with regard to this Agreement.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understand and agrees Jefferson County reserves the right to prohibit any of our employed team members and/or independent contractors from performing service with regard to this Agreement.

d. All personnel shall be required to pass a background investigation conducted by the Sheriff's Office for initial and/or continued employment. Additionally, all personnel performing on- site services may be required to undergo a urinalysis or blood test if there is reason to believe that they are under the influence of alcohol or other substances of abuse.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands and agrees any, and all personnel shall be required to pass a background investigation conducted by the Jefferson County Sheriff's Office for initial and/or continued employment. Additionally, CorrHealth understands and agrees any, and all personnel performing on-site services may be required to undergo a urinalysis or blood test if there is reason to believe that they are under the influence of alcohol or other substances of abuse.

e. All personnel shall comply with current and future state, federal, and local laws and regulations, court orders, administrative directives, institutional directives, NCCHC standards, and policies and procedures of the County and JCCF.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees that any, and all employed or contracted team members shall comply with current and

future state, federal, and local laws and regulations, court orders, administrative directives, institutional directives, Texas Commission on Jail Standards, NCCHC and ACA standards, and policies and procedures of Jefferson County and the Jefferson County Correctional Facility.

f. The Contractor shall provide the names of corporate or regional management personnel assigned to this contract. A resume of the regional manager shall be included with this proposal. Any replacement personnel shall be subject to approval of the County.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has provided the names of corporate or regional management personnel assigned to the contract and partnership with Jefferson County. CorrHealth has provided the job description for our Regional Manager in this proposal. CorrHealth understands and agrees any replacement personnel shall be subject to approval of Jefferson County.

g. The Contractor shall notify and consult with the Jail Administrator prior to discharging, removing, or failing to renew contracts of professional staff.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to notify and consult with Chief Shauberger, Major Guillory, and, or their designee(s) prior to discharging, removing, or failing to renew contracts of any of our team members.

h. The Contractor shall provide job descriptions for all areas of health staff employment and that staff are adequately oriented to their tasks.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has included job descriptions for our Site Medical Director, our RN/Health Services Administrator and Administrative Assistant/Claims in section 4.7. All other job descriptions can be found in the Appendix, on pages 138-162 of this response.

i. The Contractor shall ensure that there are sufficient numbers and appropriate levels of staff to perform all the requirements for conducting an effective, efficient, and quality health services program. The Contractor is to indicate in its proposal, the range and scope of the responsibilities and activities of these two positions (Medical Director and Administrator, per Addendum #2). The Contractor is also to indicate in its proposal, the levels, numbers, and time to be spent on site for all staff positions. The medical director or designee shall be on call 24 hours per day.

CorrHealth understands, agrees, and will comply with this requirement. Staffing details are in Section 7, pages 117-124 of this response.

j. The Contractor ensures that infirmary care is supervised by a full-time RN, has adequate staff coverage, maintains separate charting, and is provided in a setting that meets standards. Nursing rounds and documentation of nursing rounds in inmate's medical record will be done on every shift for all inmates housed in the infirmary for medical reasons.

CorrHealth understands, agrees, and will comply with this requirement. Please note our dedication to the Texas Commission on Jail Standards and the NCCHC's standards and requirements at the top of our response and under Section 5, Project Objective.

CorrHealth agrees to retain recruit, support that infirmary care will be supervised by a full-time RN, has adequate staff coverage, maintains separate charting, and is provided in a setting that meets standards. Nursing rounds and documentation of nursing rounds in inmate's medical record will be done on every shift for all inmates housed in the infirmary for medical reasons.

k. Contractor shall make every attempt to keep employee absenteeism or vacancy at an absolute minimum. All clinical positions shall be filled on all shifts including holidays. The Contractor shall specify how they intend to cover periods of absences caused by vacations, holidays, and sick leave, and shall state what relief factor, if any, were computed into their staffing ratio. The Contractor should state whether positions in their proposal are to be covered by full or part time personnel. All full-time contractual staff shall be on-site for at least 40 hours per week. In the event the Contractor fails to fill any vacant position through employment, appointment, or contracting with a qualified person on a permanent or temporary basis (including the utilization of existing staff on an overtime basis at the expense of the Contractor at a period not to exceed thirty days) the Contractor shall issue a credit consisting of 150% of the hourly salary and fringe benefits for each position vacant for an accumulated period of 30 days or more until such time as the position is filled on a permanent basis to the County. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.

CorrHealth understands, agrees, and will comply with this requirement. In response to the above, CorrHealth will continue to work diligently to keep absenteeism and vacancies at an absolute minimum. Our recruitment specialist makes every effort to fill vacancies with highly qualified candidates via aggressive pursuits on digital platforms that focus on healthcare professionals, industry networking groups, and traditional media. A position is not considered vacant when the position is filled in any capacity, including by other CorrHealth employees, agency nurses, or temporary placements. CorrHealth agrees any, and all credits will be made to Jefferson County on a quarterly basis.

l. Contractor agrees that during the term of this contract, vacancy rates shall not exceed 10% for all disciplines or positions. If the vacancy rate for all positions exceeds 10% at any time, the contractor shall credit the County for the percentage above 10% of the total on site staffing cost for the period of time the vacancy rate remains above 10%. This credit is independent of and in addition to any credit due for an individual position that has been vacant for more than 30 days. (Example: If contract specifies a total of 24 FTE, at the point there are 3 or more vacant positions, the contractor will have a vacancy rate of 12% and therefore would owe the county a credit of 2% of the total staffing cost beginning on the date of the third vacancy and lasting until one or more positions are filled.) The credited amount shall be approved by the Jail Administrator. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is extremely engaged, proactive and creative with our recruiting processes, and we are fully committed to continue to work closely with our team at the Jefferson County Correctional Facility to replace any position vacancies as quickly as possible. Until that time, we will ensure backfill and relief coverage are available when needed. A position is not considered vacant when the position is filled in any capacity, including by other CorrHealth team

members, agency nurses, and, or temporary placements.

CorrHealth agrees any, and all credits will be made to Jefferson County on a quarterly basis.

m. Contractor will maintain a record of employee absenteeism and position vacancy. The record will include position and number of hours missed or days position vacant. Record may be reviewed by County Staff and/or Jail Administrator at any time.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to maintain a detailed record of team member absenteeism and vacancy with each, and every position which we're responsible for. CorrHealth's record includes each position and the number of hours missed and, or the number of days which the position is vacant. CorrHealth believes in delivering utmost transparency in our financials, our operations, our business practices, and in all aspects of our partnership, therefore CorrHealth agrees our record may be reviewed by Chief Shauberger, Major Guillory and, or designee(s) at any time.

Recruiting and retaining high-performing healthcare professionals is one of the most critical functions that we do, and we take our responsibility and commitment extremely seriously. We have been successful in retaining and recruiting locally based high-performing healthcare professionals to function in the Jefferson County Correctional Facility since April 2018, just as we have with each of our other county partners, and when we have experienced staffing shortages such as a result of the COVID-19 pandemic, or other circumstances which are out of our control, we have filled each and every position, all while actively recruiting for locally based permanent professionals. Successful recruitment and retention in this pandemic world and challenging healthcare market requires a proactive, highly targeted, creative, heavily engaged, and persistent approach and CorrHealth has excelled with that approach. CorrHealth utilizes a multifaceted set of proven resources, tools, and methodologies in the recruitment and retention of our team members, and we are fully prepared to utilize this approach in recruiting healthcare professionals and support team members in Jefferson County. Sarah Zerfas, with over 20 years of experience of recruiting in challenging environments, serves as CorrHealth's Recruiting Specialist. Sarah prides herself on her ability to locate the right candidate for the right positions, connect with them, earn their trust, and place them in the right positions. By applying skill and tenacity, Sarah provides solutions and consistent results rather than apologies for staffing vacancies.

n. The provision and record of ongoing and continuing education for health service personnel and the provision of assistance to Administration in the training (such as CPR, First Aid, and Suicide Prevention) of non-health service staff.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth puts training first. Mary Zold, LCSW and Director of Operations and Christi Franklin, Flex and Travel Team Manager continue to work with our Texas based team of Operations and Training Specialists to provide training, and support for CorrHealth's healthcare mission. They will continue to lend their talents to on-going training and corporate support for Jefferson County Correctional Facility. CorrHealth's hands-on training approach has proven to enhance morale, reduce medical

mistakes, reduce turnover rates, and mitigate looming risks and liabilities.

14. **In the event of an increase or decrease in inmate population, a per diem will be applied. No per diem will be applied until the population increases to 1000 for three (3) consecutive months. For the purposes of calculation of the population, the average daily population will be averaged over a monthly period to determine the population to be used for billing purposes. Similarly, should the population fall below 800 for three (3) consecutive months; the per diem per inmate will be credited to the County and reduced from the total monthly billing. Should the population exceed 1000 inmates or fall below 800 inmates for three (3) consecutive months or more, Contractor reserves the right to negotiate with Jefferson County for changes in staff as agreed to by both parties and the subsequent compensation or reduction for the staffing changes.**

    CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands and agrees that in the event of an increase or decrease in the inmate average daily population (ADP), a per diem will be applied. No per diem will be applied until the population increases to 1,000 for three (3) consecutive months. For the purposes of calculation of the population, the average daily population (ADP) will be averaged over a monthly period to determine the population to be used for billing purposes. Similarly, should the population fall below 800 for three (3) consecutive months; the per diem per inmate will be credited to the County and reduced from the total monthly billing. Should the population exceed 1,000 inmates or fall below 800 inmates for three (3) consecutive months or more, CorrHealth reserves the right to negotiate with Jefferson County for changes in staff as agreed to by both parties and the subsequent compensation or reduction for the staffing changes.

15. **Contractor will ensure adequate and appropriate medications are on hand or available in timely manner to ensure the health of inmates is not compromised, and that all pharmaceutical and medical supplies on site are maintained, dispensed, and distributed under good pharmaceutical practices.**

    CorrHealth understands, agrees, and will comply with this requirement. Just as we have since April 2018, CorrHealth is committed to ensure adequate and appropriate medications are on hand or available in timely manner to ensure the health of inmates is not compromised, and that all pharmaceutical and medical supplies on site are maintained, dispensed, and distributed under good pharmaceutical practices.

    a. **Contractor will provide all reasonable and medically necessary medications, prescription and non-prescription including IV solutions, mental health medications, and HIV medications.**

j. On site Dialysis is preferred.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands Jefferson County prefers on-site dialysis treatments to be performed on-site at the Jefferson County Correctional Facility, and we are fully committed to doing everything possible to bring on-site dialysis services, along with any ancillary and specialty services on-site at the Jefferson County Correctional Facility.

CorrHealth's leadership and Dr. Longnecker, CorrHealth's CMO, have closely and diligently researched the viability of managing on-site dialysis experiences with current team members who previously worked at sites utilizing on-site dialysis and they have provided direct, first-hand knowledge of the pitfalls of this service, which include, and are not limited to:

- ✓ The COVID-19 pandemic has had a serious impact on the healthcare industry, as well as the labor market and this certainly includes mobile dialysis services. Mobile dialysis services is a specialty service which CorrHealth has diligently, and thoroughly researched, and we have consistently made concerted efforts to establish a partnership with a reliable and trusted dialysis provider in order to bring these specialty services on-site, however the COVID pandemic and the labor crisis has diminished the service capabilities with the mobile dialysis providers which serve the Jefferson County area, making it extremely difficult to procure strong and stable services with a trusted provider.

- ✓ the healthcare market is highly competitive in the Houston metroplex, within the Jefferson County area and the surrounding region, and like most service-based industries, mobile dialysis services have become scarce since the advent of the COVID pandemic and trusted and reliable providers have become increasingly difficult to locate and procure.

- ✓ Dialysis providers simultaneously serve the area's acute care hospitals resulting in limited availability of dialysis providers and the personnel necessary to manage such services, especially in a fragmented and inconsistent manner, which will be what's necessary to be provided in the Jefferson County Correctional Facility.

- ✓ The factors cited above creates regular instances of the contracted dialysis provider either rescheduling their appointment, not showing up, or not having the availability, which requires CorrHealth to drop all previous priorities and urgently rush the inmate-patient to the ER for emergency dialysis treatments, which ended up costing Jefferson County much more.

While significant limitations and potential complications exist, CorrHealth understands Jefferson County's desire to maximize on-site programs and services, to include, but not be limited to dialysis services on-site at the Jefferson County Correctional Facility, and **we are fully committed to continue with our diligence and doing everything possible to bring on-site dialysis services, along with any other ancillary and specialty services on-site at the Jefferson County Correctional Facility. CorrHealth is eager to discuss these services, the issues, and potential solutions with Jefferson County during the negotiations phase of this process.**

b. 80 physicals: April 2019 – March 2020

c. 45 physicals: April 2020 – March 2021
d. 66 physicals: April 2021 – March 2022

p. TB testing will be provided for inmates and Annual TB testing will be provided for staff according to the Texas Department of Health. Approximately 250 staff tests are done annually. Contractor will submit TB Plan to the Texas Department of Health annually.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has provided 206 TB tests in 2018, we managed 180 TB tests in 2019, we managed 21 TB tests in 2020, 167 TB tests in 2021, and we have delivered 141 TB tests thus far in in 2022. CorrHealth understands and agrees annual TB testing will be provided for inmates as well as Jefferson County's staff according to the Texas Department of Health.

CorrHealth understands approximately 250 staff tests will be conducted on an annual basis. Numbers for 2019 –2020 were administered late in 2019, so numbers for 2020 may appear small. CorrHealth understands and agrees to re-submit our TB Plan to the Texas Department of Health annually once we renew our partnership with Jefferson County.

q. Contractor will provide for mental health services which shall include as a minimum:

a. Screening for mental health problems on intake as provided in NCCHC, ACA, and TCJS standards.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth currently screens for mental health problems with each, and every intake as provided in state (the Texas Commission on Jail Standards), national (NCCHC and ACA), and community best standards of care, and we are committed to continuing to do so through the renewal of our partnership with Jefferson County.

b. Referral to the Contractor's psychiatrist for the detection, diagnosis, and treatment of mental illness.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to utilize our psychiatrist for the detection, diagnosis, and treatment of mental illness with the inmates who are under the custody and care of Jefferson County.

c. Crisis intervention and management of acute psychiatric episodes.

d. Stabilization of the mentally ill and the prevention of psychiatric deterioration in the correctional setting.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands the mental health crisis in Jefferson County, and we agree to manage the stabilization of the mentally ill and the prevention of psychiatric deterioration within the Jefferson County Correctional Facility.

e. Facilitate an on-site approved Jail Competency Restoration Program.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth acknowledges and understands our county detention centers have been the de facto mental health institutions in Texas and throughout our nation since the 1980's, and we also acknowledge and understand the lingering wait list to be approved for a bed in one of our state's Forensic State Hospitals. At CorrHealth, we understand the problem, we know how it affects our county partners, their personnel and their operations, and we see it as our responsibility to become part of the solution, therefore we wholeheartedly believe developing and managing a Jail Based Competency Restoration Program (JBCR) is the right solution, and CorrHealth is committed to developing, managing and supporting such a program for Jefferson County and in the Jefferson County Correctional Facility.

CorrHealth's Jail Based Competency Restoration Program (JBCR) is intended to,

- ✓ Establish evidence-based treatment programs intended to establish competency in those suffering from extreme mental illness,
- ✓ Reduce the number and wait times for treatment for individuals on the state's Forensic State Hospital's clearinghouse list,
- ✓ Provide a cost-effective alternative to competency restoration in a Mental Health Facility or Residential Care Facility,
- ✓ Reduce the demand for state hospital bed days in the Jefferson County area served by the program,
- ✓ Minimize and mitigate the stressors of incarceration, to the best extent possible, for participants in the program,
- ✓ Mitigate assaults, the various stressors on detention personnel, and the looming risks and liabilities resulting from inmates suffering from chronic mental health conditions.

Based on Jefferson County's RFP requirements, CorrHealth tailored our coverage, staffing and pricing model specifically on the coverage matrix which was provided in the RFP, and the required coverage and staffing matrix did not include coverage and staffing to support a Jail Based Competency Restoration Program (JBCR) for the Jefferson County Correctional Facility. However, CorrHealth is fully committed to establish, manage, and support such a program, and we very much look forward to the negotiation phase of this process to discuss, and negotiate the appropriate coverage levels, pricing, and the terms necessary to tailor, develop and support such an innovative and much needed Jail Based Competency Restoration Program (JBCR) program specifically for Jefferson County and your inmate patients.

f. Assist in the referral and admission to licensed mental health facilities for inmates whose psychiatric needs exceed the treatment of the facility.

CorrHealth understands, agrees, and will comply with this requirement. Discharge Planning starts from the very beginning with the initial inmate intake. The Discharge Planner (DCP) interviews inmate patients daily after their meeting with the Mental Health Professional (MHP) or Qualified Mental Health Professional (QMHP) for Initial Behavioral Evaluation, Mental Health visits, sick calls, or referral by nursing staff. The DCP uses a questionnaire to determine the needs of the patient/inmate. These questions consist of probation or parole violation, education; employment, housing, benefits, alcohol, and drug use; doctors they may visit and rehabilitation. Once the interview is completed, the DCP will use all gathered information to refer patients/inmates to community partners for assistance with housing, mental health treatment/diagnosis, medication management, case management, and substance abuse treatment.

Also, assists female patients/inmates who are victims of domestic violence, have the opportunity to contact Beaumont Women's Shelter for assistance with a safe place to live. Once a female patient/inmate is released from jail, the shelter will be contacted, and the shelter will send an Uber driver for her.

The Referral Process

After the interview process is completed, all gathered information is compiled into a Discharge Plan with resources. Depending on the needs of the patient/inmate, he or she is referred to MHMR for housing, mental health treatment and substance abuse treatment; they are referred for health insurance, Baptist Smart Health Clinic, TAN Health Care, financial applications, such as food stamps and SSI benefits. Some patient/inmates will need assistance with obtaining a birth certificate, social security card. Texas state ID card, employment information, GED information; half-way house information, food pantries, and information to help with clothing. Once the plan is created and placed in the patient/inmate's hand or property, a referral is email to the PATH program case manager and MHMR the day of the patient-inmates release.

The DCP partners with Spindletop, Jefferson County's local MHMR provider to ensure patients with mental health needs are referred for appropriate care and follow up. Spindletop will also come to the facility to meet with those individuals identified by the DCP as homeless to assist with housing needs prior to their release. DCP attends monthly meetings with Spindletop to discuss and coordinate services for detainees.

g. Obtaining and documenting informed consent.

CorrHealth understands, agrees, and will comply with this requirement. Documentation is critical to the success of any healthcare program, and we understand strong and detailed documentation is essential to mitigating looming risks and liabilities, therefore CorrHealth is committed to obtain and document any, and all inmate's informed consents as necessary.

h. Provide appropriate licensed mental health professionals to diagnose any inmates detected at booking of having a suspected mental illness and provide the necessary documentation to the court system of that diagnosis with 24 hours of an inmate's booking. This may be obtained from prior records if within one year of booking. This section is intended for compliance with Texas CCP 16.22.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to continue providing appropriate licensed mental health professionals to

diagnose any inmates detected at booking of having a suspected mental illness. CorrHealth is committed to provide the necessary documentation to the court system of that diagnosis with 24 hours of an inmate's booking. CorrHealth acknowledges this may be obtained from prior records if within one (1) year of booking. This section is intended for compliance with Texas CCP 16.22.

i. **The Contractor shall ensure inmates referred outside of intake for mental health treatment receive a comprehensive evaluation by a licensed mental health professional. The evaluation shall be completed with three (3) days of the referral request date.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is committed to ensuring inmates referred outside of intake for mental health treatment receive a comprehensive evaluation by a licensed mental health professional. CorrHealth agrees the evaluation will be completed with three (3) days of the referral request date.

j. **The Contractor shall ensure that a minimum of three (3) qualified physicians meeting the requirements of Texas Health and Safety Code Chapter 574 are retained each month to provide the following services upon request of County regarding civil commitments: (1) review the files of, conduct interviews with and evaluate the condition of inmates who have been identified as proposed civil commitment patients; (2) complete Certificates of Medical Examinations and other necessary documents in a timely manner pursuant to the requirements of the Texas Health and Safety Code Chapter 574 and County; (3) be available to provide testimony in court in support of the Certificates of the Medical Examinations and other necessary documents.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees a minimum of three (3) qualified physicians meeting the requirements of Texas Health and Safety Code Chapter 574 are retained each month to provide the following services upon request of County regarding civil commitments: (1) review the files of, conduct interviews with and evaluate the condition of inmates who have been identified as proposed civil commitment patients; (2) complete Certificates of Medical Examinations and other necessary documents in a timely manner pursuant to the requirements of the Texas Health and Safety Code Chapter 574 and County; (3) be available to provide testimony in court in support of the Certificates of the Medical Examinations and other necessary documents.

Staffing Requirements

The following are the minimum on site staffing required by the County.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands and agrees the coverage matrix provided below is the minimum on-site coverage and staffing matrix which Jefferson County is requiring through this RFP process. Due to the chronic nature of the medical and mental health conditions with Jefferson County's inmate population, and due to increasing legal, state (Texas Commission on Jail Standards), industry (NCCHC and ACA), community standards as well as Jefferson County's expectations, CorrHealth has also submitted an alternative coverage matrix which will best serve the County's population while ensuring CorrHealth's medical and mental health team can manage and document each case appropriately. This alternative matrix will not only increase the quality or care being provided to Jefferson County's patients, but it'll also reduce grievances and mitigate Jefferson County's looming risks and liabilities.

CorrHealth looks forward to meeting with Jefferson County's RFP Committee and Officials to explain the methodology with the alternative matrix and negotiate the terms of our new Agreement with Jefferson County.

Standards and Accreditation:

Unless stated otherwise, health care services provided by the Contractor shall comply with applicable standards of the National Commission on Correctional Health Care (presently, Standards for Health Services in Jails, 2018). Accreditation is to remain in full effect during the term of this Agreement and any extensions thereof. The Contractor shall be responsible for the payment of all accreditation fees.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth's programs and services comply with applicable standards of the National Commission on Correctional Health Care (NCCHC) Standards for Health Services in Jails (2018). CorrHealth understands and agrees Jefferson County's requirement that NCCHC accreditation is to remain in full effect during the term of this Agreement, in addition to any contract extensions thereof. CorrHealth understands and agrees to be financially responsible for any, and all NCCHC accreditation fees.

CorrHealth understands Jefferson County's value of its long-standing accreditation with the National Commission on Correctional Healthcare (NCCHC), CorrHealth certainly appreciates, supports, and shares Jefferson County's commitment to achieving a higher standard of care for its patients, and its dedication to maintaining accreditation standards. NCCHC is the industry standard for healthcare practices in the correctional setting and CorrHealth utilizes this accreditation as a proven guidepost of correctional based policy, procedure, and community-based practices in Jefferson County and in each of the county agencies which we proudly partner and serve and CorrHealth is devoted to upholding quality standards and compliance. CorrHealth has never failed to earn or renew a certification or accreditation.

In addition, our firm commitment to NCCHC and enhanced standards of care is also exemplified with how many of our leaders have earned their Certified Correctional Healthcare Professional (CCHP) certifications, which demonstrates our commitment to protecting our teams, our patients, our county-partners, and our organization.

CorrHealth has proudly served and partnered with Jefferson County since April 2018. In addition, CorrHealth transitioned our team, our programs and services in Larimer County, Colorado on September 1st and Larimer

County is also NCCHC accredited. Our commitment and experience with NCCHC accreditation extend beyond managing and supporting detention facilities which are accredited, as detailed in CorrHealth's Core Leadership Team section on pages 99 to 110 of this response.

Below, CorrHealth has included a detailed listing of the various facilities which our leadership team has served over the past 20 years, to include Jefferson County who we proudly partner and serve today.

CorrHealth's core leadership team has two (2) decades of experience serving county detention facilities, many of which being of similar size and scope to the Jefferson County Correctional Facility, and below is a listing of just a few of the NCCHC accredited facilities which our core leadership team has served and supported over the past two (2) decades:

- ✓ Jefferson County, Texas, which is NCCHC accredited and certified by the Texas Commission on Jail Standards.
- ✓ Collin County, Texas, which is NCCHC accredited and certified by the Texas Commission on Jail Standards. CorrHealth's leadership team served under Correctional Healthcare Management/Correctional Healthcare Companies (CHM/CHC) and Southwest Correctional Medical Group (SWCMG) from 2008 until 2017
- ✓ Oklahoma County, Oklahoma, which is one of the few "Triple Crown" Counties in the Nation, meaning it's accredited by the NCCHC, the ACA and CALEA,
- ✓ Tulsa County, Oklahoma, which is one of the few "Triple Crown" Counties in the Nation, meaning it's accredited by the NCCHC, the ACA and CALEA,
- ✓ Pueblo County, Colorado, which is one of the few "Triple Crown" Counties in the Nation, meaning it's accredited by the NCCHC, the ACA and CALEA,
- ✓ El Paso County, Colorado which is accredited by the NCCHC,
- ✓ Pueblo County, Colorado, which is one of the few "Triple Crown" Counties in the Nation, meaning it's accredited by the NCCHC, the ACA and CALEA,
- ✓ Bernalillo County, New Mexico, which is accredited by the NCCHC and New Mexico Adult Detention Professional Standards.

Alternates (Options): The Offeror is to specify in its proposal, any alternates it wishes to propose for consideration by the County. Each of these alternates should be sufficiently described and labeled within the proposal and should indicate its possible or actual advantage to the program being offered. Any proposed decrease or increase in proposal price also should be stated. The name or title of the alternate and its effect on the base price should be restated in the "Price" section of the proposal.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has specified in our proposal, any alternates we wish to propose for consideration by Jefferson County. CorrHealth sufficiently described these alternatives and labeled within our proposal and indicated the actual advantages to the program being offered. Any proposed decrease or increase in proposal price has been stated and detailed. The name or title of the alternate and its effect on the base price should be restated in the "Price" section of the proposal.

Project Requirements

1. **Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.**

   CorrHealth understands, agrees, and will comply with this requirement. Since CorrHealth is the incumbent, and we have been providing quality comprehensive inmate healthcare programs and services for Jefferson County and in the Jefferson County Correctional Facility since April of 2018, there will be no need for a transition if CorrHealth is successful with the RFP and we retain Jefferson County's partnership. Therefore, CorrHealth did not include a detailed transition and work plan in this response. Should CorrHealth be successful with the RFP, and we retain Jefferson County's partnership, CorrHealth is fully committed to,

   - ✓ Begin an active recruitment campaign for locally based healthcare team members based on the compensation rates which are cited and detailed in this proposal and much more competitive with the current healthcare market in the Jefferson County area,
   - ✓ Re-engage with area mobile dialysis providers to understand and validate if they are fully prepared to support a strong, consistent, and dependable on-site dialysis program in the Jefferson County Correctional Facility,
   - ✓ Bring Dr. Rush, CorrHealth's Chief Psychiatric Officer (CPO) into Jefferson County to meet and coordinate with Spindletop (MHMR) to allow him to begin developing CorrHealth's Jail Based Competency Restoration Program (JBCR) for Jefferson County and in the Jefferson County Correctional Facility,
   - ✓ Begin to engage and work closely with SMART Communications to discover how we can integrate our mental/behavioral health programs and services with their WiFi supported tablet system throughout the Jefferson County Correctional Facility,
   - ✓ Re-engage with LAMAR University and other locally based resources in an attempt to recruit locally based healthcare professionals to support our health care programs and services in the Jefferson County Correctional Facility,
   - ✓ Re-engage with Christus Health and other area hospitals and medical institutions to invite them into the Jefferson County Correctional Facility for a tour and demonstrate our abilities and limitations for on-site care and in an attempt to strengthen their understanding, and our partnership with them,
   - ✓ Continue to train, support, and invest heavily in our RN/HSA, our RN/DON and each member of our team who dedicate themselves to CorrHealth and our team, the Jefferson County Correctional Facility, and our inmate-patient population,
   - ✓ Continue working close and communicating well with Sheriff Stephens, Chief Shauberger,

Marcia Guillory, Captain Mentor, Captain Harrington, Captain Morris, Captain Lewis, Captain Harrell and their team, while delivering full and unfiltered transparency and an unrivaled partnership experience.

2. **The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.**

   CorrHealth understands, agrees, and will comply with this requirement. As the incumbent since April of 2018, we are committed to continue delivering quality comprehensive inmate medical, ancillary, mental/behavioral and community-based programs, and services for Jefferson County and in the Jefferson County Correctional Facility should we be awarded the County's RFP and the impending Agreement.

   CorrHealth agrees that all proposals submitted in response to the County's RFP will become the property of Jefferson County.

3. **Offeror Experience**
   a. **The successful Offeror must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has been successfully providing comprehensive inmate medical, ancillary, mental/behavioral and community-based programs and services for Jefferson County and in the Jefferson County Correctional Facility since April 2018, therefore CorrHealth knows Jefferson County well, we have an intimate and extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project, we understand the unique and evolving issues which exist in Jefferson County, therefore CorrHealth is uniquely qualified to continue delivering the intent of the RFP and this project.

   b. **The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.**

   CorrHealth understands, agrees, and will comply with this requirement. CorrHealth's proposal clearly identifies all key personnel who are currently part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.

   c. **The Offeror must describe in detail the current and historical experience the Offeror and its subcontractors have that would be relevant to completing the project. The Offeror must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts, position, and a telephone number.**

   CorrHealth understands, agrees, and will comply with this requirement. On pages 59 – 64 of this response, CorrHealth has described and detailed the current and historical experience

which CorrHealth and our subcontractors have that would be relevant to completing the project with Jefferson County. CorrHealth has provided descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years.

Each one of our county partners are enthusiastic references and we welcome Jefferson County to contact one, or each of them to inquire about our leadership and our team members, our quality-based programs and services, our unique and hands-on partnership experience and how we compare to the competition. We are a very different kind of inmate health care company, and our county partners will testify to this fact. Below is a list of each of our county partners in Texas and in the surrounding states which we proudly serve, included are each counties representative(s), their contact information, and a brief narrative describing the programs and services which we provide for them.

d. The description of experience must be detailed and cover all relevant contracts that the Offeror and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Offeror to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience. The Offeror must indicate whether the organizations so listed are included for the purpose of verifying the Offeror's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Offeror under the contract, and whether the Offeror was the contractor or subcontractor.

CorrHealth understands, agrees, and will comply with this requirement. Below, CorrHealth has provided a detailed description of our experience and we covered any, and all relevant contracts which we have held and all experience similar to this contract that qualifies CorrHealth to meet and exceed the requirements of this contract and partnership with Jefferson County. Included are the names, titles, addresses, and current telephone numbers of organizations that can be contacted to verify qualifying experience. Each of CorrHealth's experience statements include the name and types of services directly provided by CorrHealth under the contract.

Offeror must identify any contract(s) from which they have asked to be relieved or any contracts that have been canceled prematurely.

CorrHealth understands, agrees, and will comply with this requirement. Since our inception, CorrHealth has lost a total of four (4) contracts, which consists of; two (2) partnerships (Anderson County, TX and Valencia County, NM) as a result of the County electing to contract with a lower priced provider, we elected to terminate one (1) contract in McKinley County, NM due to the Warden's unsafe practices, and we lost one (1) contract in Chaves County, NM when the County's new Warden elected to bring his former provider into his new detention facility. Below, CorrHealth has provided the complete list of each of the four (4) agencies in which CorrHealth has either elected to terminate, or, or lost in a competitive bid process, to include contact information for each agency and the detail for each elected termination, or loss.

- ✓ **Anderson County, TX.** As a result of the COVID pandemic and the resulting labor market shortage, CorrHealth realized a substantial increase in costs and difficulties recruiting and retaining locally based healthcare professionals. After satisfying our initial one (1) year term, CorrHealth disclosed the true costs of operating a quality-based inmate healthcare program in Anderson County to County Judge Johnston and Sheriff Flores, the County then chose to release a competitive bid process and Anderson County elected to award the RFP and the contract to the provider who proposed the lowest price, hence CorrHealth's last day of providing comprehensive inmate healthcare programs and services in the Anderson County Jail was September on 10th, 2021.

- ✓ **McKinley County, New Mexico.** McKinley County, New Mexico hired Karen De La Roche' to serve as their new Warden, she assumed her role on July 1st, 2021, and soon after assuming her new role, she began exhibiting erratic and unsafe practices, which quickly made the detention center an unsafe, hostile, and unsupportive work environment. As a result of numerous unsuccessful efforts to discuss our concerns and come to terms with the County specific to the Warden's actions, CorrHealth realized no choice but to exercise our 30-day notice (as contracted) and terminate our Agreement with McKinley County. Our last day of providing services for McKinley County and in the McKinley County Detention Center was March 1st, 2022.

- ✓ **Valencia County, New Mexico.** As a result of the COVID pandemic and significant new legislation and laws (Governor Grisham's Civil Rights Act) which lifted qualified immunities and tort claim limits, which significantly increased the risks, liabilities and costs of providing healthcare services in New Mexico, CorrHealth realized a substantial increase in costs and difficulties recruiting and retaining locally based healthcare professionals, and after satisfying our initial four (4) year term and extended our services to coordinate with the County's procurement schedule, CorrHealth disclosed the true costs of operating a quality-based inmate healthcare program in Valencia County, the County elected to release a competitive bid process, Valencia County chose to award the RFP and contract to the provider who proposed the lowest price, hence CorrHealth's last day of providing comprehensive inmate healthcare programs and services in the Valencia County Detention Center was on May 1st, 2022.

- ✓ **Chaves County, New Mexico.** CorrHealth began providing comprehensive inmate medical, mental/behavioral and ancillary healthcare programs and services in Chaves County on July 1st, 2019, and we continued to do so through the COVID pandemic and the corresponding labor shortages, significant new legislation and laws (Governor Grisham's Civil Rights Act) which lifted qualified immunities and tort claim limits, which significantly increased the risks, liabilities and costs of providing healthcare services in New Mexico, and significant changes within the County's basic leadership structure. One significant change within the County's structure included the County recruiting, managing, and terminating three (3) detention administrators along with their leadership team in the three (3) years which we served Chaves County. With the hiring of the 3rd detention administrator, the County elected to release an RFP, and the County elected to award the RFP and agreement to the provider who provided services in the new administrator's previous facility.

5. Provide a listing of fines uncured under contracts in other jurisdictions for non-performance of duties in whole or in part for the last five (5) years.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth takes contract compliance and supporting coverage levels based on our Agreement seriously, and we are proud of the

fact that we have never been presented with, nor have any fines been assessed in any jurisdiction for non-performance of duties in whole or in part over the last five (5) years.

6. Provide a list of all litigation the service provider has been or is currently involved in during the last five years. Include a narrative describing all cases including cases that were settled and the amounts of settlement.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has provided a detailed list of our litigation which we're currently involved with over the past five (5) years. Also included in our list is a narrative for each claim and a description of all cases which were settled and the amounts of settlement. This detailed list begins in the Appendix on page 128 of this response.

7. The Offeror must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Offeror also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

CorrHealth understands, agrees, and will comply with this requirement. In the sections below, CorrHealth provides numerous examples of why we wholeheartedly believe our partnership and proposed services best meet Jefferson County's needs and RFP requirements. In addition, CorrHealth details additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

- ✓ In 2018, Jefferson County's leadership was talking with CorrHealth's leadership regarding their ongoing frustration with understanding the need for immediate change of their detention team with use-of-force on the county's inmates, understanding the seriousness of the situation, CorrHealth immediately offered for Robert Davis, CorrHealth's General Counsel to meet with Sheriff Stephens and Chief Shauberger to better understand the situation, tailor a focused presentation and come on-site as many days as necessary to train each of Jefferson County's detention team.

  Just a few weeks after the initial conversation, Robert Davis spent three (3) days in Jefferson County to hold six (6) separate training sessions with each, and every member of Detention Administration and the detention team specific to the looming risks and liabilities of non-conformity with the county's training protocols, its policies, procedures, and expectations. Use of force in a detention center is not generally a concern for the healthcare provider and CorrHealth's agreement with Jefferson County did not include such a training, CorrHealth did not charge Jefferson County for Robert Davis' time and, or any expense associated with this important training. This is an example of how CorrHealth has stepped up and gone above and beyond for Jefferson County since our partnership began in April 2018, and we committed to continue doing so through our new Agreement with Jefferson County.
- ✓ Under CorrHealth, the average number of ER visits has decreased by ten (10) visits per month. This decrease has resulted in an annual projected savings in excess of $720,000.
- ✓ **CorrHealth's claims and utilization management (UM) diligence and strong partnership has saved Jefferson County $2,873,461 in off-site costs since 2021.** CorrHealth understands the high costs of off-site services and as strong stewards of the tax-payer dollar, we see it as our responsibility to maximize on-site programs and services and minimize off-site transports as much as possible, but there are instances when off-site transports are medically necessary. CorrHealth understands the importance of an effective claims and utilization management process and through our diligence with these claims and our strong, and successful partnership with our claims and utilization management partner, CorrHealth has saved Jefferson County an average of 41% in your off-site services in the 2022-2023 contract year and we saved the County 58% in the 2021-2022 contract year, and these savings

over that period equates to a total savings of $2,873,461. Our diligence and these savings are yet other key differentiators and why CorrHealth is *the right* provider-partner for Jefferson County.

- ✓ CorrHealth implemented a continuous diabetic review program, which has significantly improved diabetic control on-site. This program has resulted in both reduced pharmaceutical costs and significantly reduced diabetic ER off-site transports.
- ✓ The improved offsite referral approval process ensuring the medical necessity of all offsite office visits, has resulted in over six (6) less offsite appointments per month; that's over seventy-two (72) less offsite visits a year.
- ✓ Additionally, our vigilant team noticed med passes were getting flooded with over the counter (OTC) medications, which slowed processes for Officers and the Healthcare team. In response, we will be implementing a Keep-on-Person (KOP) medication program with low-risk OTC medications. This will place the responsibility of maintaining personal healthcare back on the inmate-patients, reduce the med pass burden on the healthcare team, while improving pass times, decrease med mistakes, and increase efficiencies.
- ✓ The COVID-19 pandemic has had a serious impact on the labor market and the compensation rates which healthcare professionals are demanding since the COVID's pandemic's inception in 2020, CorrHealth has incumbered significant loss due to the compensation rates which healthcare professionals and staffing agencies are demanding, which has resulted in significant loss for CorrHealth, and we have not approached Jefferson County with this issue and the need for an increase in our Agreement with Jefferson County.
- ✓ Sheriff Stephens referred to the partnership with CorrHealth as a "Block of Clay". During the negotiation phase of Jefferson County's 2018 RFP process, Todd Murphy, CorrHealth's Co-Founder and President asked Sheriff Stephens why Jefferson County chose CorrHealth, and she responded with (paraphrasing), We needed change, I ran my campaign on a platform of change, I see our partnership as block of clay, and I see us working together to build a plan of action, and then each of us molding the clay to create something incredible and unlike any other agency. She went on to say, (paraphrasing), I don't expect perfection, and I know a handle might fall off, we may lose its head, but we'll reinforce it, and we'll build it stronger than before. I see CorrHealth being completely different from any other provider in the industry. I see us being able to effect change quickly and develop this program together.

We love Sheriff Stephens' analogy, and she was spot on in her understanding of who we are, what we do, what we stand for and what's important to us. This is what CorrHealth is, this is who we are, and this is what we stand for. We are not perfect, but we strive for perfection each, and every day, we're flexible, we're creative, we're obsessed with always "Doing Right" by our team members, our patients, our county partners and for the communities in which we proudly serve. Simply stated, we will do everything possible to ensure a strong and successful partnership with Jefferson County and our county partners.

Sheriff Stephens and Chief Shauberger Value

The quotes and testimonials below validate and substantiate Sheriff Stephens and Chief Shauberger's feelings about CorrHealth, how we're different from any other provider, how we've gone above and beyond for them and Jefferson County since 2018, and our value to them, their team, their inmate patients, and Jefferson County.

"In a recent surprise jail inspection from the Texas Commission on Jail Standards, our inspector stated," While most of the jails around the state are providing adequate levels of care, CorrHealth is doing it right." He went on to say, "Their program is spectacular, and it's one the rest of the state should be following."

Zena Stephens, Sheriff
Jefferson County, Texas

"CorrHealth has been an excellent partner and they do a tremendous job supporting their employees, as well as ours.

They've been extremely transparent with our true costs, and I appreciate the lengths they go to in an effort to reduce our costs, while maintaining a high level of care and service. For me, their level of transparency and detail with finance and operations gives us a level of trust, which we haven't experienced with any other provider. With CorrHealth, we have a true partnership.

I appreciate their level of service. It's always very easy to contact them and get our issues resolved quickly.

John Shauberger, Chief Deputy
Jefferson County, Texas

Chief Shauberger also said, *"CorrHealth is exceptional at communicating their goals, and their customer service is a priority at all levels of their company. The level of communication and planning was exceptional during the transition and remains so. They are very knowledgeable and professional and able to overcome situations as they arise.*

Furthermore, we're always looking to improve and grow, and we have a high level of expectation, and CorrHealth has answered the call at every turn. With CorrHealth, we found a partner who shares our values, needs and our goals."

He also said, *"We knew CorrHealth was built to do things a little differently, they did a great job of expressing that to our Sheriff, who had a vision to improve drastically without worrying about status quo. To improve, sometimes you have to take a degree of risk and push the limits and our Sheriff was willing to do that, and CorrHealth answered the call. It's a great partnership."*

Chief Shauberger also stated, *"CorrHealth always keeps their word."*

Additional Advantages for Jefferson County

CorrHealth does not represent the detached status quo, we are a very different provider-partner from the rest of the industry and the following critical elements support this fact:

✓ **CorrHealth is proud to be privately held, and one of the only privately held correctional health care organizations in the industry**. Being privately held empowers Jefferson County and our team members to engage and work directly with CorrHealth's Texas based ownership and decision makers at any time of the day, night, weekend, or holiday. Unlike most correctional health care providers, including the incumbent, we are not owned or controlled by detached private equity investors who are focused on maximizing profits over providing a high standard of care. By having sole control over our organization, CorrHealth maintains utmost authority, autonomy, and control of our teams and our programs, and services. *With a CorrHealth partnership, Jefferson County administration knows they can engage directly with CorrHealth's ownership and decision makers at any time.* As a privately held organization, we serve our county partners locally and we do not attempt to manage our teams and sites from California, Tennessee, Florida, Illinois, Oklahoma, or other distant states as most providers do. By being privately held, **CorrHealth makes immediate decisions without the County having to work through multiple tiers of representatives, fumble through frustrating bureaucratic processes, and wait through drawn-out timelines for "corporate" to make the simplest of decisions.**

It is well-known that private equity controlled correctional health care companies tend to suffer in staffing and coverage issues, service, and support failures, and often are defunct with their commitments to their team members and the counties which they contract and serve. CorrHealth's privately held structure allows us to tailor our programs and services, deliver flexibility, and quickly make important decisions, by which other providers often take weeks or months to approve.

✓ **CorrHealth is *the only* inmate health provider to deliver true and unfiltered transparency.** CorrHealth wholeheartedly believes in providing our county partners and their taxpayers with full and unfiltered transparency into our financials, our operations, our business practices, and in all aspects of our partnership. We provide such transparency with all of our county-partners, and we are proud to deliver such levels of transparency with Jefferson County and through this procurement process. CorrHealth is the only inmate health provider in the industry to provide such levels of unfiltered transparency, doing so in an ethical and responsible manner, to ensure cost accountability and uphold our firm commitment to always **"Do Right."**

CorrHealth delivers the transparency and accountability which Jefferson County needs and deserves, while fostering a firm foundation of trust, which maintains a stable and long-term partnership.

✓ **CorrHealth knows, fully respects and is 100% committed to retaining the existing team members and provide them with the training and support which they need and deserve.** Consistency and stability are essential to the success of any strong and effective team, and that certainly is a fact with correctional healthcare programs and services. CorrHealth understands the importance of stability and consistency, and that certainly includes each of the existing high-performing team members.

"With over 15 years in the industry, CorrHealth is the third provider whom I've worked for, yet CorrHealth is the only organization where I knew I, along with our team are valued, and our voices are legitimately heard.
We are a family, we're very close, we protect each-other, and we take great pride in what we do." Todd and Victor are extraordinarily caring, they are also incredibly involved and they're more involved than any other leadership group I've ever worked for."
Mary Zold, LCSW
Director of Operations New Mexico

✓ **Recruiting and retaining high-performing healthcare professionals is one of the most critical functions that we do, we take our responsibility and commitment seriously, and we have been successful retaining and recruiting for our county partners.** Successful recruitment and retention in this pandemic world and challenging healthcare market requires a proactive, highly targeted, creative, heavily engaged, and persistent approach and CorrHealth has excelled with that approach. CorrHealth utilizes a multifaceted set of proven resources, tools, and methodologies in the recruitment and retention of our team members, and we are fully prepared to utilize this approach in recruiting healthcare professionals and support team members in Jefferson County. Sarah Zerfas, with over 20 years of experience of recruiting in challenging environments, serves as CorrHealth's Recruiting Specialist. Sarah prides herself on her ability to locate the right candidate for the right positions, connect with them, earn their trust, and place them in the right positions. By applying skill and tenacity, Sarah provides solutions and consistent results rather than apologies for staffing vacancies.

✓ **CorrHealth delivers a unique hands-on approach.** CorrHealth has transformed the inmate healthcare industry. We are not a large detached corporate provider, and we do not believe in the status quo. We are proactive, hands-on, and heavily engaged with our team members, our county-partners, and the communities which we proudly serve. Our approach allows us to spend quality time on-site to support the team, provide the training our team needs and make important decisions in a timely way.

✓ **At CorrHealth, we see it as our responsibility to take great care of our team members.** Our people are the heartbeat of what we do, and we strive to be a destination workplace for qualified, impassioned, and high-performing healthcare and support professionals. We carefully recruit, hire and support *the right* team members to function in our facilities, we invest heavily in our teams, and we celebrate our teams and their achievements. It is our greatest responsibility to care for our teams to ensure they are delivering a high standard of care for our patients. We encourage and support our on-site leadership teams and we empower them with autonomy and appropriate levels of authority to make effective decisions.

CorrHealth is an organization which offers opportunities for advancement, upward mobility, and growth, and we firmly believe our approach provides high performing team members with satisfaction in their work and encourages them to stay with CorrHealth to grow their career.

✓ **CorrHealth's competitive compensation rates and benefits result in less turnover and more stability.** One of the factors in successfully recruiting and retaining high-performing healthcare professionals is through offering compensation rates which outpace the highly competitive healthcare market for the Beaumont area. A component of our compensation package includes implementing shift differentials for our team members to work positions and schedules which have proven to be difficult to fill. CorrHealth understands health benefits are an imperative part of a compensation package. Attractive health benefits provide peace of mind for the team member and their family.

CorrHealth offers our team members a health benefit package which leads the industry. Any incumbent team members who will be transitioning to CorrHealth are deemed 'active' with full benefits from day one of their employment.

✓ **CorrHealth invests in the future of correctional healthcare.** CorrHealth creates strong partnerships, and we are committed to enter into memorandum of understandings (MOUs) with local healthcare based educational institutions such as Lamar University to train the nurses of tomorrow. CorrHealth proactively establishes these relationships and mutually supportive partnerships to educate the new nurses today for the healthcare needs of tomorrow. If we earn Jefferson County's award, CorrHealth is committed to establishing MOUs with each of these institutions, presenting educational content to their nursing students and offering internships at the Jefferson County Correctional Facility.

✓ **CorrHealth's leadership reflects a positive and proactive corporate culture.** As leaders, we constantly assess the actions that are working within our organization and ask where we can improve daily. We encourage and support a corporate culture based on family and teamwork and the firm commitment to always ***"Do Right"*** in who we serve, and in everything that we do. We know new workers seek purpose-driven work that aligns with their values, their interests, their skills, and aspirations. CorrHealth dismantles barriers to internal career opportunities and growth by maintaining strong levels of communication with our team members. We encourage an authentic connection between corporate and personal values. Organizations that want to hold on to the top talent, encourage their team members to have pride in their work and believe in the career that they have dedicated themselves to.

CorrHealth strives to be a destination workplace for high-performing healthcare and support professionals.

✓ **CorrHealth understands and exceeds liability coverage requirements.** It's a fact that correctional healthcare programs and services are every county's single largest risk and liability factor, as a result, CorrHealth has bound and will provide Jefferson County with six (6) lines of liability coverage, which is more liability coverage than required by the County and far more coverage than offered by any other correctional healthcare provider. We deliver such enhanced policies based on our two (2) decades of experience and understanding the litigious nature of the industry. Our commitment to a proactive approach with our indemnity policies, and by binding liability policies, we stay focused on protecting our organization, our team members and our county partners against looming risks and liabilities. Although it is not required by Jefferson County, CorrHealth has made the proactive and responsible decision to bind a unique set of insurance and liability policies. In addition to professional, general liability, worker's compensation, and hired and non-owned policies, which Jefferson County has required, we have included certificates of insurance and bound policies for employment practices liability insurance, and a cyber security policy. CorrHealth is the only inmate healthcare provider to provide such policies as a component of our program. We are confident these policies help mitigate risk and liabilities and represent our commitment to **"Do Right"** in Jefferson County.

✓ **With CorrHealth, recently released inmates can enroll in ZERO-COST or LOW-COST health benefits.** CorrHealth wholeheartedly believes delivering a continuum of care results in a healthier and safer community. We believe it's important to empower those who are recently released to take responsibility over their own health care. CorrHealth offers a unique program which allows them to enroll in health benefits, which include medical care, mental health care, substance abuse, pharmaceuticals, dental care, and no cost check-ups to include, but not limited to, immunizations, cancer screenings and preventive care to include no cost annual exams and mammograms. **In most cases these benefits are at zero or at a low cost to the patient**, depending on the person's income status. We are exceptionally proud to offer and support a program which offers the recently incarcerated with quick and simple access to health benefits immediately upon release which ensures the transition process is less stressful as studies prove the recently incarcerated are less likely to re-offend when they have access to health benefits.

Enrolling the recently incarcerated in low, or no cost health benefits, this is yet another aspect of how CorrHealth is committed to always ***"Do Right"*** by our patients, our county partners, and the communities in which we proudly serve.

Minimum Qualifications – To be considered for award of this contract, the Respondent must meet the following minimum qualifications.

a. **The Offeror must be organized for the sole purpose of providing healthcare services and have previous experience with proven effectiveness in administering correctional health care programs.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth's sole purpose is to provide correctional healthcare services. We are proud of our tenure and leadership experience in the industry.

Clearly, we have the expertise, we've earned the trust and credibility and we have the experience to successfully recruit professional healthcare leadership and teams, transition, manage and support our teams and deliver correctional based inmate healthcare programs and services in c county operated detention facilities with daily populations as small as 20 and as large as 3,000. Unlike other providers who stretch themselves thin by attempting to serve prisons and large jails nationwide and globally, we're focused on serving and partnering closely with counties and jails of various size and scope in a focused contiguous four (4) state region and developing strong, trusted, and long-term partnerships within that focused region. Since launching CorrHealth, we have earned a respected reputation of being proactive, heavily engaged, delivering our county-partners with true-transparency which was previously unseen, open lines of communication and service-based elements which are not provided by other competing healthcare providers.

We are passionate about our business, we have the integrity to be fully transparent and we are committed to always ***"Do Right"*** by our teams, our inmate patients, our county partners, and in the communities which we proudly serve. That is who we are, that is what we do; and that won't be changing.

b. **The Offeror must have at least five (5) continuous years of corporate experience in providing healthcare services at medical facilities. Emphasis will be place on those referenced medical/correctional facilities in the State of Texas.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth has more than five (5) continuous years of corporate experience in providing healthcare programs and services at medical facilities. In fact, collectively we have over 100 years of experience on our core leadership team. CorrHealth also understands and appreciates Jefferson County's emphasis on those referenced medical/correctional facilities in the State of Texas.

c. **The Offeror must operate in accordance with National Commission on Correctional Health Care (NCCHC) standards, American Correctional Association (ACA) standards and Texas Commission on Jail Standards.**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is tenured, experienced, and successful in establishing and maintaining compliance with the National Commission on Correctional Health Care (NCCHC), the American Correctional Association (ACA) standards and Texas Commission on Jail Standards. Each of these standards are the industry standard for healthcare practices in the correctional setting and CorrHealth utilizes these accreditation standards as a guidepost to our correctional based policy, procedure, and community-based practices.

CorrHealth is devoted to upholding quality standards and compliance, in fact, in our core leaderships two (2) decades of experience, *we have never failed to earn or renew a certification or accreditation.* CorrHealth understands that Jefferson County values its long-standing accreditation with the National Commission on Correctional Healthcare (NCCHC), CorrHealth certainly appreciates, supports, and shares Jefferson County's commitment to achieving a higher standard of care for its patients, and its dedication to maintaining accreditation standards. In fact, our firm commitment to NCCHC and their enhanced standards of care is exemplified with how many of our leaders have earned their Certified Correctional Healthcare Professional (CCHP) certifications, which demonstrates our commitment to protecting our teams, our patients, our county-partners, our organization, and Jefferson County.

To further substantiate our experience and success with establishing and maintaining compliance with the National Commission on Correctional Health Care (NCCHC), the American Correctional Association (ACA) standards and Texas Commission on Jail Standards Sheriff Stephens provided the statement below soon after CorrHealth's Texas Commission on Jail Standards and NCCHC accreditation in Jefferson County.

d. The Offeror must demonstrate its ability to provide a health care system specifically for the Facility. It must demonstrate that it has the ability for a thirty (30) day start-up, which it has a proven system of recruiting staff and that it has an adequate support staff in its central office capable of competently supervising and monitoring its operation in the County.

CorrHealth understands, agrees, and will comply with this requirement. As the incumbent provider, an additional benefit to Jefferson County is there will be no interruption of service. When CorrHealth transitioned into the facility in 2018, we demonstrated our ability to provide a quality and correctional based health care system, a thirty (30) day start-up, the ability to recruit a healthcare team supported by an adequate corporate support team, and our capability of competently supervising and monitoring our operation in the Jefferson County Correctional Facility.

Once we receive the county's award of RFP# 22-039/MR, we will work closely with Chief Shauberger, Major Guillory and their designee(s) to schedule our training team to be on-site at the Jefferson County Correctional Facility to re-train our team members on our various practices, policies, procedures, and protocols.

Offeror Personnel and Organization

The Offeror must provide resumes of all key personnel that will be involved in performing the project, and must provide for each person:

a. **Full name (including full middle name);**
b. **An employment history:**
c. **A specific description of relevant experience and skills that person has in connection with the conduct of financial advisory services that is the subject of this RFP (limit one page):**
d. **A specific indication of what role the individual will have in this project; and**
e. **Any additional helpful information to indicate the individual's ability to aid the Offeror in successfully performing the work involved in this RFP (limit to one page).**

CorrHealth understands, agrees, and will comply with this requirement.

The resumes must present the required personnel in sufficient detail as to provide the County an indication that the personnel involved can perform the work specified in this RFP. All proposed personnel will be subject to the County approval. (Exact on-site staff may not be known at time of proposal submittal and

actual candidates will require pre-approval by the County) Key positions to be included are:

a. **Chief Executive and Chief Operating Officer**
b. **Executive Vice President**
c. **Area Vice President and/or Regional Manager/Supervisor with direct responsibility for contractual oversight and supervision of site Health Services Administrator**
d. **Corporate Medical Director and/or Regional Medical Director with direct clinical oversight of the site Medical Director/site providers**
e. **Site Medical Director (exact on-site staff may not be known at time of proposal submittal and actual candidates will require pre-approval by the County)**
f. **Utilization Manager/Case Manager/UM contractor assigned to the site (or Admin Asst as clarified in Addendum #2)**
g. **Site Health Service Administrator (H.S.A.)**

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth is providing our Leadership team and including, Director of Operations, Director of Human Resources, Recruiting Specialist, Travel/Training Team Manager, Director of Risk Management, and our General Counsel.

Work Environment

CorrHealth's RN/Health Services Administrator (HSA) understands his/her work and function will be performed inside the Jefferson County Correctional Facility; therefore, they understand they may be exposed to some level of risk and/or harm by inmates including exposure to blood borne pathogens. CorrHealth's RN/Health Services Administrator (HSA) is expected to work in accordance with all security rules and regulations to minimize the risk of danger and/or harm to themselves or other team members.

Other

CorrHealth's team members will comply with all current and future State, Federal, and Local laws and regulations, court orders, Administrative Directives and Jefferson County's standards and policies and procedures of the site

where assigned, including those of professional organizations such as the Texas Commission on Jail Standards, the NCCHC and the ACA, etc. CorrHealth's team members are fully expected to treat every other member of the CorrHealth team, any, and all correctional personnel, all inmates and third parties in the Jefferson County Correctional Facility with the proper dignity and respect at all times. Actions or communications that are inappropriate or degrading will not be tolerated by CorrHealth at any time.

Jefferson County is committed to using the selected Performance Review Personnel according to reasonable and well-planned timeframes, to the extent possible. Jefferson County is committed to making available its personnel in a similar manner to enable the Performance Review team able to perform its duties in a timely basis. Each Offeror is required to make a statement as to the availability of key personnel to Jefferson County when required.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands Jefferson County is committed to using the selected Performance Review Personnel according to reasonable and well-planned timeframes, to the extent possible. Just as Jefferson County is committed to making available its personnel, CorrHealth is committed to make our key team members available to Jefferson County as required.

The key personnel who are to work on this project, identified in the proposal as such, are considered to be essential to the services to be provided. No substitutions of key personnel following contract award will be made without the prior written consent of Jefferson County Commissioners' Court. All requested substitutes must be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees the key personnel who will continue to work with Jefferson County are identified in this proposal as such, they are considered to be essential to the services to be provided for Jefferson County.
CorrHealth agrees that no substitutions of these key personnel following the award of the RFP and Agreement will be made without the prior written consent of Jefferson County Commissioners' Court. CorrHealth agrees any, and all substitutes will be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

Each of the successful Offeror's personnel is subject to removal from this project by Jefferson County Commissioners' Court. In addition, if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth understands our team members are subject to removal from this project by the Jefferson County Commissioners' Court. In addition, CorrHealth agrees if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

If applicable, each Offeror must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project. The hours each of the key personnel and other staff members are projected to work on the project.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth will give Jefferson County a detailed statement setting forth the proposed hourly billing rate for all key onsite personnel and for each additional team member assigned to the project. The hours each of the onsite key personnel and other team

members are projected to work on the project. We do so not only because it's required by Jefferson County's RFP, but we do so because we wholeheartedly believe in transparency.

Each Offeror must provide any equipment, software, or data communication lines required by the successful Offeror's personnel to complete the work specified in this document. Each Offeror also must identify any personnel related through blood or marriage to the County or to any current employee of the County.

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to provide any equipment, software, or data communication lines required to complete the work specified in the County's RFP document. CorrHealth also agrees to identify any, and all personnel related through blood or marriage to the County or to any current employee of Jefferson County.

Each Offeror must provide an organizational chart covering the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. The Offeror must assign a contact person to the project.

CorrHealth understands, agrees, and will comply with this requirement. In the section below, CorrHealth has included a detailed organizational chart which covers the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. Todd Murphy, CorrHealth's Co-Founder and President serves as the key contact person to the project for Jefferson County.

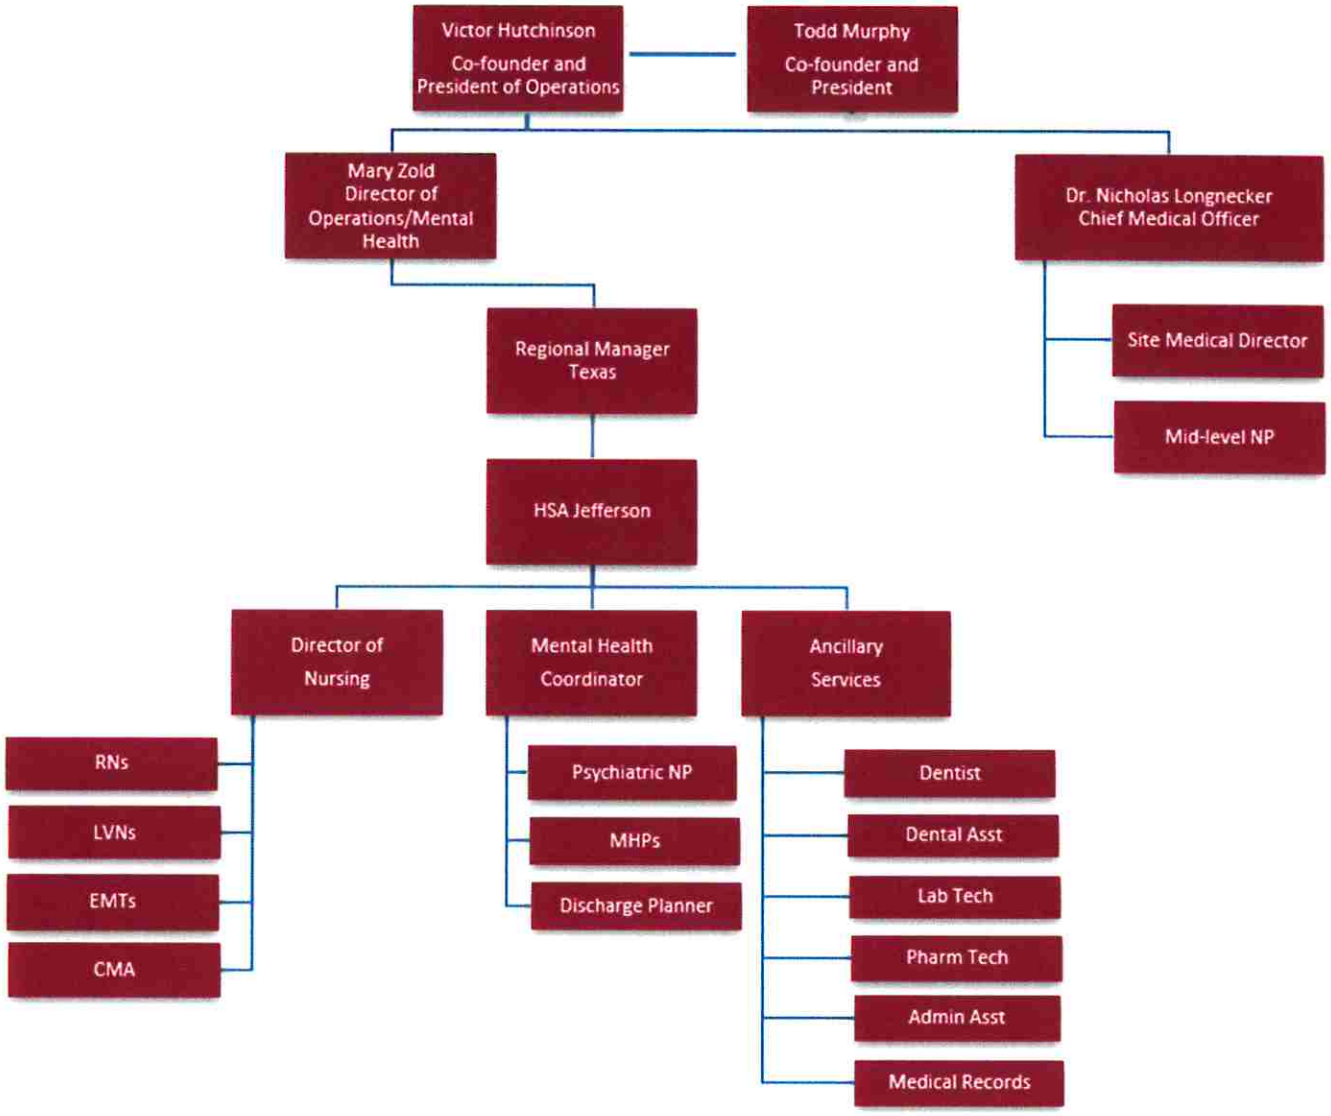
Specific to Jefferson County



SECTION 6. PROPOSAL REQUIREMENTS

6.1 OBJECTIVE OF PROPOSAL

Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.

The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.

CorrHealth understands, agrees, and will comply with this requirement. Since CorrHealth is the incumbent, and we have been providing quality comprehensive inmate healthcare programs and services for Jefferson County and in the Jefferson County Correctional Facility since April of 2018, there will be no need for a transition if CorrHealth is successful with the RFP and we retain Jefferson County's partnership. Therefore, CorrHealth did not include a detailed transition and work plan in this response. Should CorrHealth be successful with the RFP, and we retain Jefferson County's partnership, CorrHealth is fully committed to,

- ✓ Begin an active recruitment campaign for locally based healthcare team members based on the compensation rates which are cited and detailed in this proposal and much more competitive with the current healthcare market in the Jefferson County area,
- ✓ Re-engage with area mobile dialysis providers to understand and validate if they are fully prepared to support a strong, consistent, and dependable on-site dialysis program in the Jefferson County Correctional Facility,
- ✓ Bring Dr. Rush, CorrHealth's Chief Psychiatric Officer (CPO) into Jefferson County to meet and coordinate with Spindletop (MHMR) to allow him to begin developing CorrHealth's Jail Based Competency Restoration Program (JBCR) for Jefferson County and in the Jefferson County Correctional Facility,
- ✓ Begin to engage and work closely with SMART Communications to discover how we can integrate our mental/behavioral health programs and services with their Wi-Fi supported tablet system throughout the Jefferson County Correctional Facility,
- ✓ Re-engage with LAMAR University and other locally based resources in an attempt to recruit locally based healthcare professionals to support our health care programs and services in the Jefferson County Correctional Facility,
- ✓ Re-engage with Christus Health and other area hospitals and medical institutions to invite them into the Jefferson County Correctional Facility for a tour and demonstrate our abilities and limitations for on-site care and in an attempt to strengthen their understanding, and our partnership with them,
- ✓ Continue to train, support, and invest heavily in our RN/HSA, our RN/DON and each member of our team who dedicate themselves to CorrHealth and our team, the Jefferson County Correctional Facility, and our inmate-patient population.
- ✓ Continue working close and communicating well with Sheriff Stephens, Chief Shauberger, Marcia Guillory, Captain Mentor, Captain Harrington, Captain Morris, Captain Lewis, Captain Harrell, and their team, while delivering full and unfiltered transparency and an unrivaled partnership experience.

6.2 PROPOSER EXPERIENCE

The Successful Proposer must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.

The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.

The Proposer must describe in detail the current and historical experience the Proposer and its subcontractors have that would be relevant to completing the project. The Proposer must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts and a telephone number. The description of experience must be detailed and cover all relevant contracts that the Proposer and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Proposer to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience

The Proposer must indicate whether the organizations so listed are included for the purpose of verifying the Proposer's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Proposer under the contract, and whether the Proposer was the contractor or subcontractor.

The Proposer must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Proposer also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

CorrHealth understands, agrees, and will comply with this requirement. In the section below and throughout this response, CorrHealth demonstrates and details our extensive experience and our understanding the nature of research and analysis required in order to continue carrying out the intent of this project and partnership with Jefferson County. In addition, throughout our proposal, we have identified all key personnel who are part of the proposed team and details their experience. CorrHealth understands the Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.

In our response, CorrHealth describes and details the current and historical experience we, along with our subcontractors possess which are relevant to completing this project with Jefferson County. CorrHealth provides descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. Each of CorrHealth's references contain the contact information for each agency served. The description of experience detail and cover all relevant contracts which CorrHealth and our subcontractors have and all experience similar to this contract which qualifies CorrHealth to meet and exceed the requirements of this contract with Jefferson County. Included are the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience

CorrHealth details our qualifying experience, and the qualifying experience of our subcontractors. Each experience statement includes the name and types of services provided directly by CorrHealth under the contract.

In our response, CorrHealth states why we believe to be meet and exceed Jefferson County's unique and evolving needs and the County's RFP requirements. CorrHealth concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

Regarding CorrHealth's experience, CorrHealth launched on May 1st, 2017, with the mission of providing quality, professional, and compassionate comprehensive inmate healthcare programs and services specifically in county detention facilities of various size and scope throughout Texas, New Mexico, Colorado, and Wyoming. Prior to conceiving, founding and launching CorrHealth, after working for, founding, and serving a couple of private equity controlled correctional healthcare providers for over 15 years, to include (Correctional Healthcare Management (CHM)/Correctional Healthcare Companies (CHC) and Southwest Correctional Medical Group (SWCMG), each of which served numerous counties in providing correctional healthcare programs and services in their detention facilities from 2001 through 2017, Todd Murphy and Victor Hutchinson, CorrHealth's Founders and Presidents knew our team members, our patients, our county partners, and the communities which we served deserved so much more, therefore they unveiled their vision to launch a very different kind of correctional healthcare organization; one that serves as an agent of positive change in the inmate healthcare industry, and they "took the leap" to launch CorrHealth. Our core leadership team of tenured industry professionals has well over 100 years of collective experience in successfully transitioning, managing, and supporting quality comprehensive inmate healthcare for counties of varying size and scope throughout Texas, the Southwest, and the Rocky Mountain region.

Our programs and services are built upon policies and procedures, which are based on state (Texas Commission on Jail Standards), the National Commission on Correctional Healthcare (NCCHC), American Correctional Association (ACA), federal and community-based standards of care. Throughout our proposal to the County's RFP and through our leadership's experience, we will continue to improve healthcare outcomes, decrease unnecessary off-site transports, mitigate Jefferson County's looming risks and liabilities, while diligently working to reduce Jefferson County's overall costs. CorrHealth is proud to deliver true and unfiltered transparency and a hands-on approach for Jefferson County, which includes implementing innovative measures that deliver true transparency and a trust-based partnership, cost-accountability, and increased efficiencies.

The bottom line is Jefferson County's inmate healthcare Agreement is, and it has always been one of the County's most significant and pivotal contract and partnership, but due to the COVID pandemic, its resulting stresses to our national labor market, the escalating costs of compensation rates within the complex healthcare industry, the rising costs of pharmaceuticals, supplies, healthcare related equipment, skyrocketing benefit costs and with our inmate population becoming more and more litigious, this procurement process, and the County's selection of its new healthcare provider simply cannot be more pivotal, and we are genuinely grateful to take part in the County's procurement process. With that, Jefferson County needs and deserves a partner that sincerely cares, one that is trustworthy and provides a true partnership. It's essential for any healthcare provider to care for its team members, and provide them with competitive compensation rates, industry leading benefits, and the ongoing training and support from locally based (Texas) leaders, which they need and deserve. Consequently, these actions aid in the recruitment and retention of healthcare and support professionals. Jefferson County needs and deserves a provider-partner who sincerely cares for its inmate patients, Jefferson County, and the communities they serve. Jefferson County deserves a provider-partner who listens with intent and understands your unique and evolving needs. Jefferson County needs a provider-partner who has the integrity to provide true and unfiltered transparency into their financials, their operations, their business practices, and in all aspects of their partnership. County deserves a provider-partner who delivers the utmost value. Jefferson County needs and deserves a partner who is committed to delivering excellence in training, service and localized (Texas-based) support, while honoring and respecting the tax-payer dollar, and CorrHealth is that provider-partner! Through these facts, CorrHealth is confident that we are the right provider-partner for Jefferson County and the Jefferson County Correctional Facility.
We are thrilled at the opportunity to continue serving and partnering with Jefferson County to deliver quality, professional, and compassionate comprehensive inmate medical, mental/behavioral, ancillary, and community-based healthcare programs and services for Jefferson County and for Jefferson County's inmate/detainee population who are held in the Jefferson County Correctional Facility.

Listed below are the key CorrHealth leadership and administrative team personnel and their relevant experience that provides support to Jefferson County's healthcare programs:

Mary.Zold@mycorrhealth.com | **PH:** (505) 803-4300 | Albuquerque, NM

Mary Zold brings 25 years of experience to the CorrHealth team. A hands-on professional, she visits our teams and sites often. Mary held senior roles at other inmate health organizations including, Regional Manager of Clinical Services and Correctional Mental Health Manager. She has effectively managed HSAs, clinical personnel, and worked closely with

several Detention Administrators. Mary is accomplished in clinical oversight, development and implementation of startup programs and services, recruitment of mental health personnel, and quality assurance (QA) monitoring of behavioral health programs. She is skilled in program evaluations, staff training/security, suicide prevention training, mental health audits, and has helped prepare for NCCHC and ACA accreditations. She has also designed and implemented MRT programs in county facilities.

Mary has developed site-specific policy and procedure manuals with Victor and Dr. Longnecker that follow NCCHC and ACA standards of care. The Registered Nurse/Health Service Administrators report to Mary, and she works closely with them to ensure the teams understand CorrHealth's policies and procedures and implement training if required. Mary has provided health care in 42 correctional facilities representing a patient population totaling over 58,200.

The Proposer must describe in detail the current and historical experience the Proposer and its subcontractors have that would be relevant to completing the project. The Proposer must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts and a telephone number. The description of experience must be detailed and cover all relevant contracts that the Proposer and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Proposer to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience.

The Proposer must indicate whether the organizations so listed are included for the purpose of verifying the Proposer's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Proposer under the contract, and whether the Proposer was the contractor or subcontractor.

The Proposer must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Proposer also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

The following engagements reflect organizations of comparable complexity and sensitivity to the requirements of this RFP that have been contracted within the past five (5) years. Each is listed for the purpose of verifying CorrHealth's qualifying experience as the contracted provider for Inmate health services:

Year 2 Base Proposal_____($8,102,679.14)
CorrHealth will add a flat consumer price index (CPI) charge of 5%, or the current CPI rate to the first year's negotiated contract rate, whichever is greater. These increases are necessary increases in service-based industries, and will be paid toward enhanced compensation rates, increases in high-risk liability policies (which CorrHealth provides six high-risk liability policies for Jefferson County), increases in the cost of pharmaceuticals, office and medical supplies, and other inflationary cost factors.)

7.1.1 The above price is based on an average daily population (ADP) of eight hundred fifty (850) inmates during a billing period. If the ADP increases or decreases by one hundred-fifty (150) inmates, the price will remain the same. This will be referred to as the basic adjusted price. If the ADP increases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be increased for that billing period at the rate of $1.85 per inmate in excess of the basic adjusted price. If the ADP decreases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be decreased for that billing period at the rate of $1.85 per inmate in excess of the basic adjusted price.

CorrHealth understands, agrees, and will comply with this requirement.

7.1.2 The above price includes the aggregate cap of $500,000 divided by 12 months ($41,667.00 per month). In the event that the cap is not met, the unspent money will be credited back to the County.

CorrHealth understands, agrees, and will comply with this requirement.

7.1.3 By submission of this proposal, the offeror certifies that:

a. Prices have been arrived at independently, without consultation or communication for the purpose of restricting competition.
b. No attempt has been made, or will be made, to induce any other person or firm to submit a proposal for the purpose of restricting competition.
c. The person signing this proposal certifies that they are authorized to represent the company and is legally responsible for the decisions with respect to price, supporting documentation or other statements made in response to this Jefferson County RFP.

CorrHealth understands, agrees, and will comply with this requirement.

7.2 Alternates:
The following alternates are offered as part of this proposal:

7.2.1 NONE: N/A

7.2.2 Alternates That Will Not Affect the Price:

_____
_____
_____

7.2.3 Alternates That Will Affect the Price:

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth believes in stability and consistency in our Agreements and our partnerships, and we are committed to do all that we can to prevent pricing increases outside the terms of our Agreements, and our partnership since April 2018 fully supports that notion. However, as witnessed with the advent of the COVID pandemic and its resulting impact, which was unforeseen do occur, and these events *may* force a pricing change. Below are events which *could* force CorrHealth to approach Jefferson County with a pricing change.

1. CorrHealth is proposing a 2nd coverage, staffing, and pricing option as an alternate to the 1st option, which the County provided on pages 40 and 41 of the RFP and required in the County's RFP. The pricing for the 2nd option is different from the 1st option and includes enhances coverage ratios which are more appropriate for Jefferson County's chronic medical and mental health population, state, national/industry, federal, community standards, as well as evolving expectations.

2. CorrHealth understands Jefferson County prefers on-site dialysis treatments to be performed on-site at the Jefferson County Correctional Facility, and CorrHealth is fully committed to doing everything possible to bring on-site dialysis services, along with any ancillary and specialty services on-site at the Jefferson County Correctional Facility.

   Understanding the County's desire in maximizing on-site programs and services, CorrHealth has closely and diligently researched opportunities to contract with a reliable and trusted dialysis provider which serves the Jefferson County area since April 2018, but due ot the COVID pandemic, the labor crisis, the highly competitive healthcare market in the Houston area and the fact that our mobile dialysis utilization will be a low frequency and inconsistent event, which will equate to the dialysis provider not earning a consistent and stable business through services for Jefferson County, we have yet to locate and establish a partnership with

a mobile dialysis provider.

Knowing that pricing and costs are a primary factor for Jefferson County and with CorrHealth being a responsible steward to the tax dollar, we have negotiated a rate of $600-$800 per patient visit at a local provider's office, which is a tremendous value for Jefferson County specific to dialysis services, and we don't foresee a mobile dialysis provider coming close to meeting this tremendous rate. Given the complexities of procuring this specialty service at this time, CorrHealth is proposing to maintain dialysis services at the local provider's office and charge any, and all dialysis costs to the $500,000 off-site aggregate cap until the healthcare and labor market stabilizes and we can procure a partnership with a trusted and reliable mobile dialysis provider who can consistently serve our infrequent dialysis needs within the Jefferson County Correctional Facility. Once we do procure an arrangement and agreement with a mobile dialysis provider, CorrHealth will pass these costs on to Jefferson County and do so at no additional margin.

3. CorrHealth is proposing an innovative Jail Based Competency Restoration Program (JBCR) for Jefferson County and in the Jefferson County Correctional Facility in effort to establish competency in inmates suffering with severe mental illness, allowing the inmates to be transferred to prison or the state's Forensic State Hospital and assist Jefferson County in reducing the duration for treatment and ultimately reduce jail days in the Jefferson County Correctional Facility.

4. CorrHealth understands it is likely that Jefferson County will request a meeting to negotiate the details and the terms with this new Agreement, and CorrHealth's pricing may change based on the negotiations with Jefferson County.

5. The COVID-19 pandemic has negatively impacted the world in a variety of manners, conversely, it has also negatively impacted the availability of pharmaceuticals, supplies, medical equipment, high-risk insurance policies and specialized and professional labor on a substantial scale. Should the COVID pandemic exacerbate, should inflation elevate significantly over an extended period of time, should new national or state legislation be passed and, or should an event occur which negatively affects the ability to procure and deliver quality comprehensive inmate healthcare programs and services in the Jefferson County Correctional Facility, CorrHealth may be forced to approach Jefferson County with a pricing change to Jefferson County.

Offeror should number and list above any alternates it wishes to offer **and** has identified in detail in the body of its proposal. Further, the offeror should briefly identify the alternate and indicate whether the lump sum price (A) is to be increased (and if so, the amount of increase) for the initial two-year term, or decreased (and amount) for that period, or if it will not be affected by the alternate).

CorrHealth understands, agrees, and will comply with this requirement.

7.3 To extend the term of the contract for three (3) additional one (1) year periods, beginning January 31, 2025.

CorrHealth understands, agrees, and will comply with this requirement.

In the event it is awarded the contract pursuant to its proposal dated November 30th, 2022, in response to the Jefferson County RFP to provide medical and other health services at the Jefferson County Correctional Facility, Beaumont, Texas, and the term is extended as stated above for additional three one- year periods, **the base proposal price as stated in "A" above shall be (increased) (decreased) the following**

This Request for Proposal (RFP) is to receive proposals from qualified firms regarding services for Inmate Healthcare Services.

The following items are provided as general information and specifications as required by the Jefferson County Purchasing Department.

1.1 VENDOR INSTRUCTIONS

Read the document carefully. Follow all instructions. Proposer is responsible for fulfilling all requirements and specifications. It is imperative

General Requirements apply to all advertised requests for proposals; however, these may be superseded, whole or in part, by the Scope of Services, Guidelines and Specifications, Requested Responses and Information, or other data contained herein. Be sure your proposal package is complete.

1.2 GOVERNING LAW

Proposer is advised that these requirements shall be fully governed by the laws of the State of Texas and that Jefferson County may request and rely on advice, decisions, and opinions of the Attorney General of Texas and the County Attorney concerning any portion of these requirements.

1.3 AMBIGUITY, CONFLICT, OR OTHER ERRORS IN THE RFP

If Proposer discovers any ambiguity, conflict, discrepancy, omission or other error in the RFP, Proposer shall immediately notify the County of such error in writing and request modification or clarification of the document. Modifications will be made by issuing Addenda. Written notice will be given to all parties who have been furnished with the RFP without divulging the source of the request for the same. If the Proposer fails to notify the County prior to the date and time fixed for submission of proposals of an error or ambiguity in the RFP known to Proposer, or an error or ambiguity that reasonably should have been known to Proposer, then Proposer shall not be entitled to compensation or additional time by reason of the error or ambiguity or its later resolution.

The County may also modify the RFP, no later than 48 hours prior to the date and time fixed for submission of proposals, by issuance of an Addendum to all parties who have received the RFP. All addenda will be numbered consecutively, beginning with 1.

1.4 NOTIFICATION OF MOST CURRENT ADDRESS

Firms in receipt of this RFP shall notify Deborah L. Clark, Jefferson County Purchasing Agent, of any address changes, contact person changes, and/or telephone number changes no later than 48 hours prior to the date and time fixed for submission of proposals.

1.5 PROPOSAL PREPARATION COST

Cost for developing proposals is entirely the responsibility of Proposers and shall not be charged to Jefferson County.

1.6 SIGNATURE OF PROPOSAL

A transmittal letter, which shall be considered an integral part of the proposal, shall be signed by an individual who is authorized to bind the Proposer contractually. If the Proposer is a corporation, the legal name of the corporation shall be provided together with the signature of the officer or officers authorized to sign on behalf of the corporation.

If the Proposer is a partnership, the true name of the firm shall be provided with the signature of the partner or partners authorized to sign.

If the Proposer is an individual, that individual shall sign. If signature is by an agent, other than an officer of a corporation or a member of a partnership, a power of attorney or equivalent document must be submitted to the Jefferson County Purchasing Department prior to the submission of the proposal or with the proposal.

1.7 ECONOMY OF PRESENTATION

Proposals shall not contain promotional or display materials, except as they may directly answer in whole or in part questions contained in the RFP. Such exhibits shall be clearly marked with the applicable reference number of the question in the RFP. Proposals must address the technical requirements as specified in the RFP. All questions posed by the RFP must be answered concisely and clearly. Proposals that do not address each criterion may be rejected and not considered.

1.8 PROPOSAL OBLIGATION

The contents of the proposal and any clarification thereof submitted by the selected Proposer shall become part of the contractual obligation and incorporated by reference into the ensuing contract.

1.9 INCORPORATION BY REFERENCE AND PRECEDENCE

This Agreement is derived from (1) the RFP, written clarifications to the RFP and County's response to questions; (2) the Contractor's Best and Final Offer, and (3) the Contractor's response to the RFP.

In the event of a dispute under this Agreement, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) Amendments to the Agreement in reverse chronological order; (2) the Agreement, including the Scope of Work; (3) the Contractor's Best and Final Offer; (4) the RFP, including attachments thereto and written responses to questions and written clarifications; and (5) the Contractors response to the RFP.

1.10 GOVERNING FORMS

In the event of any conflict between the terms and provisions of these requirements and the specifications, the specifications shall govern. In the event of any conflict of interpretation of any part of this overall document, Jefferson County's interpretation shall govern.

1.11 IMPLIED REQUIREMENTS

Products and services not specifically mentioned in the RFP, but which are necessary to provide the functional capabilities described by the Proposer, shall be included in the proposal.

1.12 COMPLIANCE WITH RFP SPECIFICATIONS

It is intended that this Request for Proposals (RFP) describe the requirements and the response format in sufficient detail to secure comparable proposals. Failure to comply with all provisions of the RFP <u>will</u> result in disqualification.

1.13 VENDOR REGISTRATION: SAM (SYSTEM FOR AWARD MANAGEMENT)

Vendors doing business with Jefferson County are **<u>required</u>** to be registered with The System for Award Management (SAM), with an "active" status. The System for Award Management (SAM) is the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at no cost directly from the SAM website at: https://www.sam.gov

In instances where a vendor has either an "Inactive" SAM Registration or is not currently registered with the System for Award Management, the Purchasing Department may *initially* accept proof (printout from the SAM website) that the vendor has begun the registration process in order for the IFB/RFQ/RFP submission to be considered as "responsive" to the specifications for the project.

However, the SAM Registration must be completed (showing "active" status, with no exclusions) prior to the award and/or execution of an agreement or contract for the project.

1.14 FORM 1295 (TEXAS ETHICS COMMISSION)

FORM 1295 SUBMISSION REQUIREMENT/INSTRUCTIONS FOR RFP PROPOSERS:

ALL NON-EXEMPT PROPOSERS ARE REQUIRED TO SUBMIT COMPLETED FORM 1295 WITH PROPOSAL SUBMISSION.

INSTRUCTIONS:

(1) Submit a FORM 1295 online via the Texas Ethics Commission website link below.
Vendors must enter the required information on Form 1295, and print a copy of the completed form.
The form will include a certification of filing that will contain a unique certification number.

2. Submit a FORM 1295 hard copy (completed & signed by an Authorized Agent of the Awarded Vendor), to the Jefferson County Purchasing Department WITH RFP PROPOSAL SUBMISSION.

FORM 1295, Completion Instructions, and Login Instructions are available via the Texas Ethics Commission Website at: https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

SAMPLE: A sample of a completed FORM 1295 is included on PAGE 7.

FORM 1295 Implementation Background:

In accordance with House Bill 1295 (passed January 1, 2016), Vendors entering into contracts and professional agreements with Jefferson County will be required to complete a Certificate of Interested Parties (FORM 1295), **unless contract is considered exempt as described below.**

In 2017, the Texas legislature amended the law to require Form 1295 to include an "unsworn declaration" which includes, among other things, the date of birth and address of the authorized representative signing the form. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application.

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an "unsworn declaration."

FORM 1295 EXEMPTIONS:

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?
The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement.

A completed Form 1295 is not required for:

- a sponsored research contract of an institution of higher education
- an interagency contract of a state agency or an institution of higher education
- a contract related to health and human services if: the value of the contract cannot be determined at the time the contract is executed; and o any qualified vendor is eligible for the contract
- a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity
- a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code
- a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code

1.15 EMERGENCY/DECLARED DISASTER REQUIREMENTS

In the event of an emergency or if Jefferson County is declared a disaster area, by the County, State, or Federal Government, a contract (executed in response to this Request for Proposal) may be subjected to unusual usage. Contractor shall service the County during such an emergency or declared disaster under the same terms and conditions that apply during non-emergency/disaster conditions. The pricing as specified in the contract shall apply to serving the County's needs regardless of the circumstances. If Contractor is unable to supply the services under the terms of the contract, then Contractor shall provide proof of such disruption and a copy of the invoice from Contractor's supplier(s). Additional profit margin as a result of supplying services during an emergency or declared disaster shall not be permitted. In the event that additional equipment, supplies, and materials are required during the declared disaster, additional shipping, handling and drayage fees may apply.

1.16 EVALUATION

Jefferson County reserves the right to use all pertinent information (also learned from sources other than disclosed in the RFP process) that might affect the County's judgment as to the appropriateness of an award to the best evaluated Proposer. This information may be appended to the proposal evaluation process results. Information on a service provider from reliable sources, and not within the service provider's proposal, may also be noted and made part of the evaluation file. Jefferson County shall have sole responsibility for determining a reliable source. Jefferson County reserves the right to conduct written and/or oral discussions/interviews after the proposal opening. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award is in the best interest of Jefferson County.

1.17 WITHDRAWAL OF PROPOSAL

The Proposer may withdraw its proposal by submitting a written request over the signature of an authorized individual, as described in paragraph 1.6, to the Purchasing Department any time prior to the submission deadline. The Proposer may thereafter submit a new proposal prior to the deadline. Modification or withdrawal of the proposal in any manner, oral or written, will not be considered if submitted after the deadline.

1.18 MINORITY-WOMEN BUSINESS ENTERPRISE PARTICIPATION

It is the desire of Jefferson County to increase the participation of Minority (MBE) and women-owned (WBE) businesses in its contracting and procurement programs. While the County does not have any preference or set aside programs in place, it is committed to a policy of equitable participation for these firms.

1.19 AWARD

Jefferson County reserves the right to award this contract on the basis of the **Best Offer** in accordance with the laws of Texas, to waive any formality or irregularity, to make award to more than one Proposer, and/or to reject any or all proposals. In the event the highest dollar Proposer meeting specifications is not awarded a contract, the Proposer may appear before Commissioners' Court and present evidence concerning his responsibility.

1.20 OWNERSHIP OF PROPOSAL

All proposals become the property of Jefferson County and will not be returned to Proposers.

1.21 DISQUALIFICATION OF PROPOSAL

Upon signing this proposal document, a contractor offering to sell supplies, materials, services, or equipment to Jefferson County certifies that the Proposer has not violated the antitrust laws of this state codified in Section 15.01, et seq, Business & Commerce Code, or the Federal Antitrust Laws, and has not communicated directly or indirectly

the offer made to any competitor or any other person engaged in such line of business. Any or all proposals may be rejected if the County believes that collusion exists among the Proposers.

1.22 CONTRACTUAL DEVELOPMENT

The contents of the RFP and the selected proposal will become an integral part of the contract, but may be modified by provisions of the contract as negotiated. Therefore, the Proposer must be amenable to inclusion in a contract of any information provided (in writing) either in response to this RFP or subsequently during the selection process.

1.23 ASSIGNMENT

The selected vendor may not assign, sell, or otherwise transfer this contract without written permission of the Jefferson County Commissioners' Court.

1.24 CONTRACT OBLIGATION

Jefferson County Commissioners' Court must award the contract, and the County Judge or other person authorized by Jefferson County Commissioners' Court must sign the contract before it becomes binding on Jefferson County or the Proposer. **Department heads are not authorized to sign agreements for Jefferson County.** Binding agreements shall remain in effect until all products and/or services covered by this proposal have been satisfactorily delivered and accepted.

1.25 TERMINATION

Jefferson County reserves the right to terminate the contract for default if the awarded vendor breached any of the terms therein, including warranties of proposal, or if the Proposer becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies Jefferson County may have in law or equity. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all other requirements to Jefferson County's satisfaction, and/or to meet all other obligations and requirements. Contracts may be terminated without cause upon thirty (30) days' written notice to either party unless otherwise specified.

1.26 INSPECTIONS

Jefferson County reserves the right to inspect any item(s) or service location(s) for compliance with specifications and requirements and needs of the using department. If a proposal cannot furnish a sample of a proposed item, where applicable, for review, or fails to satisfactorily show an ability to perform, the County can reject the Proposer as inadequate.

1.27 TESTING

Jefferson County reserves the right to test equipment, supplies, material and goods proposed for quality, compliance with specifications, and ability to meet the needs of the user. Demonstration units must be available for review. Should the goods or services fail to meet requirements and/or be unavailable for evaluation, the offer is subject to rejection.

1.28 LOSS, DAMAGE, OR CLAIM

The Proposer shall totally indemnify Jefferson County against all claims by its employees, agents, or representatives or personal injury arising from any cause. In addition, the Proposer shall totally indemnify Jefferson County against all claims of loss or damage to the Proposer's and Jefferson County's property, equipment, and/or supplies.

1.29 TAXES

The contractor and its subcontractors, agents and employees, as the case may be, will be responsible for the payment of all federal, state and local taxes, and deposits or contributions imposed or required by law.

1.30 NON-DISCRIMINATION

The successful Proposer will be required to comply with the Americans With Disabilities Act and with all provisions of federal, state, county and local (if any) laws and regulations to ensure that no employee or applicant for employment is discriminated against because of race, color, religion, sex, age, handicap or national origin.

1.31 CONFLICT OF INTEREST

The agreement entered into pursuant to this RFP will contain the Contractor's warranty that, except for bona-fide employees or selling agents maintained by the Contractor for the purpose of securing business, no person or selling agency has been employed or retained to solicit this contract upon an agreement or understanding for commission, percentage or contingency.

Further, the contractor will warrant that no kickbacks, gratuities, or contingency fees have been paid in connection with this RFP or contract and none has been promised contingent upon the award of contract. And, will still further warrant that to its knowledge and best belief, no one being paid under the agreement between the County and the contractor, is engaged in any activities which would constitute a conflict of interest with respect to the purposes of said agreement.

By submitting a proposal in response to this RFP, all Proposers affirm that they have not given, nor intend to give, at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement.

Each Proposer must disclose any existing or potential conflict of interest relative to the performance of the requirements of this RFP. Examples of potential conflicts may include an existing business or personal relationship between the Proposer, its principal, or any affiliate or subcontractor, with the County or any other entity or person involved in any way in the project that is the subject of this RFP. Similarly, any personal or business relationship between the Proposer, the principals, or any affiliate or subcontractor, with any employee of the County or its suppliers must be disclosed. **Any such relationship that might be perceived or represented as a conflict must be disclosed. Failure to disclose any such relationship or reveal personal relationships with state employees may be cause for contract termination. The County will decide if an actual or perceived conflict should result in proposal disqualification.**

1.32 CONFIDENTIAL/PROPRIETARY INFORMATION

If any material in the proposal submission is considered by Proposer to be confidential or proprietary information (including manufacturing and/or design processes exclusive to the Proposer), **Proposer must clearly mark the applicable pages of Proposer's proposal submission to indicate each claim of confidentiality. Additionally, Proposer must include a statement on company letterhead identifying all Proposal section(s) and page(s) that have been marked as confidential.** Jefferson County will protect from public disclosure such portions of a proposal, unless directed otherwise by legal authority, including existing open records acts. Merely making a blanket claim that the entire proposal submission is protected from disclosure because it contains some proprietary information is not acceptable, and will make the entire proposal submission subject to release under the Texas Public Information Act.

By submitting a proposal, Proposer agrees to reproduction by Jefferson County, without cost or liability, of any copyrighted portions of Proposer's proposal submission or other information submitted by Proposer.

1.33 WAIVER OF SUBROGATION

Proposer and Proposer's Insurance Carrier waive any and all rights whatsoever with regard to subrogation against Jefferson County as an indirect party to any suit arising out of personal or property damages resulting from the Proposer's performance under this agreement.

1.34 AKNOWLEDGEMENT OF INSURANCE REQUIREMENTS

By signing its proposal, Proposer acknowledges that it has read and understands the insurance requirements for this proposal. Proposer also understands that evidence of required insurance must be submitted within fifteen (15) working days following notification of acceptance of its offer; otherwise, Jefferson County may rescind its acceptance of the Proposer's proposal. The insurance requirements are part of this package.

1.35 INSURANCE REQUIREMENTS

The contractor (including any and all subcontractors as defined in Section 1.36 below) shall, at all times during the term of this contract, maintain insurance coverages with not less than the type and requirements shown below. Such insurance is to be provided at the sole cost of the contractor. These requirements do not establish limits of the contractor's liability.

All policies of insurance shall waive all rights of subrogation against the County, its officers, employees and agents; a copy of the policy wording or endorsement is required. Contractor shall furnish Jefferson County with Certificate of Insurance naming Jefferson County as additional insured and will provide the actual policy wording or endorsement showing as such.

All insurance must be written by an Insurer licensed to conduct business in the State of Texas.

Minimum Insurance Requirements:

Public, Liability, including Products & Completed Operations	$1,000,000
Excess Liability	$1,000,000

Property Insurance (policy below that is applicable to this project):

Improvements & Betterments Policy: Improvements/Remodeling (for Lease Tenants)
Builder's Risk Policy: Structural Coverage for Construction Projects
Installation Floater Policy: Improvements/Alterations to Existing Structure

Workers' Compensation Statutory Coverage (See Section 1.36 Below)

1.36 WORKERS' COMPENSATION INSURANCE

1.36.1 **Definitions:**

1.36.1.1 **Certificate of coverage ("Certificate")** – A copy of a certificate of insurance, a certificate of authority to self-insure issued by the commission, or a coverage agreement, DWC-81, DWC-82, DWC-83, or DWC-84 showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

1.36.1.2 **Duration of the project** – Includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity.

1.36.1.3 **Persons providing services on the project ("subcontractor") in article 406.096** – Includes all persons or entities performing all or part of the services under the contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the contractor and regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractor, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" includes, without limitation, providing, hauling or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

1.36.2 The Contractor shall provide coverage, based on proper reporting of classification code and payroll amounts and filing any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

1.36.3 The Contractor must provide a certificate of coverage to the governmental entity prior to being awarded the contract – refer to Section 1.35 above.

1.36.4 If the coverage period shown on the Contractor's current certificate of coverage ends during the duration of the project, the Contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

1.36.5 The Contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

1.36.5.1 A certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and

1.36.5.2 No later than seven (7) days after receipt by the Contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate ends during the duration of the project.

1.36.6 The Contractor shall retain all required certificates of coverage for the duration of the project and for one (1) year thereafter.

1.36.7 The Contractor shall notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

1.36.8 The Contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Department of Workers' Compensation, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

1.36.9 The Contractor shall contractually require each person with whom it contracts to provide services on a project to:

1.36.9.1 Provide coverage, based on reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all its employees providing services on the project, for the duration of the project.

1.36.9.2 Provide to the Contractor, prior to that person beginning work on the project a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project.

1.36.9.3 Provide the Contractor, prior to the end of coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

1.36.9.4 Obtain from each person with whom it contracts, and provide to the Contractor:

1.36.9.4.1 A certificate of coverage, prior to the other person beginning work on the project; and

1.36.9.4.2 The coverage period, if the coverage period shown on the current certificate of a new certificate of coverage showing extension of coverage, prior to the end of coverage ends during the duration of the project.

1.36.9.5 Retain all required certificates of coverage on file for the duration of the project and for one (1) year thereafter.

1.36.9.6 Notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

1.36.9.7 Contractually require each person with whom it contracts to perform as required by paragraphs 1.36.1. – 1.36.7., with the certificates of coverage to be provided to the person for whom they are providing services.

1.36.10 By signing this contract or providing or causing to be provided a certificate of coverage, the Contractor is representing to the governmental entity that all employees of the contractor who will provide services of the project will be covered by workers' compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

1.36.11 The Contractor's failure to comply with any of these provisions is a breach of contract by the Contractor which entitles the governmental entity to declare the contract void if the Contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the governmental entity.

PROPOSER: INSERT COPY OF CERTIFICATE OF INSURANCE (COI) BEHIND THIS PAGE.

Note: For proposal purposes, a general COI will suffice. However, a COI that includes the notation that "Jefferson County as an additional insured" will be required from Awarded Proposer(s) prior to the issuance of a Purchase Order.

REMEDIES

(For all awarded contracts with a value greater than $150,000.00)

Any violation or breach of terms of this contract on the part of the Contractor or the Contractor's subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this contract. The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. Any violation or breach of terms of this contract of the Contractor or the Contractor's sub-contractors will be subject to the remedies, including liquidated damages, described in the RFP specifications or Request for Proposal and the Client rules and regulations and special conditions which are incorporated herein by reference in their entirety.

TERMINATION FOR CAUSE AND CONVENIENCE

(For all awarded contracts with a value greater than $10,000.00)

The Client reserves the right to terminate this contract for cause or convenience pursuant to the rules and regulations and special conditions which are incorporated herein by reference in their entirety.

EQUAL EMPLOYMENT OPPORTUNITY

(For all awarded contracts that meet the definition of "federally assisted construction contract" provided in 41 CFR Part 60-1.3) ***Contractor must complete enclosed certification***

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this non-discrimination clause.

2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

DAVIS-BACON ACT AND COPELAND "ANTI-KICKBACK" ACT

(The Davis-Bacon Act only applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. It DOES NOT apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.

1. ***Minimum wages***.

i. All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 193 7 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage dete1mination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1 (b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(l)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(l)(ii) of this section) and the Davis Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

ii. (A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination, and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

2) The classification is utilized in the area by the construction industry; and

3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their

representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D)The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(l)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

i. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

ii. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. ***Withholding.***

The Federal Agency and/or Client shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 193 7 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. ***Payrolls and basic records.***

i. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section l (b) (2) (B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(l)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section l(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

ii. (A) The contractor shall submit weekly for each week in which any contract work is performed a copy of

all payrolls to the federal agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the federal agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee *(e.g.,* the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at *http://www.dol.gov/esa/whd(forms/wh347instr.htm* or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the federal agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the federal agency, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

1) That the payroll for the payroll period contains the information required to be provided under §5.5 (a) (3) (ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a) (3) (i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

i. The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the federal agency or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. ***Apprentices and trainees.***

i. ***Apprentices.*** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship

program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

ii. ***Trainees.*** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

iii. ***Equal employment opportunity.*** The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

5. ***Compliance with Copeland Act requirements.***

The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

6. ***Subcontracts.***

The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a) (l) through (10) and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

*7. **Contract termination: debarment.***

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

*8. **Compliance with Davis-Bacon and Related Act requirements.***

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

*9. **Breach.***

A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

*10. **Disputes concerning labor standards.***

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

*11. **Certification of eligibility.***

1) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis Bacon Act or 29 CFR 5.12(a)(l).

2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(l).

3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

(For all awarded contracts related to "mechanics and laborers" with a value greater than $100,000.00)

1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime

wages required by the clause set forth in paragraph (b)(1) of this section.

3) **Withholding for unpaid wages and liquidated damages.** The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

(This requirement **does not apply** to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households - Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement." If FEMA federal award meets definition of "funding agreement" under 37 CFR §401.2(a), for all awarded contracts related to experimental, developmental, or research work type contracts)

(a) Definitions

(1) *Invention* means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of *et seq.).*

(2) *Subject invention* means any invention of the *contractor* conceived or first actually reduced to practice in the performance of work under this *contract,* provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 240l (d)) must also occur during the period of *contract* performance.

(3) *Practical Application* means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) *Made* when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) *Small Business Firm* means a small business concern as defined at section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3- 12, respectively, will be used.

(6) *Nonprofit Organization* means a university or other institution of higher education or an organization of the type described in section 501 (c) {3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(b) Allocation of Principal Rights

The *Contractor* may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the *Contractor* retains title, the Federal government shall have a nonexclusive, non-transferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(c) Invention Disclosure, Election of Title and Filing of Patent Application by *Contractor*

(1) The *contractor* will disclose each subject invention to the *Federal Agency* within two months after the inventor discloses it in writing to *contractor* personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the *contract* under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the *agency,* the *Contractor* will promptly notify the *agency* of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the *contractor*.

(2) The *Contractor* will elect in writing whether or not to retain title to any such invention by notifying the *Federal agency* within two years of disclosure to the *Federal agency.* However, in any case where publication, on sale or public use has initiated the one-year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the *agency* to a date that is no more than 60 days prior to the end of the statutory period.

(3) The *contractor* will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The *contractor* will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may, at the discretion of the *agency,* be granted.

(d) Conditions When the Government May Obtain Title

The *contractor* will convey to the *Federal agency,* upon written request, title to any subject invention-

(1) If the *contractor* fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the *agency* may only request title within 60 days after learning of the failure of the *contractor* to disclose or elect within the specified times.

(2) In those countries in which the *contractor* fails to file patent applications within the times specified in (c) above; provided, however, that if the *contractor* has filed a patent application in a country after the times specified in (c) above, but prior to its receipt of the written request of the *Federal agency,* the *contractor* shall continue to retain title in that country.

(3) In any country in which the *contractor* decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to *Contractor* and Protection of the *Contractor* Right to File

(1) The *contractor* will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the *contractor* fails to disclose the invention within the times specified in (c), above. The *contractor's* license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the *contractor* is a party and includes the right to grant sublicenses of the same scope to the extent the *contractor* was legally obligated to do so at the time the *contract* was awarded. The license is transferable only with the approval of the *Federal* to which the invention pertains.

(2) The *contractor's* domestic license may be revoked or modified by the *funding Federal agency* to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and *agency* licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the *contractor* has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may

be revoked or modified at the discretion of the *funding Federal agency* to the extent the *contractor,* its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the *funding Federal agency* will furnish the *contractor* a written notice of its intention to revoke or modify the license, and the *contractor* will be allowed thirty days (or such other time as may be authorized by the *funding Federal agency* for good cause shown by the *contractor)* after the notice to show cause why the license should not be revoked or modified. The *contractor* has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and *agency* regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(f) *Contractor* Action to Protect the Government's Interest

(1) The *contractor* agrees to execute or to have executed and promptly deliver to the *Federal agency* all instruments necessary to

(i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the *contractor* elects to retain title, and

(ii) convey title to the *Federal agency* when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The *contractor* agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the *contractor* each subject invention made under *contract* in order that the *contractor* can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by (c) (l), above. The *contractor* shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The *contractor* will notify the *Federal agency* of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The *contractor* agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the *contract)* awarded by (identify the Federal agency). The government has certain rights in the invention."

(g) Subcontracts

(1) The *contractor* will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work. The subcontractor will retain all rights provided for the *contractor* in this clause, and the *contractor* will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) In the case of subcontracts, at any tier, when the prime award with the Federal agency was a contract (but not a grant or cooperative agreement), the *agency,* subcontractor, and the contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Federal agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (i) of this clause.

(h) Reporting on Utilization of Subject Inventions

The *Contractor* agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the *contractor* or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the contractor, and such other data and information as the

agency may reasonably specify. The *contractor* also agrees to provide additional reports as may be requested by the *agency* in connection with any march-in proceeding undertaken by the *agency* in accordance with paragraph (i) of this clause. As required by 35 U.S.C. 202(c) (5), the *agency* agrees it will not disclose such information to persons outside the government without permission of the *contractor*.

(i) Preference for United States Industry

Notwithstanding any other provision of this clause, the *contractor* agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the *Federal agency* upon a showing by the *contractor* or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights

The *contractor* agrees that with respect to any subject invention in which it has acquired title, the *Federal agency* has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the *agency* to require the *contractor,* an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the *contractor,* assignee, or exclusive licensee refuses such a request the *Federal agency* has the right to grant such a license itself if the *Federal agency* determines that:

(1) Such action is necessary because the *contractor* or assignee has not taken or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the *contractor,* assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the *contractor,* assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k)Special Provisions for *Contracts* with Nonprofit Organizations

If the *contractor* is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the *Federal agency,* except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the *contractor;*

(2) The *contractor* will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the *contractor* with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the *contractor* determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the *contractor* is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the *contractor.* However, the *contractor* agrees that the Secretary applicants, and the *contractor* will negotiate changes to its licensing policies, procedures, or practices with the Secretary when the Secretary's review discloses that the *contractor* could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

BYRD ANTI-LOBBYING AMENDMENT

(For all awarded contracts with a value greater than $100,000.00.) ***Contractor must complete enclosed certification***

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended) Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

The Contractor certifies, to the best of his or her knowledge and belief that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) Contractor will include language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of $150,000.00 shall certify and disclose accordingly.

PROCUREMENT OF RECOVERED MATERIALS

(The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40

C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.)

(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired:

   a) Competitively within a timeframe providing for compliance with the contract performance schedule;

   b) Meeting contract performance requirements; or

   c) At a reasonable price.

(2) Information about this requirement is available at EPA's Comprehensive Procurement Guidelines website, http://www.epa.gov/cpg/.

   The list of EPA-designate items is available at http://www.epa.gov/cpg/products.htm.

(3) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the "Solid Waste Disposal Act."

ACCESS TO RECORDS

The following access to records requirements apply to this contract:

(1) The Contractor agrees to provide the Client, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making

audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the Client and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

CHANGES

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

DHS SEAL, LOGO, AND FLAGS

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

NO OBLIGATION BY FEDERAL GOVERNMENT

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

PROHIBITION ON CONTRACTING FOR COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES

2 C.F.R. § 200.216, as implemented by FEMA Policy 405-143-1, prohibits the Contractor from using equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate and to the extent consistent with law, the Contractor agrees, to the greatest extent practicable, prefer the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

AFFIRMATIVE SOCIOECONOMIC STEPS

If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

COPYRIGHT AND DATA RIGHTS

"License and Delivery of Works Subject to Copyright and Data Rights"

The Contractor grants to the Client a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the Client or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the Client data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the Client."

BYRD ANTI-LOBBYING CERTIFICATION

Certification for Contracts, Grants, Loans, and Cooperative Agreements-The undersigned certifies, to the best of his or her knowledge and belief, that:

1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor **(CorrHealth)** certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

1. EQUAL EMPLOYMENT OPPORTUNITY (Equal Opportunity Clause)
(For all awarded contracts that meet the definition of "federally assisted construction contract" provided in 41 CFR Part 60-1.3)

During the performance of this contract, the contractor agrees as follows:

1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

   Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or order this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

SECTION 3. PROPOSAL SUBMISSION INSTRUCTIONS AND SPECIAL REQUIREMENTS

The following requirements and instructions **supersede** General Requirements where applicable.

3.1. SUBMISSION OF PROPOSAL

Each Respondent shall ensure that required parts of the RFP response are completed with accuracy and submitted as per the requirements within this specifications packet, including any addenda.

Respondent is responsible for submitting: One (1) original and five (5) response copies; with all copies to include a completed copy of this specifications packet, in its entirety.

The County requests that response submissions NOT be bound by staples or glued spines.

Respondent shall monitor the Jefferson County Purchasing Department Website for any addenda, additional instructions, or RFQ updates. https://www.co.jefferson.tx.us/Purchasing/

Failure to return all required documentation will result in a response being declared as non-responsive.

Reponses must be submitted in complete original form by mail or messenger to the following address:

Jefferson County Purchasing Department
1149 Pearl Street, 1st Floor
Beaumont, TX 77701

Respondent shall submit response in a tightly sealed opaque envelope or box, plainly marked "SEALED RFP RESPONSE." The outside of the envelope of box shall also include the RFP Number, RFP Name, RFP Due Date, and the Respondent's Name and Address; and shall be addressed to the Purchasing Agent.

All submissions must be received by 11:00 am CT, Wednesday, November 30, 2022

Late responses will not be accepted and will be returned unopened to the Respondent.

Jefferson County will not accept any responsibility for responses being delivered by third party carriers.

RFP responses will be accepted at the above address until the time and date specified herein, and immediately after will be publicly opened and read aloud.

Jefferson County shall not be responsible for any effort or cost expended in the preparation of a response to this RFP.

All responses submitted in response to this invitation shall become the property of Jefferson County and will be a matter of public record available for review.

All protests should be coordinated through the Purchasing Office prior to award recommendation to Commissioners' Court.

Please direct questions to Mistey Reeves, Assistant Purchasing Agent at 409-835-8593 or e-mail at: mreeves@co.jefferson.tx.us.

Courthouse Security:

All visitors to the Courthouse must pass through Security. Respondents planning to hand deliver proposals must allow time to get through Security, as a delay in entering the Courthouse will not be accepted as an excuse for late submittal. Mondays and Tuesdays are particularly heavy days.

In response to the Covid-19 pandemic, Jefferson County will be implementing precautionary measures as currently recommended by the CDC within its facilities.

Respondents are strongly urged to plan accordingly.

COUNTY HOLIDAYS (2022)

January 17, 2022	Martin Luther King, Jr. Day	Monday
February 21, 2022	President's Day	Monday
April 15, 2022	Good Friday	Friday

December 23 & 26, 2022	Christmas	Friday & Monday
January 2, 2023	New Year's	Monday

Submissions During Time of Inclement Weather, Disaster, or Emergency:

In case of inclement weather or any other unforeseen event causing the County to close for business on the date of a bid/proposal/statement of qualifications submission deadline, the RFQ closing will automatically be postponed until the next business day that County offices are open to the public. Should inclement weather conditions or any other unforeseen event cause delays in courier service operations, the County may issue an addendum to all known vendors interested in the project to extend the deadline. It will be the responsibility of the vendor to notify the county of their interest in the project should these conditions impact their ability to submit a bid/proposal/statement of qualifications submission before the stated deadline. The County reserves the right to make the final judgement call to extend any deadline.

Should an emergency or unanticipated event interrupt normal County processes, and bid/proposal/statement of qualifications submissions cannot be received by the Jefferson County Purchasing Department's office by the exact time specified in the RFQ and urgent County requirements preclude amendment to the RFQ, the time specified for receipt of Statements of Qualifications will be deemed to be extended to the same time of day specified in the solicitation on the first business day on which normal County processes resume.

Please note:
The above schedule of events is *tentative* in nature. Dates listed are subject to change.

SECTION 4. PROPOSAL FORMAT REQUIREMENTS

4.1 INTRODUCTION TO PROPOSAL FORMAT REQUIREMENTS

Each proposal submitted in response to this RFP must be organized to correspond with those numbered sections of this RFP that require a response. Failure to arrange the proposal as requested may result in the disqualification of the proposal. Conciseness and clarity of content are emphasized and encouraged. Vague and general proposals will be considered non-responsive, and will result in disqualification. The response must be complete. Failure to provide the required information may result in the disqualification of the proposal. All pages of the proposal must be numbered and the proposal must contain an organized, paginated table of contents corresponding to the sections and pages of the proposal.

The County requests that proposal submissions NOT be bound by staples or glued spines.

4.2 ORGANIZATION OF PROPOSAL CONTENTS

Each proposal must be organized in the manner described below:

A. Transmittal Letter

B. Table of Contents

C. Executive Summary

D. Proposer Identifying Information

E. Proposer Personnel and Organization

F. Cost Proposal Form (PAGE 49)

G. Copy of RFP Specifications and any Addenda in their entirety.
(Note: All forms should be completed, and any information requested should be inserted/included)

4.3 TRANSMITTAL LETTER

The Proposer must submit a transmittal letter that identifies the entity submitting the proposal, and includes a commitment by that entity to provide the services required by the County. The transmittal letter must state that the proposal is valid for **(90)** days from the deadline for delivery of proposals to the County. Any proposal containing a term of less than **(90)** days for acceptance will be rejected as non-responsive.

The transmittal letter must be signed by a person legally authorized to bind the Proposer to the representations in the response. In the case of a joint proposal, each party must sign the transmittal letter. The Proposer also must indicate, in its transmittal letter, why it believes that it is the most qualified Proposer to provide the services described in this RFP.

The transmittal letter must include a statement of acceptance of the terms and conditions of the contract resulting from this RFP. If Proposer takes exception to any of the proposed terms and conditions stated in this RFP, those exceptions must be noted in the transmittal letter. However, Proposer must realize that failure to accept the terms specified in this proposal may result in disqualification of the proposal.

4.4 TABLE OF CONTENTS

Each proposal must be submitted with a table of contents that clearly identifies and denotes the location of each title and subtitle of the proposal. Additionally, the table of contents must clearly identify and denote the location of all enclosures of the proposal. The table of contents must follow the RFP's structure as much as is practical.

4.5 EXECUTIVE SUMMARY

The Proposer must provide an executive summary of its proposal that asserts that the Proposer is providing in its response all of the requirements of this RFP. The executive summary must not exceed three (3) pages, and must represent a full and concise summary of the contents of the proposal. The executive summary must not include any information concerning the cost of the proposal. The Proposer must identify any services that are provided beyond those specifically requested. If the Proposer is providing services that do not meet the specific requirements of this RFP, but in the opinion of the Proposer are equivalent or superior to those specifically requested, any such differences must be noted in the executive summary. However, the Proposer must realize that failure to provide the services specifically required may result in disqualification of the proposal.

4.6 PROPOSER IDENTIFYING INFORMATION

Proposers must provide the following identifying information with their proposal submission:

a. Name and address of business entity submitting the proposal;

b. Type of business entity (i.e., corporation, partnership);

c. Place of incorporation, if applicable;

d. Name and location of major offices and other facilities that relate to the Proposer's performance under the terms of this RFP;

e. Name, address, business and fax number of the Proposer's principal contact person regarding all contractual matters relating to this RFP;

f. The Proposer's Federal Employer Identification Number, Jefferson County Vendor Number and Jefferson County Business License Number, if any;

g. Full name and address for each member, partner, and employee of the Proposer (and any subcontractors) who will perform services on this project; and

h. A statement regarding the financial stability of the Proposer, including the ability of the Proposer to perform the functions required by this RFP and to provide those services represented by the Proposer in its response.

4.7 PROPOSER'S PERSONNEL AND ORGANIZATION

The Proposer must provide resumes of all key personnel that will be involved in performing the project, and must provide for each person:

a. Full name (including full middle name);

b. An employment history;

c. A specific description of relevant experience and skills that person has in connection with the conduct of financial advisory services that is the subject of this RFP (limit one page);

d. A specific indication of what role the individual will have in this project; and

e. Any additional helpful information to indicate the individual's ability to aid the Proposer in successfully performing the work involved in this RFP (limit to one page).

The resumes must present the required personnel in sufficient detail as to provide the County an indication that the personnel involved can perform the work specified in this RFP. All proposed personnel will be subject to the County approval.

Jefferson County is committed to using the selected Performance Review Company according to reasonable and well-planned timeframes, to the extent possible. Jefferson County is committed to making available its personnel in a similar manner to enable the Performance Review team able to perform its duties in a timely basis.

Each Proposer is required to make a statement as to the availability of key personnel to Jefferson County when required. The key personnel who are to work on this project, identified in the proposal as such, are considered to be essential to the services to be provided. No substitutions of key personnel following contract award will be made without the prior written consent of Jefferson County Commissioners' Court. All requested substitutes must be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

Each of the successful Proposer's personnel is subject to removal from this project by Jefferson County Commissioners' Court. In addition, if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

If applicable, each Proposer must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project. The hours each of the key personnel and other staff members are projected to work on the project.

Each Proposer must provide any equipment, software, or data communication lines required by the successful Proposer's personnel to complete the work specified in this document. Each Proposer also must identify any personnel related through blood or marriage to the County or to any current employee of the County.
Each Proposer must provide an organizational chart covering the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. The Proposer must assign a contact person to the project.

Failure by Proposer to include all listed items within these RFP specifications may result in the rejection of proposal by the County.

PROJECT OBJECTIVE AND SCOPE OF SERVICES

Scope of Services

The information provided in this RFP package has been taken from data available and is believed to be reasonably accurate. Offerors are requested to personally verify data wherever possible and to ask for any other information needed for the preparation of their response to the RFP.

Compliance with State and Federal Laws and Regulations: The Contractor shall keep fully informed on all federal and state laws, all local laws and regulations, and all orders and decrees of bodies or tribunals having any jurisdiction or authority which in any manner affect those engaged or employed in providing the services required under its contract with Jefferson County. The Contractor shall at all times observe and comply with all such laws, including, but not limited to, the Civil Rights Act of 1964, The Americans With Disabilities Act of 1990, Fair Labor Standards Act of 1938, applicable provisions of OSHA regulations, PREA, and all other pertinent state and federal laws, and all county and local laws, ordinances, regulations, orders and decrees in force at the time of award.

The statistical data, other than inmate population numbers, has been calculated using data provided by the current contracted vendor. Jefferson County is not responsible for any discrepancies in the data that was provided to the County

Objective: The Commissioners' Court of Jefferson County, Texas, and the Office of the Sheriff of Jefferson County, have as their goal the establishment of a program that provides good quality medical, mental health, dental and other health care services for the inmates of JCCF in Beaumont, Texas. Further, their goal is to provide such care in a cost-efficient manner, with knowledgeable administrative and clinical professionals, supported by competent staff, working under a health care system that provides all the elements required for recognition as a correctional health care program that meets community, state and national standards. To that end, the Commissioners' Court and the office of the Sheriff of the County have undertaken the solicitation of proposals to contract for such health care services for the inmates of JCCF, Beaumont, Texas.

Description of Jail: Jefferson County Correctional Facility (JCCF) was opened in January 1992. The facility is a combination of minimum, medium and maximum security housing. Management style is direct supervision. There are a total of 1,268 beds. The infirmary houses 24 inmates in two wards and there are 8 isolation cells. The maximum security units also have 12 isolation cells. The average daily population from April 2021 to March 2022 was 909. This facility has 25-30 inmates that participate in a work release program. These inmates leave the facility to work in the community.

The medical unit at JCCF is relatively spacious and provides a pleasant working environment. It has approximately 7,000 square feet of space that includes a waiting room, 3 exam rooms, a dental operatory, supply room, 3 offices, medication room, nursing station, medical records room, two 12-bed wards (each with a washroom, laundry, storage, toilets, lockers and hall space), and 8 medical isolation cells. The exam rooms contain basic equipment.

Current Contractor: All health care services at JCCF, on-site and off-site, are currently furnished under a contract with CorrHealth, LLC, a private health care contract provider. The current contract was entered into on April 10, 2018. The initial term was to end April 8, 2020. The agreement was renewed for 2 years, with an additional month to month contract amendment March 15, 2022.

4. Contractor will supply at its expense, all other supplies required to carry out its performance. Said supplies will include, but not be limited to, forms (there are five forms required by JCCF that will be provided by the County), books, medical record folders and forms, all pharmaceuticals (prescription and non-legend), including HIV medications, PPD., prosthetics (e.g., dentures, eyeglasses, artificial limbs), hand instruments, needles and sharps, special medical items (e.g., wheelchairs, if cost is under $500, trusses, crutches), testing devices, containers and clinical waste receptacles, inmate information materials, gloves and coverings, disinfectants, manuals, aprons and health service personnel outer-wear (e.g., disposable clothing, if used) in accordance with NCCHC Guidelines.
5. The Contractor will supply at its expense on-site office equipment it needs such as copiers, fax machines, calculators, additional telephones, answering machines, ordinary computer equipment. This equipment is the property of the Contractor and must be maintained and repaired at the Contractor's expense.
6. The Contractor shall provide adequate equipment and supplies to meet the needs of the program. Contractor will be responsible for all repairs and maintenance of all medical equipment used towards the fulfillment of this Agreement. Contractor shall be responsible for purchasing and stocking all medical and pharmaceutical supplies for the routine and specialty care of all inmates. All remaining supplies shall become the property of JCCF at the termination of the Contract.
7. Equipment and Supplies Remain Property of the County: All equipment purchased by the County under the contract shall be the property of the County and shall remain on site at the termination of the contract. All supplies, including pharmaceuticals, purchased for use in the performance of the contract, shall be the property of the County and shall remain on site at the termination of the contract.

8. Placing Purchased Item in Correct Category: In the event it isn't clear whether an item fits under the category of "equipment" or "supply", and there is a difference of opinion as to its appropriate category, the amount of its net purchase price shall be the determinate factor, to wit: if in excess of $500, the item shall be deemed "equipment"; if $500 or less, the item shall be deemed "supply".

Records and Documentation Remain the Property of the County: All medical and other records, policies and procedures, manuals, instructional books, orientation, and continuing education records and materials, and documentation of every sort, developed for or used in the operation of the health care program under the contract, shall be the property of the County and, at the termination of the contract, remain the property of the County.

1. Contractor must provide Electronic Medical Records (EMR) that meets all NCCHC, ACA, Texas Jail Standards and any standard that may apply. The system must be fully integrated and bridge with the counties current jail management system. The EMR shall include medication administration, utilization management, discharge planning, tracking of inmate grievances, tracking of off-site appointments, ability to track inmate fees, ability to track dental, mental health, chronic care, and other services. The EMR must be able to generate daily, weekly, and monthly reports as needed. The Contractor must agree to give the County all medical records in a digitized stand-alone form upon termination of the contract. The contractor shall be responsible for implementing the EMR upon acceptance of this contract.
2. The Contractor shall ensure that accurate, comprehensible, legible, up-to-date medical information is maintained on each inmate under Contractor's care. Ensure that confidential, complete and well-organized medical records are maintained for infirmary in-patient and clinic ambulatory care, and that these records include, among other detail, information with respect to mental health, dental care, hospital in-patient and emergency care, laboratory and radiological services, medication administration records and medical specialty encounters. The Contractor shall be the keeper of inmate medical records (active and inactive) throughout the term of the contract and shall adhere to State laws and regulations governing the management of medical records. At the end of the contract, all medical records will become the property of JCCF. All medical records will be available for review by administrative staff of JCCF at any time. Inmate medical records shall be maintained separately from the correctional file, and the confidentiality and security of medical records shall be maintained at all times, under applicable State and Federal statutes and regulations, and under local court rules. The Contractor shall comply with the State's statute regarding retention of health records.
3. The Contractor shall complete a Texas Uniform Health Status Update form for all inmates transferred to other correctional facilities from JCCF.

Services and Administration: The Contractor is to establish a program for the provision of comprehensive health care services for JCCF. The program is to meet constitutional and community standards and, as a minimum, meet the standards of the National Commission on Correctional Health Care and standards of the Texas Jail Commission. Included and generally described below are features of the program. Said inclusion is not to indicate any limitations of the program, but is intended only as a general description of some of the program's contents.

1. The development, maintenance and annual review of administrative and operational policies and procedures, and such other manuals and documents that help guide staff in providing quality care in an effective and efficient manner. The County reserves the right to approve policies and procedures of the Contractor. The policies and procedures shall be designed to meet NCCHC and Texas Jail Standards. The Jefferson County Correctional Facility is currently NCCHC accredited.
2. The Contractor shall coordinate, with a Jail Administrator, meetings to discuss health care services. Minutes or summaries shall be maintained and distributed to attendees with copies retained for future reference. The provision for monthly health service staff meetings to include medical, dental,

and mental health, to ensure good communication within health services, and the documentation of such meetings.

3. The Contractor shall prepare and participate in external reviews, inspections and audits as requested and shall participate in the preparation of responses to critiques. The Contractor shall develop and implement plans to address/correct identified deficiencies.
4. Statistical reports and incident reports shall be submitted to the Jail Administrator monthly. The Health Administrator and Jail Administrator will review incident reports at least quarterly. Incidents involving serious consequences, such as an inmate death, are to be reported to the Jail Administrator immediately.
5. The establishment of a continuous quality improvement committee. The Contractor shall develop and implement a plan to monitor services through quality assurance reviews and inspections.
6. The Contractor shall include regular chart review by physicians of outpatient and inpatient medical records. Chart reviews, deliberations and actions taken as a result of reviews should be documented.
7. The Contractor shall establish a utilization review program for the review and analysis of the utilization of off-site referrals including subspecialty and inpatient stays. The program shall include non-urgent hospitalization, pre-certification, urgent hospital certification, concurrent review, prospective denial, discharge planning, and prior authorization of targeted procedures, e.g., MRI and CAT scans. The utilization management program shall demonstrate that the use of outside service has been appropriate (medically indicated) and that the length of stay, if applicable is neither longer nor shorter than medically indicated.
8. The Contractor shall indicate its risk management plan and discuss its procedures for dealing with critical incidents. The Contractor shall be responsible for establishing and providing evidence of a formal mortality review process.
9. The Contractor shall implement a pharmacy and therapeutic committee which shall be responsible for additions, deletions to formulary, monitoring usage of pharmaceuticals including psychotropic and identifying prescribing patterns of practitioners. Quarterly written consultation reviews of the pharmacy by a consultant pharmacist shall be required. The Contractor shall utilize a local pharmacy agreement for providing STAT medication orders.
10. The establishment of an infection control activity that monitors the incidence of infectious and communicable disease, seeks to prevent their incidence and spread, and provides for the care and treatment of inmates so infected. Reporting of infections must be in accordance with local and state laws. The program must be in compliance with CDC and OSHA regulations.
11. Within the parameters of its contractual authority evidence of the maintenance of a safe and sanitary jail environment, the Contractor shall make provision for collection, storage, and removal of medical waste and sharps containers in accordance with state and federal regulations.
12. The Contractor is responsible for the costs of removal and disposal, including all necessary supplies. The Contractor shall comply with the policies and procedures to be followed in dealing with inmate complaints regarding any aspect of the health care delivery system. The Contractor shall maintain monthly statistics of grievances filed i.e. those with and without merit. All grievance procedures shall be in accordance with County regulations. The County reserves the right to review any inmate complaints and review the Contractor's actions. The Contractor must implement the County's recommendations in disputed cases.
13. The Contractor shall hire all employees necessary for the performance of this Agreement. The Contractor agrees to initially consider for employment individuals who are currently assigned to work for Health Services at JCCF, as of the date of this proposal. Initial and continued employment of staff and subcontractors shall be subject to approval of the County. All persons employed by the Contractor will be employees of the Contractor and not Jefferson County.
    a. Assurance that all health care services personnel meet current licensure, certification or registration as required in the community. Copies of all current nursing and physician licenses shall be kept on file in the administrator's office. Licensure of all subcontractors

and contract employees shall be kept on file in the administrator's office. The files shall be made available to the Jail Administrator when requested.

b. The Contractor, in performing work required by this Agreement, shall not discriminate against any employee or applicant for employment or violate any federal, state, or local laws.
c. The County reserves the right to prohibit any of the Contractor's employees and/or independent contractors from performing service with regard to this Agreement.
d. All personnel shall be required to pass a background investigation conducted by the Sheriff's Office for initial and/or continued employment. Additionally, all personnel performing on-site services may be required to undergo a urinalysis or blood test if there is reason to believe that they are under the influence of alcohol or other substances of abuse.
e. All personnel shall comply with current and future state, federal, and local laws and regulations, court orders, administrative directives, institutional directives, NCCHC standards, and policies and procedures of the County and JCCF.
f. The Contractor shall provide the names of corporate or regional management personnel assigned to this contract. A resume of the regional manager shall be included with this proposal. Any replacement personnel shall be subject to approval of the County.
g. The Contractor shall notify and consult with the Jail Administrator prior to discharging, removing, or failing to renew contracts of professional staff.
h. The Contractor shall provide job descriptions for all areas of health staff employment and that staff are adequately oriented to their tasks
i. The Contractor shall ensure that there are sufficient numbers and appropriate levels of staff to perform all the requirements for conducting an effective, efficient and quality health services program. The Contractor is to indicate in its proposal, the range and scope of the responsibilities and activities of these two positions. The Contractor is also to indicate in its proposal, the levels, numbers and time to be spent on site for all staff positions. The medical director or designee shall be on call 24 hours per day.
j. The Contractor ensures that infirmary care is supervised by a full-time RN, has adequate staff coverage, maintains separate charting and is provided in a setting that meets standards. Nursing rounds and documentation of nursing rounds in inmate's medical record will be done on every shift for all inmates housed in the infirmary for medical reasons.
k. Contractor shall make every attempt to keep employee absenteeism or vacancy at an absolute minimum. All clinical positions shall be filled on all shifts including holidays. The Contractor shall specify how they intend to cover periods of absences caused by vacations, holidays and sick leave, and shall state what relief factor, if any, were computed into their staffing ratio. The Contractor should state whether positions in their proposal are to be covered by full or part time personnel. All full-time contractual staff shall be on-site for at least 40 hours per week. In the event the Contractor fails to fill any vacant position through employment, appointment, or contracting with a qualified person on a permanent or temporary basis (including the utilization of existing staff on an overtime basis at the expense of the Contractor at a period not to exceed thirty days) the Contractor shall issue a credit consisting of 150% of the hourly salary and fringe benefits for each position vacant for an accumulated period of 30 days or more until such time as the position is filled on a permanent basis to the County. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.
l. Contractor agrees that during the term of this contract, vacancy rates shall not exceed 10% for all disciplines or positions. If the vacancy rate for all positions exceeds 10% at any time, the contractor shall credit the County for the percentage above 10% of the total on site staffing cost for the period of time the vacancy rate remains above 10%. This credit is independent of and in addition to any credit due for an individual position that has been vacant for more than 30 days. (Example: If contract specifies a total of 24 FTE, at the point

there are 3 or more vacant positions, the contractor will have a vacancy rate of 12% and therefore would owe the county a credit of 2% of the total staffing cost beginning on the date of the third vacancy and lasting until one or more positions are filled.) The credited amount shall be approved by the Jail Administrator. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.

m. Contractor will maintain a record of employee absenteeism and position vacancy. The record will include position and number of hours missed or days position vacant. Record may be reviewed by County Staff and/or Jail Administrator at any time.
n. The provision and record of ongoing and continuing education for health service personnel and the provision of assistance to Administration in the training (such as CPR, First Aid, and Suicide Prevention) of non-health service staff.

14. In the event of an increase or decrease in inmate population, a per diem will be applied. No per diem will be applied until the population increases to 1000 for three (3) consecutive months. For the purposes of calculation of the population, the average daily population will be averaged over a monthly period to determine the population to be used for billing purposes. Similarly, should the population fall below 800 for three (3) consecutive months; the per diem per inmate will be credited to the County and reduced from the total monthly billing. Should the population exceed 1000 inmates or fall below 800 inmates for three (3) consecutive months or more, Contractor reserves the right to negotiate with Jefferson County for changes in staff as agreed to by both parties and the subsequent compensation or reduction for the staffing changes.
15. Contractor will ensure adequate and appropriate medications are on hand or available in timely manner to insure the health of inmates is not compromised, and that all pharmaceutical and medical supplies on site are maintained, dispensed, and distributed under good pharmaceutical practices.
    a. Contractor will provide all reasonable and medically necessary medications, prescription and non-prescription including IV solutions, mental health medications, and HIV medications.
    b. The Contractor shall make provisions for on-site delivery of medications to inmates seven days per week and on-site STAT dose capability for emergencies. Medications are to be administered to inmates in their prospective housing areas. Inmates' medications will be administered on a consistent schedule whenever possible. Contractor shall provide, furnish, and supply pharmaceuticals and drugs to JCCF using a blister pack form of packaging.
    c. Contractor shall include a Medication Administration Record to include all information contained on the prescription label.
    d. JCCF sells some non-prescription items through the Commissary.
16. That inmates are screened by an EMT-P, EMT-I, or nurse for medical, dental and mental health problems immediately upon arrival to JCCF and prior to housing. The total book-ins processed from April 2021 through March 2022 was 9,197. Through the EMT-P, EMT-I, or nurse stationed at the booking area, Contractor shall refuse to admit to JCCF any inmate who displays signs of needing imminent health care and/or mental health care due to untreated injury, illness, communicable disease, and mental health issue until that inmate has been treated and stabilized at a hospital emergency room. In the event the Contractor fails to exercise this option, the Contractor will assume treatment of said inmate within the limits of this Agreement. After an inmate has received treatment and been stabilized at a hospital emergency room for the injury, illness, communicable disease, or mental health issue for which he/she was previously rejected for admission to the jail, and law enforcement personnel present evidence of such treatment to Contract personnel, that inmate shall be admitted to the jail and Contractor shall assume treatment of said inmate within the limits of this Agreement.
    a. Nursing staff shall be expected to review the findings of the receiving screening on a daily basis. An explanation of procedures for accessing medical care shall be provided to inmates orally and in writing upon their arrival to JCCF.

17. The Contractor shall ensure that there is a mechanism for the medical, dental, and mental health assessments within 14 days of admission into the system, and yearly thereafter, in accordance with NCCHC standards. The 14 day full health assessment must include the following:
    a. Review of the receiving screening,
    b. Complete history and physical examination,
    c. Recording of vital signs, height, and weight,
    d. Mental health evaluation,
    e. Vision and hearing screening,
    f. Laboratory test including VDRL, and other diagnostic tests as clinically indicated,
    g. Review of the results of the health appraisal by a physician, and
    h. Initiation of therapy, when appropriate.
18. The Contractor must provide the following dental services on-site:
    a. Prevention of dental disease and oral hygiene education,
    b. Dental treatment of acute dental problems such as severe pain, infections, bleeding, or repair of broken dental prosthesis, if necessary for eating,
    c. Referral to a dental specialist if needed, and
    d. Provision for emergency care.
19. The Contractor ensures that inmate health care services are accessible and available through sick call system and through follow-ups that, when appropriate, include referral to medical, dental, and mental health specialties in accordance with NCCHC guidelines.
20. The Contractor shall conduct nurse sick call seven days a week including holidays. The physician, NP, or PA coverage shall consist of sick call a minimum of 5 days per week. A physician will be on call 24 hours a day, seven days a week. In conducting these clinics, health care staff shall utilize triage protocols and shall ensure all appropriate follow-up care is provided. Sick call requests are to be screened within 24 hours of their submission. All inmates are to be seen at sick call within 48 hours of their submission of a request for health services. Sick call shall be conducted on the day and/or evening shifts.
    a. Daily sick call shall be conducted in the Administrative Separation units as well. There shall be an assigned nurse in Administrative Separation units a minimum of 16 hours a day, seven days a week. Assessments will be done during Administrative Separation rounds, a minimum of three times a week to determine inmate's health status. A record of these Administrative Separation rounds as well as any clinical encounter will be noted in each inmate's medical record.
21. Contractor shall provide inmates with an opportunity for self-education regarding their personal health and well-being, and have the legal opportunity to be informed regarding treatment and the right to refuse care. Contractor shall operate on-site specialty clinics at JCCF which shall include but not be limited to, STD, HIV, TB and any other public health communicable disease (i.e. Covid, Influenza).
22. Contractor shall develop and implement a program for the care of chronic care inmates. The chronic care clinic provided shall entail the development of an individual treatment plan by the responsible physician specifying instructions on diet, medication, and diagnostic testing. Chronic care patients shall be provided a review by a physician minimally every three months.
23. The Contractor ensures that diagnostic, radiological, medical specialty, and emergency and in-patient hospital services and care are provided.
    a. The Contractor shall make referral arrangements with specialists for the treatment of those inmates with health care problems that may extend beyond the primary care services provided on-site. In the event there is a doubt among the medical staff as to whether an inmate needs to be referred off-site, the County has the authority to override the medical department's decision at any time. All referrals shall be coordinated with JCCF for security arrangements.

b. The Contractor shall be responsible for providing all supplies used or ordered by the specialist, including recommended prosthetics, braces, special shoes, glasses, dentures, hearing aids, orthopedic devices, etc.

24. The Contractor shall develop provisions for prenatal care. Prenatal care shall include but not be limited to: Routine urine testing for proteins and ketones, vital signs, assessment of fundal height and heart tone, dietary supplement, and observation of signs of toxemia. Prenatal care is currently provided by a local OGBYN for routine care. The following are the numbers of pregnant females in the past years.
    a. 122 Inmates: April 2018 – March 2019
    b. 139 Inmates: April 2019 – March 2020
    c. 68 inmates: April 2020 – March 2021
    d. 51 inmates: April 2021 – March 2022
25. The Contractor shall utilize on-site facility ancillary services to their fullest extent and shall be responsible for the costs of all on-site laboratory and x-ray services. All laboratory results will be communicated to the physician within 48 hours after receipt of test results to enable the physician to assess the follow-up care indicated and to screen for discrepancies between the clinical observations and laboratory results. The physician on-call will be notified immediately of all results of STAT ordered tests and abnormal reports. All routine x-rays shall be provided on-site at the facility by utilizing mobile x-ray services. X-rays shall be read by a Board Certified or eligible radiologist and taken by a registered technician. Contractor shall ensure that results are reported to the medical department within 24 hours.
26. Contractor will provide toxicology screening and basic health lab screenings (CMP, CBC, Thyroid and Lipid) on site.
27. On site Dialysis is preferred.
28. The Contractor shall provide emergency medical services on-site 24 hours per day, seven days per week. Arrangements must be made for required emergency services beyond on-site capabilities with appropriate community resources. The Contractor shall be responsible for all emergency transportation including ambulance services.
    a. The Contractor will notify the shift supervisor immediately when an inmate needs off site emergency care.
    b. Contractor will be responsible for providing emergency treatment to visitors, staff, employees, or subcontractors of the County who become ill or are injured while on the premises. Treatment will consist of stabilization and referral to a personal physician or local hospital,
29. Contractor shall comply with the current JCCF disaster plan in the event of a man-made or natural disaster.
30. JCCF has implemented a co-pay program for health services.
31. The Contractor will be responsible for the detoxification of inmates withdrawing from drugs or alcohol. Inmates experiencing severe detoxification (overdose) or withdrawal shall be transferred to an emergency room. The following are the numbers of detoxification inmates in past years.
    a. 669 Inmates: April 2018 – March 2019
    b. 1,027 Inmates: April 2019 – March 2020
    c. 877 inmates: April 2020 – March 2021
    d. 467 inmates: April 2021 – March 2022
32. Contractor will perform pre-employment physicals for JCCF employees. The Contractor's physician will be responsible for obtaining a history and performing a physical for prospective employees of JCCF. The following are the number of physicals in past years.
    a. 48 physicals: April 2018 – March 2019
    b. 80 physicals: April 2019 – March 2020
    c. 45 physicals: April 2020 – March 2021
    d. 66 physicals: April 2021 – March 2022

33. TB testing will be provided for inmates and Annual TB testing will be provided for staff according the Texas Department of Health. Approximately 250 staff tests are done annually. Contractor will submit TB Plan to the Texas Department of Health annually.
34. Contractor will provide for mental health services which shall include as a minimum:
    a. Screening for mental health problems on intake as provided in NCCHC, ACA, and TCJS standards.
    b. Referral to the Contractor's psychiatrist for the detection, diagnosis, and treatment of mental illness.
    c. Crisis intervention and management of acute psychiatric episodes.
    d. Stabilization of the mentally ill and the prevention of psychiatric deterioration in the correctional setting.
    e. Facilitate an on-site approved Jail Competency Restoration Program.
    f. Assist in the referral and admission to licensed mental health facilities for inmates whose psychiatric needs exceed the treatment of the facility.
    g. Obtaining and documenting informed consent.
    h. Provide appropriate licensed mental health professionals to diagnose any inmates detected at booking of having a suspected mental illness and provide the necessary documentation to the court system of that diagnosis with 24 hours of an inmate's booking. This may be obtained from prior records if within one year of booking. This section is intended for compliance with Texas CCP 16.22.
    i. The Contractor shall ensure inmates referred outside of intake for mental health treatment receive a comprehensive evaluation by a licensed mental health professional. The evaluation shall be completed with three (3) days of the referral request date.
    j. The Contractor shall ensure that a minimum of three (3) qualified physicians meeting the requirements of Texas Health and Safety Code Chapter 574 are retained each month to provide the following services upon request of County regarding civil commitments: (1) review the files of, conduct interviews with and evaluate the condition of inmates who have been identified as proposed civil commitment patients; (2) complete Certificates of Medical Examinations and other necessary documents in a timely manner pursuant to the requirements of the Texas Health and Safety Code Chapter 574 and County; (3) be available to provide testimony in court in support of the Certificates of the Medical Examinations and other necessary documents.

Standards and Accreditation: Unless stated otherwise, health care services provided by the Contractor shall comply with applicable standards of the National Commission on Correctional Health Care (presently, Standards for Health Services in Jails, 2018). Accreditation is to remain in full effect during the term of this Agreement and any extensions thereof. The Contractor shall be responsible for the payment of all accreditation fees.

Alternates (Options): The Offeror is to specify in its proposal, any alternates it wishes to propose for consideration by the County. Each of these alternates should be sufficiently described and labeled within the proposal, and should indicate its possible or actual advantage to the program being offered. Any proposed decrease or increase in proposal price also should be stated. The name or title of the alternate and its effect on the base price should be restated in the "Price" section of the proposal.

Project Requirements

1. Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.
2. The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.
3. Offeror Experience
    a. The successful Offeror must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.
    b. The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.
    c. The Offeror must describe in detail the current and historical experience the Offeror and its subcontractors have that would be relevant to completing the project. The Offeror must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts, position and a telephone number.
    d. The description of experience must be detailed and cover all relevant contracts that the Offeror and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Offeror to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience. The Offeror must indicate whether the organizations so listed are included for the purpose of verifying the Offeror's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Offeror under the contract, and whether the Offeror was the contractor or subcontractor.
4. List all contracts lost or not renewed in the last five (5) years. Include a contact person and telephone number. Please provide a narrative describing reasons that contract(s) have not been renewed. Offeror must identify any contract(s) from which they have asked to be relieved or any contracts that have been canceled prematurely.
5. Provide a listing of fines uncured under contracts in other jurisdictions for non-performance of duties in whole or in part for the last five (5) years.
6. Provide a list of all litigation the service provider has been or is currently involved in during the last five years. Include a narrative describing all cases including cases that were settled and the amounts of settlement.
7. The Offeror must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Offeror also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.
8. Minimum Qualifications – To be considered for award of this contract, the Respondent **must** meet the following minimum qualifications.

a. The Offeror must be organized for the sole purpose of providing healthcare services, and have previous experience with proven effectiveness in administering correctional health care programs.
b. The Offeror must have at least five (5) continuous years of corporate experience in providing healthcare services at medical facilities. Emphasis will be place on those referenced medical/correctional facilities in the State of Texas.
c. The Offeror must operate in accordance with National Commission on Correctional Health Care (NCCHC) standards, American Correctional Association (ACA) standards and Texas Commission on Jail Standards.
d. The Offeror must demonstrate its ability to provide a health care system specifically for the Facility. It must demonstrate that it has the ability for a thirty (30) day start-up, which it has a proven system of recruiting staff and that it has an adequate support staff in its central office capable of competently supervising and monitoring its operation in the County.

Offeror Personnel and Organization

1. The Offeror must provide resumes of all key personnel that will be involved in performing the project, and must provide for each person:
    a. Full name (including full middle name);
    b. An employment history;
    c. A specific description of relevant experience and skills that person has in connection with the conduct of financial advisory services that is the subject of this RFP (limit one page);
    d. A specific indication of what role the individual will have in this project; and
    e. Any additional helpful information to indicate the individual's ability to aid the Offeror in successfully performing the work involved in this RFP (limit to one page).
2. The resumes must present the required personnel in sufficient detail as to provide the County an indication that the personnel involved can perform the work specified in this RFP. All proposed personnel will be subject to the County approval. (Exact on-site staff may not be known at time of proposal submittal and actual candidates will require pre-approval by the County) Key positions to be included are:
    a. Chief Executive and Chief Operating Officer
    b. Executive Vice President
    c. Area Vice President and/or Regional Manager/Supervisor with direct responsibility for contractual oversight and supervision of site Health Services Administrator
    d. Corporate Medical Director and/or Regional Medical Director with direct clinical oversight of the site Medical Director/site providers
    e. Site Medical Director (exact on-site staff may not be known at time of proposal submittal and actual candidates will require pre-approval by the County)
    f. Utilization Manager/Case Manager/UM contractor assigned to the site
    g. Site Health Service Administrator (H.S.A.)

3. Jefferson County is committed to using the selected Performance Review Personnel according to reasonable and well-planned timeframes, to the extent possible. Jefferson County is committed to making available its personnel in a similar manner to enable the Performance Review team able to perform its duties in a timely basis. Each Offeror is required to make a statement as to the availability of key personnel to Jefferson County when required.

4. The key personnel who are to work on this project, identified in the proposal as such, are considered to be essential to the services to be provided. No substitutions of key personnel following contract award will be made without the prior written consent of Jefferson County Commissioners' Court. All requested

substitutes must be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

5. Each of the successful Offeror's personnel is subject to removal from this project by Jefferson County Commissioners' Court. In addition, if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

6. If applicable, each Offeror must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project. The hours each of the key personnel and other staff members are projected to work on the project.

7. Each Offeror must provide any equipment, software, or data communication lines required by the successful Offeror's personnel to complete the work specified in this document. Each Offeror also must identify any personnel related through blood or marriage to the County or to any current employee of the County.

8. Each Offeror must provide an organizational chart covering the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. The Offeror must assign a contact person to the project.

Term

1. The contract resulting from this RFP will have an initial term period of two (2) years. Jefferson County may request to renew the original contract as amended from time to time, at the same terms, conditions, and pricing. Each renewal, if any, will be in one (1) year increments for three (3) additional years past the initial term. At the expiration of the initial term the parties may, at their independent discretion, agree to extend the contract for additional one (1) year terms.

2. This contract may be terminated by either party for any reason by giving sixty (60) days written notice of intent to terminate.

3. Modification of contract price shall be allowed only on the anniversary date of the contract. Prices throughout the initial two (2) year term shall remain firm/fixed. Written requests for price revisions after the second year shall be submitted in advance to the Jefferson County Sheriff's Office and Jefferson County Purchasing Department. Requests shall be based upon and include documentation of the actual change in cost of components involved in the contract. Price increase shall not include overhead or profit. The County reserves the right to reject any price increase and/or to terminate the contract.

4. An explanation of any and all costs the Offeror intends to pass-through to the County as part of their operational budget is required in the Offeror response. As this will be a cost plus management fee contract, all costs incurred by the County are to be transparent. Be aware that failure to include all costs in your proposal could be reason for contract termination.

6.1 OBJECTIVE OF PROPOSAL

Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.

The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.

6.2 PROPOSER EXPERIENCE

The Successful Proposer must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.

The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.

The Proposer must describe in detail the current and historical experience the Proposer and its subcontractors have that would be relevant to completing the project. The Proposer must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts and a telephone number. The description of experience must be detailed and cover all relevant contracts that the Proposer and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Proposer to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience

The Proposer must indicate whether the organizations so listed are included for the purpose of verifying the Proposer's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Proposer under the contract, and whether the Proposer was the contractor or subcontractor.

The Proposer must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Proposer also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

6.3 TYPE OF SERVICES PROVIDED BY PROPOSER

A. A description of services that may be utilized under this RFP includes:

1. Medical Care
2. Mental Health Care
3. Dental Care
4. Other Health Care Services

6.4 LAWS AND REGULATIONS

The Inmate Healthcare Firm(s) must comply with all laws, ordinances, and rules and regulations which govern the work specified in this contract.

SECTION 7. PROPOSAL EVALUATION AND SELECTION PROCESS

7.1 INTRODUCTION TO EVALUATION AND SELECTION PROCESS

THE PROPOSAL EVALUATION AND SELECTION PROCESS IS DETAILED IN THIS SECTION, AS ARE OTHER FACTORS, AND THE FORMAT IN WHICH THE COST RESPONSE OF EACH PROPOSAL MUST BE SUBMITTED.

7.2 COST PROPOSAL

The Proposer must utilize the form provided on **PAGE 49 of these specifications** in its submission of a cost proposal in response to this RFP. The Proposer must also include a pricing breakdown of personnel, pharmaceutical services, off-site services, laboratory services, ancillary services, supplies, etc. The cost proposal must be included in each copy of the proposal. Any reworked version of this provided form that is intended to be a substitute for **PAGE 49 of these specifications**, that is provided by a Proposer may be determined as non-responsive, and may result in the proposal's disqualification.

7.3 EVALUATION COMMITTEE

Because of the diversity of the departments and activities of the County, the Purchasing Agent will appoint the Evaluation Committee for this Request for Proposals. The Purchasing Agent may appoint a chairperson and no less than two (2) other members for the committee. Typically, the committee will consist of at least one professional in the task required, a person knowledgeable about procurement practices, and either a representative of the department requesting the project, or the department executing the project. However, this structure is not binding and subject to change at the discretion of the Purchasing Agent. Other members may be appointed to the Evaluation Committee as necessary and appropriate, but the total number of persons committee shall not exceed five (5) persons. Committee appointments shall be in writing and shall briefly describe the scope of the project and, if necessary, the primary disciplines required to accomplish the project in order to assist the committee in developing a list of firms that might best accomplish the work required. Committee membership and project requirements will vary from project to project. Therefore, a firm rated number one for one project could be considered not qualified or ranked lower on another project.

7.4. EVALUATION PROCESS

RFP Submittals that do not conform to the instructions or which do not address all the services as specified within this RFP specifications packet may be eliminated from consideration. However, Jefferson County reserves the right to accept such a submittal if it is determined to be in the best interest of the County.

While Jefferson County appreciates a brief, straight-forward, and concise reply; proposer must fully understand that the evaluation is based on the information provided. Accuracy and completeness are essential. Omissions, ambiguous, and equivocal statements may be construed against the proposer. The proposal document may be incorporated into any contract which results from this RFP, and vendor(s) are cautioned not to make claims or statements it is not prepared to commit to contractually. Failure of the vendor to meet such claims will result in a requirement that the vendor provide resources necessary to meet submitted claims.

The Jefferson County Purchasing Department may initiate discussions with selected vendors; however, discussions may not be initiated by vendors.

The Jefferson County Purchasing Department expects to conduct discussions with vendor's representatives authorized to contractually obligate the vendor with an offer. **Vendors shall not contact any Jefferson County personnel during the RFP process without the express permission from the Jefferson County Purchasing Agent. The Purchasing Agent will disqualify any vendor who has made site visits, contacted Jefferson County personnel, or distributed any literature without authorization from the Jefferson County Purchasing Department.**

All correspondence relating to this RFP, from advertisement to award shall be sent to the Jefferson County Purchasing Department. All presentations and/or meetings between Jefferson County and the vendor relating to this RFP shall be coordinated by the Jefferson County Purchasing Department.

Selected vendors may be expected to make a presentation/product demonstration to an Evaluation Committee and Commissioners' Court. Proposals, vendor presentations, and product/service evaluations may develop into negotiating sessions with the vendor(s) as selected by the Evaluation Committee. Jefferson County expects to conduct negotiations with vendor representatives authorized to contractually obligate the vendor with an offer. If vendor is unable to agree to contract terms and conditions, Jefferson County reserves the right to terminate contract negotiations with that vendor and initiate negotiations with another vendor. In addition to a presentation, visits by the Evaluation Committee to representative vendor client sites may be conducted where the proposed solution can be demonstrated in a production environment.

7.5 PROPOSAL EVALUATION CRITERIA:

a. RESPONSIVENESS – 15%

This refers to the Offeror's complete responsiveness to all written specifications and requirements contained in this RFP.

b. IMPLEMENTATION PLAN – 25%

Emphasis is on the efficiency and comprehensiveness of the methods to be used in performing the services requested by this RFP and in managing the project.

c. OFFEROR QUALIFICATIONS – 25%

This refers to the overall qualifications of Offeror and its past experience in providing similar services to those requested by this RFP. It also refers to an evaluation of the quality of Offeror's performance on previous local government projects.

d. PERSONNEL QUALIFICATIONS – 15%

This refers to the number and qualifications of the professional personnel who would be assigned to the job. Consideration will be given to the percentage of time that each would spend on the project. It also refers to an evaluation of the quality of the performance by each member of the Offeror's project team on previous projects with the County and similar projects.

e. COST OF PROFESSIONAL SERVICES – 20%

This is the expected amount your firm would be compensated for services provided to the County. The County will consider hourly rates, retainer amounts, flat fees or other methods. While this will be an important factor, it will be considered as just one factor in the evaluation and selection process.

COST PROPOSAL FORM

Price and Verification of Proposal

The (name of Offeror) _____ agrees to furnish medical and other health services to Jefferson County, Texas, for the Jefferson County Correctional Facility in accordance with its Request for Proposal (RFP) dated October 18, 2022, and addenda (if any) issued prior to the date of this proposal and identified as Addenda Number(s) _____, and all accompanying forms and attachments, for the sums stated hereafter.

7.1 **Base Proposal: For the Two Year Period Beginning February 1, 2023 and Ending January 31, 2025. (In words and numbers below):**

Year 1 Base Proposal_____($_____)

Year 2 Base Proposal_____($_____)

7.1.1 The above price is based on an average daily population (ADP) of eight hundred fifty (850) inmates during a billing period. If the ADP increases or decreases by one hundred-fifty (150) inmates, the price will remain the same. This will be referred to as the basic adjusted price. If the ADP increases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be increased for that billing period at the rate of $ _____ per inmate in excess of the basic adjusted price. If the ADP decreases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be decreased for that billing period at the rate of $_____ per inmate in excess of the basic adjusted price.

7.1.2 The above price includes the aggregate cap of $500,000 divided by 12 months ($41,667.00 per month). In the event that the cap is not met, the unspent money will be credited back to the County.

7.1.3 By submission of this proposal, the offeror certifies that:

a. Prices have been arrived at independently, without consultation or communication for the purpose of restricting competition.
b. No attempt has been made, or will be made, to induce any other person or firm to submit a proposal for the purpose of restricting competition.
c. The person signing this proposal certifies that they are authorized to represent the company and is legally responsible for the decisions with respect to price, supporting documentation or other statements made in response to this Jefferson County RFP.

7. COST PROPOSAL FORM

Price and Verification of Proposal

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth agrees to furnish medical and other health services to Jefferson County, Texas, for the Jefferson County Correctional Facility in accordance with its Request for Proposal (RFP) dated October 18th, 2022, and addenda (if any) issued prior to the date of this proposal and identified as Addenda Number(s) attachments, for the sums stated hereafter.

7.1 **Base Proposal: For the Two-Year Period Beginning February 1, 2023 and Ending January 31, 2025. (In words and numbers below):**

Option 1

Year 1 Base Proposal_____($ 6,850,750.17)

Year 2 Base Proposal_____($7,193,287.68)

CorrHealth will add a flat consumer price index (CPI) charge of 5%, or the current CPI rate to the first year's negotiated contract rate, whichever is greater. These increases are necessary increases in service-based industries, and will be paid toward enhanced compensation rates, increases in high-risk liability policies (which CorrHealth provides six high-risk liability policies for Jefferson County), increases in the cost of pharmaceuticals, office and medical supplies, and other inflationary cost factors.)

Option 2

Year 1 Base Proposal_____($7,716,837.27)

Year 2 Base Proposal_____($8,102,679.14)

CorrHealth will add a flat consumer price index (CPI) charge of 5%, or the current CPI rate to the first year's negotiated contract rate, whichever is greater. These increases are necessary increases in service-based industries, and will be paid toward enhanced compensation rates, increases in high-risk liability policies (which CorrHealth provides six high-risk liability policies for Jefferson County), increases in the cost of pharmaceuticals, office and medical supplies, and other inflationary cost factors.)

7.1.1 The above price is based on an average daily population (ADP) of eight hundred fifty (850) inmates during a billing period. If the ADP increases or decreases by one hundred-fifty (150) inmates, the price will remain the same. This will be referred to as the basic adjusted price. If the ADP increases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be increased for that billing period at the rate of $1.85 per inmate in excess of the basic adjusted price. If the ADP decreases by greater than one hundred-fifty (150) for three

(3) consecutive months, the price will be decreased for that billing period at the rate of $1.85 per inmate in excess of the basic adjusted price.

CorrHealth understands, agrees, and will comply with this requirement.

7.1.2 The above price includes the aggregate cap of $500,000 divided by 12 months ($41,667.00 per month). In the event that the cap is not met, the unspent money will be credited back to the County.

CorrHealth understands, agrees, and will comply with this requirement.

7.1.3 By submission of this proposal, the offeror certifies that:

a. Prices have been arrived at independently, without consultation or communication for the purpose of restricting competition.
b. No attempt has been made, or will be made, to induce any other person or firm to submit a proposal for the purpose of restricting competition.
c. The person signing this proposal certifies that they are authorized to represent the company and is legally responsible for the decisions with respect to price, supporting documentation or other statements made in response to this Jefferson County RFP.

CorrHealth understands, agrees, and will comply with this requirement.

7.2 Alternates:
The following alternates are offered as part of this proposal:

7.2.1 NONE: N/A

7.2.2 Alternates That Will Not Affect the Price:

_____

_____

_____

7.2.3 Alternates That Will Affect the Price:

CorrHealth understands, agrees, and will comply with this requirement. CorrHealth believes in stability and consistency in our Agreements and our partnerships, and we are committed to do all that we can to prevent pricing increases outside the terms of our Agreements, and our partnership since April 2018 fully supports that notion. However, as witnessed with the advent of the COVID pandemic and its resulting impact, which was unforeseen do occur, and these events *may* force a pricing change. Below are events which *could* force CorrHealth to approach Jefferson County with a pricing change.

1. CorrHealth is proposing a 2nd coverage, staffing, and pricing option as an alternate to the 1st option, which the County provided on pages 40 and 41 of the RFP and required in the County's RFP. The pricing for the 2nd option is different from the 1st option and includes enhances coverage ratios which are more appropriate for Jefferson County's chronic medical and mental health population, state, national/industry, federal, community standards, as well as evolving expectations.

2. CorrHealth understands Jefferson County prefers on-site dialysis treatments to be performed on-site at the Jefferson County Correctional Facility, and CorrHealth is fully committed to doing everything possible to bring on-site dialysis services, along with any ancillary and specialty services on-site at the Jefferson County Correctional Facility.

   Understanding the County's desire in maximizing on-site programs and services, CorrHealth has closely and diligently researched opportunities to contract with a reliable and trusted dialysis provider which serves the Jefferson County area since April 2018, but due ot the COVID pandemic, the labor crisis, the highly competitive healthcare market in the Houston area and the fact that our mobile dialysis utilization will be a low frequency and inconsistent event, which will equate to the dialysis provider not earning a consistent and stable business through services for Jefferson County, we have yet to locate and establish a partnership with a mobile dialysis provider.

   Knowing that pricing and costs are a primary factor for Jefferson County and with CorrHealth being a responsible steward to the tax dollar, we have negotiated a rate of $600 per visit at a local provider's office, which is a tremendous value for Jefferson County specific to dialysis services, and we don't foresee a mobile dialysis provider coming close to meeting this tremendous rate. Given the complexities of procuring this specialty service at this time, CorrHealth is proposing to maintain dialysis services at the local provider's office and charge any, and all dialysis costs to the $500,000 off-site aggregate cap until the healthcare and labor market stabilizes and we can procure a partnership with a trusted and reliable mobile dialysis provider who can consistently serve our infrequent dialysis needs within the Jefferson County Correctional Facility. Once we do procure an arrangement and agreement with a mobile dialysis provider, CorrHealth will pass these costs on to Jefferson County and do so at no additional margin.

3. CorrHealth is proposing an innovative Jail Based Competency Restoration Program (JBCR) for Jefferson County and in the Jefferson County Correctional Facility in effort to establish competency in inmates suffering with severe mental illness, allowing the inmates to be transferred to prison or the state's Forensic State Hospital and assist Jefferson County in reducing the duration for treatment and ultimately reduce jail days in the Jefferson County Correctional Facility.

4. CorrHealth understands it is likely that Jefferson County will request a meeting to negotiate the details and the terms with this new Agreement, and CorrHealth's pricing may change based on the negotiations with Jefferson County.

5. The COVID-19 pandemic has negatively impacted the world in a variety of manners, conversely, it has also negatively impacted the availability of pharmaceuticals, supplies, medical equipment, high-risk insurance policies and specialized and professional labor on a substantial scale. Should the COVID pandemic exacerbate, should inflation elevate significantly over an extended period of time, should new national or state legislation be passed and, or should an event occur which negatively affects the ability to procure and deliver quality comprehensive inmate healthcare programs and services in the Jefferson County Correctional Facility, CorrHealth may be forced to approach Jefferson County with a pricing change to Jefferson County.

Offeror should number and list above any alternates it wishes to offer **and** has identified in detail in the body of its proposal. Further, the offeror should briefly identify the alternate and indicate whether the lump sum price (A) is to be increased (and if so, the amount of increase) for the initial two-year term, or decreased (and amount) for that period, or if it will not be affected by the alternate).

CorrHealth understands, agrees, and will comply with this requirement.

7.3 To extend the term of the contract for three (3) additional one (1) year periods, beginning January 31, 2025.

CorrHealth understands, agrees, and will comply with this requirement.

In the event it is awarded the contract pursuant to its proposal dated November 30th, 2022, in response to the Jefferson County RFP to provide medical and other health services at the Jefferson County Correctional Facility, Beaumont, Texas, and the term is extended as stated above for additional three one- year periods, **the base proposal price as stated in "A" above shall be (increased) (decreased) the following percentage (in words and numbers below):**

NON-DISCLOSURE AGREEMENT

In consideration of Jefferson County retaining the services of a consultant and because of the sensitivity of certain information which may come under the care and control of Consultant, both parties agree that all information regarding the County or any selected County agency subject to this Contract; or gathered, produced, or derived from this project (Confidential Information) must remain confidential subject to release only by permission of the County, and more specifically agree as follows:

Media releases pertaining to this RFP and/or any resulting contract, or the services to which they relate, will not be made without the prior written consent of the County, and then only in accordance with explicit written instructions from the County. The disclosure of the contents of proposals prior to the award of a contract under this RFP, or any other violation of this section, may result in disqualification.

1. The Information may be used by Consultant only to assist Consultant in connection with its engagement with the County.

2. Consultant will not, at any time, use the Information in any fashion, form, or manner except in its capacity as independent consultant to the County.

3. Consultant agrees to maintain the confidentiality of any and all deliverables resulting from this Contract in the same manner that it protects the confidentiality of its own proprietary products of like kind.

4. The Information may not be copied or reproduced without the County's written consent.

5. All materials made available to Consultant, including copies thereof, must be returned to County upon the first to occur of; (a) completion of the project, or (b) request by the County.

6. The foregoing must not prohibit or limit Consultant use of the information (including, but not limited to, ideas, concepts, know-how, techniques and methodologies) (a) previously known to it, (b) independently developed by it, (c) acquired by it from a third party, or (d) which is or becomes part of the public domain through no breach to Consultant of this agreement.

7. This agreement shall become effective as of the date Information is first made available to Consultant and must survive the contract and be a continuing requirement.

8. The breach of this Nondisclosure Agreement by Consultant shall entitle the County to immediately terminate the Agreement upon written notice to Contractor for such breach. The parties acknowledge that the measure of damages in the event of a breach of this Nondisclosure Agreement may be difficult or impossible to calculate, depending on the nature of the breach. Regardless of whether the County elects to terminate the Agreement upon the breach hereof, the County may require Consultant to pay to the County the sum of $1,000 for each breach as liquidated damages. This amount is not intended to be in the nature of a penalty, but is intended to be a reasonable estimate of the amount of damages to the County in the event of a breach hereof by Consultant. Comptroller does not waive any right to seek additional relief, either equitable or otherwise, concerning any breach of this Agreement.

NON-DISCLOSURE AGREEMENT

In consideration of Jefferson County retaining the services of a consultant and because of the sensitivity of certain information which may come under the care and control of Consultant, both parties agree that all information regarding the County or any selected County agency subject to this Contract; or gathered, produced, or derived from this project (Confidential Information) must remain confidential subject to release only by permission of the County, and more specifically agree as follows:

Media releases pertaining to this RFP and/or any resulting contract, or the services to which they relate, will not be made without the prior written consent of the County, and then only in accordance with explicit written instructions from the County. The disclosure of the contents of proposals prior to the award of a contract under this RFP, or any other violation of this section, may result in disqualification.

1. The Information may be used by Consultant only to assist Consultant in connection with its engagement with the County.

2. Consultant will not, at any time, use the Information in any fashion, form, or manner except in its capacity as independent consultant to the County.

3. Consultant agrees to maintain the confidentiality of any and all deliverables resulting from this Contract in the same manner that it protects the confidentiality of its own proprietary products of like kind.

4. The Information may not be copied or reproduced without the County's written consent.

5. All materials made available to Consultant, including copies thereof, must be returned to County upon the first to occur of; (a) completion of the project, or (b) request by the County.

6. The foregoing must not prohibit or limit Consultant use of the information (including, but not limited to, ideas, concepts, know-how, techniques and methodologies) (a) previously known to it, (b) independently developed by it, (c) acquired by it from a third party, or (d) which is or becomes part of the public domain through no breach to Consultant of this agreement.

7. This agreement shall become effective as of the date Information is first made available to Consultant and must survive the contract and be a continuing requirement.

8. The breach of this Nondisclosure Agreement by Consultant shall entitle the County to immediately terminate the Agreement upon written notice to Contractor for such breach. The parties acknowledge that the measure of damages in the event of a breach of this Nondisclosure Agreement may be difficult or impossible to calculate, depending on the nature of the breach. Regardless of whether the County elects to terminate the Agreement upon the breach hereof, the County may require Consultant to pay to the County the sum of $1,000 for each breach as liquidated damages. This amount is not intended to be in the nature of a penalty, but is intended to be a reasonable estimate of the amount of damages to the County in the event of a breach hereof by Consultant. Comptroller does not waive any right to seek additional relief, either equitable or otherwise, concerning any breach of this Agreement.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether sub-awardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or sub award recipient. Identify the tier of the sub-awardee, e.g., the first sub-awardee of the prime is the 1st tier. Sub awards include but are not limited to subcontracts, sub grants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Sub-awardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Determination Checklist

This information must be submitted with your proposal.

Instructions: In order to determine if a "Good Faith Effort" was made in soliciting HUBs for subcontracting opportunities, the following checklist and supporting documentation shall be completed by the Prime Contractor/Consultant and returned with the Prime Contractor/Consultant's bid. This list contains the **minimum** efforts that should be put forth by the Prime Contractor/Consultant when attempting to achieve or exceed the goals of HUB Subcontractor participation. The Prime Contractor/Consultant may extend his/her efforts in soliciting HUB Subcontractor participation beyond what is listed below.

Did the Prime Contractor/Consultant . . .

☐ Yes ✓ No 1. To the extent practical, and consistent with standard and prudent industry standards, divide the contract work into the smallest feasible portions, to allow for maximum HUB Subcontractor participation?

☐ Yes ✓ No 2. **Notify** in writing a reasonable number of HUBs, allowing sufficient time for effective participation of the planned work to be subcontracted?

☐ Yes ✓ No 3. **Provide** HUBs that were genuinely interested in bidding on a subcontractor, adequate information regarding the project (i.e., plans, specifications, scope of work, bonding and insurance requirements, and a point of contract within the Prime Contractor/Consultant's organization)?

☐ Yes ✓ No 4. **Negotiate** in good faith with interested HUBs, and not reject bids from HUBs that qualify as lowest and responsive bidders?

☐ Yes ✓ No 5. **Document** reasons HUBs were rejected? Was a written rejection notice, including the reason for rejection, provided to the rejected HUBs?

☐ Yes ✓ No 6. If Prime Contractor/Consultant has zero (0) HUB participation, **please explain the reasons why.**

If "No" was selected, please explain and include any pertinent documentation with your bid.
If necessary, please use a separate sheet to answer the above questions.

SECTION 1: INTRODUCTION TO PROPOSERS AND GENERAL REQUIREMENTS

This Request for Proposal (RFP) is to receive proposals from qualified firms regarding services for Inmate Healthcare Services.

The following items are provided as general information and specifications as required by the Jefferson County Purchasing Department.

1.1 VENDOR INSTRUCTIONS

Read the document carefully. Follow all instructions. Proposer is responsible for fulfilling all requirements and specifications. It is imperative

General Requirements apply to all advertised requests for proposals; however, these may be superseded, whole or in part, by the Scope of Services, Guidelines and Specifications, Requested Responses and Information, or other data contained herein. Be sure your proposal package is complete.

1.2 GOVERNING LAW

Proposer is advised that these requirements shall be fully governed by the laws of the State of Texas and that Jefferson County may request and rely on advice, decisions, and opinions of the Attorney General of Texas and the County Attorney concerning any portion of these requirements.

1.3 AMBIGUITY, CONFLICT, OR OTHER ERRORS IN THE RFP

If Proposer discovers any ambiguity, conflict, discrepancy, omission or other error in the RFP, Proposer shall immediately notify the County of such error in writing and request modification or clarification of the document. Modifications will be made by issuing Addenda. Written notice will be given to all parties who have been furnished with the RFP without divulging the source of the request for the same. If the Proposer fails to notify the County prior to the date and time fixed for submission of proposals of an error or ambiguity in the RFP known to Proposer, or an error or ambiguity that reasonably should have been known to Proposer, then Proposer shall not be entitled to compensation or additional time by reason of the error or ambiguity or its later resolution.

The County may also modify the RFP, no later than 48 hours prior to the date and time fixed for submission of proposals, by issuance of an Addendum to all parties who have received the RFP. All addenda will be numbered consecutively, beginning with 1.

1.4 NOTIFICATION OF MOST CURRENT ADDRESS

Firms in receipt of this RFP shall notify Deborah L. Clark, Jefferson County Purchasing Agent, of any address changes, contact person changes, and/or telephone number changes no later than 48 hours prior to the date and time fixed for submission of proposals.

1.5 PROPOSAL PREPARATION COST

Cost for developing proposals is entirely the responsibility of Proposers and shall not be charged to Jefferson County.

1.6 SIGNATURE OF PROPOSAL

A transmittal letter, which shall be considered an integral part of the proposal, shall be signed by an individual who is authorized to bind the Proposer contractually. If the Proposer is a corporation, the legal name of the corporation shall be provided together with the signature of the officer or officers authorized to sign on behalf of the corporation.

If the Proposer is a partnership, the true name of the firm shall be provided with the signature of the partner or partners authorized to sign.

If the Proposer is an individual, that individual shall sign. If signature is by an agent, other than an officer of a corporation or a member of a partnership, a power of attorney or equivalent document must be submitted to the Jefferson County Purchasing Department prior to the submission of the proposal or with the proposal.

1.7 ECONOMY OF PRESENTATION

Proposals shall not contain promotional or display materials, except as they may directly answer in whole or in part questions contained in the RFP. Such exhibits shall be clearly marked with the applicable reference number of the question in the RFP. Proposals must address the technical requirements as specified in the RFP. All questions posed by the RFP must be answered concisely and clearly. Proposals that do not address each criterion may be rejected and not considered.

1.8 PROPOSAL OBLIGATION

The contents of the proposal and any clarification thereof submitted by the selected Proposer shall become part of the contractual obligation and incorporated by reference into the ensuing contract.

1.9 INCORPORATION BY REFERENCE AND PRECEDENCE

This Agreement is derived from (1) the RFP, written clarifications to the RFP and County's response to questions; (2) the Contractor's Best and Final Offer, and (3) the Contractor's response to the RFP.

In the event of a dispute under this Agreement, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) Amendments to the Agreement in reverse chronological order; (2) the Agreement, including the Scope of Work; (3) the Contractor's Best and Final Offer; (4) the RFP, including attachments thereto and written responses to questions and written clarifications; and (5) the Contractors response to the RFP.

1.10 GOVERNING FORMS

In the event of any conflict between the terms and provisions of these requirements and the specifications, the specifications shall govern. In the event of any conflict of interpretation of any part of this overall document, Jefferson County's interpretation shall govern.

1.11 IMPLIED REQUIREMENTS

Products and services not specifically mentioned in the RFP, but which are necessary to provide the functional capabilities described by the Proposer, shall be included in the proposal.

1.12 COMPLIANCE WITH RFP SPECIFICATIONS

It is intended that this Request for Proposals (RFP) describe the requirements and the response format in sufficient detail to secure comparable proposals. Failure to comply with all provisions of the RFP will result in disqualification.

1.13 VENDOR REGISTRATION: SAM (SYSTEM FOR AWARD MANAGEMENT)

Vendors doing business with Jefferson County are **required** to be registered with The System for Award Management (SAM), with an "active" status. The System for Award Management (SAM) is the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at no cost directly from the SAM website at: https://www.sam.gov

In instances where a vendor has either an "Inactive" SAM Registration or is not currently registered with the System for Award Management, the Purchasing Department may *initially* accept proof (printout from the SAM website) that the vendor has begun the registration process in order for the IFB/RFQ/RFP submission to be considered as "responsive" to the specifications for the project.

However, the SAM Registration must be completed (showing "active" status, with no exclusions) prior to the award and/or execution of an agreement or contract for the project.

1.14 FORM 1295 (TEXAS ETHICS COMMISSION)

FORM 1295 SUBMISSION REQUIREMENT/INSTRUCTIONS FOR RFP PROPOSERS:

ALL NON-EXEMPT PROPOSERS ARE REQUIRED TO SUBMIT COMPLETED FORM 1295 WITH PROPOSAL SUBMISSION.

INSTRUCTIONS:

(1) Submit a FORM 1295 online via the Texas Ethics Commission website link below.
Vendors must enter the required information on Form 1295, and print a copy of the completed form.
The form will include a certification of filing that will contain a unique certification number.

2. Submit a FORM 1295 hard copy (completed & signed by an Authorized Agent of the Awarded Vendor), to the Jefferson County Purchasing Department WITH RFP PROPOSAL SUBMISSION.

FORM 1295, Completion Instructions, and Login Instructions are available via the Texas Ethics Commission Website at: https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

SAMPLE: A sample of a completed FORM 1295 is included on PAGE 7.

FORM 1295 Implementation Background:

In accordance with House Bill 1295 (passed January 1, 2016), Vendors entering into contracts and professional agreements with Jefferson County will be required to complete a Certificate of Interested Parties (FORM 1295), **unless contract is considered exempt as described below.**

In 2017, the Texas legislature amended the law to require Form 1295 to include an "unsworn declaration" which includes, among other things, the date of birth and address of the authorized representative signing the form. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application.

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an "unsworn declaration."

FORM 1295 EXEMPTIONS:

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?
The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement.

A completed Form 1295 is not required for:

- a sponsored research contract of an institution of higher education
- an interagency contract of a state agency or an institution of higher education
- a contract related to health and human services if: the value of the contract cannot be determined at the time the contract is executed; and o any qualified vendor is eligible for the contract
- a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity
- a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code
- a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code

1.15 EMERGENCY/DECLARED DISASTER REQUIREMENTS

In the event of an emergency or if Jefferson County is declared a disaster area, by the County, State, or Federal Government, a contract (executed in response to this Request for Proposal) may be subjected to unusual usage. Contractor shall service the County during such an emergency or declared disaster under the same terms and conditions that apply during non-emergency/disaster conditions. The pricing as specified in the contract shall apply to serving the County's needs regardless of the circumstances. If Contractor is unable to supply the services under the terms of the contract, then Contractor shall provide proof of such disruption and a copy of the invoice from Contractor's supplier(s). Additional profit margin as a result of supplying services during an emergency or declared disaster shall not be permitted. In the event that additional equipment, supplies, and materials are required during the declared disaster, additional shipping, handling and drayage fees may apply.

1.16 EVALUATION

Jefferson County reserves the right to use all pertinent information (also learned from sources other than disclosed in the RFP process) that might affect the County's judgment as to the appropriateness of an award to the best evaluated Proposer. This information may be appended to the proposal evaluation process results. Information on a service provider from reliable sources, and not within the service provider's proposal, may also be noted and made part of the evaluation file. Jefferson County shall have sole responsibility for determining a reliable source. Jefferson County reserves the right to conduct written and/or oral discussions/interviews after the proposal opening. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award is in the best interest of Jefferson County.

1.17 WITHDRAWAL OF PROPOSAL

The Proposer may withdraw its proposal by submitting a written request over the signature of an authorized individual, as described in paragraph 1.6, to the Purchasing Department any time prior to the submission deadline. The Proposer may thereafter submit a new proposal prior to the deadline. Modification or withdrawal of the proposal in any manner, oral or written, will not be considered if submitted after the deadline.

1.18 MINORITY-WOMEN BUSINESS ENTERPRISE PARTICIPATION

It is the desire of Jefferson County to increase the participation of Minority (MBE) and women-owned (WBE) businesses in its contracting and procurement programs. While the County does not have any preference or set aside programs in place, it is committed to a policy of equitable participation for these firms**.**

1.19 AWARD

Jefferson County reserves the right to award this contract on the basis of the **Best Offer** in accordance with the laws of Texas, to waive any formality or irregularity, to make award to more than one Proposer, and/or to reject any or all proposals. In the event the highest dollar Proposer meeting specifications is not awarded a contract, the Proposer may appear before Commissioners' Court and present evidence concerning his responsibility.

1.20 OWNERSHIP OF PROPOSAL

All proposals become the property of Jefferson County and will not be returned to Proposers.

1.21 DISQUALIFICATION OF PROPOSAL

Upon signing this proposal document, a contractor offering to sell supplies, materials, services, or equipment to Jefferson County certifies that the Proposer has not violated the antitrust laws of this state codified in Section 15.01, et seq, Business & Commerce Code, or the Federal Antitrust Laws, and has not communicated directly or indirectly

the offer made to any competitor or any other person engaged in such line of business. Any or all proposals may be rejected if the County believes that collusion exists among the Proposers.

1.22 CONTRACTUAL DEVELOPMENT

The contents of the RFP and the selected proposal will become an integral part of the contract, but may be modified by provisions of the contract as negotiated. Therefore, the Proposer must be amenable to inclusion in a contract of any information provided (in writing) either in response to this RFP or subsequently during the selection process.

1.23 ASSIGNMENT

The selected vendor may not assign, sell, or otherwise transfer this contract without written permission of the Jefferson County Commissioners' Court.

1.24 CONTRACT OBLIGATION

Jefferson County Commissioners' Court must award the contract, and the County Judge or other person authorized by Jefferson County Commissioners' Court must sign the contract before it becomes binding on Jefferson County or the Proposer. **Department heads are not authorized to sign agreements for Jefferson County.** Binding agreements shall remain in effect until all products and/or services covered by this proposal have been satisfactorily delivered and accepted.

1.25 TERMINATION

Jefferson County reserves the right to terminate the contract for default if the awarded vendor breached any of the terms therein, including warranties of proposal, or if the Proposer becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies Jefferson County may have in law or equity. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all other requirements to Jefferson County's satisfaction, and/or to meet all other obligations and requirements. Contracts may be terminated without cause upon thirty (30) days' written notice to either party unless otherwise specified.

1.26 INSPECTIONS

Jefferson County reserves the right to inspect any item(s) or service location(s) for compliance with specifications and requirements and needs of the using department. If a proposal cannot furnish a sample of a proposed item, where applicable, for review, or fails to satisfactorily show an ability to perform, the County can reject the Proposer as inadequate.

1.27 TESTING

Jefferson County reserves the right to test equipment, supplies, material and goods proposed for quality, compliance with specifications, and ability to meet the needs of the user. Demonstration units must be available for review. Should the goods or services fail to meet requirements and/or be unavailable for evaluation, the offer is subject to rejection.

1.28 LOSS, DAMAGE, OR CLAIM

The Proposer shall totally indemnify Jefferson County against all claims by its employees, agents, or representatives or personal injury arising from any cause. In addition, the Proposer shall totally indemnify Jefferson County against all claims of loss or damage to the Proposer's and Jefferson County's property, equipment, and/or supplies.

1.29 TAXES

The contractor and its subcontractors, agents and employees, as the case may be, will be responsible for the payment of all federal, state and local taxes, and deposits or contributions imposed or required by law.

1.30 NON-DISCRIMINATION

The successful Proposer will be required to comply with the Americans With Disabilities Act and with all provisions of federal, state, county and local (if any) laws and regulations to ensure that no employee or applicant for employment is discriminated against because of race, color, religion, sex, age, handicap or national origin.

1.31 CONFLICT OF INTEREST

The agreement entered into pursuant to this RFP will contain the Contractor's warranty that, except for bona-fide employees or selling agents maintained by the Contractor for the purpose of securing business, no person or selling agency has been employed or retained to solicit this contract upon an agreement or understanding for commission, percentage or contingency.

Further, the contractor will warrant that no kickbacks, gratuities, or contingency fees have been paid in connection with this RFP or contract and none has been promised contingent upon the award of contract. And, will still further warrant that to its knowledge and best belief, no one being paid under the agreement between the County and the contractor, is engaged in any activities which would constitute a conflict of interest with respect to the purposes of said agreement.

By submitting a proposal in response to this RFP, all Proposers affirm that they have not given, nor intend to give, at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement.

Each Proposer must disclose any existing or potential conflict of interest relative to the performance of the requirements of this RFP. Examples of potential conflicts may include an existing business or personal relationship between the Proposer, its principal, or any affiliate or subcontractor, with the County or any other entity or person involved in any way in the project that is the subject of this RFP. Similarly, any personal or business relationship between the Proposer, the principals, or any affiliate or subcontractor, with any employee of the County or its suppliers must be disclosed. **Any such relationship that might be perceived or represented as a conflict must be disclosed. Failure to disclose any such relationship or reveal personal relationships with state employees may be cause for contract termination. The County will decide if an actual or perceived conflict should result in proposal disqualification.**

1.32 CONFIDENTIAL/PROPRIETARY INFORMATION

If any material in the proposal submission is considered by Proposer to be confidential or proprietary information (including manufacturing and/or design processes exclusive to the Proposer), **Proposer must clearly mark the applicable pages of Proposer's proposal submission to indicate each claim of confidentiality. Additionally, Proposer must include a statement on company letterhead identifying all Proposal section(s) and page(s) that have been marked as confidential.** Jefferson County will protect from public disclosure such portions of a proposal, unless directed otherwise by legal authority, including existing open records acts. Merely making a blanket claim that the entire proposal submission is protected from disclosure because it contains some proprietary information is not acceptable, and will make the entire proposal submission subject to release under the Texas Public Information Act.

By submitting a proposal, Proposer agrees to reproduction by Jefferson County, without cost or liability, of any copyrighted portions of Proposer's proposal submission or other information submitted by Proposer.

1.33 WAIVER OF SUBROGATION

Proposer and Proposer's Insurance Carrier waive any and all rights whatsoever with regard to subrogation against Jefferson County as an indirect party to any suit arising out of personal or property damages resulting from the Proposer's performance under this agreement.

1.34 AKNOWLEDGEMENT OF INSURANCE REQUIREMENTS

By signing its proposal, Proposer acknowledges that it has read and understands the insurance requirements for this proposal. Proposer also understands that evidence of required insurance must be submitted within fifteen (15) working days following notification of acceptance of its offer; otherwise, Jefferson County may rescind its acceptance of the Proposer's proposal. The insurance requirements are part of this package.

1.35 INSURANCE REQUIREMENTS

The contractor (including any and all subcontractors as defined in Section 1.36 below) shall, at all times during the term of this contract, maintain insurance coverages with not less than the type and requirements shown below. Such insurance is to be provided at the sole cost of the contractor. These requirements do not establish limits of the contractor's liability.

All policies of insurance shall waive all rights of subrogation against the County, its officers, employees and agents; a copy of the policy wording or endorsement is required. Contractor shall furnish Jefferson County with Certificate of Insurance naming Jefferson County as additional insured and will provide the actual policy wording or endorsement showing as such.

All insurance must be written by an Insurer licensed to conduct business in the State of Texas.

Minimum Insurance Requirements:

Public, Liability, including Products & Completed Operations	$1,000,000
Excess Liability	$1,000,000

Property Insurance (policy below that is applicable to this project):

Improvements & Betterments Policy: Improvements/Remodeling (for Lease Tenants)
Builder's Risk Policy: Structural Coverage for Construction Projects
Installation Floater Policy: Improvements/Alterations to Existing Structure

Workers' Compensation Statutory Coverage (See Section 1.36 Below)

1.36 WORKERS' COMPENSATION INSURANCE

1.36.1 **Definitions:**

1.36.1.1 **Certificate of coverage ("Certificate")** – A copy of a certificate of insurance, a certificate of authority to self-insure issued by the commission, or a coverage agreement, DWC-81, DWC-82, DWC-83, or DWC-84 showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

1.36.1.2 **Duration of the project** – Includes the time from the beginning of the work on the project until the contractor's/person's work on the project has been completed and accepted by the governmental entity.

1.36.1.3 **Persons providing services on the project ("subcontractor") in article 406.096** – Includes all persons or entities performing all or part of the services under the contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the contractor and regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractor, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" includes, without limitation, providing, hauling or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

1.36.2 The Contractor shall provide coverage, based on proper reporting of classification code and payroll amounts and filing any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

1.36.3 The Contractor must provide a certificate of coverage to the governmental entity prior to being awarded the contract – refer to Section 1.35 above.

1.36.4 If the coverage period shown on the Contractor's current certificate of coverage ends during the duration of the project, the Contractor must, prior to the end of the coverage period, file a new certificate of coverage with the governmental entity showing that coverage has been extended.

1.36.5 The Contractor shall obtain from each person providing services on a project, and provide to the governmental entity:

1.36.5.1 A certificate of coverage, prior to that person beginning work on the project, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the project; and

1.36.5.2 No later than seven (7) days after receipt by the Contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate ends during the duration of the project.

1.36.6 The Contractor shall retain all required certificates of coverage for the duration of the project and for one (1) year thereafter.

1.36.7 The Contractor shall notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

1.36.8 The Contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Department of Workers' Compensation, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

1.36.9 The Contractor shall contractually require each person with whom it contracts to provide services on a project to:

1.36.9.1 Provide coverage, based on reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all its employees providing services on the project, for the duration of the project.

1.36.9.2 Provide to the Contractor, prior to that person beginning work on the project a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the project, for the duration of the project.

1.36.9.3 Provide the Contractor, prior to the end of coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

1.36.9.4 Obtain from each person with whom it contracts, and provide to the Contractor:

1.36.9.4.1 A certificate of coverage, prior to the other person beginning work on the project; and

1.36.9.4.2 The coverage period, if the coverage period shown on the current certificate of a new certificate of coverage showing extension of coverage, prior to the end of coverage ends during the duration of the project.

1.36.9.5 Retain all required certificates of coverage on file for the duration of the project and for one (1) year thereafter.

1.36.9.6 Notify the governmental entity in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project; and

1.36.9.7 Contractually require each person with whom it contracts to perform as required by paragraphs 1.36.1. – 1.36.7., with the certificates of coverage to be provided to the person for whom they are providing services.

1.36.10 By signing this contract or providing or causing to be provided a certificate of coverage, the Contractor is representing to the governmental entity that all employees of the contractor who will provide services of the project will be covered by workers' compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.

1.36.11 The Contractor's failure to comply with any of these provisions is a breach of contract by the Contractor which entitles the governmental entity to declare the contract void if the Contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the governmental entity.

PROPOSER: INSERT COPY OF CERTIFICATE OF INSURANCE (COI) BEHIND THIS PAGE.

Note: For proposal purposes, a general COI will suffice. However, a COI that includes the notation that "Jefferson County as an additional insured" will be required from Awarded Proposer(s) prior to the issuance of a Purchase Order.

REMEDIES

(For all awarded contracts with a value greater than $150,000.00)

Any violation or breach of terms of this contract on the part of the Contractor or the Contractor's subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this contract. The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. Any violation or breach of terms of this contract of the Contractor or the Contractor's sub-contractors will be subject to the remedies, including liquidated damages, described in the RFP specifications or Request for Proposal and the Client rules and regulations and special conditions which are incorporated herein by reference in their entirety.

TERMINATION FOR CAUSE AND CONVENIENCE

(For all awarded contracts with a value greater than $10,000.00)

The Client reserves the right to terminate this contract for cause or convenience pursuant to the rules and regulations and special conditions which are incorporated herein by reference in their entirety.

EQUAL EMPLOYMENT OPPORTUNITY

(For all awarded contracts that meet the definition of "federally assisted construction contract" provided in 41 CFR Part 60-1.3) ***Contractor must complete enclosed certification***

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this non-discrimination clause.

2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

DAVIS-BACON ACT AND COPELAND "ANTI-KICKBACK" ACT

(The Davis-Bacon Act only applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. It DOES NOT apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.

1. ***Minimum wages.***

i. All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 193 7 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage dete1mination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1 (b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(l)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(l)(ii) of this section) and the Davis Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

ii. (A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination, and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

2) The classification is utilized in the area by the construction industry; and

3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their

representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D)The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(l)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

i. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

ii. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. ***Withholding.***

The Federal Agency and/or Client shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 193 7 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. ***Payrolls and basic records.***

i. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section l (b) (2) (B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(l)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section l(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

ii. (A) The contractor shall submit weekly for each week in which any contract work is performed a copy of

all payrolls to the federal agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the federal agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee *(e.g.,* the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at *http://www.dol.gov/esa/whd(forms/wh347instr.htm* or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the federal agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the federal agency, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

1) That the payroll for the payroll period contains the information required to be provided under §5.5 (a) (3) (ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a) (3) (i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

i. The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the federal agency or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. ***Apprentices and trainees.***

i. ***Apprentices.*** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship

program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

ii. ***Trainees.*** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

iii. ***Equal employment opportunity***. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

5. ***Compliance with Copeland Act requirements.***

The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

6. ***Subcontracts.***

The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a) (l) through (10) and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. ***Contract termination: debarment.***

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. ***Compliance with Davis-Bacon and Related Act requirements.***

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. ***Breach.***

A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

10. ***Disputes concerning labor standards.***

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

11. ***Certification of eligibility.***

1) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis Bacon Act or 29 CFR 5.12(a)(l).

2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(l).

3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

(For all awarded contracts related to "mechanics and laborers" with a value greater than $100,000.00)

1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime

wages required by the clause set forth in paragraph (b)(1) of this section.

3) **Withholding for unpaid wages and liquidated damages.** The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

(This requirement **does not apply** to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households - Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement." If FEMA federal award meets definition of "funding agreement" under 37 CFR §401.2(a), for all awarded contracts related to experimental, developmental, or research work type contracts)

(a) Definitions

(1) *Invention* means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of *et seq.).*

(2) *Subject invention* means any invention of the *contractor* conceived or first actually reduced to practice in the performance of work under this *contract,* provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 240l (d)) must also occur during the period of *contract* performance.

(3) *Practical Application* means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) *Made* when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) *Small Business Firm* means a small business concern as defined at section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3- 12, respectively, will be used.

(6) *Nonprofit Organization* means a university or other institution of higher education or an organization of the type described in section 501 (c) {3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(b) Allocation of Principal Rights

The *Contractor* may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the *Contractor* retains title, the Federal government shall have a nonexclusive, non-transferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(c) Invention Disclosure, Election of Title and Filing of Patent Application by *Contractor*

(1) The *contractor* will disclose each subject invention to the *Federal Agency* within two months after the inventor discloses it in writing to *contractor* personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the *contract* under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the *agency,* the *Contractor* will promptly notify the *agency* of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the *contractor.*

(2) The *Contractor* will elect in writing whether or not to retain title to any such invention by notifying the *Federal agency* within two years of disclosure to the *Federal agency.* However, in any case where publication, on sale or public use has initiated the one-year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the *agency* to a date that is no more than 60 days prior to the end of the statutory period.

(3) The *contractor* will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The *contractor* will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may, at the discretion of the *agency,* be granted.

(d) Conditions When the Government May Obtain Title

The *contractor* will convey to the *Federal agency,* upon written request, title to any subject invention-

(1) If the *contractor* fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the *agency* may only request title within 60 days after learning of the failure of the *contractor* to disclose or elect within the specified times.

(2) In those countries in which the *contractor* fails to file patent applications within the times specified in (c) above; provided, however, that if the *contractor* has filed a patent application in a country after the times specified in (c) above, but prior to its receipt of the written request of the *Federal agency,* the *contractor* shall continue to retain title in that country.

(3) In any country in which the *contractor* decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to *Contractor* and Protection of the *Contractor* Right to File

(1) The *contractor* will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the *contractor* fails to disclose the invention within the times specified in (c), above. The *contractor's* license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the *contractor* is a party and includes the right to grant sublicenses of the same scope to the extent the *contractor* was legally obligated to do so at the time the *contract* was awarded. The license is transferable only with the approval of the *Federal* to which the invention pertains.

(2) The *contractor's* domestic license may be revoked or modified by the *funding Federal agency* to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and *agency* licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the *contractor* has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may

be revoked or modified at the discretion of the *funding Federal agency* to the extent the *contractor,* its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the *funding Federal agency* will furnish the *contractor* a written notice of its intention to revoke or modify the license, and the *contractor* will be allowed thirty days (or such other time as may be authorized by the *funding Federal agency* for good cause shown by the *contractor)* after the notice to show cause why the license should not be revoked or modified. The *contractor* has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and *agency* regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(f) *Contractor* Action to Protect the Government's Interest

(1) The *contractor* agrees to execute or to have executed and promptly deliver to the *Federal agency* all instruments necessary to

(i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the *contractor* elects to retain title, and

(ii) convey title to the *Federal agency* when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The *contractor* agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the *contractor* each subject invention made under *contract* in order that the *contractor* can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by (c) (l), above. The *contractor* shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The *contractor* will notify the *Federal agency* of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The *contractor* agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the *contract)* awarded by (identify the Federal agency). The government has certain rights in the invention."

(g) Subcontracts

(1) The *contractor* will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work. The subcontractor will retain all rights provided for the *contractor* in this clause, and the *contractor* will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) In the case of subcontracts, at any tier, when the prime award with the Federal agency was a contract (but not a grant or cooperative agreement), the *agency,* subcontractor, and the contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Federal agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (i) of this clause.

(h) Reporting on Utilization of Subject Inventions

The *Contractor* agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the *contractor* or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the contractor, and such other data and information as the

agency may reasonably specify. The *contractor* also agrees to provide additional reports as may be requested by the *agency* in connection with any march-in proceeding undertaken by the *agency* in accordance with paragraph (i) of this clause. As required by 35 U.S.C. 202(c) (5), the *agency* agrees it will not disclose such information to persons outside the government without permission of the *contractor.*

(i) Preference for United States Industry

Notwithstanding any other provision of this clause, the *contractor* agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the *Federal agency* upon a showing by the *contractor* or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights

The *contractor* agrees that with respect to any subject invention in which it has acquired title, the *Federal agency* has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the *agency* to require the *contractor,* an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the *contractor,* assignee, or exclusive licensee refuses such a request the *Federal agency* has the right to grant such a license itself if the *Federal agency* determines that:

(1) Such action is necessary because the *contractor* or assignee has not taken or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the *contractor,* assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the *contractor,* assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special Provisions for *Contracts* with Nonprofit Organizations

If the *contractor* is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the *Federal agency,* except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the *contractor;*

(2) The *contractor* will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the *contractor* with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the *contractor* determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the *contractor* is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the *contractor.* However, the *contractor* agrees that the Secretary applicants, and the *contractor* will negotiate changes to its licensing policies, procedures, or practices with the Secretary when the Secretary's review discloses that the *contractor* could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

(l) Communication

Any communications to be given hereunder by either party to the other shall be deemed to be duly given if set forth in writing and personally delivered or sent by mail, registered or certified, postage prepaid with return receipt requested, as follows:

_____

_____

_____

_____

Written notices hereunder delivered personally shall be deemed communicated as of actual receipt; mailed notices shall be deemed communicated five (5) days after deposit in the mail, post prepaid, certified, in accordance with this Paragraph.

CLEAN AIR ACT

(For all awarded contracts with a value greater than $150,000.00)

(m) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(n) The contractor agrees to report each violation to the (name of applicant entering into the contract) and understands and agrees that the (name of the applicant entering into the contract) will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(o) The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

FEDERAL WATER POLLUTION CONTROL ACT

(For all awarded contracts with a value greater than $150,000.00)

(1) The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

(2) The contractor agrees to report each violation to the (name of the applicant entering into the contract) and understands and agrees that the (name of the applicant entering into the contract) will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

DEBARMENT AND SUSPENSION ***Contractor must complete enclosed certification***

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by Client. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (insert name of recipient/subrecipient/applicant), the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

BYRD ANTI-LOBBYING AMENDMENT

(For all awarded contracts with a value greater than $100,000.00.) ***Contractor must complete enclosed certification***

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended) Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

The Contractor certifies, to the best of his or her knowledge and belief that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) Contractor will include language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of $150,000.00 shall certify and disclose accordingly.

PROCUREMENT OF RECOVERED MATERIALS

(The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40

C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.)

(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA designated items unless the product cannot be acquired:

   a) Competitively within a timeframe providing for compliance with the contract performance schedule;

   b) Meeting contract performance requirements; or

   c) At a reasonable price.

(2) Information about this requirement is available at EPA's Comprehensive Procurement Guidelines website, http://www.epa.gov/cpg/.

   The list of EPA-designate items is available at http://www.epa.gov/cpg/products.htm.

(3) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the "Solid Waste Disposal Act."

ACCESS TO RECORDS

The following access to records requirements apply to this contract:

(1) The Contractor agrees to provide the Client, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making

audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the Client and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

CHANGES

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

DHS SEAL, LOGO, AND FLAGS

The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

NO OBLIGATION BY FEDERAL GOVERNMENT

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

PROHIBITION ON CONTRACTING FOR COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES

2 C.F.R. § 200.216, as implemented by FEMA Policy 405-143-1, prohibits the Contractor from using equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate and to the extent consistent with law, the Contractor agrees, to the greatest extent practicable, prefer the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

AFFIRMATIVE SOCIOECONOMIC STEPS

If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

COPYRIGHT AND DATA RIGHTS

"License and Delivery of Works Subject to Copyright and Data Rights"

The Contractor grants to the Client a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the Client or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the Client data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the Client."

BYRD ANTI-LOBBYING CERTIFICATION

Certification for Contracts, Grants, Loans, and Cooperative Agreements-The undersigned certifies, to the best of his or her knowledge and belief, that:

1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor _____ certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

DEBARMENT/SUSPENSION CERTIFICATION

Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, Debarment and Suspension (1986) and Executive Order 12689, Debarment and Suspension (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (No procurement Debarment and Suspension).

This requirement applies to all FEMA grant and cooperative agreement programs.

Federal Executive Order (E .O.) 12549 "Debarment" requires that all contractors receiving individual awards, using federal funds, and all sub recipients certify that the organization and its principals are not debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency from doing business with the Federal Government. By signing this document, you certify that your organization and its principals are not debarred. Failure to comply or attempts to edit this language may disqualify your bid/proposal. Information on debarment is available at the following websites: www.sam.gov and https://acguisition.qov/far/index.html see section 52.209-6.

The Contractor _____ certifies or affirms by your signature that neither you nor your principal is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

CIVIL RIGHTS COMPLIANCE PROVISIONS

1. EQUAL EMPLOYMENT OPPORTUNITY (Equal Opportunity Clause)

(For all awarded contracts that meet the definition of "federally assisted construction contract" provided in 41 CFR Part 60-1.3)

During the performance of this contract, the contractor agrees as follows:

1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

   Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or order this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

SECTION 3. PROPOSAL SUBMISSION INSTRUCTIONS AND SPECIAL REQUIREMENTS

The following requirements and instructions **supersede** General Requirements where applicable.

3.1. SUBMISSION OF PROPOSAL

Each Respondent shall ensure that required parts of the RFP response are completed with accuracy and submitted as per the requirements within this specifications packet, including any addenda.

Respondent is responsible for submitting: One (1) original and five (5) response copies; with all copies to include a completed copy of this specifications packet, in its entirety.

The County requests that response submissions NOT be bound by staples or glued spines.

Respondent shall monitor the Jefferson County Purchasing Department Website for any addenda, additional instructions, or RFQ updates. https://www.co.jefferson.tx.us/Purchasing/

Failure to return all required documentation will result in a response being declared as non-responsive.

Reponses must be submitted in complete original form by mail or messenger to the following address:

Jefferson County Purchasing Department
1149 Pearl Street, 1st Floor
Beaumont, TX 77701

Respondent shall submit response in a tightly sealed opaque envelope or box, plainly marked "SEALED RFP RESPONSE." The outside of the envelope of box shall also include the RFP Number, RFP Name, RFP Due Date, and the Respondent's Name and Address; and shall be addressed to the Purchasing Agent.

All submissions must be received by 11:00 am CT, Wednesday, November 30, 2022

Late responses will not be accepted and will be returned unopened to the Respondent.

Jefferson County will not accept any responsibility for responses being delivered by third party carriers.

RFP responses will be accepted at the above address until the time and date specified herein, and immediately after will be publicly opened and read aloud.

Jefferson County shall not be responsible for any effort or cost expended in the preparation of a response to this RFP.

All responses submitted in response to this invitation shall become the property of Jefferson County and will be a matter of public record available for review.

All protests should be coordinated through the Purchasing Office prior to award recommendation to Commissioners' Court.

Please direct questions to Mistey Reeves, Assistant Purchasing Agent at 409-835-8593 or e-mail at: mreeves@co.jefferson.tx.us.

Courthouse Security:

All visitors to the Courthouse must pass through Security. Respondents planning to hand deliver proposals must allow time to get through Security, as a delay in entering the Courthouse will not be accepted as an excuse for late submittal. Mondays and Tuesdays are particularly heavy days.

In response to the Covid-19 pandemic, Jefferson County will be implementing precautionary measures as currently recommended by the CDC within its facilities.

Respondents are strongly urged to plan accordingly.

Submissions During Time of Inclement Weather, Disaster, or Emergency:

In case of inclement weather or any other unforeseen event causing the County to close for business on the date of a bid/proposal/statement of qualifications submission deadline, the RFQ closing will automatically be postponed until the next business day that County offices are open to the public. Should inclement weather conditions or any other unforeseen event cause delays in courier service operations, the County may issue an addendum to all known vendors interested in the project to extend the deadline. It will be the responsibility of the vendor to notify the county of their interest in the project should these conditions impact their ability to submit a bid/proposal/statement of qualifications submission before the stated deadline. The County reserves the right to make the final judgement call to extend any deadline.

Should an emergency or unanticipated event interrupt normal County processes, and bid/proposal/statement of qualifications submissions cannot be received by the Jefferson County Purchasing Department's office by the exact time specified in the RFQ and urgent County requirements preclude amendment to the RFQ, the time specified for receipt of Statements of Qualifications will be deemed to be extended to the same time of day specified in the solicitation on the first business day on which normal County processes resume.

SECTION 4. PROPOSAL FORMAT REQUIREMENTS

4.1 INTRODUCTION TO PROPOSAL FORMAT REQUIREMENTS

Each proposal submitted in response to this RFP must be organized to correspond with those numbered sections of this RFP that require a response. Failure to arrange the proposal as requested may result in the disqualification of the proposal. Conciseness and clarity of content are emphasized and encouraged. Vague and general proposals will be considered non-responsive, and will result in disqualification. The response must be complete. Failure to provide the required information may result in the disqualification of the proposal. All pages of the proposal must be numbered and the proposal must contain an organized, paginated table of contents corresponding to the sections and pages of the proposal.

The County requests that proposal submissions NOT be bound by staples or glued spines.

4.2 ORGANIZATION OF PROPOSAL CONTENTS

Each proposal must be organized in the manner described below:

A. Transmittal Letter

B. Table of Contents

C. Executive Summary

D. Proposer Identifying Information

E. Proposer Personnel and Organization

F. Cost Proposal Form (PAGE 49)

G. Copy of RFP Specifications and any Addenda in their entirety.
(Note: All forms should be completed, and any information requested should be inserted/included)

4.3 TRANSMITTAL LETTER

The Proposer must submit a transmittal letter that identifies the entity submitting the proposal, and includes a commitment by that entity to provide the services required by the County. The transmittal letter must state that the proposal is valid for (**90)** days from the deadline for delivery of proposals to the County. Any proposal containing a term of less than (**90)** days for acceptance will be rejected as non-responsive.

The transmittal letter must be signed by a person legally authorized to bind the Proposer to the representations in the response. In the case of a joint proposal, each party must sign the transmittal letter. The Proposer also must indicate, in its transmittal letter, why it believes that it is the most qualified Proposer to provide the services described in this RFP.

The transmittal letter must include a statement of acceptance of the terms and conditions of the contract resulting from this RFP. If Proposer takes exception to any of the proposed terms and conditions stated in this RFP, those exceptions must be noted in the transmittal letter. However, Proposer must realize that failure to accept the terms specified in this proposal may result in disqualification of the proposal.

4.4 TABLE OF CONTENTS

Each proposal must be submitted with a table of contents that clearly identifies and denotes the location of each title and subtitle of the proposal. Additionally, the table of contents must clearly identify and denote the location of all enclosures of the proposal. The table of contents must follow the RFP's structure as much as is practical.

4.5 EXECUTIVE SUMMARY

The Proposer must provide an executive summary of its proposal that asserts that the Proposer is providing in its response all of the requirements of this RFP. The executive summary must not exceed three (3) pages, and must represent a full and concise summary of the contents of the proposal. The executive summary must not include any information concerning the cost of the proposal. The Proposer must identify any services that are provided beyond those specifically requested. If the Proposer is providing services that do not meet the specific requirements of this RFP, but in the opinion of the Proposer are equivalent or superior to those specifically requested, any such differences must be noted in the executive summary. However, the Proposer must realize that failure to provide the services specifically required may result in disqualification of the proposal.

4.6 PROPOSER IDENTIFYING INFORMATION

Proposers must provide the following identifying information with their proposal submission:

a. Name and address of business entity submitting the proposal;

b. Type of business entity (i.e., corporation, partnership);

c. Place of incorporation, if applicable;

d. Name and location of major offices and other facilities that relate to the Proposer's performance under the terms of this RFP;

e. Name, address, business and fax number of the Proposer's principal contact person regarding all contractual matters relating to this RFP;

f. The Proposer's Federal Employer Identification Number, Jefferson County Vendor Number and Jefferson County Business License Number, if any;

g. Full name and address for each member, partner, and employee of the Proposer (and any subcontractors) who will perform services on this project; and

h. A statement regarding the financial stability of the Proposer, including the ability of the Proposer to perform the functions required by this RFP and to provide those services represented by the Proposer in its response.

4.7 PROPOSER'S PERSONNEL AND ORGANIZATION

The Proposer must provide resumes of all key personnel that will be involved in performing the project, and must provide for each person:

a. Full name (including full middle name);

b. An employment history;

c. A specific description of relevant experience and skills that person has in connection with the conduct of financial advisory services that is the subject of this RFP (limit one page);

d. A specific indication of what role the individual will have in this project; and

e. Any additional helpful information to indicate the individual's ability to aid the Proposer in successfully performing the work involved in this RFP (limit to one page).

The resumes must present the required personnel in sufficient detail as to provide the County an indication that the personnel involved can perform the work specified in this RFP. All proposed personnel will be subject to the County approval.

Jefferson County is committed to using the selected Performance Review Company according to reasonable and well-planned timeframes, to the extent possible. Jefferson County is committed to making available its personnel in a similar manner to enable the Performance Review team able to perform its duties in a timely basis.

Each Proposer is required to make a statement as to the availability of key personnel to Jefferson County when required. The key personnel who are to work on this project, identified in the proposal as such, are considered to be essential to the services to be provided. No substitutions of key personnel following contract award will be made without the prior written consent of Jefferson County Commissioners' Court. All requested substitutes must be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

Each of the successful Proposer's personnel is subject to removal from this project by Jefferson County Commissioners' Court. In addition, if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

If applicable, each Proposer must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project. The hours each of the key personnel and other staff members are projected to work on the project.

Each Proposer must provide any equipment, software, or data communication lines required by the successful Proposer's personnel to complete the work specified in this document. Each Proposer also must identify any personnel related through blood or marriage to the County or to any current employee of the County.
Each Proposer must provide an organizational chart covering the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. The Proposer must assign a contact person to the project.

Failure by Proposer to include all listed items within these RFP specifications may result in the rejection of proposal by the County.

PROJECT OBJECTIVE AND SCOPE OF SERVICES

Scope of Services

The information provided in this RFP package has been taken from data available and is believed to be reasonably accurate. Offerors are requested to personally verify data wherever possible and to ask for any other information needed for the preparation of their response to the RFP.

Compliance with State and Federal Laws and Regulations: The Contractor shall keep fully informed on all federal and state laws, all local laws and regulations, and all orders and decrees of bodies or tribunals having any jurisdiction or authority which in any manner affect those engaged or employed in providing the services required under its contract with Jefferson County. The Contractor shall at all times observe and comply with all such laws, including, but not limited to, the Civil Rights Act of 1964, The Americans With Disabilities Act of 1990, Fair Labor Standards Act of 1938, applicable provisions of OSHA regulations, PREA, and all other pertinent state and federal laws, and all county and local laws, ordinances, regulations, orders and decrees in force at the time of award.

The statistical data, other than inmate population numbers, has been calculated using data provided by the current contracted vendor. Jefferson County is not responsible for any discrepancies in the data that was provided to the County

Objective: The Commissioners' Court of Jefferson County, Texas, and the Office of the Sheriff of Jefferson County, have as their goal the establishment of a program that provides good quality medical, mental health, dental and other health care services for the inmates of JCCF in Beaumont, Texas. Further, their goal is to provide such care in a cost-efficient manner, with knowledgeable administrative and clinical professionals, supported by competent staff, working under a health care system that provides all the elements required for recognition as a correctional health care program that meets community, state and national standards. To that end, the Commissioners' Court and the office of the Sheriff of the County have undertaken the solicitation of proposals to contract for such health care services for the inmates of JCCF, Beaumont, Texas.

Description of Jail: Jefferson County Correctional Facility (JCCF) was opened in January 1992. The facility is a combination of minimum, medium and maximum security housing. Management style is direct supervision. There are a total of 1,268 beds. The infirmary houses 24 inmates in two wards and there are 8 isolation cells. The maximum security units also have 12 isolation cells. The average daily population from April 2021 to March 2022 was 909. This facility has 25-30 inmates that participate in a work release program. These inmates leave the facility to work in the community.

The medical unit at JCCF is relatively spacious and provides a pleasant working environment. It has approximately 7,000 square feet of space that includes a waiting room, 3 exam rooms, a dental operatory, supply room, 3 offices, medication room, nursing station, medical records room, two 12-bed wards (each with a washroom, laundry, storage, toilets, lockers and hall space), and 8 medical isolation cells. The exam rooms contain basic equipment.

Current Contractor: All health care services at JCCF, on-site and off-site, are currently furnished under a contract with CorrHealth, LLC, a private health care contract provider. The current contract was entered into on April 10, 2018. The initial term was to end April 8, 2020. The agreement was renewed for 2 years, with an additional month to month contract amendment March 15, 2022.

4. Contractor will supply at its expense, all other supplies required to carry out its performance. Said supplies will include, but not be limited to, forms (there are five forms required by JCCF that will be provided by the County), books, medical record folders and forms, all pharmaceuticals (prescription and non-legend), including HIV medications, PPD., prosthetics (e.g., dentures, eyeglasses, artificial limbs), hand instruments, needles and sharps, special medical items (e.g., wheelchairs, if cost is under $500, trusses, crutches), testing devices, containers and clinical waste receptacles, inmate information materials, gloves and coverings, disinfectants, manuals, aprons and health service personnel outer-wear (e.g., disposable clothing, if used) in accordance with NCCHC Guidelines.
5. The Contractor will supply at its expense on-site office equipment it needs such as copiers, fax machines, calculators, additional telephones, answering machines, ordinary computer equipment. This equipment is the property of the Contractor and must be maintained and repaired at the Contractor's expense.
6. The Contractor shall provide adequate equipment and supplies to meet the needs of the program. Contractor will be responsible for all repairs and maintenance of all medical equipment used towards the fulfillment of this Agreement. Contractor shall be responsible for purchasing and stocking all medical and pharmaceutical supplies for the routine and specialty care of all inmates. All remaining supplies shall become the property of JCCF at the termination of the Contract.
7. Equipment and Supplies Remain Property of the County: All equipment purchased by the County under the contract shall be the property of the County and shall remain on site at the termination of the contract. All supplies, including pharmaceuticals, purchased for use in the performance of the contract, shall be the property of the County and shall remain on site at the termination of the contract.

8. Placing Purchased Item in Correct Category: In the event it isn't clear whether an item fits under the category of "equipment" or "supply", and there is a difference of opinion as to its appropriate category, the amount of its net purchase price shall be the determinate factor, to wit: if in excess of $500, the item shall be deemed "equipment"; if $500 or less, the item shall be deemed "supply".

Records and Documentation Remain the Property of the County: All medical and other records, policies and procedures, manuals, instructional books, orientation, and continuing education records and materials, and documentation of every sort, developed for or used in the operation of the health care program under the contract, shall be the property of the County and, at the termination of the contract, remain the property of the County.

1. Contractor must provide Electronic Medical Records (EMR) that meets all NCCHC, ACA, Texas Jail Standards and any standard that may apply. The system must be fully integrated and bridge with the counties current jail management system. The EMR shall include medication administration, utilization management, discharge planning, tracking of inmate grievances, tracking of off-site appointments, ability to track inmate fees, ability to track dental, mental health, chronic care, and other services. The EMR must be able to generate daily, weekly, and monthly reports as needed. The Contractor must agree to give the County all medical records in a digitized stand-alone form upon termination of the contract. The contractor shall be responsible for implementing the EMR upon acceptance of this contract.
2. The Contractor shall ensure that accurate, comprehensible, legible, up-to-date medical information is maintained on each inmate under Contractor's care. Ensure that confidential, complete and well-organized medical records are maintained for infirmary in-patient and clinic ambulatory care, and that these records include, among other detail, information with respect to mental health, dental care, hospital in-patient and emergency care, laboratory and radiological services, medication administration records and medical specialty encounters. The Contractor shall be the keeper of inmate medical records (active and inactive) throughout the term of the contract and shall adhere to State laws and regulations governing the management of medical records. At the end of the contract, all medical records will become the property of JCCF. All medical records will be available for review by administrative staff of JCCF at any time. Inmate medical records shall be maintained separately from the correctional file, and the confidentiality and security of medical records shall be maintained at all times, under applicable State and Federal statutes and regulations, and under local court rules. The Contractor shall comply with the State's statute regarding retention of health records.
3. The Contractor shall complete a Texas Uniform Health Status Update form for all inmates transferred to other correctional facilities from JCCF.

Services and Administration: The Contractor is to establish a program for the provision of comprehensive health care services for JCCF. The program is to meet constitutional and community standards and, as a minimum, meet the standards of the National Commission on Correctional Health Care and standards of the Texas Jail Commission. Included and generally described below are features of the program. Said inclusion is not to indicate any limitations of the program, but is intended only as a general description of some of the program's contents.

1. The development, maintenance and annual review of administrative and operational policies and procedures, and such other manuals and documents that help guide staff in providing quality care in an effective and efficient manner. The County reserves the right to approve policies and procedures of the Contractor. The policies and procedures shall be designed to meet NCCHC and Texas Jail Standards. The Jefferson County Correctional Facility is currently NCCHC accredited.
2. The Contractor shall coordinate, with a Jail Administrator, meetings to discuss health care services. Minutes or summaries shall be maintained and distributed to attendees with copies retained for future reference. The provision for monthly health service staff meetings to include medical, dental,

and mental health, to ensure good communication within health services, and the documentation of such meetings.

3. The Contractor shall prepare and participate in external reviews, inspections and audits as requested and shall participate in the preparation of responses to critiques. The Contractor shall develop and implement plans to address/correct identified deficiencies.
4. Statistical reports and incident reports shall be submitted to the Jail Administrator monthly. The Health Administrator and Jail Administrator will review incident reports at least quarterly. Incidents involving serious consequences, such as an inmate death, are to be reported to the Jail Administrator immediately.
5. The establishment of a continuous quality improvement committee. The Contractor shall develop and implement a plan to monitor services through quality assurance reviews and inspections.
6. The Contractor shall include regular chart review by physicians of outpatient and inpatient medical records. Chart reviews, deliberations and actions taken as a result of reviews should be documented.
7. The Contractor shall establish a utilization review program for the review and analysis of the utilization of off-site referrals including subspecialty and inpatient stays. The program shall include non-urgent hospitalization, pre-certification, urgent hospital certification, concurrent review, prospective denial, discharge planning, and prior authorization of targeted procedures, e.g., MRI and CAT scans. The utilization management program shall demonstrate that the use of outside service has been appropriate (medically indicated) and that the length of stay, if applicable is neither longer nor shorter than medically indicated.
8. The Contractor shall indicate its risk management plan and discuss its procedures for dealing with critical incidents. The Contractor shall be responsible for establishing and providing evidence of a formal mortality review process.
9. The Contractor shall implement a pharmacy and therapeutic committee which shall be responsible for additions, deletions to formulary, monitoring usage of pharmaceuticals including psychotropic and identifying prescribing patterns of practitioners. Quarterly written consultation reviews of the pharmacy by a consultant pharmacist shall be required. The Contractor shall utilize a local pharmacy agreement for providing STAT medication orders.
10. The establishment of an infection control activity that monitors the incidence of infectious and communicable disease, seeks to prevent their incidence and spread, and provides for the care and treatment of inmates so infected. Reporting of infections must be in accordance with local and state laws. The program must be in compliance with CDC and OSHA regulations.
11. Within the parameters of its contractual authority evidence of the maintenance of a safe and sanitary jail environment, the Contractor shall make provision for collection, storage, and removal of medical waste and sharps containers in accordance with state and federal regulations.
12. The Contractor is responsible for the costs of removal and disposal, including all necessary supplies. The Contractor shall comply with the policies and procedures to be followed in dealing with inmate complaints regarding any aspect of the health care delivery system. The Contractor shall maintain monthly statistics of grievances filed i.e. those with and without merit. All grievance procedures shall be in accordance with County regulations. The County reserves the right to review any inmate complaints and review the Contractor's actions. The Contractor must implement the County's recommendations in disputed cases.
13. The Contractor shall hire all employees necessary for the performance of this Agreement. The Contractor agrees to initially consider for employment individuals who are currently assigned to work for Health Services at JCCF, as of the date of this proposal. Initial and continued employment of staff and subcontractors shall be subject to approval of the County. All persons employed by the Contractor will be employees of the Contractor and not Jefferson County.
    a. Assurance that all health care services personnel meet current licensure, certification or registration as required in the community. Copies of all current nursing and physician licenses shall be kept on file in the administrator's office. Licensure of all subcontractors

and contract employees shall be kept on file in the administrator's office. The files shall be made available to the Jail Administrator when requested.

b. The Contractor, in performing work required by this Agreement, shall not discriminate against any employee or applicant for employment or violate any federal, state, or local laws.
c. The County reserves the right to prohibit any of the Contractor's employees and/or independent contractors from performing service with regard to this Agreement.
d. All personnel shall be required to pass a background investigation conducted by the Sheriff's Office for initial and/or continued employment. Additionally, all personnel performing on-site services may be required to undergo a urinalysis or blood test if there is reason to believe that they are under the influence of alcohol or other substances of abuse.
e. All personnel shall comply with current and future state, federal, and local laws and regulations, court orders, administrative directives, institutional directives, NCCHC standards, and policies and procedures of the County and JCCF.
f. The Contractor shall provide the names of corporate or regional management personnel assigned to this contract. A resume of the regional manager shall be included with this proposal. Any replacement personnel shall be subject to approval of the County.
g. The Contractor shall notify and consult with the Jail Administrator prior to discharging, removing, or failing to renew contracts of professional staff.
h. The Contractor shall provide job descriptions for all areas of health staff employment and that staff are adequately oriented to their tasks
i. The Contractor shall ensure that there are sufficient numbers and appropriate levels of staff to perform all the requirements for conducting an effective, efficient and quality health services program. The Contractor is to indicate in its proposal, the range and scope of the responsibilities and activities of these two positions. The Contractor is also to indicate in its proposal, the levels, numbers and time to be spent on site for all staff positions. The medical director or designee shall be on call 24 hours per day.
j. The Contractor ensures that infirmary care is supervised by a full-time RN, has adequate staff coverage, maintains separate charting and is provided in a setting that meets standards. Nursing rounds and documentation of nursing rounds in inmate's medical record will be done on every shift for all inmates housed in the infirmary for medical reasons.
k. Contractor shall make every attempt to keep employee absenteeism or vacancy at an absolute minimum. All clinical positions shall be filled on all shifts including holidays. The Contractor shall specify how they intend to cover periods of absences caused by vacations, holidays and sick leave, and shall state what relief factor, if any, were computed into their staffing ratio. The Contractor should state whether positions in their proposal are to be covered by full or part time personnel. All full-time contractual staff shall be on-site for at least 40 hours per week. In the event the Contractor fails to fill any vacant position through employment, appointment, or contracting with a qualified person on a permanent or temporary basis (including the utilization of existing staff on an overtime basis at the expense of the Contractor at a period not to exceed thirty days) the Contractor shall issue a credit consisting of 150% of the hourly salary and fringe benefits for each position vacant for an accumulated period of 30 days or more until such time as the position is filled on a permanent basis to the County. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.
l. Contractor agrees that during the term of this contract, vacancy rates shall not exceed 10% for all disciplines or positions. If the vacancy rate for all positions exceeds 10% at any time, the contractor shall credit the County for the percentage above 10% of the total on site staffing cost for the period of time the vacancy rate remains above 10%. This credit is independent of and in addition to any credit due for an individual position that has been vacant for more than 30 days. (Example: If contract specifies a total of 24 FTE, at the point

there are 3 or more vacant positions, the contractor will have a vacancy rate of 12% and therefore would owe the county a credit of 2% of the total staffing cost beginning on the date of the third vacancy and lasting until one or more positions are filled.) The credited amount shall be approved by the Jail Administrator. The credited amount will be payable to Jefferson County from the Contractor as a credit to Jefferson County's next monthly billing by the Contractor.

m. Contractor will maintain a record of employee absenteeism and position vacancy. The record will include position and number of hours missed or days position vacant. Record may be reviewed by County Staff and/or Jail Administrator at any time.
n. The provision and record of ongoing and continuing education for health service personnel and the provision of assistance to Administration in the training (such as CPR, First Aid, and Suicide Prevention) of non-health service staff.

14. In the event of an increase or decrease in inmate population, a per diem will be applied. No per diem will be applied until the population increases to 1000 for three (3) consecutive months. For the purposes of calculation of the population, the average daily population will be averaged over a monthly period to determine the population to be used for billing purposes. Similarly, should the population fall below 800 for three (3) consecutive months; the per diem per inmate will be credited to the County and reduced from the total monthly billing. Should the population exceed 1000 inmates or fall below 800 inmates for three (3) consecutive months or more, Contractor reserves the right to negotiate with Jefferson County for changes in staff as agreed to by both parties and the subsequent compensation or reduction for the staffing changes.
15. Contractor will ensure adequate and appropriate medications are on hand or available in timely manner to insure the health of inmates is not compromised, and that all pharmaceutical and medical supplies on site are maintained, dispensed, and distributed under good pharmaceutical practices.
    a. Contractor will provide all reasonable and medically necessary medications, prescription and non-prescription including IV solutions, mental health medications, and HIV medications.
    b. The Contractor shall make provisions for on-site delivery of medications to inmates seven days per week and on-site STAT dose capability for emergencies. Medications are to be administered to inmates in their prospective housing areas. Inmates' medications will be administered on a consistent schedule whenever possible. Contractor shall provide, furnish, and supply pharmaceuticals and drugs to JCCF using a blister pack form of packaging.
    c. Contractor shall include a Medication Administration Record to include all information contained on the prescription label.
    d. JCCF sells some non-prescription items through the Commissary.
16. That inmates are screened by an EMT-P, EMT-I, or nurse for medical, dental and mental health problems immediately upon arrival to JCCF and prior to housing. The total book-ins processed from April 2021 through March 2022 was 9,197. Through the EMT-P, EMT-I, or nurse stationed at the booking area, Contractor shall refuse to admit to JCCF any inmate who displays signs of needing imminent health care and/or mental health care due to untreated injury, illness, communicable disease, and mental health issue until that inmate has been treated and stabilized at a hospital emergency room. In the event the Contractor fails to exercise this option, the Contractor will assume treatment of said inmate within the limits of this Agreement. After an inmate has received treatment and been stabilized at a hospital emergency room for the injury, illness, communicable disease, or mental health issue for which he/she was previously rejected for admission to the jail, and law enforcement personnel present evidence of such treatment to Contract personnel, that inmate shall be admitted to the jail and Contractor shall assume treatment of said inmate within the limits of this Agreement.
    a. Nursing staff shall be expected to review the findings of the receiving screening on a daily basis. An explanation of procedures for accessing medical care shall be provided to inmates orally and in writing upon their arrival to JCCF.

17. The Contractor shall ensure that there is a mechanism for the medical, dental, and mental health assessments within 14 days of admission into the system, and yearly thereafter, in accordance with NCCHC standards. The 14 day full health assessment must include the following:
    a. Review of the receiving screening,
    b. Complete history and physical examination,
    c. Recording of vital signs, height, and weight,
    d. Mental health evaluation,
    e. Vision and hearing screening,
    f. Laboratory test including VDRL, and other diagnostic tests as clinically indicated,
    g. Review of the results of the health appraisal by a physician, and
    h. Initiation of therapy, when appropriate.
18. The Contractor must provide the following dental services on-site:
    a. Prevention of dental disease and oral hygiene education,
    b. Dental treatment of acute dental problems such as severe pain, infections, bleeding, or repair of broken dental prosthesis, if necessary for eating,
    c. Referral to a dental specialist if needed, and
    d. Provision for emergency care.
19. The Contractor ensures that inmate health care services are accessible and available through sick call system and through follow-ups that, when appropriate, include referral to medical, dental, and mental health specialties in accordance with NCCHC guidelines.
20. The Contractor shall conduct nurse sick call seven days a week including holidays. The physician, NP, or PA coverage shall consist of sick call a minimum of 5 days per week. A physician will be on call 24 hours a day, seven days a week. In conducting these clinics, health care staff shall utilize triage protocols and shall ensure all appropriate follow-up care is provided. Sick call requests are to be screened within 24 hours of their submission. All inmates are to be seen at sick call within 48 hours of their submission of a request for health services. Sick call shall be conducted on the day and/or evening shifts.
    a. Daily sick call shall be conducted in the Administrative Separation units as well. There shall be an assigned nurse in Administrative Separation units a minimum of 16 hours a day, seven days a week. Assessments will be done during Administrative Separation rounds, a minimum of three times a week to determine inmate's health status. A record of these Administrative Separation rounds as well as any clinical encounter will be noted in each inmate's medical record.
21. Contractor shall provide inmates with an opportunity for self-education regarding their personal health and well-being, and have the legal opportunity to be informed regarding treatment and the right to refuse care. Contractor shall operate on-site specialty clinics at JCCF which shall include but not be limited to, STD, HIV, TB and any other public health communicable disease (i.e. Covid, Influenza).
22. Contractor shall develop and implement a program for the care of chronic care inmates. The chronic care clinic provided shall entail the development of an individual treatment plan by the responsible physician specifying instructions on diet, medication, and diagnostic testing. Chronic care patients shall be provided a review by a physician minimally every three months.
23. The Contractor ensures that diagnostic, radiological, medical specialty, and emergency and in-patient hospital services and care are provided.
    a. The Contractor shall make referral arrangements with specialists for the treatment of those inmates with health care problems that may extend beyond the primary care services provided on-site. In the event there is a doubt among the medical staff as to whether an inmate needs to be referred off-site, the County has the authority to override the medical department's decision at any time. All referrals shall be coordinated with JCCF for security arrangements.

b. The Contractor shall be responsible for providing all supplies used or ordered by the specialist, including recommended prosthetics, braces, special shoes, glasses, dentures, hearing aids, orthopedic devices, etc.

24. The Contractor shall develop provisions for prenatal care. Prenatal care shall include but not be limited to: Routine urine testing for proteins and ketones, vital signs, assessment of fundal height and heart tone, dietary supplement, and observation of signs of toxemia. Prenatal care is currently provided by a local OGBYN for routine care. The following are the numbers of pregnant females in the past years.
    a. 122 Inmates: April 2018 – March 2019
    b. 139 Inmates: April 2019 – March 2020
    c. 68 inmates: April 2020 – March 2021
    d. 51 inmates: April 2021 – March 2022
25. The Contractor shall utilize on-site facility ancillary services to their fullest extent and shall be responsible for the costs of all on-site laboratory and x-ray services. All laboratory results will be communicated to the physician within 48 hours after receipt of test results to enable the physician to assess the follow-up care indicated and to screen for discrepancies between the clinical observations and laboratory results. The physician on-call will be notified immediately of all results of STAT ordered tests and abnormal reports. All routine x-rays shall be provided on-site at the facility by utilizing mobile x-ray services. X-rays shall be read by a Board Certified or eligible radiologist and taken by a registered technician. Contractor shall ensure that results are reported to the medical department within 24 hours.
26. Contractor will provide toxicology screening and basic health lab screenings (CMP, CBC, Thyroid and Lipid) on site.
27. On site Dialysis is preferred.
28. The Contractor shall provide emergency medical services on-site 24 hours per day, seven days per week. Arrangements must be made for required emergency services beyond on-site capabilities with appropriate community resources. The Contractor shall be responsible for all emergency transportation including ambulance services.
    a. The Contractor will notify the shift supervisor immediately when an inmate needs off site emergency care.
    b. Contractor will be responsible for providing emergency treatment to visitors, staff, employees, or subcontractors of the County who become ill or are injured while on the premises. Treatment will consist of stabilization and referral to a personal physician or local hospital,
29. Contractor shall comply with the current JCCF disaster plan in the event of a man-made or natural disaster.
30. JCCF has implemented a co-pay program for health services.
31. The Contractor will be responsible for the detoxification of inmates withdrawing from drugs or alcohol. Inmates experiencing severe detoxification (overdose) or withdrawal shall be transferred to an emergency room. The following are the numbers of detoxification inmates in past years.
    a. 669 Inmates: April 2018 – March 2019
    b. 1,027 Inmates: April 2019 – March 2020
    c. 877 inmates: April 2020 – March 2021
    d. 467 inmates: April 2021 – March 2022
32. Contractor will perform pre-employment physicals for JCCF employees. The Contractor's physician will be responsible for obtaining a history and performing a physical for prospective employees of JCCF. The following are the number of physicals in past years.
    a. 48 physicals: April 2018 – March 2019
    b. 80 physicals: April 2019 – March 2020
    c. 45 physicals: April 2020 – March 2021
    d. 66 physicals: April 2021 – March 2022

33. TB testing will be provided for inmates and Annual TB testing will be provided for staff according the Texas Department of Health. Approximately 250 staff tests are done annually. Contractor will submit TB Plan to the Texas Department of Health annually.
34. Contractor will provide for mental health services which shall include as a minimum:
    a. Screening for mental health problems on intake as provided in NCCHC, ACA, and TCJS standards.
    b. Referral to the Contractor's psychiatrist for the detection, diagnosis, and treatment of mental illness.
    c. Crisis intervention and management of acute psychiatric episodes.
    d. Stabilization of the mentally ill and the prevention of psychiatric deterioration in the correctional setting.
    e. Facilitate an on-site approved Jail Competency Restoration Program.
    f. Assist in the referral and admission to licensed mental health facilities for inmates whose psychiatric needs exceed the treatment of the facility.
    g. Obtaining and documenting informed consent.
    h. Provide appropriate licensed mental health professionals to diagnose any inmates detected at booking of having a suspected mental illness and provide the necessary documentation to the court system of that diagnosis with 24 hours of an inmate's booking. This may be obtained from prior records if within one year of booking. This section is intended for compliance with Texas CCP 16.22.
    i. The Contractor shall ensure inmates referred outside of intake for mental health treatment receive a comprehensive evaluation by a licensed mental health professional. The evaluation shall be completed with three (3) days of the referral request date.
    j. The Contractor shall ensure that a minimum of three (3) qualified physicians meeting the requirements of Texas Health and Safety Code Chapter 574 are retained each month to provide the following services upon request of County regarding civil commitments: (1) review the files of, conduct interviews with and evaluate the condition of inmates who have been identified as proposed civil commitment patients; (2) complete Certificates of Medical Examinations and other necessary documents in a timely manner pursuant to the requirements of the Texas Health and Safety Code Chapter 574 and County; (3) be available to provide testimony in court in support of the Certificates of the Medical Examinations and other necessary documents.

Standards and Accreditation: Unless stated otherwise, health care services provided by the Contractor shall comply with applicable standards of the National Commission on Correctional Health Care (presently, Standards for Health Services in Jails, 2018). Accreditation is to remain in full effect during the term of this Agreement and any extensions thereof. The Contractor shall be responsible for the payment of all accreditation fees.

Alternates (Options): The Offeror is to specify in its proposal, any alternates it wishes to propose for consideration by the County. Each of these alternates should be sufficiently described and labeled within the proposal, and should indicate its possible or actual advantage to the program being offered. Any proposed decrease or increase in proposal price also should be stated. The name or title of the alternate and its effect on the base price should be restated in the "Price" section of the proposal.

Project Requirements

1. Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.
2. The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.
3. Offeror Experience
    a. The successful Offeror must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.
    b. The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.
    c. The Offeror must describe in detail the current and historical experience the Offeror and its subcontractors have that would be relevant to completing the project. The Offeror must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts, position and a telephone number.
    d. The description of experience must be detailed and cover all relevant contracts that the Offeror and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Offeror to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience. The Offeror must indicate whether the organizations so listed are included for the purpose of verifying the Offeror's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Offeror under the contract, and whether the Offeror was the contractor or subcontractor.
4. List all contracts lost or not renewed in the last five (5) years. Include a contact person and telephone number. Please provide a narrative describing reasons that contract(s) have not been renewed. Offeror must identify any contract(s) from which they have asked to be relieved or any contracts that have been canceled prematurely.
5. Provide a listing of fines uncured under contracts in other jurisdictions for non-performance of duties in whole or in part for the last five (5) years.
6. Provide a list of all litigation the service provider has been or is currently involved in during the last five years. Include a narrative describing all cases including cases that were settled and the amounts of settlement.
7. The Offeror must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Offeror also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.
8. Minimum Qualifications – To be considered for award of this contract, the Respondent **must** meet the following minimum qualifications.

a. The Offeror must be organized for the sole purpose of providing healthcare services, and have previous experience with proven effectiveness in administering correctional health care programs.
b. The Offeror must have at least five (5) continuous years of corporate experience in providing healthcare services at medical facilities. Emphasis will be place on those referenced medical/correctional facilities in the State of Texas.
c. The Offeror must operate in accordance with National Commission on Correctional Health Care (NCCHC) standards, American Correctional Association (ACA) standards and Texas Commission on Jail Standards.
d. The Offeror must demonstrate its ability to provide a health care system specifically for the Facility. It must demonstrate that it has the ability for a thirty (30) day start-up, which it has a proven system of recruiting staff and that it has an adequate support staff in its central office capable of competently supervising and monitoring its operation in the County.

Offeror Personnel and Organization

1. The Offeror must provide resumes of all key personnel that will be involved in performing the project, and must provide for each person:
    a. Full name (including full middle name);
    b. An employment history;
    c. A specific description of relevant experience and skills that person has in connection with the conduct of financial advisory services that is the subject of this RFP (limit one page);
    d. A specific indication of what role the individual will have in this project; and
    e. Any additional helpful information to indicate the individual's ability to aid the Offeror in successfully performing the work involved in this RFP (limit to one page).
2. The resumes must present the required personnel in sufficient detail as to provide the County an indication that the personnel involved can perform the work specified in this RFP. All proposed personnel will be subject to the County approval. (Exact on-site staff may not be known at time of proposal submittal and actual candidates will require pre-approval by the County) Key positions to be included are:
    a. Chief Executive and Chief Operating Officer
    b. Executive Vice President
    c. Area Vice President and/or Regional Manager/Supervisor with direct responsibility for contractual oversight and supervision of site Health Services Administrator
    d. Corporate Medical Director and/or Regional Medical Director with direct clinical oversight of the site Medical Director/site providers
    e. Site Medical Director (exact on-site staff may not be known at time of proposal submittal and actual candidates will require pre-approval by the County)
    f. Utilization Manager/Case Manager/UM contractor assigned to the site
    g. Site Health Service Administrator (H.S.A.)

3. Jefferson County is committed to using the selected Performance Review Personnel according to reasonable and well-planned timeframes, to the extent possible. Jefferson County is committed to making available its personnel in a similar manner to enable the Performance Review team able to perform its duties in a timely basis. Each Offeror is required to make a statement as to the availability of key personnel to Jefferson County when required.

4. The key personnel who are to work on this project, identified in the proposal as such, are considered to be essential to the services to be provided. No substitutions of key personnel following contract award will be made without the prior written consent of Jefferson County Commissioners' Court. All requested

substitutes must be submitted to the Jefferson County Commissioners' Court, or, together with their resumes, for approval.

5. Each of the successful Offeror's personnel is subject to removal from this project by Jefferson County Commissioners' Court. In addition, if the person removed is among the project's key personnel, the replacement must be approved by Jefferson County Commissioners' Court. All replacements of key personnel will be paid at the same rate as the person who was replaced, unless the rate normally charged by the replacement is lower, in which case the lower rate will be paid. All replacements of key personnel must be of equal or superior experience as the person replaced.

6. If applicable, each Offeror must provide a detailed statement setting forth the proposed hourly billing rate for all key personnel, and for each additional staff member to be assigned to the project. The hours each of the key personnel and other staff members are projected to work on the project.

7. Each Offeror must provide any equipment, software, or data communication lines required by the successful Offeror's personnel to complete the work specified in this document. Each Offeror also must identify any personnel related through blood or marriage to the County or to any current employee of the County.

8. Each Offeror must provide an organizational chart covering the services offered in its proposal, indicating lines of authority, names, titles, and functions of individuals assigned. The Offeror must assign a contact person to the project.

Term

1. The contract resulting from this RFP will have an initial term period of two (2) years. Jefferson County may request to renew the original contract as amended from time to time, at the same terms, conditions, and pricing. Each renewal, if any, will be in one (1) year increments for three (3) additional years past the initial term. At the expiration of the initial term the parties may, at their independent discretion, agree to extend the contract for additional one (1) year terms.

2. This contract may be terminated by either party for any reason by giving sixty (60) days written notice of intent to terminate.

3. Modification of contract price shall be allowed only on the anniversary date of the contract. Prices throughout the initial two (2) year term shall remain firm/fixed. Written requests for price revisions after the second year shall be submitted in advance to the Jefferson County Sheriff's Office and Jefferson County Purchasing Department. Requests shall be based upon and include documentation of the actual change in cost of components involved in the contract. Price increase shall not include overhead or profit. The County reserves the right to reject any price increase and/or to terminate the contract.

4. An explanation of any and all costs the Offeror intends to pass-through to the County as part of their operational budget is required in the Offeror response. As this will be a cost plus management fee contract, all costs incurred by the County are to be transparent. Be aware that failure to include all costs in your proposal could be reason for contract termination.

SECTION 6. PROPOSAL REQUIREMENTS

6.1 OBJECTIVE OF PROPOSAL

Each proposal must include a detailed work plan that addresses how work for Jefferson County would be performed. It shall include detailed personnel assignments. A detailed description of major deliverables to be provided must also be included.

The proposal must include a sample timeline for the completion of each major task included in the proposal to the extent practicable, as well as projected completion dates for each major activity required. All proposals submitted in response to this RFP become the property of Jefferson County.

6.2 PROPOSER EXPERIENCE

The Successful Proposer must demonstrate extensive experience in and understanding of the nature of research and analysis required in order to carry out the intent of this project.

The proposal must identify all key personnel who are to be part of the proposed consultant team and detail their experience. Jefferson County Commissioners' Court reserves the right to approve each member of the team and to request substitutions.

The Proposer must describe in detail the current and historical experience the Proposer and its subcontractors have that would be relevant to completing the project. The Proposer must provide descriptions and references for all engagements of comparable complexity and sensitivity to the requirements of this RFP that have been conducted within the past five (5) years. References must contain the name of key contacts and a telephone number. The description of experience must be detailed and cover all relevant contracts that the Proposer and its subcontractors, as applicable, have had and all experience similar to this contract that qualifies the Proposer to meet the requirements of this contract. Included must be the names, titles, addresses, and current telephone numbers of organizations that may be contacted to verify qualifying experience

The Proposer must indicate whether the organizations so listed are included for the purpose of verifying the Proposer's qualifying experience, or the qualifying experience of its subcontractors. Each experience statement also must include the name and types of services directly provided by the Proposer under the contract, and whether the Proposer was the contractor or subcontractor.

The Proposer must briefly state why it believes its proposed services best meet the County's needs and RFP requirements, and the Proposer also must concisely describe any additional features, aspects, or advantages of its services in any relevant area not covered elsewhere in its proposal.

6.3 TYPE OF SERVICES PROVIDED BY PROPOSER

A. A description of services that may be utilized under this RFP includes:

1. Medical Care
2. Mental Health Care
3. Dental Care
4. Other Health Care Services

6.4 LAWS AND REGULATIONS

The Inmate Healthcare Firm(s) must comply with all laws, ordinances, and rules and regulations which govern the work specified in this contract.

SECTION 7. PROPOSAL EVALUATION AND SELECTION PROCESS

7.1 INTRODUCTION TO EVALUATION AND SELECTION PROCESS

THE PROPOSAL EVALUATION AND SELECTION PROCESS IS DETAILED IN THIS SECTION, AS ARE OTHER FACTORS, AND THE FORMAT IN WHICH THE COST RESPONSE OF EACH PROPOSAL MUST BE SUBMITTED.

7.2 COST PROPOSAL

The Proposer must utilize the form provided on **PAGE 49 of these specifications** in its submission of a cost proposal in response to this RFP. The Proposer must also include a pricing breakdown of personnel, pharmaceutical services, off-site services, laboratory services, ancillary services, supplies, etc. The cost proposal must be included in each copy of the proposal. Any reworked version of this provided form that is intended to be a substitute for **PAGE 49 of these specifications**, that is provided by a Proposer may be determined as non-responsive, and may result in the proposal's disqualification.

7.3 EVALUATION COMMITTEE

Because of the diversity of the departments and activities of the County, the Purchasing Agent will appoint the Evaluation Committee for this Request for Proposals. The Purchasing Agent may appoint a chairperson and no less than two (2) other members for the committee. Typically, the committee will consist of at least one professional in the task required, a person knowledgeable about procurement practices, and either a representative of the department requesting the project, or the department executing the project. However, this structure is not binding and subject to change at the discretion of the Purchasing Agent. Other members may be appointed to the Evaluation Committee as necessary and appropriate, but the total number of persons committee shall not exceed five (5) persons. Committee appointments shall be in writing and shall briefly describe the scope of the project and, if necessary, the primary disciplines required to accomplish the project in order to assist the committee in developing a list of firms that might best accomplish the work required. Committee membership and project requirements will vary from project to project. Therefore, a firm rated number one for one project could be considered not qualified or ranked lower on another project.

7.4. EVALUATION PROCESS

RFP Submittals that do not conform to the instructions or which do not address all the services as specified within this RFP specifications packet may be eliminated from consideration. However, Jefferson County reserves the right to accept such a submittal if it is determined to be in the best interest of the County.

While Jefferson County appreciates a brief, straight-forward, and concise reply; proposer must fully understand that the evaluation is based on the information provided. Accuracy and completeness are essential. Omissions, ambiguous, and equivocal statements may be construed against the proposer. The proposal document may be incorporated into any contract which results from this RFP, and vendor(s) are cautioned not to make claims or statements it is not prepared to commit to contractually. Failure of the vendor to meet such claims will result in a requirement that the vendor provide resources necessary to meet submitted claims.

The Jefferson County Purchasing Department may initiate discussions with selected vendors; however, discussions may not be initiated by vendors.

The Jefferson County Purchasing Department expects to conduct discussions with vendor's representatives authorized to contractually obligate the vendor with an offer. **Vendors shall not contact any Jefferson County personnel during the RFP process without the express permission from the Jefferson County Purchasing Agent. The Purchasing Agent will disqualify any vendor who has made site visits, contacted Jefferson County personnel, or distributed any literature without authorization from the Jefferson County Purchasing Department.**

All correspondence relating to this RFP, from advertisement to award shall be sent to the Jefferson County Purchasing Department. All presentations and/or meetings between Jefferson County and the vendor relating to this RFP shall be coordinated by the Jefferson County Purchasing Department.

Selected vendors may be expected to make a presentation/product demonstration to an Evaluation Committee and Commissioners' Court. Proposals, vendor presentations, and product/service evaluations may develop into negotiating sessions with the vendor(s) as selected by the Evaluation Committee. Jefferson County expects to conduct negotiations with vendor representatives authorized to contractually obligate the vendor with an offer. If vendor is unable to agree to contract terms and conditions, Jefferson County reserves the right to terminate contract negotiations with that vendor and initiate negotiations with another vendor. In addition to a presentation, visits by the Evaluation Committee to representative vendor client sites may be conducted where the proposed solution can be demonstrated in a production environment.

7.5 PROPOSAL EVALUATION CRITERIA:

a. RESPONSIVENESS – 15%

This refers to the Offeror's complete responsiveness to all written specifications and requirements contained in this RFP.

b. IMPLEMENTATION PLAN – 25%

Emphasis is on the efficiency and comprehensiveness of the methods to be used in performing the services requested by this RFP and in managing the project.

c. OFFEROR QUALIFICATIONS – 25%

This refers to the overall qualifications of Offeror and its past experience in providing similar services to those requested by this RFP. It also refers to an evaluation of the quality of Offeror's performance on previous local government projects.

d. PERSONNEL QUALIFICATIONS – 15%

This refers to the number and qualifications of the professional personnel who would be assigned to the job. Consideration will be given to the percentage of time that each would spend on the project. It also refers to an evaluation of the quality of the performance by each member of the Offeror's project team on previous projects with the County and similar projects.

e. COST OF PROFESSIONAL SERVICES – 20%

This is the expected amount your firm would be compensated for services provided to the County. The County will consider hourly rates, retainer amounts, flat fees or other methods. While this will be an important factor, it will be considered as just one factor in the evaluation and selection process.

COST PROPOSAL FORM

Price and Verification of Proposal

The (name of Offeror) _____ agrees to furnish medical and other health services to Jefferson County, Texas, for the Jefferson County Correctional Facility in accordance with its Request for Proposal (RFP) dated October 18, 2022, and addenda (if any) issued prior to the date of this proposal and identified as Addenda Number(s) _____, and all accompanying forms and attachments, for the sums stated hereafter.

Year 1 Base Proposal_____($_____)

Year 2 Base Proposal_____($_____)

7.1.1 The above price is based on an average daily population (ADP) of eight hundred fifty (850) inmates during a billing period. If the ADP increases or decreases by one hundred-fifty (150) inmates, the price will remain the same. This will be referred to as the basic adjusted price. If the ADP increases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be increased for that billing period at the rate of $ _____ per inmate in excess of the basic adjusted price. If the ADP decreases by greater than one hundred-fifty (150) for three (3) consecutive months, the price will be decreased for that billing period at the rate of $_____ per inmate in excess of the basic adjusted price.

7.1.2 The above price includes the aggregate cap of $500,000 divided by 12 months ($41,667.00 per month). In the event that the cap is not met, the unspent money will be credited back to the County.

7.1.3 By submission of this proposal, the offeror certifies that:

a. Prices have been arrived at independently, without consultation or communication for the purpose of restricting competition.
b. No attempt has been made, or will be made, to induce any other person or firm to submit a proposal for the purpose of restricting competition.
c. The person signing this proposal certifies that they are authorized to represent the company and is legally responsible for the decisions with respect to price, supporting documentation or other statements made in response to this Jefferson County RFP.

NON-DISCLOSURE AGREEMENT

In consideration of Jefferson County retaining the services of a consultant and because of the sensitivity of certain information which may come under the care and control of Consultant, both parties agree that all information regarding the County or any selected County agency subject to this Contract; or gathered, produced, or derived from this project (Confidential Information) must remain confidential subject to release only by permission of the County, and more specifically agree as follows:

Media releases pertaining to this RFP and/or any resulting contract, or the services to which they relate, will not be made without the prior written consent of the County, and then only in accordance with explicit written instructions from the County. The disclosure of the contents of proposals prior to the award of a contract under this RFP, or any other violation of this section, may result in disqualification.

1. The Information may be used by Consultant only to assist Consultant in connection with its engagement with the County.

2. Consultant will not, at any time, use the Information in any fashion, form, or manner except in its capacity as independent consultant to the County.

3. Consultant agrees to maintain the confidentiality of any and all deliverables resulting from this Contract in the same manner that it protects the confidentiality of its own proprietary products of like kind.

4. The Information may not be copied or reproduced without the County's written consent.

5. All materials made available to Consultant, including copies thereof, must be returned to County upon the first to occur of; (a) completion of the project, or (b) request by the County.

6. The foregoing must not prohibit or limit Consultant use of the information (including, but not limited to, ideas, concepts, know-how, techniques and methodologies) (a) previously known to it, (b) independently developed by it, (c) acquired by it from a third party, or (d) which is or becomes part of the public domain through no breach to Consultant of this agreement.

7. This agreement shall become effective as of the date Information is first made available to Consultant and must survive the contract and be a continuing requirement.

8. The breach of this Nondisclosure Agreement by Consultant shall entitle the County to immediately terminate the Agreement upon written notice to Contractor for such breach. The parties acknowledge that the measure of damages in the event of a breach of this Nondisclosure Agreement may be difficult or impossible to calculate, depending on the nature of the breach. Regardless of whether the County elects to terminate the Agreement upon the breach hereof, the County may require Consultant to pay to the County the sum of $1,000 for each breach as liquidated damages. This amount is not intended to be in the nature of a penalty, but is intended to be a reasonable estimate of the amount of damages to the County in the event of a breach hereof by Consultant. Comptroller does not waive any right to seek additional relief, either equitable or otherwise, concerning any breach of this Agreement.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether sub-awardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or sub award recipient. Identify the tier of the sub-awardee, e.g., the first sub-awardee of the prime is the 1st tier. Sub awards include but are not limited to subcontracts, sub grants and contract awards under grants.

5. If the organization filing the report in item 4 checks “Sub-awardee,” then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., “RFP-DE-90-001.”

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Determination Checklist

This information must be submitted with your proposal.

Instructions: In order to determine if a "Good Faith Effort" was made in soliciting HUBs for subcontracting opportunities, the following checklist and supporting documentation shall be completed by the Prime Contractor/Consultant, and returned with the Prime Contractor/ Consultant's bid. This list contains the **minimum** efforts that should be put forth by the Prime Contractor/Consultant when attempting to achieve or exceed the goals of HUB Subcontractor participation. The Prime Contractor/Consultant may extend his/her efforts in soliciting HUB Subcontractor participation beyond what is listed below.

Did the Prime Contractor/Consultant . . .

☐ Yes ☐ No 1. To the extent practical, and consistent with standard and prudent industry standards, divide the contract work into the smallest feasible portions, to allow for maximum HUB Subcontractor participation?

☐ Yes ☐ No 2. **Notify** in writing a reasonable number of HUBs, allowing sufficient time for effective participation of the planned work to be subcontracted?

☐ Yes ☐ No 3. **Provide** HUBs that were genuinely interested in bidding on a subcontractor, adequate information regarding the project (i.e., plans, specifications, scope of work, bonding and insurance requirements, and a point of contract within the Prime Contractor/Consultant's organization)?

☐ Yes ☐ No 4. **Negotiate** in good faith with interested HUBs, and not reject bids from HUBs that qualify as lowest and responsive bidders?

☐ Yes ☐ No 5. **Document** reasons HUBs were rejected? Was a written rejection notice, including the reason for rejection, provided to the rejected HUBs?

☐ Yes ☐ No 6. If Prime Contractor/Consultant has zero (0) HUB participation, **please explain the reasons why.**

If "No" was selected, please explain and include any pertinent documentation with your bid.
If necessary, please use a separate sheet to answer the above questions.
