1.1 PURPOSE.

Jefferson County is requesting statements of qualifications and experience from all interested Engineering Firms desiring to provide professional engineering services for drainage ditch rehabilitation, water district lift station improvements and roadway repairs.

1.2 PROCEDURE.

Firms are encouraged to submit statements of qualifications and experience. The Purchasing Agent will appoint a Selection Review Committee to evaluate qualified responses. Responses will be ranked on the basis of demonstrated experience, competence, and qualifications. Fees, price, work hours, or any other cost information will not be considered in the development of the short list.

Jefferson County will then enter into negotiations with the highest qualified firm. The negotiations will first establish the scope, terms and conditions, and time limits for the proposed contract. Once agreement is reached between Jefferson County and the selected firm, the County will request a fee proposal from the firm. If agreement is reached, the County will retain the firm and enter into a written contract with it. If an agreement cannot be negotiated with the selected firm, the County will then enter into negotiations with the next most qualified firm. This procedure will continue until agreement is reached and a contract is produced. If the County cannot negotiate an agreement, the procedure will be terminated.

Committee membership and project requirements will vary from project to project. Therefore, a firm rated number one for one project could be considered not qualified or ranked lower on another project.

CIVIL RIGHTS COMPLIANCE PROVISIONS

1. EQUAL EMPLOYMENT OPPORTUNITY (Equal Opportunity Clause)

(For all awarded contracts that meet the definition of "federally assisted construction contract" provided in 41 CFR Part 60-1.3)

During the performance of this contract, the contractor agrees as follows:

- 1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
 - Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- 2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- 3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- 4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- 5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- 6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- 7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or order this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

CIVIL RIGHTS COMPLIANCE PROVISIONS (CONTINUED)

8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

SECTION 3: RFQ SUBMISSION INSTRUCTIONS AND SPECIAL REQUIREMENTS

The following requirements and instructions **supersede** General Requirements where applicable.

Jefferson County plans to apply for the upcoming Texas CDBG-Disaster Recovery Reallocation Program (DRRP) program from the Texas General Land Office (GLO). Accordingly, Jefferson County is seeking to contract with a qualified Engineering Firm (individual/firm) to prepare all preliminary and final design plans and specifications, and to conduct all necessary interim and final inspections. These services are being solicited to assist the Entity in its application preparation and project implementation of a CDBG contract(s), if awarded, to support eligible activities in Jefferson County.

3.1 ENGINEERING SCOPE WORK

The Contractor shall provide the following scope of services:

Scope of Services Requested

Providers will help the GLO fulfill State and Federal CDBG DRRP statutory responsibilities related to mitigation and/or recovery for presidentially declared disasters in Texas. Providers will assist the GLO and grant recipients in the completion of CDBG qualified housing or non-housing projects. Respondents may be qualified to provide Engineering services for housing projects, non-housing projects, or both. Engineering services must be performed in compliance with the U.S. Department of Housing and Urban Development ("HUD") and guidelines issued by the GLO. Providers will be bound to specific terms and conditions found in the sample general terms and conditions.

Description of Services and Special Conditions

Respondents will be required to show the ability to provide all the Engineering services described below. Respondent shall then provide a detailed description of how they meet the requirement, describing their knowledge and experience, as well as providing discrete examples of previous work where applicable.

General Requirements

- a) Coordinate, as necessary, between subrecipient and its service providers (i.e., Engineer, Environmental, Contracted Construction Company, Grant Administrator, etc.) and GLO regarding project design services.
- b) Provide monthly project status updates.
- c) Funding release will be based on deliverables identified in the contract.

Initial Engineering and Design Support

Respondents will be required to show the ability to provide all the Engineering services described below:

- a) Assist with the development of grant applications, including, but not limited to cost estimates, preparation of project justification, project maps and accurate project descriptions.
- b) To address needed design in a timely manner for the start of the environmental process. (Milestones and keeping with them must be established to keep in line with The General Land Office contract schedule of 30% plans and design must be submitted to move forward with the start of the environmental review process and to keep with the invoicing in a timely manner).
- c) Provide preliminary engineering, investigations, and drawings sufficient to achieve the preliminary design milestone, including at a minimum:
 - i. Cross sections/elevations
 - ii. Project layout/staging areas
 - iii. General notes
 - iv. Special notes
 - v. Design details
 - vi. Specifications
 - vii. Utility relocation designs
 - viii. Construction limits, including environmentally sensitive areas that should be avoided during construction
 - ix. Required permits
 - x. Quantities

Respondents will be required to show the ability to provide all the Engineering services described below as they relate to final design support:

- a) Prepare plans and profiles, including necessary design information for the selected alternative sufficient to achieve all detailed design milestones. Examples include, but are not limited to:

In instances where a vendor has either an "Inactive" SAM Registration or is not currently registered with the System for Award Management, the Purchasing Department may <u>initially</u> accept proof (printout from the SAM website) that the vendor has begun the registration process in order for the IFB/RFQ/RFQ submission to be considered as "responsive" to the specifications for the project.

However, the SAM Registration must be completed (showing "active" status, with no exclusions) <u>prior</u> to the award and/or execution of an agreement or contract for the project.

3.10 FORM 1295 SUBMISSION REQUIREMENT (TEXAS ETHICS COMMISSION).

ALL NON-EXEMPT RESPONDENTS ARE REQUIRED TO SUBMIT COMPLETED FORM 1295 WITH RFQ RESPONSE SUBMISSION.

INSTRUCTIONS:

(1) Submit a FORM 1295 online via the Texas Ethics Commission website link below.

Vendors must enter the required information on Form 1295, and print a copy of the completed form. The form will include a certification of filing that will contain a unique certification number.

2. Submit a FORM 1295 hard copy (completed & signed by an Authorized Agent of the Awarded Vendor), to the Jefferson County Purchasing Department WITH RFQ SUBMISSION.

SAMPLE: A sample of a completed FORM 1295 is included on PAGE 27.

FORM 1295 Implementation Background:

In accordance with House Bill 1295 (passed January 1, 2016), Vendors entering into contracts and professional agreements with Jefferson County will be required to complete a Certificate of Interested Parties (FORM 1295), unless contract is considered exempt as described below.

In 2017, the Texas legislature amended the law to require Form 1295 to include an "unsworn declaration" which includes, among other things, the date of birth and address of the authorized representative signing the form. The unsworn declaration, including the date of birth and address of the signatory, <u>replaces the notary requirement</u> that applied to contracts entered into before January 1, 2018. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application.

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an "unsworn declaration."

FORM 1295 EXEMPTIONS:

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?

The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement.

A completed Form 1295 is not required for:

- a sponsored research contract of an institution of higher education
- an interagency contract of a state agency or an institution of higher education
- a contract related to health and human services if: the value of the contract cannot be determined at the time the contract is executed; and o any qualified vendor is eligible for the contract
- a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity
- a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code
- a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code
