Bids may be withdrawn in person by a bidder or authorized representative, provided their identity is made known and a receipt is signed for the bid, but only if the withdrawal is made prior to the time set for receipt of bids. Bids are an irrevocable offer and may not be withdrawn within 90 days after opening date.

7. Award

The bid will be awarded to the responsible, responsive bidder(s) whose bid, conforming to the solicitation, will be most advantageous to Jefferson County – price and other factors considered. Unless otherwise specified in this IFB, Jefferson County reserves the right to accept a bid in whole or in part, and to award by item or by group, whichever is deemed to be in the best interest of Jefferson County. Any bidder who is in default to Jefferson County at the time of submittal of the bid shall have that bid rejected. Jefferson County reserves the right to clarify any contractual terms with the concurrence of the Contractor; however, any substantial nonconformity in the offer, as determined by Jefferson County, shall be deemed non-responsive and the offer rejected.

In evaluating bids, Jefferson County shall consider the qualifications of the bidders, and, where applicable, operating costs, delivery time, maintenance requirements, performance data, and guarantees of materials and equipment. In addition, Jefferson County may conduct such investigation as it deems necessary to assist in the evaluation of a bid and to establish the responsibility, qualifications, and financial ability of the bidders to fulfill the contract.

However, the bidder, if awarded a contract, will be required to furnish the particular item referred to in the specifications or description unless departure or substitution is clearly noted and described in the bid. Jefferson County reserves the right to determine if equipment/ product being bid is an acceptable alternate. All goods shall be new unless otherwise so stated in the bid. Any unsolicited alternate bid, or any changes, insertions, or omissions to the terms and conditions, specifications, or any other requirements of the bid, may be considered non-responsive.

1.6 Bid Amounts. Bids shall show net prices, extensions where applicable and net total. In case of conflict between unit price and extension, the unit price will govern. Any ambiguity in the bid as a result of omission, error, unintelligible or illegible wording shall be interpreted in the favor of Jefferson County.

1.7 Exceptions and/or Substitutions. All bids meeting the intent of the specifications and plans will be considered for award. Vendors taking exception to the specifications and plans, or offering substitutions, shall state these exceptions in the section provided. If bid is made on an article other than the one specified, which a bidder considers comparable, the name and grade of said article must be specified in the bid and sufficient specifications and descriptive data must accompany same to permit thorough evaluation. 1.11 Tax Exempt Status. Jefferson County is exempt from federal excise tax and state sales tax. Unless the bid form or specifications specifically indicate otherwise, the bid price must be net, exclusive of above-mentioned taxes and will be so construed. Therefore, the bid price shall not include taxes.

1.12 Quantities. Quantities indicated are estimated quantities only and are not a commitment to buy. Approximate usage does not constitute an order, but only implies the probable quantity that will be used. Commodities will be ordered on an as-needed basis. Bidder is responsible for accurate final counts.

1.13 Bid Award. Award of contract shall be made to the most responsible, responsive bidder, whose offer is determined to be the best value, taking into consideration the relative importance of price. Jefferson County reserves the right to be the sole judge as to whether items bid will serve the purpose

intended. Jefferson County reserves the right to accept or reject in part or in whole any bid submitted, and to waive any technicalities or informalities for the best interest of the County. Jefferson County reserves the right to award based upon individual line items, sections or total bid.

Vendors shall acknowledge receipt of all addenda with submission of bid.

1.17 General Insurance Requirements. Failure to furnish Affidavit of Insurance, if required in these specifications, will result in bid being declared non-responsive. Non-responsive bids will not be considered for award.

1.18 Responsiveness. A responsive bid shall substantially conform to the requirements of this Invitation to Bid and/or specifications contained herein. Bidders who substitute any other terms, conditions, specifications and/or requirements or who qualify their bids in such a manner as to nullify or limit their liability to the contracting entity shall have their bids deemed non-responsive. Also, bids containing any clause that would limit contracting authority shall be considered non-responsive. Examples of non-responsive bids include but shall not be limited to: a) bids that fail to conform to required delivery schedules as set forth in the bid request; b) bids with prices qualified in such a manner that the bid price cannot be determined, such as with vague wording that may include "price in effect at the time of delivery," and c) bids made contingent upon award of other bids currently under consideration.

1.19 Responsible Standing of Bidder. To be considered for award, bidder must at least: have the ability to obtain adequate financial resources, be able to comply with required or proposed delivery/completion schedule, have a satisfactory record of performance; have a satisfactory record of integrity and ethics, and be otherwise qualified and eligible to receive award.

All samples (including return thereof), demonstrations, and/or testing shall be at the expense of the bidder/vendor.

2.13 Acceptability. All articles enumerated in the bid shall be subject to inspection by an officer designated for that purpose by Jefferson County. If found inferior to the quality called for, or not equal in value to the specifications, deficient in workmanship or otherwise, this fact shall be certified to the Purchasing Agent, who shall have the right to reject the whole or any part of the same. Items and/or work determined to be contrary to specifications must be replaced at the vendor's expense. Inferior items not retrieved by the vendor within thirty (30) calendar days, or an otherwise agreed upon time, shall become the property of the County. If disposal of such items warrants an expense, an amount equal to the disposal expense will be deducted from amounts payable to the vendor.

2.14 Maintenance. Maintenance required for equipment bid should be available in Jefferson County by a manufacturer authorized maintenance facility. Cost for this service shall be shown on the bid sheet as requested or on a separate sheet, as required. If Jefferson County opts to include maintenance, it shall be so stated in the purchase order and said cost will be included. Service will commence only upon expiration of applicable warranties and should be priced accordingly.

2.15 Material Safety Data Sheets. Under the "Hazardous Communications Act," common known as the "Texas Right to Know Act," a bidder must provide the user department, with each delivery, material safety data sheets which are applicable to hazardous substances defined in the Act. Failure of the bidder to furnish this documentation, will be cause to reject any bid applying thereto.

2.16 Evaluation. Evaluation shall be used as a determinant as to which services are the most efficient and/or most economical for the County. It shall be based on all factors having a bearing on price and performance of the items in the user environment. All bids are subject to tabulation by the Jefferson County Purchasing Department and recommendation to Jefferson County Commissioners' Court. Compliance with all bid requirements and needs of the using department are considered in evaluating bids. Pricing is not the only criteria for making a recommendation. The Jefferson County Purchasing Department reserves the right to contact any bidder, at any time, to clarify, verify or requirement information with regard to this bid.

3. Purchase Orders and Payment

3.1 Purchase Orders. A purchase order(s) shall be generated by the Jefferson County Purchasing Agent to the successful vendor. The purchase order number must appear on all itemized invoices and packing slips. The County will not be held responsible for any work orders placed and/or performed without a valid current purchase order number. Payment will be made for all services rendered and accepted by the contract administrator for which a valid invoice has been received.

3.2 Invoices. All invoices shall reference the Purchase Order number. Invoices shall reference the bid item number or a detailed description for each item invoiced. If an item purchased and itemized on the invoice does not correspond to an item in any of the categories awarded to the vendor, invoice shall reference the item as "N/C" to indicate that it is a non-contract item. This requirement is to assist the County in verifying contract pricing on all invoices. Payment will be made under terms of net thirty (30) days unless otherwise agreed upon by seller and the purchasing department.

Invoices shall be submitted to: Jefferson County Auditing Department, Attention: Accounts Payable, 1149 Pearl Street, 7th floor, Beaumont, TX 77701.

3.3 Prompt Payment. In accordance with the State of Texas Prompt Payment Act, Article 601f V.T.C.S., payment will be made after receive and acceptance by the County of the merchandise ordered and of a valid invoice. Successful bidder(s) is required to pay subcontractors within ten (10) days after the successful bidder receives payment from the County.

3.4 Funding. Jefferson County is operated and funded on an October 1 to September 30 basis; accordingly, the County reserves the right to terminate, without liability to the County, any contract for which funding is not available.

4. Contract

4.1 Contract Definition. The General Conditions of Bidding and Terms of Contract, Specifications, Plans, Bidding Forms, Addenda, and any other documents made a part of this bid shall constitute the complete bid. This bid, when duly accepted by Jefferson County, shall constitute a contract equally binding between the successful bidder and Jefferson County.

4.2 Contract Agreement. Once a contract is awarded, the unit prices offered by the successful bidder shall remain firm for the term of the contract. Contract shall commence on date of award and, upon agreement between vendor(s) and Jefferson County, may be renewed annually for up to four (4) additional years.

4.3 Change Order. No different or additional terms will become part of this contract with the exception of a change order. No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All change orders to the contract will be made in writing and at the discretion and approval of Jefferson County. No change order will be binding unless signed by an authorized representative of the County and the vendor.

4.4 Price Re-determination. A price re-determination may be requested at the time of annual renewal. All requests for price re-determination shall be in written form. Cause for such request, i.e., manufacturer's direct cost, postage rates, Railroad Commission rates, Federal/State minimum wage law, Federal/State unemployment taxes, F.I.C.A, Insurance Coverage Rates, etc., shall be substantiated in writing by the source of the cost increase. The bidder's past experience of honoring contracts at the bid price will be an important consideration in the evaluation of the lowest and best bid. Jefferson County reserves the right to accept or reject any/all requests for price re-determination as it deems to be in the best interest of the County.

4.5 Termination. Jefferson County reserves the right to terminate the contract for default if the bidder breached any of the terms therein, including warranties of bidder or if the bidder becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies which Jefferson County may have in law or equity. Default may be construed as, but not limited

to, failure to deliver the proper goods and/or service within the proper amount of time, and/or to properly perform any and all services required to Jefferson County's satisfaction and/or to meet all other obligations and requirements. Contracts may be terminated without cause upon thirty (30) days' written notice to either party unless otherwise specified. Jefferson County reserves the right to award canceled contract to the next lowest bidder. Bidder, in submitting this bid, agrees that Jefferson County shall not be liable to prosecution for damages in the event that the County declares the bidder in default.

4.6 Conflict of Interest. Employees of the County are not permitted to maintain financial interest in, or receive payment, directly or indirectly, borrow from, lend to, invest in, or engage in any substantial financial transaction with any individual, organization, supplier, or subcontractor who does business with the County without disclosure. When conflict of interest is discovered, it shall be grounds for termination of contract.

4.7 Injuries or Damages Resulting from Negligence. Successful vendor shall defend, indemnify and save harmless Jefferson County and all its officers, agents and employees from all suits, actions, or other claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the successful vendor, or of any agent, employee, subcontractor or supplier in the execution of, or performance under, any contract which may result from bid award. Successful vendor shall pay any judgment with cost which may be obtained against Jefferson County growing out of such injury or damages.

4.8 Interest by Public Officials. No public official shall have interest in this contract, in accordance with Texas Local Government Code.

4.9 Warranty. The successful vendor shall warrant that all materials utilized in the performance of this contract shall conform to the proposed specifications and/or all warranties as stated in the Uniform Commercial Code and be free from all defects in material, workmanship and title.

4.10 Uniform Commercial Code. The successful vendor and Jefferson County agree that both parties have all rights, duties, and remedies available as stated in the Uniform Commercial Code.

4.11 Venue. This agreement will be governed and construed according to the laws of the State of Texas. This agreement is performable in the County of Jefferson, Texas.

4.12 Sale, Assignment, or Transfer of Contract. The successful vendor shall not sell, assign, transfer or convey this contract, in whole or in part, without the prior written consent of Jefferson County.

STATE OF TEXAS §
COUNTY OF JEFFERSON §

**ABATEMENT AGREEMENT FOR PROPERTY LOCATED IN THE
REINVESTMENT ZONE**

Pursuant to Section 312.401 of the Texas Tax Code, this Tax Abatement Agreement (hereinafter referred to as this “AGREEMENT”) is made and entered into by and between Jefferson County, Texas (hereinafter sometimes referred to as the “COUNTY”), and Total Petrochemicals & Refining USA, Inc. and TOTAL PAR LLC (hereinafter sometimes referred to collectively as “OWNER,” and with the COUNTY are sometimes referred to collectively as the “Parties”).

1. RECITALS

WHEREAS, OWNER possesses interests in taxable real property located within the TPRI/TPAR-BTP Reinvestment Zone, the designation of which was implemented by the COUNTY by an Order dated March 23, 2015 (hereinafter referred to as the "REINVESTMENT ZONE"); and

WHEREAS, this AGREEMENT is limited to the project to be constructed by OWNER on various parcels of land located within the Reinvestment Zone, which is described with particularity in Exhibit "A" – "Description of Project" attached hereto and which will involve construction of a new ethylene plant facility and related improvements (hereinafter referred to as the "PROJECT"); and

WHEREAS, the COUNTY wishes to encourage OWNER to select Jefferson County, Texas, as the site for the PROJECT; and

WHEREAS, the REINVESTMENT ZONE is an area within Jefferson County, Texas, generally described as being within the TPRI/TPAR-BTP Reinvestment Zone, which has been designated by Order of this Court, the legal description for which is attached hereto as Exhibit "D" – "Reinvestment Zone". It is understood and agreed that the REINVESTMENT ZONE boundary is subject to revision based on the final construction plan of the PROJECT, and the COUNTY agrees to take the steps necessary to amend the Reinvestment Zone boundary upon request of OWNER.

NOW, THEREFORE, for the mutual consideration set forth below, the Parties hereto agree as follows:

2. AUTHORIZATION

THIS AGREEMENT IS AUTHORIZED BY THE TEXAS PROPERTY REDEVELOPMENT AND TAX ABATEMENT ACT, TEX. TAX CODE CHAPTER 312, AS AMENDED, AND BY ORDER OF THE JEFFERSON COUNTY COMMISSIONERS COURT ESTABLISHING THE TPRI/TPAR-BTP REINVESTMENT ZONE, WHICH ADOPTED THE TPRI/TPAR-BTP REINVESTMENT ZONE.

3. DEFINITIONS

For purposes of this AGREEMENT, the following terms shall have the meanings set forth below:

“Abatement” means the full or partial exemption from ad valorem taxes of the value of certain property located in the REINVESTMENT ZONE designated for economic development purposes.

“Affiliate” of any specified person or entity means any other person or entity which, directly or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with such specified person or entity. For purposes of this definition, the term “control” (including the terms “controlled by” and “under common control with”) means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such person or entity, whether through the ownership of voting securities, by contract or otherwise. For the avoidance of doubt, and notwithstanding any provision of this Agreement to the contrary, BASF TOTAL Petrochemicals LLC (a limited liability company owned by Total Petrochemicals & Refining USA, Inc., BASF Corporation, and Tradewinds Chemicals Corporation) is not an Affiliate of OWNER on January 1, 2015, or on the Effective Date.

“Base Year Value” means the taxable value of all industrial realty improvements owned by OWNER and/or its Affiliates within Jefferson County, Texas, on January 1 preceding the execution of this AGREEMENT (such Affiliates being set forth on Exhibit “G” – “Affiliates of Owner as of January 1, 2015”). OWNER will, in consultation with the Jefferson County Appraisal District, provide the COUNTY with a list of the Jefferson County Appraisal District account numbers identifying the industrial realty improvements owned by OWNER and/or its Affiliates and the taxable value thereof on January 1 preceding the execution of this AGREEMENT for use in preparing the schedule to be attached as Exhibit “C” – “Base Year Value” to this AGREEMENT specifying the Base Year Value for all purposes of this AGREEMENT. The Base Year Value may be adjusted as provided in Section 9.

“Base Year”, for the Parties to this AGREEMENT, is defined as the calendar year in which this AGREEMENT is executed (signed) by all Parties hereto.

“Ineligible Property” is fully taxable and ineligible for tax abatement and includes land, supplies, inventory, housing, vehicles, improvements for the generation or transmission of electrical energy not wholly consumed by a new facility or expansion; any improvements, including those to produce, store or distribute natural gas, fluids or gasses, which are not

integral to the operation of the facility; deferred maintenance, property to be rented or leased, property which has a productive life of less than ten years, or any other property for which abatement is not allowed by state law.

“Eligible Property” means the realty improvements, the on-site buildings, structures, fixed machinery and equipment, storage tanks, process units (including all integral components necessary for operations), site improvements, and infrastructure and the permanent office space and related fixed improvements, as defined by the Tax Code but does not include personal tangible property.

“New Eligible Property” means Eligible Property, the construction of which commences subsequent to the Effective Date (as defined in Section 4) of this AGREEMENT. During the construction phase of the New Eligible Property, OWNER may make such change orders to the New Eligible Property as are reasonably necessary to accomplish its intended use. It is expressly understood that, notwithstanding anything to the contrary written herein, energy, electricity, manufacturing supplies (e.g., foreign manufactured catalysts), feed stocks, freight, and direct materials that physically become a part of the end product manufactured by the PROJECT are not subject to the terms of this AGREEMENT.

“Taxable Value” for each taxing entity executing an abatement agreement is determined each tax year by deducting from the market value of all industrial realty improvements of a property owner and/or its affiliates the amount of any applicable exemptions and abatements granted for that tax year.

The maximum dollar value for equipment that OWNER intends to claim to the TCEQ as exempt from taxation is ten percent (10%) of the total investment in the PROJECT (the “Intended Maximum”), though that number could change as current estimated PROJECT costs are refined. It is understood that the COUNTY would not have agreed to the abatement percentages if it were known that the actual exempt property claimed to the TCEQ by OWNER would exceed the Intended Maximum. In the event OWNER ultimately claims to the TCEQ an amount in excess of the Intended Maximum (such amount, the “Exempt Property Excess”), the percentage of abatement described in the applicable “Tax Abatement Schedule” set forth in Exhibit “B” – “Tax Abatement Schedule” shall be reduced pro rata so as to reimburse the COUNTY for the total decrease in COUNTY tax revenue during the Abatement period under this AGREEMENT which results from the Exempt Property Excess. It is understood and agreed that OWNER will not claim to the TCEQ a tax exemption for any equipment or portion of the PROJECT facilities which merely reduces the pollution characteristics of the finished product produced by the PROJECT facilities and that such an exemption will only be sought for equipment and technology utilized to reduce pollution at or around the PROJECT facilities.

“Completion” as used herein, shall mean the successful commissioning of the PROJECT and the attainment of reliable operations. OWNER shall certify in writing to the COUNTY when such Completion is attained.

“Full-time job” shall mean a permanent full-time position that: requires at least 1,600 hours or work per year, is not a transferred from another area of the State of Texas, is not created to replace a previous employee, is covered by a group health benefit plan, and pays at least 110%

of the county average weekly wage for manufacturing jobs in Jefferson County, Texas, as computed by the Texas Workforce Commission.

“Payment in Lieu of Taxes”: If, during the period of the Abatement under this AGREEMENT, any Federal or State law provides an additional property tax exemption for the property that is already the subject of such Abatement and such additional property tax exemption affords OWNER an exemption for any value of such property that is not exempt as a result of such Abatement, OWNER agrees to decline such property tax exemption during the period of such Abatement. If OWNER is unable to decline such property tax exemption, OWNER agrees to pay the taxes, or payment in lieu of taxes, in an amount equal to the reduction of property tax revenue to the COUNTY that is the result of such property tax exemption. Any payment in lieu of taxes shall be due on or before November 15 of the tax year in which such reduction in property tax revenue to the COUNTY occurs.

4. TERM OF ABATEMENT

This AGREEMENT shall be effective and enforceable upon execution by both Parties (which date is herein referred to as the "Effective Date"). The term of the Abatement pursuant to this AGREEMENT shall begin on January 1, 2019, unless sooner terminated pursuant to other provisions of this AGREEMENT. Should OWNER not begin the construction of the PROJECT by December 31, 2018, this AGREEMENT shall be null and void.

5. OWNER REPRESENTATIONS/OBLIGATIONS

In order to receive a tax abatement with respect to a tax year determined in accordance with Section 4 and the applicable “Tax Abatement Schedule” set forth in Exhibit “B”, OWNER shall comply with the following:

- (a) As a result of the PROJECT, and upon its Completion (currently estimated to be not later than the first quarter of 2019), maintain a level of not less than 45 new full-time jobs, using headcount as of January 1, 2015, as the starting point, relating to the PROJECT during the remaining term of this AGREEMENT; provided, however, that OWNER may reduce employment levels due to improved efficiencies or changing economic conditions during the term of this AGREEMENT as long as such employment levels do not fall below 45 full-time jobs for total on-site employment by OWNER relating to the PROJECT during said remaining term. In the event that such employment falls below 45 full-time jobs for total on-site employment by OWNER relating to the PROJECT during any tax year of such remaining term, the Abatement for such tax year shall be reduced proportionate to such employment decline per the example calculation cited below where:

A1 = initial Abatement \$’s
 A2 = revised Abatement \$’s
 E1 = 45 full-time jobs
 E2 = revised full-time jobs employee count
 A2 = A1 x (E2/E1);

- (b) Report and certify the requisite full-time jobs levels to the COUNTY annually during each tax year under this AGREEMENT after the tax year during which Completion of the PROJECT is attained;
- (c) Construct the PROJECT with a currently estimated investment in excess of approximately \$1,603,000,000.00;
- (d) Make available to the COUNTY information concerning the details of contractor bids, every quarter, during the construction phase of the PROJECT under the express understanding that OWNER will provide the COUNTY such contractor bid information on a strictly confidential basis so as to maintain the integrity of the competitive bid process;
- (e) Report and certify to the COUNTY the requisite cost of the PROJECT within 120 days after the Completion of the PROJECT (or 120 days after the Effective Date, whichever is later);
- (f) Ensure that qualified local labor, vendors, suppliers, and sub-contractors are given a timely opportunity to bid on contracts for the provision of supplies, goods and services (including engineering and construction services, *e.g.*, piping, electrical, civil, fabrication) in connection with construction of the PROJECT and any turnaround project which is undertaken as part of or in connection with the PROJECT during the term of the Abatement period under this AGREEMENT. Such consideration shall be made in good faith without discrimination. For purposes of the foregoing:
 - (i) (A) “Local labor” is defined as those qualified laborers or craftsmen who are residents and domiciliaries of the nine county region comprised of Jefferson, Orange, Hardin, Jasper, Newton, Liberty, Tyler and Chambers Counties, Texas, as well as the Bolivar Peninsula area of Galveston County, Texas;
 - (B) “Local vendors” and “local suppliers” shall include only those located or having a principal office in Jefferson County, Texas; and
 - (C) “Local subcontractors” shall include only those located or having a principal office in Jefferson County, Texas.
- (ii) OWNER agrees to give preference and priority to qualified local manufacturers, suppliers, vendors, contractors, and labor, except where not reasonably possible to do so without significant added expense, substantial inconvenience, or sacrifice in operating efficiency. For any such exception in cases involving purchases over \$1 million, a justification for such purchase shall be included in OWNER’s annual letter of compliance. OWNER further acknowledges that it is a contractual obligation, under this AGREEMENT, of persons receiving property tax abatements to favor qualified local manufacturers, suppliers, contractors, and labor, all other factors being equal. In the event of a breach of this “buy local” provision, OWNER agrees that the

percentage of the Abatement shall be proportionately reduced in an amount equal to the amount the disqualified contract bears to the total construction cost for the PROJECT.

- (iii) OWNER agrees to provide bidding information to local qualified contractors, vendors, manufacturers and labor to allow them to have sufficient information and time to submit their bids, and pre-bid meetings shall be held between OWNER and potential local bidders and suppliers of services and materials.
- (g) Report and certify to the COUNTY quarterly the total number of dollars spent on local labor, local subcontractors and local vendors/suppliers in connection with the PROJECT;
- (h) Not in any way discriminate against or treat disproportionately union contractors who choose to participate in the competitive bid process relating to work on the PROJECT, nor discriminate against or treat disproportionately union members who seek employment on the PROJECT;
- (i) Encourage and promote the utilization of Historically Underutilized Businesses (HUBs) (also known as Disadvantaged Business Enterprises, or DBEs) by the general contractor engaged by OWNER to construct the PROJECT and any turnaround project which is undertaken as part of or in connection with the PROJECT during the term of the Abatement period under this AGREEMENT by ensuring qualified HUB/DBE vendors and contractors are given a timely opportunity to bid on contracts for supplies and services. For purposes of the foregoing:
 - (i) A HUB/DBE is a business owned or controlled by Socially and Economically Disadvantaged Individuals as defined by all applicable federal or state laws and local policies, including Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Asian Indian Americans, women, and individuals with disabilities.
 - (ii) A HUB/DBE is one that is at least 51 percent owned or controlled by one or more women or Socially and Economically Disadvantaged Individuals or, in the case of a publicly-owned business, one that at least 51 percent of the stock of which is controlled by one or more women or Socially and Economically Disadvantaged Individuals.
 - (iii) A business that has been certified as a HUB/DBE by an agency of the federal government or the State of Texas is presumed to be a HUB/DBE for purposes of this AGREEMENT.
 - (iv) Only a HUB/DBE with its principal office in the State of Texas will be recognized as a HUB/DBE for purposes of this AGREEMENT. A list of HUB/DBE vendors/suppliers is maintained in the COUNTY office and a current list of same is attached hereto as Exhibit "E" – "List of HUB/ DBE

Companies". As to the use of qualified local and HUB/DBE vendors, suppliers and sub-contractors, OWNER will, at a minimum:

- (A) Consult with chambers of commerce, minority business associations, trade associations and other regional economic development organizations to identify qualified local and HUB/DBE vendors, suppliers and sub-contractors;
- (B) Notify qualified local and HUB/DBE vendors, suppliers and sub-contractors, allowing sufficient time for effective preparation of bids for the planned work to be sub-contracted or materials, supplies or equipment to be purchased;
- (C) Provide qualified local and HUB/DBE vendors, suppliers and sub-contractors who are interested in bidding on a subcontract or contract for materials, supplies, equipment, or the provision of engineering and construction services and labor adequate information regarding the PROJECT as early as is practicable in the bidding process in order to allow the HUB/DBE vendors, suppliers and sub-contractors sufficient time to prepare a bid (*i.e.*, plans, specifications, scope of work, bonding and insurance requirements, and a point of contact within the general/prime contractor);
- (D) Negotiate in good faith with interested qualified local and HUB/DBE vendors, suppliers or sub-contractors, and award sub-contracts or contracts for materials, supplies equipment, or the provision of engineering and construction services and labor to qualified local or HUB/DBE vendors, suppliers or sub-contractors when they are the lowest qualified responsive bidder who meets all of the applicable bid specifications; and
- (E) Include a provision in OWNER's contract with the general/prime contractor on the PROJECT which requires the general/prime contractor to read and comply with the terms of this AGREEMENT relating to the use of qualified union or non-union, local and HUB/DBE vendors, suppliers or sub-contractors.

6. VALUE OF ABATEMENT

During the term of this AGREEMENT, and beginning with the tax year 2019, the period of the Abatement and the Abatement percentage received by OWNER under this AGREEMENT with respect to the value of New Eligible Property will be determined as set forth on the attached Exhibit "B" – "Tax Abatement Schedule".

The Abatement during each tax year during such period of the Abatement under this AGREEMENT shall be the value attributable to the PROJECT multiplied by the applicable Abatement percentage set forth on the applicable Abatement Schedule determined as set forth

on the attached Exhibit "B" – "Tax Abatement Schedule", adjusted by the Base Year Value adjustment for such tax year, if any, as provided in Section 9.

7. QUARTERLY MONITORING MEETINGS

With respect to the quarterly monitoring meetings referenced in Section 5(d) above, the County Judge, County Commissioners, or their designee(s) shall be allowed to attend such quarterly monitoring meetings, on the express condition that they execute a confidentiality agreement prepared by OWNER so as to protect confidential information which may be disclosed to them during or as a result of such monitoring meetings. OWNER agrees to reimburse the COUNTY in an amount not to exceed \$4,000.00 annually for the costs or expenses actually incurred by the COUNTY in monitoring the status of the bidding process every quarter during the construction phase of the PROJECT.

8. TAXABILITY

During the period that this AGREEMENT is effective, taxes shall be payable as follows:

- a. The value of Ineligible Property shall be fully taxable;
- b. The Taxable Value of existing Eligible Property as determined for each tax year shall be fully taxable; and
- c. The value of New Eligible Property shall be abated as set forth in Section 6, hereinabove.

9. ADJUSTMENTS TO ABATEMENT FOR BASE YEAR VALUE DECLINE

The Jefferson County Appraisal District will establish the certified values of Eligible Property owned by OWNER and/or its Affiliates as of January 1, 2015 (such Affiliates being set forth on Exhibit "G" – "Affiliates of Owner as of January 1, 2015"), and such certified values shall be set forth on the attached Exhibit "C" – "Base Year Value" and the values set forth on such Exhibit "C" shall be used to calculate the Base Year Value as herein defined. If on January 1st of any tax year for which OWNER is entitled to an Abatement under this AGREEMENT the Taxable Value of Eligible Property (including New Eligible Property) owned by OWNER and/or its Affiliates as of such January 1st is less than the Base Year Value, then the Abatement of value otherwise available under this AGREEMENT shall be reduced by one dollar for each dollar that such Taxable Value is less than the Base Year Value, except that no such reduction of OWNER's Abatement shall be made should any reduction to the Taxable Value of such Eligible Property results from a Force Majeure Event (as defined in Section 11).

The COUNTY acknowledges that in their Application for Tax Abatement, OWNER advised the COUNTY (i) that a limited liability company or other legal entity may be formed or used by one or both of OWNER to own, construct and operate the PROJECT, and (ii) that such entity may be owned jointly by one or both of OWNER and an unrelated entity who will be a joint venturer in the PROJECT and in such event, this AGREEMENT will be assigned or otherwise transferred or allocated to such newly-formed entity (a "Joint Venture Entity"). The Parties agree that if this AGREEMENT is assigned or otherwise transferred or allocated to a

Joint Venture Entity and such Joint Venture Entity is not an Affiliate of OWNER, then OWNER will, in consultation with the Jefferson County Appraisal District, provide the COUNTY with a list of the Jefferson County Appraisal District account numbers identifying the industrial realty improvements owned by the Joint Venture Entity and/or its Affiliates and the taxable value thereof on January 1 preceding the date this AGREEMENT is assigned or otherwise transferred or allocated to such Joint Venture Entity for use in preparing a new schedule to be attached as Exhibit "C" – "Base Year Value" to this AGREEMENT specifying the Base Year Value for all purposes of this AGREEMENT, which new schedule shall replace and be substituted for the Exhibit "C" – "Base Year Value" that was attached to this AGREEMENT prior to the date this AGREEMENT is assigned or otherwise transferred or allocated to such Joint Venture Entity.

In the event OWNER reduces its ad valorem taxes on personal property otherwise payable to the COUNTY for any tax year solely by reason of its participation in a foreign trade zone, then to the extent that the COUNTY is not made whole for such reduction through payments in lieu of taxes or otherwise, the amount of any Abatement under this AGREEMENT otherwise available for such tax year shall be reduced by one dollar for each dollar of tax value reduction attributable to special treatment from such foreign trade zone participation. The Parties hereto stipulate and agree that the certified appraised value for such personal property, as calculated by the Jefferson County Appraisal District, shall be used for purposes of calculating any reduction in the amount of the Abatement under the immediately preceding sentence.

It is understood and agreed that if, with respect to any tax year during the period of the Abatement under this AGREEMENT, OWNER prevails in a judicial action to contest the appraised value of any and all industrial realty improvement accounts that pertain to this AGREEMENT on the basis of unequal appraisal as defined by Property Tax Code Section 42.26, the following will occur:

- a. such Abatement will be recalculated for any Base Year Value adjustment for such tax year as provided in this Section 9; and,
- b. such Abatement as so recalculated will, to the extent not reflected in any such Base Year Value adjustment for such tax year as provided in this Section 9, be further reduced dollar for dollar for any amount that the appraised value of such industrial realty improvements as determined by the Court is reduced from the appraised value as set by the Appraisal Review Board for such tax year under contest.

10. POLLUTION CONTROL EXEMPTION

The COUNTY understands that OWNER plans (i) to request from the TCEQ a determination under Section 11.31 of the Texas Tax Code that certain property included in the New Eligible Property is pollution control property, and (ii) to apply for an exemption from ad valorem taxes under Section 11.31 of the Texas Tax Code with respect to all or a portion of such property determined by the TCEQ to be pollution control property. OWNER represents that the exempt value of such pollution control property will not exceed ten percent (10%) of the market value of the PROJECT in any year of Abatement under this AGREEMENT. OWNER agrees that in the event the exempt value of such pollution control property exceeds ten percent (10%) of the

market value of the PROJECT in any year of Abatement under this AGREEMENT, the abated value will be reduced accordingly.

11. EVENT OF DEFAULT

If any party should default in performing any obligation under this AGREEMENT, the other party shall provide such defaulting party written notice of default and provide the defaulting party with a minimum period of thirty (30) days to cure such default prior to instituting an action for breach or pursuing any other remedy for default, provided however, that, if the default is of such a nature that it cannot, with the exercise of reasonable diligence, be cured within thirty (30) days, then such party shall not be in default so long as such party has commenced such cure within thirty (30) days after receiving written notice of such default and is diligently prosecuting such cure to completion. Subject to providing such notice of default and the aforesaid opportunity to cure same, the party aggrieved by default shall have the right to terminate this AGREEMENT and to pursue any remedy available at law or in equity, for breach hereof. In addition, if a party (the "Affected Party") shall become unable to timely perform any of its obligations under this AGREEMENT, other than any obligation to pay money, as a consequence of a Force Majeure Event, the Affected Party shall be relieved of such obligation (and such failure to timely perform such obligation shall not constitute a default) to the extent that and for so long as (but only to the extent that and only for so long as) it is unable to timely perform such obligation as a consequence of such Force Majeure Event. A "Force Majeure Event" means any of the following: (a) acts of God, earthquakes, tidal waves, lightning, floods, hurricanes and storms; (b) explosions and fires; (c) strikes and lockouts; (d) wars, riots, acts of the public enemy, civil disturbances, hostilities, sabotage, blockades, insurrections, terrorism, and epidemics; (e) acts of expropriation, confiscation, nationalization, requisitioning, or other taking; and (f) any other event, condition, or circumstance beyond the reasonable control of the party claiming relief as a consequence thereof; provided, however, that "Force Majeure Event" does not include the inability to make payment or financial distress.

12. ASSIGNMENT

OWNER may assign or otherwise transfer or allocate this AGREEMENT, in whole or in part, to an Affiliate of OWNER or a Joint Venture Entity who will be the owner or lessee of the PROJECT, or a portion thereof, provided that (i) such Affiliate of OWNER or Joint Venture Entity assumes the terms and obligations of this Agreement with respect thereto, and (ii) OWNER shall provide written notice of such assignment or other transfer or allocation to the COUNTY. Except as otherwise provided in the immediately preceding sentence, OWNER may assign this AGREEMENT, in whole or in part, to a new owner or lessee of the PROJECT, or a portion thereof, that agrees to assume the terms and obligations of this Agreement with respect thereto and upon written approval by resolution of the COMMISSIONERS COURT of such assignment, and such approval shall not be unreasonably withheld, delayed or conditioned. It shall not be unreasonable for the COURT to withhold approval if OWNER or the proposed assignee is liable to the COUNTY for outstanding taxes or other obligations.

13. ENTIRE AGREEMENT

The Parties agree that this AGREEMENT contains all of the terms and conditions of the understanding of the Parties relating to the subject matter hereof. All prior negotiations, discussions, correspondence and preliminary understandings between the Parties and others relating hereto are superseded by this AGREEMENT.

14. SUCCESSORS AND ASSIGNS

This AGREEMENT shall be binding on and inure to the benefit of the Parties, their respective successors and assigns.

EXHIBIT A – “Description of Project”

In General

OWNER proposes to design and construct an ethylene plant on land currently owned by OWNER and located in Jefferson County, Texas (the “Project”). The Project would be designed to produce at least 750 kilotons per annum (KTA) of polymer grade ethylene.

OWNER owns and operates the Port Arthur Refinery located on Highway 366 in Jefferson County, Texas, and the extraterritorial jurisdiction of the City of Port Arthur, Texas (the “Port Arthur Refinery”). The Project would be sited next to the Port Arthur Refinery, but would be a separate facility.

Project Description Overview

The new facilities associated with the Project would process ethane to produce polymer grade ethylene. The ethane recovered from the process would be recycled to the feed stream. The proposed Project would contain typical process equipment, including fired heaters, vessels, drums, exchangers, rotating equipment, pipe and piping components, process control instrumentation, analyzers, and chemical injection facilities. In addition, a new cooling tower, a new ground flare, and a thermal oxidizer would be constructed as part of the Project.

Detailed Project Description

Ethane Cracking Heaters and Recovery Equipment

The Project includes construction of new ethane cracking heaters and recovery equipment. The major pieces of recovery equipment for the Project include a quench tower, caustic wash and spent caustic degassing and pretreatment facilities, charge gas compression and acid gas removal, a chiller train, acetylene conversion, a deethanizer, a hydrogen compression and purification section, a demethanizer, an ethylene fractionator, a propylene refrigeration system and a binary refrigeration system. Feedstock and product streams would be conveyed through new and existing pipelines.

Heaters Section

The unit would operate by continuously firing four ethane cracking heaters, with a fifth heater on standby. The heaters are equipped with ultra-low NOX burners and selective catalytic reduction (SCR) systems to control NOX emissions. The heaters would crack fresh ethane that is combined with recycled ethane. Steam is introduced as part of the process. The heater outlet stream is cooled by quench water.

The heaters would fire purchased natural gas or blended fuel gas that consists of purchased natural gas and tail gas. Tail gas is a recycle stream resulting from an initial separation of methane and hydrogen during the chilling step within the Demethanizer System. The composition of blended fuel gas would depend on current hydrogen production and disposition.

Heater Decoking

In the cracking operation, coke (molecular carbon) gradually builds on the inside walls of the furnace tubes. This layer of coke impedes heat transfer and must be removed while the heater is not cracking ethane through a periodic steam/air decoke operation. The coke is removed from the walls of the heater tubes through oxidation and spalling. The spalled coke fines are disengaged from the heater effluent mixture of fines, vapor, and water in the decoke drum. The coke particles are routed back to the firebox of another operating heater to be combusted.

Ground Flare

A new ground flare system would be designed to provide safe control of gases vented from normal operations, and startup and shutdown of the new ethane side cracker. This system would be equipped with a totalizing flow meter and an on-line analyzer to speciate the hydrocarbons in the flare gases.

Thermal Oxidizer

A thermal oxidizer would be designed to control low pressure vent gases from process storage tanks and vessels containing VOC material.

Cooling Tower

A new cooling tower would be constructed to accomplish process heat removal and supply cooling water to the Project. This cooling tower would be a multi-cell, induced draft, counter-flow type cooling tower.

Storage Tanks

Several new storage tanks would be constructed for the Project. These tanks store materials such as slop oil, diesel fuel, wastewater, ammonia, compressor wash oil, lube oil, caustic, spent caustic, sulfuric acid, methanol, various additives, and bleach. Tanks storing VOC material with vapor pressure greater than 0.5 psia will be routed to the thermal oxidizer for control.

Additional Information

This AGREEMENT covers all qualified property for the commercial operations of the Project described in this **EXHIBIT A** and includes, but is not limited, to real estate, site preparation, roads and paving, office, warehouse and manufacturing buildings, storage facilities, pumps, piping, tanks, heaters, production equipment, control rooms, shops and all related and necessary facilities and equipment for the manufacture of polymer grade ethylene, including, but not limited to:

EXHIBIT "F"

Jefferson County Amended Uniform Tax Abatement Policy – 2014

It is understood and agreed that all abatement agreements granted herein shall conform to this abatement policy and to the Texas Tax Code.

JEFFERSON COUNTY AMENDED UNIFORM TAX ABATEMENT POLICY-2014

ADMONITORY PROVISIONS

The final determination of value to be abated is vested with the Jefferson County Appraisal District (JCAD), an agency autonomous from Jefferson County. The Procedures used by JCAD are attached as Exhibit "A" and incorporated and adopted in this Abatement Policy for all purposes. These provisions are illustrative only and shall not limit the Appraisal District in making determinations in any manner otherwise allowed by law.

Businesses applying for tax abatement with the County are advised that any agreement with the County applies only to taxes assessed by Jefferson County. Any abatement agreement with other taxing entities must be negotiated directly with such entities. In addition, each individual or business receiving an abatement retains the responsibility for annually applying to the Jefferson County Appraisal District for recognition and implementation of such abatement agreement.

STATEMENT OF PURPOSE

SECTION I

(a) The Commissioners Court of Jefferson County, Texas adopts this tax abatement policy to provide incentives to the owner of real property, who proposes a Project to develop, redevelop or improve eligible facilities. The incentives will consist of a limited special exemption from certain taxes provided that the Owner agrees to accept and abide by this Policy and provided that the real property is located in a lawfully created Reinvestment or Enterprise Zone.

(b) This policy is intended to improve the quality of life in economically depressed areas and throughout the County by stimulating industrial development, and job creation and retention provided that the taxable value of the property of the owner is not adversely affected..

DEFINITIONS

SECTION II

(a) **"Abatement"** means the full or partial exemption from ad valorem taxes of certain real property values in a reinvestment or enterprise zone designated by the County for economic development purposes.

(b) "Agreement" means a contractual agreement between a property owner and/or lessee and the County.

(c) "Base Year" means the calendar year in which the abatement contract is executed (signed).

(d) "Base Year Value" means the taxable value of eligible industrial realty improvements of the owner within Jefferson County on January 1 preceding the execution of the abatement agreement and which property is owned by the owner, co-owner and/or its parent companies, subsidiaries, partner or joint ventures or any entity exercising legal control over the owner or subject to control by the owner. Owner will attach as Exhibit "F-Affiliates" those properties which are co-owned or which are parent companies, partnerships, joint-ventures or other entities in Jefferson County over which the Owner herein exercises legal control.

(e) "Deferred Maintenance" means improvements necessary for continued operation which do not improve productivity, or alter the process technology, reduce pollution or conserve resources.

(f) "Distribution Center" means buildings and structures, including fixed machinery and equipment, used or to be used primarily to receive, store, service or distribute goods or materials owned by the Facility operator where a majority of the goods or services are distributed to points beyond Jefferson County.

(g) "Eligible Facilities" or "Eligible Projects" means new, expanded or modernized buildings and structures, as defined in the Texas Property Tax Code, including fixed machinery and equipment, which is reasonably likely as a result of granting abatement to contribute to the retention or expansion of primary employment or to attract major investment in the reinvestment or enterprise zone that would be a benefit to the property and that would contribute to the economic development within the County, but does not include facilities which are intended primarily to provide goods or services to residents or existing businesses located in the County such as, but not limited to, restaurants and retail sales establishments. Eligible facilities may include, but shall not be limited to, industrial buildings and warehouses. Eligible facilities may also include facilities designed to serve a regional population greater than the County for medical, scientific, recreational or other purposes.

(h) "Eligible Property" means realty improvements, the on-site buildings, structures, fixed machinery and equipment, storage tanks, process units (including all integral components necessary for operations), site improvements, and infrastructure included in the PROJECT, and the permanent office space and related fixed improvements necessary to the operation and administration of the PROJECT, as defined in the Tax Code, but does not include personal property.

(i) "Expansion" means the addition of buildings, structures, machinery, tangible personal property, equipment, payroll or other taxable value for purposes of increasing production capacity.

(j) "Modernization" means a complete or partial demolition of facilities and the complete or partial reconstruction or installation of a facility of similar or expanded production capacity. Modernization may result from the construction, alteration, or installation of buildings, structures, machinery, equipment, pollution control devices or resource conservation equipment. Modernization shall include improvements for the purpose of increasing productivity or updating the technology of machinery and equipment, or both.

(k) "Facility" means property improvements completed or in the process of construction which together comprise an integral whole.

(l) "New Facility" means a property previously undeveloped which is placed into service by means other than in conjunction with Expansion or Modernization.

(m) "Productive Life" means the number of years a property improvement is expected to be in service in a facility.

WHEN ABATEMENT AUTHORIZED

SECTION III

(a) **Eligible Facilities.** Upon application, Eligible Facilities shall be considered for tax abatement as hereinafter provided.

(b) **Creation of New Value.** Abatement may only be granted for the creation of additional value to eligible facilities made subsequent to and specified in an abatement agreement between the County and the property owner or lessee, subject to such limitations as the County may require. Under no circumstances will abatements be considered or granted once construction on a facility or project has begun.

(c) **New and Existing Facilities.** Abatement may be granted for new facilities and improvements to existing facilities for purposes of modernization or expansion.

(d) **Eligible Property.** Abatement may be extended to the increase in value of buildings, structures, fixed machinery and equipment, site improvements, and related fixed improvements necessary to the operation and administration of the facility.

(e) **Ineligible Property.** The following types of property shall be fully taxable and ineligible for tax abatement: land, supplies, inventory, vehicles, vessels, housing, improvements for the generation or transmission of electrical energy not wholly consumed by a new facility or expansion; any improvements, including those to produce, store or distribute natural gas, fluids or gases, which are not integral to the operation of the facility; deferred maintenance, property to be rented or leased (except as provided in Section III(f)), property which has a productive life of less than ten years, or any other property for which abatement is not allowed by state law.

(f) **Owned/Leased Facilities.** If a leased facility is granted abatement, both the owner/lessor and the lessee shall be parties to the abatement contract with the County.

(g) **Economic Qualification.** In order for an Eligible Facility to receive tax abatement the planned improvement:

- (1) Must create an increased appraised ad valorem tax value based upon the Jefferson County Appraisal District's assessment of the eligible property; and
- (2) Must prevent the loss of payroll or retain, increase or create payroll (full-time employment) on a permanent basis in the County.
- (3) Must not have the effect of displacing workers or transferring employment from one part of the County to another.
- (4) Must demonstrate by an independent economic impact analysis that the local economic benefit will be substantially in excess of the amount of anticipated foregone tax revenues resulting from the abatement.

Factors Considered By County In Considering Abatement Requests

Section IV

(a) **Standards For Tax Abatement.** The following non-exclusive factors may be considered in determining whether to grant tax abatements for an Eligible Facility or Project, and if so, the percentage of value to be abated and the duration of the tax abatement:

- (1) Existing improvements, if any;
- (2) Type and value of proposed improvements;
- (3) Productive life of proposed improvements;
- (4) Number of existing jobs to be retained by proposed improvements;
- (5) Number and types of new jobs to be created by proposed improvements;
- (6) The extent to which new jobs to be created will be filled by persons who are economically disadvantaged, including residents of a Reinvestment or Enterprise Zone;
- (7) The extent to which local labor, local subcontractors and local vendors and suppliers will be used in the construction phase of the project;
- (8) The amount of local taxes to be generated directly;
- (9) The amount the property tax base valuation will be increased during term of abatement and after abatement;

- (10) The amount of economic impact the Eligible Facility will provide to the local community;
- (11) The costs to be incurred by the County to provide facilities or services directly resulting from the new improvements;
- (12) The amount of ad valorem taxes to be paid to the County during the abatement period considering (a) the existing values; (b) the percentage of new value abated; (c) the abatement period; and (d) the value after expiration of the abatement period;
- (13) The population growth of the County projected to occur directly as a result of new improvements;
- (14) The types and values of public improvements, if any, to be made by the applicant seeking abatement;
- (15) Whether the proposed improvements compete with existing businesses to the detriment of the local economy;
- (16) The impact of the proposed project on the business opportunities of existing businesses;
- (17) The attraction of other new businesses to the area as a result of the project;
- (18) The overall compatibility with the zoning ordinances and comprehensive plan for the area;
- (19) Whether the project is environmentally compatible with no negative impact on quality of life perceptions; Each application for tax abatement shall be reviewed on its merits utilizing the factors provided above. After such review, abatement may be denied entirely or may be granted to the extent deemed appropriate after full evaluation.

(b) Local Employment. For purposes of evaluating Section III(h)(7): Local labor is defined as those laborers or skilled craftsmen who are residents and domiciliaries of the nine county region comprised of Jefferson, Orange, Hardin, Jasper, Newton, Liberty, Tyler and Chambers counties, as well as the Bolivar Peninsula area of Galveston County. Local vendors and suppliers shall include only those located or having a principal office in Jefferson County. Local Subcontractors shall include only those located or having a principal office in Jefferson County.

Each recipient of property tax abatement shall additionally agree to give preference and priority to local manufacturers, suppliers, vendors, contractors and labor, except where not reasonably possible to do so without significant added expense, substantial inconvenience, or sacrifice in operating efficiency. In any such exception, cases involving purchases over \$10,000.00, a justification for such purchase shall be included in the annual report. Each recipient shall further acknowledge that is a legal and moral obligation of persons receiving property tax abatement to favor local manufacturers, suppliers, contractors and labor, all other factors being equal. In the event of breach of the "buy-local" provision, the percentage of abatement shall be proportionately reduced in an amount equal to the amount the disqualified contract bears to the total construction cost for the project.

(c) Each recipient of a property tax abatement must also provide bidding information to local contractors, manufacturers and labor to allow them to have sufficient information and time to submit their bids and pre-bid meetings must be held between the owner and potential local bidders and suppliers of services and materials.

(d) **Historically Underutilized Businesses/Disadvantaged Business Enterprises.** The County will also strongly consider the extent to which the project will encourage and promote the utilization of Historically Underutilized Businesses (HUBs) (also known as Disadvantaged Business Enterprises, or DBEs) by the owner and general contractor by ensuring that qualified HUB vendors and contractors are given an opportunity to bid on all contracts.

1. A Historically Underutilized Business (HUB) is a business owned or controlled by Socially and Economically Disadvantaged Individuals as defined by all applicable federal or state laws and local policies, including Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Asian-Indian Americans, women and individuals with disabilities. A HUB is one that is at least 51 percent owned or controlled by one or more women or Socially and Economically Disadvantaged Individuals who actively participate in the conduct of the business or, in the case of a publicly owned business, one in which at least 51 percent of the stock is controlled by one or more women or Socially and Economically Disadvantaged Individuals. A business that has been certified as a HUB/DBE by an agency of the federal government or the State of Texas is presumed to be a HUB/DBE for purposes of this policy. Only a HUB/DBE with its principal office in Jefferson, Hardin, and Orange, County will be recognized as a HUB/DBE for purposes of this policy. Jefferson County will supply a Minority Business Directory to each applicant.

2. The County will require that each abatement contract between itself and any individual or entity seeking the abatement of ad valorem taxes contain a provision requiring the owner, on at least a quarterly basis, and at owner's cost, to allow the full examination by County or its designated representative(s) of all documents necessary for County to assure that best efforts have been used by owner to utilize local labor, subcontractors, vendors, suppliers and HUB's/DBE's. The County will also require that such contracts contain provisions binding the engineering/construction firms utilized as general contractors on the Project to the terms of the abatement contract.

(e) **Denial of Abatement.** Neither a reinvestment or enterprise zone nor abatement agreement shall be authorized if it is determined that:

- (1) There would be a substantial adverse affect on the provision of government service or tax base;
- (2) The applicant has insufficient financial capacity;
- (3) Planned or potential use of the property would constitute a substantial hazard to public safety, health or morals;
- (4) The project would cause a violation of state or federal laws; or
- (5) For any other reason deemed appropriate by the County including the pendency of

litigation between the individual or entity requesting the creation of the reinvestment or enterprise zone and the County.

(f) "Taxability" From the execution of the abatement agreement to the end of the agreement period, taxes shall be payable as follows:

- (1) The value of ineligible property as provided in Section II(e) shall be fully taxable; and
- (2) The base year value of existing eligible property as determined each year shall be fully taxable.

APPLICATION PROCESS

SECTION V

(a) Any present owner, potential owner or Lessee of taxable property in the County may request the creation of a reinvestment or enterprise zone and tax abatement by filing a written request with the County Judge.

(b) The application shall consist of a completed application form which shall provide detailed information on the items described in Section III(h) hereof; a map and property description with specific metes and bounds; a time schedule for undertaking and completing the planned improvements. In the case of modernization, a statement of the assessed value of the facility, separately stated for real and personal property, shall be given for the tax year immediately preceding the application. The application form may require such financial and other information as may be deemed appropriate for evaluating the financial capacity and other factors of the applicant. The County shall also require a non-refundable application fee in the amount of \$1,000.00 to be submitted with the application.

(c) Prior to the adoption of an ordinance order designating a reinvestment or application by the County for designation of an enterprise zone, the County shall: (1) give written notice to the presiding officer of the governing body of each taxing unit in which the property to be subject to the agreement is located not later than seventh (7th) day before the public hearing; and (2) publish notice of a public hearing in a newspaper of general circulation within such taxing jurisdiction not later than the seventh (7th) day before the public hearing. Before acting upon the application, the County shall, through public hearing, afford the applicant and the designated representative of any governing body referenced hereinabove opportunity to show cause why the abatement should or should not be granted.

(d) The County shall make every reasonable effort to either approve or disapprove the application for tax abatement within forty-five (45) days after receipt of the application. The County shall notify the applicant of approval or disapproval.

(e) The County shall not establish a reinvestment or enterprise zone or enter into an abatement agreement if it finds that the request for the abatement was filed after the commencement of construction, alteration, or installation or improvements related to a proposed modernization, expansion or new facility.

(f) Information that is provided to the County in connection with an application or request for tax abatement and that describes the specific processes or business activities to be conducted or the equipment or other property to be located on the property for which a tax abatement agreement is requested is confidential and not subject to public disclosure pursuant to the Texas Public Information Act until the tax abatement agreement is executed. That information in the possession of a taxing unit after the agreement is executed is not confidential and is subject to disclosure.

AGREEMENT

SECTION VI

(a) Not later than the seventh (7th) day before the date on which the County enters into the abatement agreement, the County shall deliver to the presiding officer of the governing body of each other taxing unit in which the property is located a written notice that the County intends to enter into the agreement. The notice shall include a copy of the prepared agreement.

(b) The County shall formally pass a resolution and execute an agreement with the owner of the facility and lessee, as the case may be, which shall include at least the following terms:

- (1) Estimated value to be abated and the base year value;
- (2) Percent of value to be abated each year as provided in Section III(g);
- (3) The commencement date and the termination date of abatement;
- (4) The proposed use of the facility, nature of construction, time schedule, map, property description and improvement list as provided in application, Section IV(b);
- (5) Contractual obligations in the event of default, violation of terms or conditions, delinquent taxes, or assignment;
- (6) Provision for access to and authorization for inspection of the property by County employees to ensure that the improvements or repairs are made according to the specifications and conditions of the agreement;
- (7) Limitations on the uses of the property consistent with the general purpose of encouraging development or redevelopment of the zone during the period that property tax exemptions are in effect;
- (8) Provision for recapturing property tax revenue lost as a result of the agreement if the owner of the property fails to make the improvements or repairs as provided by the agreement;
- (9) Provision that all permanent jobs be registered with the Texas Workforce Commission and that all contractors shall give preference to and to seek qualified workers through the Texas Workforce Commission.
- (10) Contain each and every term agreed to by the owner of the property;
- (11) Requirement that the owner or lessee of the property certify annually to the governing body of each taxing unit that the owner or lessee is in compliance with each applicable term of the agreement; and
- (12) All terms required by Texas Tax Code §312.205, as amended; Such agreement shall normally be executed within sixty (60) days after the applicant has forwarded all necessary information and documentation to the County.

RECAPTURE

SECTION VII

(a) In the event that the company or individual (1) allows its ad valorem taxes owed the County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest; or (2) violates any of the terms and conditions of the abatement agreement; and fails to cure during the cure period, or discontinues production the agreement then may be terminated and all taxes previously abated by virtue of the agreement will be recaptured and paid within thirty (30) days of the termination.

(b) Should the County determine that the company or individual is in default according to the terms and conditions of its agreement, the County shall notify the company or individual of such default in writing at the address stated in the agreement; and if such is not cured within thirty (30) days from the date of such notice ("Cure Period"), then the agreement may be terminated. Alternatively, County may, as a penalty for default or non-compliance with the provisions of an abatement contract, reduce the term of the abatement period and/or the annual percentage abatements available thereunder.

(c) Payment in Lieu of Taxes: If, during the period of this abatement, any Federal or State law provides an additional tax exemption for the property that is already the subject of this agreement, Applicant agrees to decline that tax exemption during the period of this abatement. If Applicant is unable to decline that tax exemption, Applicant agrees to pay the taxes, or payment in lieu of taxes, on the reduction of property tax revenue to the County that is the result of said exemption. Any payment in lieu of taxes shall be due on or before November 15 of the year in which payment is due.

(d) By this, it is understood and agreed that if the party granted this abatement avails itself of a Foreign Trade Zone exemption, the abated value subject to this contract will be reduced dollar for dollar and taxed.

(e) It is understood and agreed by the owner that, if at any time during the abatement, the owner prevails in an action to contest the taxable value of the property of owner that is the subject of the abatement for Unequal Appraisal or revision thereof pursuant to Section 42.26, Texas Tax Code, the County shall reduce the amount of abatement dollar for dollar for each dollar that the taxable value is reduced as a result of that contest.

ADMINISTRATION

SECTION VIII

(a) The Chief Appraiser of the Jefferson County Appraisal District will annually determine an assessment of the real and personal property subject to each abatement agreement. Each year, the company or individual receiving abatement shall furnish the appraiser with such information as may be necessary to determine compliance with the abatement

agreement. Once value has been established, the Chief Appraiser will notify the County of the amount of the assessment.

(b) The abatement agreement shall stipulate that employees and/or designated representatives of the County will have access to the facility during the term of the abatement to inspect the facility to determine if the terms and conditions of the agreement are being met. Inspections will only be conducted in such manner as to not unreasonably interfere with the construction and/or operation of the facility. All inspections will be made with one or more representative of the company or individual and in accordance with its safety standards.

(c) Upon completion of construction, the designated representative of the Owner shall annually evaluate each facility receiving abatement to insure compliance with the agreement, and a formal report shall be made to the County.

(d) During the course of construction of the Project, Owner and its general contractor and/or subcontractors shall, on at least a quarterly basis, meet with designated County representatives for an onsite inspection to assure compliance with the terms of the abatement agreement. Owner shall be responsible to County for the payment of costs associated with such monitoring. In the event it is determined that Owner or its contractors have failed to comply with the terms of the abatement agreement, then County may terminate the abatement agreement or, in County's discretion, reduce the duration or annual percentages of such abatement.

(e) During construction, the Applicant shall maintain appropriate records of the employees affected by this abatement, including but not limited to, proof of employees' legal residence, proof of immigration-resident status, and, if applicable, such other documentation that may be required to document compliance with the Agreement

(f) The Chief Appraiser of the Jefferson County Appraisal District shall timely file with the Texas Department of Economic Development and the State Property Tax Board all information required by the Tax Code.

(g) All requirements of the Abatement Agreement shall apply to Applicant's contractors/subcontractors and Applicant shall ensure that they abide by the terms of the Agreement.

AGREEMENT

SECTION IX

Abatement may be transferred, assumed and assigned in whole or in part by the holder to a new owner or lessee of the same facility upon the approval by resolution of the Commissioners' Court; subject to the financial capacity of the assignee and provided that all conditions and obligations in the abatement agreement are guaranteed. No assignment or transfer shall be approved if the parties to the existing agreement, the new owner or new lessee are liable to any jurisdiction for outstanding taxes or other obligations. Approval shall not be unreasonably withheld. As a condition of transfer, an assignment fee of \$10,000.00 may be required, with the maximum fee being \$10,000.00

SUNSET PROVISION

SECTION X

These guidelines and criteria are effective upon the date of their adoption and will remain in force for two years, unless amended by three-quarters of the Commissioners' Court at which time all reinvestment and enterprise zones and tax abatement agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved. Based on that review, the guidelines and criteria may be modified, renewed or eliminated.

DISCRETION OF THE COUNTY

SECTION XI

The adoption of these guidelines and criteria by the County does not:

- (1) Limit the discretion of the County to decide whether to enter into a specific tax abatement agreement;
- (2) Limit the discretion of the County to delegate to its employees the authority to determine whether or not the County should consider a particular application or request for tax abatement; or
- (3) Create any property, contract, or other legal rights in any person to have the County consider or grant a specific application or request for tax abatement.

EXHIBIT "A"**JEFFERSON COUNTY APPRAISAL DISTRICT
PROCEDURE FOR CALCULATING ABATEMENTS****Purpose**

The purpose of this procedure is to clarify the method used in calculating a tax abatement. This procedure requires calculation of the Current Year Market Value, Base Year Value, and Taxable Value as these terms are defined below. In accordance with the Jefferson County Uniform Tax Abatement Policy, the Real Property Owner's Current Taxable Value shall not be less than the Base Year Value in order for a project to receive the full amount of abatement.

Calculation of "Base Year Value"

"Base Year Value" for each taxing entity executing an abatement contract is the Taxable Value of all industrial realty improvements of a property owner and/or its affiliates located within that entity for the tax period defined as the "Base Year". "Base year" is defined as the calendar year in which the abatement contract is executed (signed).

Calculation of "Current Year Market Value"

"Current Year Market Value" for each taxing entity executing an abatement agreement is determined by calculating for the Current Tax Year the Market Value of all industrial realty improvements of a property owner and/or its affiliates that comprise the "Base Year Value."

Calculation of "Taxable Value"

"Taxable Value" for each taxing entity executing an abatement agreement is determined by deducting from the Market Value of all industrial realty improvements of a property

owner and/or its affiliates the amount of any applicable exemptions and abatements granted for that Tax Year.

Calculation of Abated Value

The following procedures are followed for each project for which a tax abatement contract has been executed and for each taxing entity granting the abatement.

VALUE POTENTIALLY ELIGIBLE FOR ABATEMENT:

The Base Year Value is subtracted from the Current Year Market Value. If the difference is greater than zero (0), then the remaining value is the value potentially eligible for abatement. If the difference is zero (0) or less, then the project is not eligible for an abatement for that Tax Year.

VALUE AVAILABLE FOR ABATEMENT:

For each project that remains potentially eligible for abatement, a preliminary calculation of the abated value of all other projects for the owner and/or its affiliates, if any, must be made. This calculation must first be done based on a preliminary abated value for subsequent projects since the full calculation has yet to be performed. For multiple abated projects, the calculations of the preliminary abated values are made in chronological order based on the date the contract was executed. Once the abated value for the subsequent project is calculated, if the actual abated value differs from the preliminary abated value, this calculation must be redone in order to reflect the actual abated value.

Once all calculations have been completed, the abated value of other projects for the owner and/or its affiliates, if any, is subtracted from the Value Potentially Available for Abatement. If the difference is greater than zero (0), then the remaining value is the Value Available for Abatement.

If the difference is zero (0) or less, then the project is not eligible for an abatement for that Tax Year.

VALUE SUBJECT TO ABATEMENT:

The project base value, if applicable, is subtracted from the current year project value, and the percentage of abatement to be granted is then applied to the net amount to determine the Value Subject to Abatement.

ABATED VALUE:

Any applicable reductions for Foreign Trade Zone or Pollution Control restrictions are subtracted from the Value Subject to Abatement. If the difference is less than the Value Available for Abatement, then this is the Abated Value.

If the difference is greater than the Value Available for Abatement, then the Value Available for Abatement becomes the Abated Value.

JEFFERSON COUNTY
DEPOSITORY CONTRACT

2015

WHEREAS, the Commissioners' Court of Jefferson County, Texas has published notices asking that sealed bid proposals be submitted preparatory to the selection by the Commissioners' Court of a County Depository, as is required by law, Chapter 116.021, V.T.C.S. Local Government Code, said notice stating, among other things, that the depository thus to be selected by the Commissioners' Court should be the depository for County Funds, and money collected and held by any county or precinct officer, as required under Chapter 116, V.T.C.S. Local Government Code.

WHEREAS, Wells Fargo Bank, N.A., with offices located in the City of Beaumont, Jefferson County, Texas, submitted its written bid proposals, attached hereto as Exhibit A in response to said notice, which was received by said Commissioners' Court and entered upon its Minutes; and said Commissioners' Court by its order accepted the bid proposal of Wells Fargo Bank, N.A., as the Depository for the funds herein above mentioned; and

WHEREAS, said Wells Fargo Bank, N.A., which for brevity is hereinafter sometimes referred to as Bank and sometimes as Depository, hereby accepts said designation as the Depository for the public funds herein above mentioned and agrees to serve as such until sixty (60) days after the time fixed by law for the next selection of a Depository, which statutory time is presently May, 2019, or until such time as a new bank has qualified as the County Depository, on or after May, 2019, whichever should sooner occur.

At the end of this four year contract, the contract may be renewed for two years under terms negotiated by the

Commissioners' Court, and as outlined in Section 116.021 of the Texas Local Government Code.

WHEREAS, Wells Fargo Bank, N.A., desires to qualify as such Depository by pledging with the Commissioners' Court securities in the amount provided by law under Section 116.058, Local Government Code, but limited to Federal Home Loan Bank Letters of Credit and to Securities eligible under Texas Government Code, Title 10, Section 2256.009, (a) (1), provided that the market value of securities which the bank is obligated to pledge is never below the total deposits. Such securities so pledged shall be deposited in Trust with the Federal Reserve Bank, or other party selected by the bank and approved by the Jefferson County Commissioners' Court without expense to the County under an appropriate contract to be drawn conformably to the requirements of the Depository Law, and in accordance with this contract. The amount of securities so pledged shall be determined by their market value, and reported daily to the County Treasurer. Market values shall be determined monthly by an independent third source.

NOW THEREFORE, in consideration of the premises, and for the purposes and upon the conditions herein stated, Wells Fargo Bank, N.A., does hereby assign to and pledge with Jefferson County and the Commissioners' Court thereof securities as set forth on attached Exhibit D, which securities shall be of the kind and character described under Texas Government Code, Title 10, Subsection 2256.009(a) (1).

Wells Fargo Bank, N.A., as such Depository hereby acknowledges itself duly and firmly bound for the faithful performance of all of the duties and obligations devolving by law upon it as such Depository; that all funds deposited with it as such Depository shall be faithfully kept by it as such Depository and accounted for according to law; that with

respect to the funds belonging to the County, or under its jurisdiction and control, it will, in accordance with applicable law, pay on due and proper presentation all checks and drafts drawn upon it as such Depository by the County Treasurer of said County, when sufficient collected funds are on deposit therefore in accordance with applicable law.

Should Depository at any time fail to pay and satisfy, when due, any check, transfer, draft or voucher lawfully drawn against Depositor's deposits, or commit a material breach of its agreement with Depositor, Depositor shall give written notice of such failure or breach and Depository shall have three (3) business days to cure such failure or breach. In the event Depository shall fail to cure such failure or breach within the three (3) days or should the Depository be declared insolvent by a Federal bank regulatory agency, or if a receiver is appointed for the Depository (each an event of default), it shall be the duty of the Custodian, upon demand by the Depositor (supported by proper evidence of an event of default) to surrender the collateral to Depositor.

Depositor may sell all or any part of such collateral and out of the proceeds thereof, pay Depositor all damages and losses sustained together with any expenses incurred by it of any kind on account of such failure. Collateral may be sold by Depositor at public or private sale provided however that Depository shall have one business day notice of the time and place of the sale, and Depository and Custodian shall have the right to bid at such sale.

When securities pledged hereunder shall be in excess of the amount required under the provisions of Section 116.054, Local Government Code, and other pertinent statutes, the Commissioners' Court shall permit the release of such excess. When the funds on deposit with said Depository Bank shall for any reason increase beyond the amount of security provided,

said Bank shall immediately pledge additional securities to the Commissioners' Court hereunder to the end that securities pledged shall at no time be less than the total amount of funds on deposit in the Depository Bank and covered by this Depository Contract.

The Bank shall have the right of substituting other securities for those herewith pledged (Exhibit D), or any part thereof, provided the securities substituted meet the requirements of the law and this contract and are approved by the Commissioners' Court. The pledge of securities herein mentioned is for the purpose of securing the faithful performance by said Bank of its duties as Depository as herein set forth.

The Bank also agrees to pay interest on "Certificates of Deposits", to the extent permitted by applicable laws and regulations. Interest on each certificate of deposit will be paid as outlined in Exhibit B, page 1.

The Bank will pay interest on interest bearing checking accounts, at the Texas Managed Rate. Rates are set on a weekly basis by the Texas Regional Finance Management team and will be computed on daily collected balances and paid on the last day of each month. A bonus rate of 0.15% fixed will be set for the first year of the contract.

On non-interest bearing checking accounts, the earnings credit will be calculated as shown in Exhibit B, page 3.

Other services rendered by the Bank at the request of the County will be provided subject to and at the Bank's service fees schedule, listed in Exhibit B.

Cost for banking services not detailed on the attachments will be negotiated. The County will pay for

services by direct fee payment.

Daily activity reporting is available via computer access through Commercial Electronic Office, (CEO), with the charges set forth in Exhibit B.

The County elects to set up interest bearing checking and non-interest bearing checking accounts on the Wells Fargo Bank account analysis system. The monthly account analysis will provide information as detailed in Exhibit B.

- Deposits and Deposit items
- Debit and credit memos
- Total number of checks, withdrawals, and other items
- Total number of deposit items
- Daily balances
- Average ledger and collected balances
- Any other activity in accounts

These statements shall be provided within twenty (20) working days after the calendar month end. The County will pay the fee for such statement services as provided in Exhibit B.

If the statements are lost in transit, Wells Fargo Bank, N.A. agrees, at its cost, to reconstruct such statements.

The Bank will handle any and all non-sufficient funds (NSF) checks, as may be issued by Jefferson County when presented for payment. Accounts are not considered overdrawn unless the total aggregate relationship is overdrawn. If this is so and not covered timely, then a charge can be assessed. Charges will be calculated from the date the check

is received by the bank until payment is made by the County in collected funds.

The Commissioners' Court reserves the right to direct the County Treasurer to withdraw any amount of funds of the County, that are deposited in the County Depository, and that are not required immediately to pay obligations of the County, and invest those funds in direct debt securities of the United States (according to Texas Government Code, Title 10, Section 2256).

In the event of a Bank failure causing the Bank to fail to honor all of the funds deposited with it as County Depository, then, in such event, the County shall have all rights and duties available at law, including, without limitation, the rights and duties of a secured creditor under Chapter 9 of the Texas Business and Commerce Code.

Any suit arising out of or in any way connected with this contract shall be tried in the County of Jefferson and State of Texas in any Court therein having jurisdiction of the subject matter thereof.

This Contract shall be executed in compliance with 12 U.S.C.A. 1823e regarding depository contracts and pledged collateral, and shall be for a term of four (4) years.

If ownership of Wells Fargo Bank, N.A. changes, the county at its option may within 90 days of notification or discovery of such change in ownership, cancel or continue the

contract. Any such cancellation of this depository contract will become effective immediately upon county notice to the depository bank within 90 days from the date of notification or discovery of change in ownership at the option of the county.

All Exhibits attached hereto are incorporated into this contract by reference.

The accounts and all other banking services will be subject to the Bank's standard agreements governing accounts and services, but this Depository Contract will control in the case of any conflict.

IN TESTIMONY WHEREOF, witness the signatures of Wells Fargo Bank, N.A., on this the 11th day of May, 2015, acting by and through its officers who are hereunto duly authorized by resolution of the Bank's Board of Directors, (Exhibit C) and of JEFFERSON COUNTY, acting by and through its Commissioners' Court, and pursuant to order of said Commissioners' Court dated the 11th day of May, 2015.

Community reinvestment

Community reinvestment is an integral part of our business culture at Wells Fargo. We have long understood that we can be no stronger, or more successful, than the neighborhoods and communities where we do business, and where our team members live and raise their families.

We are one of corporate America's top 10 largest givers; ranking ahead of peers that are two and three times our size. We have caring and energetic team member-volunteers and our team members can be found as leaders in community partnerships.

The Community Reinvestment Act (CRA) of 1977 requires banks to meet the credit needs of all the communities where they do business, especially low-to-moderate income communities and families, and Wells Fargo meets this requirement.

In its most recent (2009*) CRA examination, the Office of the Comptroller of the Currency (OCC) gave Wells Fargo an "Outstanding" rating — the highest rating possible. We met and exceeded community needs in areas such as affordable housing, financial education, and small business lending.

*The OCC conducts a CRA examination every four years.

We've included the Wells Fargo Corporate Social Responsibility (CSR) report that we publish every two years, with an interim update in the year between in Appendix Tab F which provides more information on how we give back to our communities.

2.1 Type of banking relationships

The Depository Bank will handle daily banking services including, but not limited to, checking accounts, other types of interest-bearing accounts, non interest-bearing accounts, time deposits, and/or Certificates of Deposit.

Acknowledge and agree.

2.2 Compliance with statutes

By returning the Bid Worksheet, the Bank acknowledges that it understands the Revised Civil Statutes of Texas (Article 2544, et. Seq., of the Revised Civil Statutes of Texas, as revised by Local Government Code, Chapter 116.000 through 116.155 as passed by the 70th leg. 1987; Article 2547 a,b,c; and Article 2558a et. Seq.) that pertain to the managing and safekeeping of County funds and will comply with those statutes.

Acknowledge and agree.

2.3 Bank affiliation

A proposing bank must be a member of the Federal Reserve System and the Federal Deposit Insurance Corporation. The bank must be a Federal or Texas chartered bank doing business in and having a service facility within Jefferson County.

Wells Fargo meets this requirement.

2.4 Duration

The Bank contract will be effective for a period of four (4) years ending sixty (60) days from the time fixed by law for the next selection of a depository.

If a time deposit or certificate of deposit maturity extends beyond the expiration date of the depository contract, the depository will pledge sufficient securities as required by law for public funds, to provide for the maturity of the time deposit or certificate of deposit.

Acknowledge and agree.

2.5 Renegotiations

This four year contract shall allow the bank to establish, on the basis of negotiations with the county, new interest rates and financial terms of the contract that will take effect during the final two years of the four year contract if:

- a) the new financial terms do not increase the prices to the county by more than 10 percent; and

- b) the county has the option to choose to use the initial variable interest rate option, or to change to the new fixed or variable interest rate options proposed by the bank.

Acknowledge and agree.

2.6 Investments made outside depository bank

Jefferson County reserves the right to make investments outside the Depository Bank in accordance with the Laws of the State of Texas, as a result of court order, and the Investment Policy of Jefferson County. All investment purchases shall be made on a delivery versus payment basis.

Acknowledge and agree.

2.7 Submitting financial statements

All Banks wishing to be designated as a Depository Bank will include as part of the Proposal:

- a) **The Bank's last three (3) quarterly Uniform Bank Performance Reports.**
- b) **The Bank's last three (3) Call Reports**
- c) **The Bank's Annual Financial Reports for the past 2 years.**

UBPR can be found at <https://cdr.ffiec.gov/public/ManageFacsimiles.aspx> (click Unique Identifier, and use the Wells Fargo FDIC Certificate No. 3511)

You can obtain our previous four quarterly call reports at the following site: fdic.gov/Call_TFR_Rpts/index.asp. Using the Wells Fargo FDIC Certificate No. 3511.

You can find our most recent annual report at: wellsfargo.com/invest_relations/annual.

2.8 Good faith guarantee

A Bank desiring to be the Depository Bank must submit with the Bid Proposal Worksheet, a certified cashier's check in the amount of \$853,349.66 (one-half of one percent of the county's revenue for the preceding year) payable to Jefferson County as a guarantee of good faith. The County will hold the check until a Depository Bank is selected and the bond and/or security has been filed.

Acknowledge and agree.

2.9 Liquidated damages for not providing security

As stated in Code Section 116.023:

"If a bank is selected as a depository and does not provide the bond and/or security, the county shall retain the amount of the check as liquidated damages."

A new depository shall then be selected.

Acknowledge and agree.

2.10 Security

Within fifteen (15) days after selection of the Depository, the Bank so selected is to qualify as a County Depository. As soon as the contract for securities pledged is provided and approved by the Commissioners' Court, an order will be entered by the County designating the successful applicant, or applicants, as Depository for the funds of Jefferson County. This contract shall remain in place until sixty (60) days after the time fixed for the next selection of a Depository, to-wit, May, 2019, or until such time as a new Bank has qualified as County Depository, whichever should sooner occur. Thereupon, the County Treasurer will place with said Depository all the funds belonging to Jefferson County.

Acknowledge and agree.

2.11 Pledged collateral

a) Pledged Securities in the amount provided by law under Sec. 116.054, V. T. Local Government Code, will be provided in quantities sufficient to fully collateralize all of the Funds of Jefferson County and their subdivisions.

- 1) U.S. Treasury Notes
- 2) U.S. Treasury Bills
- 3) Federal Farm Credit Banks Notes and Bonds
- 4) Federal Home Loan Banks Notes and Bonds
- 5) Federal National Mortgage Association Notes and Bonds
- 6) Federal Home Loan Mortgage Corporation Notes and Bonds
- 7) Federal Home Loan Bank Letters of Credit

The bank must be the true and legal owner of all securities, which will be pledged to the County. The securities must be free and clear of all liens, claims, or pledged for other purposes. The County will not accept any security acquired by the bank under a repurchase agreement. The securities will be deposited with the Federal Reserve Bank or the Bank of New York-Mellon Trust Company, without expense to the County under an appropriate contract to be drawn to the provisions of Tex. Loc. Gov't Code Chapter 116 and amendments in accordance with the application, if approved.

Wells Fargo agrees to these requirements.

2.12 Collateral management

The Depository Bank must include, as part of the Bid, a statement as to how the bank intends to ensure, on a daily basis, that sufficient collateral is pledged to protect covered accounts. Also a detailed monthly collateral report is required. The report shall contain security descriptions, par value/current face and current market value.

We will comply with the collateral rules set in the Texas Public Funds Code Chapter 2257.022.

Collateral needs are met based on prior day close of business assuming accounts are in the correct public funds product. Same day collateral requests must be made by phone or email to the Public Funds Collateral group by 10:30 a.m. PT.

Included in Appendix (Tab D) are details regarding our Public Funds Collateralization Program and a sample contract.

2.13 Value of collateral

The Depository Bank must propose how it will value pledged securities. The County at any time may investigate the value of any of the securities that may be pledged by the Bank. The full cooperation of the Bank will be required in such instance.

Wells Fargo updates the market value of the securities in its portfolio daily. It obtains market values from established third-party service, IDC -Trust, which provides valuation services to many market participants.

2.14 Daily reports

A daily list of account balances and market value of pledge collateral will be provided to the County Treasurer.

Wells Fargo provides online access to view the previous day collateral position through Bank of New York Mellon's Inform website.

Check imaging

We capture images and make check image detail available online to the County, in addition to two other delivery channels: in an image transmission or on a CD or DVD.

Online

Image retrieval is available as part of our Stops-Images-Search service, which lets you immediately view, print, and download items.

Image transmission

Our image transmission option provides a daily, weekly, semi-monthly, or monthly file of paid check images and related index information. Image files are available as early as 10:00 a.m. CT the day after posting. Through our secure transmission platform, you can download files into your internal archives or to our viewing software. During implementation, you'll choose which format (XML or PDF) you want to use for your files.

CD or DVD

We deliver disks weekly, monthly, or semi-monthly. Disks are ready nine business days after the cycle cutoff. You'll archive and view images and data using our viewing software.

Online statements

You can access your account statements online in PDF format, or you can subscribe to our DDA Cycled Statement report that's available through our online reporting service in HTML, BAI V2, CSV, and Excel formats.

Wells Fargo encourages our customers to "Go Green." As an alternative to paper, our customers can access their account analysis and bank statements in human-readable PDF format through the *CEO* portal. The advantage of this method over paper is that you can easily store statements on an internal system or on CD-ROM.

The following table lists the mailing dates and online availability of statements and reconciliation reports.

Refer to the Appendix (Tab B) for a sample analysis report and statement.

3.5 Payroll direct deposit

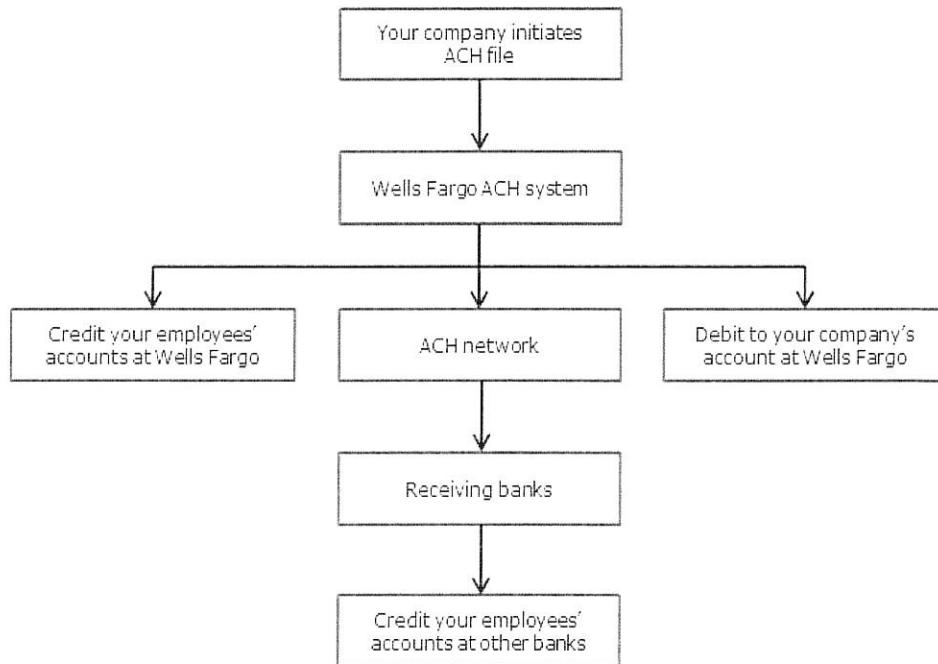

Bank must provide the capability for the county to utilize "Direct Deposit" payroll processing, allowing employees to select the bank of their choice.

Payroll direct deposit

You can deposit your employees' payroll, expense reimbursements, and other work-related payments directly into their checking or savings accounts using a connection of Automated Clearing Houses.

Process

When the County submits an electronic file of payment information in a format approved by NACHA, Wells Fargo reads it and, following your instructions, delivers payroll entries to your employees' accounts. Their salaries are immediately available in their accounts on the morning of payday.

Deadline

To ensure your employees have immediate access to their funds on payday, we recommend that you transmit your file to the bank two days prior to the settlement date.

For an additional cost, we also accept direct deposit files with a one-day settlement date.

You can send direct deposit files anytime 24 hours a day, 7 days a week, although we do have established deadlines for processing. The following table lists the deadlines for both settlement options.

| Origination method | One-day settlement | Two-day settlement |
|------------------------------------|--------------------|--------------------|
| Direct origination | 8:00 p.m. CT | 11:00 p.m. CT |
| Consolidated payables transmission | 7:30 p.m. CT | 7:30 p.m. CT |
| Online | 8:00 p.m. CT | 8:00 p.m. CT |

If you send a file after the established cutoff time, or with the effective date of a holiday or weekend, we will process it on the next business day.

ACH origination methods

Wells Fargo offers several ACH transaction initiation methods, including our direct origination service and the internet.

Direct origination

You send us a NACHA-formatted file that contains the required ACH transaction information (such as routing and transit number, account number, dollar amount, and effective date).

Internet

If you want to originate domestic ACH transactions without having to create your own NACHA-formatted files — and gain the flexibility to make tax and other payments online — ACH Payments through the *CEO* portal is the best method for you. Once you build a template based on the payment type, it is quick and easy to create ACH transactions and send them to Wells Fargo for processing.

You can choose the types of ACH transactions you want to initiate from the following payment types:

| Options | |
|--------------------------------------------|----------------------------------------|
| Payroll (PPD) | WEB- and TEL-initiated consumer debits |
| Vendor payments (CCD) | Re-presented check entries (RCK) |
| Federal and state tax payments (ACHTax) | Corporate trade exchange (CTX) |
| Cash concentration and disbursements (CCD) | Child support payments (CCD+) |
| Consumer debits and credits (PPD) | |

The import option allows you to import account information for beneficiaries from systems such as payroll or accounting. With the export option, you can export templates, beneficiaries, and payment batches to update payables and receivables systems and offline files.

When you're on the go, you can access a mobile version of our online ACH approval capabilities. Use a smartphone or mobile device* to quickly, easily, and securely approve domestic ACH templates and payments that require immediate attention.

*Access our mobile service on any smartphone or mobile device that has a browser. If you use an iPhone or iPad, you can download our app from iTunes. If you use an Android, you can download our app from Google Play.

To reduce your fraud risk, you must have a second user approve the release of ACH transactions or newly created templates.

3.6 ACH transactions

Bank must provide for acceptance of ACH (Automated Clearing House) credits and debits. Bank will be required to provide detailed information, as well as ACH blocks on certain accounts.

With our ACH Fraud Filter review option, ACH transactions post to your account. You review any transactions that you have not preauthorized and make a pay or return decision for each item. When you choose to return an item, we create a reversing adjustment to your account and return the transaction to the originator. With our ACH Fraud Filter stop option, any transactions that you have not preauthorized will automatically be returned without review.

ACH Fraud Filter

You can choose from three options to protect your checking and savings accounts from unauthorized ACH transactions.

Review transactions and decide if you want them returned

With our review option, you can preauthorize ACH transactions to post to your account. We then notify you of any that are not preauthorized; you review those and notify us whether you want them paid or returned. When you tell us to return one, we create a reversing adjustment and return it as unauthorized.

You can request that we report:

- All ACH transactions posted to your account
- All ACH transactions that exceed a predetermined dollar amount
- ACH credit transactions only, or ACH debit transactions only
- ACH credit transactions or ACH debit transactions that exceed a predetermined dollar amount
- ACH credit transactions or ACH debit transactions outside a specified date range
- ACH credit transactions or ACH debit transactions that exceed a specified maximum number of occurrences

If you do not make a pay or return decision on an item by the specified deadline, the item is automatically paid or returned based on the default action you select during implementation.

Stop unauthorized transactions automatically

With our stop option, we automatically return transactions that you have not preauthorized and process all that you have preauthorized.

You can request that we:

- Stop and return all ACH transactions
- Stop and return all ACH transactions that exceed a predetermined dollar amount
- Stop and return all ACH credit transactions only, or ACH debit transactions only

Monitor converted check entries

Our Echeck option helps you monitor converted check entries for business-sized checks that have an auxiliary on-us field in the MICR line. This service includes Echeck Post and Echeck Stop options for accounts receivable check (ARC) and back office conversion (BOC), and point-of-purchase (POP) transactions.

Echeck Post

If you use this option in conjunction with our positive pay service, you have the opportunity to see unmatched items that will post to your account, so you can decide to pay them or return them using our online Image Positive Pay service.

If you use this option with our Perfect Presentment® service, the ACH converted check will not be matched against your check issue records.

Echeck Stop

If you choose this option, we will automatically stop all ineligible items inadvertently converted before they post to your account.

ACH reporting

Our online reporting service provides comprehensive ACH reporting.

Standard reports available include:

- ACH Origination
- ACH Receive
- ACH Return/NOC
- ACH Customer Activity

You can download reports into your accounting, treasury workstation, or spreadsheet applications in a variety of the most popular formats, including BAI V2, CSV, and Excel, and view or print the reports in HTML and PDF formats.*

*Download and viewing formats may vary by report.

3.7 Wire transfers

Bank must provide the ability to send wire transfers on an automated or manual basis, and also provide the ability to receive wire transfers. Bank must provide the ability to restrict outgoing wire transfers (debits) to only those authorized.

The County can send and receive wires, and transfer funds between Wells Fargo accounts quickly, easily, and securely. We discuss those options in detail below.

Outgoing wire options

Online and mobile

You can initiate same-day and future-dated domestic wires, international U.S. dollar wires, foreign exchange wires, drawdown requests, international requests for transfer, and book transfers from your computer or your mobile device².

Through our online service, you can:

- Initiate and approve multiple wires from a single screen
- Enter information into free-form wire screens for one-off wires
- Create multiple-use templates for recurring wires to save time, with the option to lock all template information fields except date and amount
- Add, modify, and delete templates
- Upload up to 200 free-form or templated wires at a time
- Personalize each of your user's profiles to control access to accounts and wire services
- Specify number of approvals before wires can be sent (up to four approvers)³

²You can only initiate repetitive wires through our mobile service.

³Dual custody is required for our online wire transfer service, as well as for any administration services related to this service.

Telephone

Users will call a single toll-free number and provide an account number, personal identification number (PIN), and voiceprint; these are validated through a voice response unit (VRU).

Repetitive wires set up on our system are completed through the VRU. To complete a free-form wire, the user is transferred to a team member in the Wells Fargo Wire Transfer department.

Automatic standing transfer order

To set up a repetitive wire transfer, you will tell us the criteria that our system will use to determine the amount to send. You'll also specify initiation dates and times for us to automatically send the transfers.

In person

You can go to any Wells Fargo store to initiate a wire. You must have signing authority on the account to initiate the request.

Incoming wires

We accept wire transfers from other Wells Fargo accounts and from the Federal Reserve, SWIFT, and CHIPS (Clearing House Interbank Payments System) networks. If a sender provides a valid account number in wire instructions that arrive before our processing cutoff time, we'll post the incoming funds to your account the same day.

Wire reporting

Our Treasury Information Reporting service provides comprehensive intraday and previous day reporting of wire transaction information.

Wire reporting includes the account name and number, wire amount, process date and time, receiving and originating banks, corresponding bank, Fed or SWIFT reference number, internal reference or confirmation number, value date, currency, wire text, and the transaction status.

You can view, print, and download any report into your accounting, treasury workstation, or spreadsheet applications. Downloading and viewing options vary based on the report you choose. Format options include: BAI V2, CSV, Excel, HTML, and PDF.

As an extension of our single sign-on portal, you can view your intraday and previous day reports using our mobile service.

3.8 Interest rates

Floating interest rate bids and a fixed interest rate bids on accounts and certificates of deposit will be quoted by the Bank. Jefferson County reserves the right to select the rate most favorable to the County at anytime during the term of the contract, within the guidelines of Section 116.021 (b) of the Code.

Wells Fargo is offering our Texas Managed Rate across all accounts. The current interest rate for the Texas Managed Rate is 0.10%. This rate is based on the T-Bill along with other market factors that our Texas Regional Finance Management team analyzes to set the rate on a weekly basis.

The Texas Managed Rate account is fully collateralized, totally liquid, and will allow customers to continue to earn an ECR to help offset any analysis fees.

| Month | APY |

| March 2015 | 0.10% |
| February 2015 | 0.15% |
| January 2015 | 0.15% |

3.9 Disbursement services

A successful Bidder will furnish standard disbursing services for all accounts to include the payment of all County checks upon presentment. Bank must also agree to cash, without charge to the County or County employee, an employee's payroll check whether or not the employee has an account with the Bank. This will include any of the Bank's locations or motor-bank facilities in Jefferson County, Texas.

Wells Fargo will continue to furnish standard disbursing services for all account to include the payment of all County checks upon presentment. We also agree to cash, without charge to the County or Jefferson County employees, the employees' payroll checks whether or not the employee has an account with Wells Fargo.

3.10 Positive pay

The Bank will provide a means for the County to upload disbursed check information that will be compared to checks that are presented to the bank for clearing. Any discrepancies shall be cleared by a designated County employee before checks are paid by the bank. Any applicable cost should be quoted.

Our account reconciliation (ARP) services with Image Positive Pay offers the County the most effective fraud reduction tool and the most choices available in the industry. Positive Pay identifies checks that may be fraudulent or unauthorized by matching those presented against your account to your file of issued checks. Positive Pay exceptions — checks that don't match your file — are presented to you for pay or return decisions. We will provide the County with exception item notification by 10:00 a.m. CT and you will have until 1:00 p.m. to make a "pay" or "no pay" decision.

With Image Positive Pay service, the County can view and download images of your exception items, helping you make informed. You can access Image Positive Pay services online using the *CEO* portal.

The County may choose to send a register file by direct transmission or input register information online through the *CEO* ARP Register Maintenance option.

Teller positive pay

We've focused on integrating our positive pay services with our teller system. Because we capture issue files and update the bank teller line every 30 minutes throughout the day, our tellers view the most current positive pay information available. Tellers validate checks presented for encashment at our teller windows by matching the serial number and dollar amount to your register file. This provides additional protection against check fraud.

Our ability to provide up-to-date information more than 50 times a day, seven days a week distinguishes Wells Fargo from other banks. We capture your positive pay issue files every 15 minutes, from 8:00 a.m. to 10:00 p.m. CT.

Wells Fargo offers both direct internet export of reconciliation data and modem transmission of data. Information is downloadable into Excel, HTML, BAI1, BAI2, and comma delimited formats.

Payee match

Our tellers ensure the payee name on the presented check matches the payee name on the issue file before cash is paid out. If an item with an unmatched payee name is presented for encashment, we identify it prior to encashment — helping to reduce fraudulent activity associated with payee alteration.

We can match up to 120 characters of a payee name.

When presented with an unmatched item, our tellers will make a best effort attempt to contact Treasury Management Client Services, who in turn would contact the County to request instructions about how to handle the item.

3.11 Deposit services

The Bank will guarantee immediate credit on all wire transfers, ACH transactions and government checks upon receipt and all other checks based on the Bank's Availability Schedule. All deposits received before the Bank's established deadline will be credited daily. Bank will include a copy of their Availability Schedule as part of the bid.

Incoming wire

We accept wire transfers from other Wells Fargo accounts and from the Federal Reserve networks. If a sender provides a valid account number in wire instructions that arrive before our processing cutoff time, we'll post the incoming funds to your account the same day.

We accept incoming wires from the Federal Reserve until 5:00 p.m. CT and credit them the same day.

Other services

Regarding availability schedules, we:

- Determine and calculate availability of deposited items based on our optimal check clearing and collection process.
- Give immediate availability for on-us items, except for our controlled disbursement items (which are available on the following business day).
- Calculate availability on an item-by-item basis according to the routing transit number on the check, the deposit location, and the time of day when you deposit the item.

Most of our customers use our standard accelerated availability schedule. We offer alternate schedules on a case-by case basis. We will work with you to ensure you have the most appropriate availability schedule for your account.

We review our availability schedules annually. Please refer to Appendix (Tab C) for the schedule specific to your proposed depositing locations.

3.12 Cash overdrafts

For the purpose of determining cash overdrafts, the daily cash balance in all County accounts will be added together and if a negative balance occurs, the County's account is considered to be over-drafted. An applicable insufficient funds fee can then be charged.

In those situations where an overdraft occurs in the funding account, we assess an interest charge on the use of "Uncollected Funds" balance at our standard Prime Rate + 4%, as well as a per item fee for each overdraft. Though there is no daily cap on fees, we do allow these fees to be offset by the earnings credit allowance.

We charge for both overdrafts and for the use of uncollected funds. Overdraft fees and uncollected funds use fees can be offset by the earnings credit allowance. The charge for overdrafts is on a per item basis and is set by your relationship manager.

The rate for uncollected funds use is based on our prime borrowing rate. The formula for this fee is shown below.

$$(\text{average daily negative collected balance}) \times (\text{overdraft rate}) \times (\text{days in period}) / (360)$$

You will not be charged for daylight overdrafts.

Wells Fargo is a full-service bank. We continuously track all activity. Our daylight overdraft monitoring process consists of intraday monitoring of the current balance in your DDA account. The process begins by adding the opening available balance in a DDA account to the daylight overdraft limit. All ACH, wire, and other significant account activities such as investment and item processing update the balance. We compare outgoing wire transfers to this updated balance. When the balance is negative, all outgoing wire transfers are sent to the Risk Control area. We release wire transfers after receiving approval from a Credit Administrator, relationship manager, or other individual with the appropriate authority.

We do not offer a daylight overdraft line of credit. However, with credit approval, we have the ability to extend a revolving line of credit to you that can be linked to your checking account to help cover inadvertent overdrafts. Limits vary by customer and are subject to the review of the County's financial statements, credit approval, and completion of any necessary documentation. There are currently no fees charged for intraday activity.

3.13 Computerized output

The Bank must provide the capability for the County to download paid items that will be utilized in the bank account reconciliation process.

You can download an electronic file of your posted items, returned items, and electronic deposits from a secured location, using our suite of secure internet transmission protocols. Your images will be in-house when you need them.

We offer a convenient delivery schedule for each product type. Scripting software is available to fully automate file retrieval. Choose from the following two formats based on your technology infrastructure and needs:

- Image File Import archive-ready format*: View, search, print, and store check images in your secure in-house archive
- Image File Import PDF[†]: Review and print items using Adobe Acrobat software

*Lockbox files are zipped; all others are XML with a zipped image file.

[†]PDF not available for retail lockbox.

Images

We capture images and make them available to the County by three delivery channels: online, in an image transmission, or on a disk.

Online

Image retrieval is available as part of our Stops-Images-Search service, which lets you immediately view, print, and download items.

Transmission

Our Image File Import option provides a daily, weekly, semi-monthly, or monthly file of paid check images and related index information. Image files are available as early as 10:00 a.m. CT the day after posting. Through our secure transmission platform, you can download files into your internal archives or to our viewing software. During implementation, you'll choose which format (XML or PDF) you want to use for your files.

CD or DVD

CD-ROMs hold up to 30,000 images (front and back) and DVDs hold up to 120,000. We deliver disks weekly, monthly, or semi-monthly. Disks are ready nine business days after the cycle cutoff. You'll archive and view images and data using our viewing software.

The County can access images stored on a disk, or view them from your archive.

3.15 Payment for services

The County may elect to pay for service either by direct fee payment or by compensating balance.

Our standard billing period is the calendar month, with designated accounts direct debited on the 20th calendar day of the month. Alternatively, you may elect to receive invoices and make payments by check or ACH. Quarterly, semi-annual, and annual billing periods are also available.

3.16 Cash management

On an ongoing basis the County will require cash management advice as to how accounts and procedures should be structured. Also, the County will want to be kept informed of recent developments in cash management products.

Bidders are invited to propose additional cash management services that are not specified herein.

Wells Fargo welcomes the ongoing opportunity to consult with Jefferson County to maintain the highest level of functionality and efficient structuring of accounts and services.

Refer to Appendix (Tab A) additional products and solutions we recommend and may be beneficial to the County.

3.17 Expense allowance

State the dollar amount, if any, that the Bank will provide for expenses incurred due to changing depository banks.

(For example: checks, deposit slips, endorsement stamps, and etc.)

The bank will provide for the County an initial supply of checks, deposit slips, endorsement stamps, sealable bags, coin wrappers, and currency straps at no cost.

3.18 Capital to assets ratio

Depository Banks will have and maintain a minimum five percent primary capital to assets ratio as compiled by dividing line 28 (total equity capital) by line 42 (total assets) on the Federal Financial Institutions Examination Council Form 032. Copies of the FFIEC form 32 statement will be included in the bid and shall be a continuing quarterly reporting requirement of the Depository Bank.

Should primary capital ratio fall below five percent, the Commissioners Court will review bank plans to future earnings and capital increases before determination is made to close out the depository.

Wells Fargo Bank, N.A. capital to assets ratio is 10.13% as of the 12-31-14 Call Report.

3.19 Stop payments

The Bank will be required to process stop payments on verbal, faxed or e-mailed instructions from the designated county employees with follow-up written confirmation.

Stop methods

You have two options to submit stop payment orders: online through Stops-Images-Search or by electronic transmission (where you'll include information in your ARP issue file). With both methods, you can send stop payment requests 24 hours a day, 7 days a week — we'll process them in real time. You can make a request as late as 8:00 p.m. CT and still receive same-day posting.

Online

The system automatically reviews the previous 180 days and intraday teller-cashed activity to determine whether a requested check has paid. You can place stop payments on a maximum of 20 checks at one time. To place a stop payment on more than 20 checks at one time, you will contact Treasury Management Client Services for assistance.

By transmission

The system automatically reviews the previous 90 days and intraday teller-cashed activity to determine whether a requested check has paid.

Effective period

Stop payments remain in effect for six months. You can individually renew a stop payment on an as-needed basis through our online system or choose to use our renewal option. The renewal option lets you:

- Extend a stop payment for up to an additional six years (in 12-month increments)
- Predetermine a dollar threshold for automatic stop payment renewal
- Limit the number of times a stop payment is automatically renewed

We recommend placing a stop payment on checks that are no longer in your possession.

Placing a stop payment order does not delete the check from the issue file.

We offer a service called Stop Drop for ARP accounts that allows us to automatically cancel an issue once the stop payment has expired. In addition, with Stop Drop, all items with a stop payment are excluded from the outstanding checks balance.

If you choose not to implement Stop Drop, you will need to send a cancel record to delete the issue from your reconciliation once the stop has expired.

Stop Payments can be processed by verbal instructions with written confirmation by contacting our 24 hour customer service line 1-800-225-5935. Manual Stop Payments are effective for six months.

3.20 Credit cards

Should Jefferson County choose to utilize Credit Cards, please include Bank information concerning the use of and policy regarding Credit Cards.

One card and one workflow

You can leverage our commercial card program to streamline expense management and increase process efficiency. You can consolidate any combination of purchasing, travel and entertainment, fleet, and accounts payable spend under one program.

Because your expenses are consolidated, you have access to robust, comprehensive information for smart decision making. You gain significant savings in time, transaction processing costs, and internal resources required to support the program. A single card platform integrates disparate processes and creates a solid foundation for future growth.

You'll have peace of mind knowing you have a partner with the experience and knowledge to make your program successful. Wells Fargo was the first provider to introduce a card program that consolidates small dollar purchases. Today, we are the only leading issuer fully committed to a single-card approach.

Accepted almost everywhere

Wells Fargo is a dual issuer, with both Visa® and MasterCard® available for our commercial card program. With both platforms boasting the highest global acceptance rates – more than 36 million merchants worldwide – your employees can make purchases almost everywhere cards are accepted. We will help you determine which issuer best meets your needs.

Corporate liability: a best practice

In 2012, 71% of organizations used a corporate liability card program, compared to just 56% in 2004.¹ Why are more organizations choosing corporate liability? Simply put, it's because a corporate liability program offers many efficiencies, including:

- Avoiding increases in costs, losses, and risks
- Increasing visibility of spending across the entire organization
- Eliminating unnecessary burdens on employees

Corporate liability is considered a best practice in the card industry, and our program uses this approach.

Multicurrency options

We offer commercial cards denominated in Canadian dollars on the same platform as your U.S. dollar cards. Transactions and settlements are made in Canadian currency, which helps reduce cross-border fees and mitigates foreign exchange exposure. With one issuer, one service center, and one reporting tool, your commercial card program remains consistent across borders.

We also offer cards denominated in the Eurodollar and British Pound Sterling, with reporting capabilities to your parent company in the United States.

Online program management

For the lowest IT burden and the most flexibility, manage your program through our online expense reporting system, which offers self-administration functionality and modular components. You will not need to install additional hardware or software on your system.

You'll be able to manage cards in real time, obtain comprehensive standard and custom reports, customize transaction fields, and establish automatic, precise cost allocations. Our system interfaces with many forms of technology for expense reporting. You can upload expense data from the application to most enterprise resource planning (ERP) or treasury workstation platforms, which eliminates any manual data entry to your general ledger.

Your employees can review and approve transactions, view receipts, input out-of-pocket expenses, and reclassify line items to multiple cost centers. Because the reporting system is entirely online, cardholders can begin reconciliation well before the end of the statement cycle.

The online system is proprietary, developed and maintained by Wells Fargo. Your feedback will be gathered and used to make regular enhancements.

Mobile capabilities

Even if you're away from your desk, you can quickly, easily, and securely handle critical tasks that can't wait until you return. Your program administrators can change credit limits and view declined transactions in real time, saving time and providing greater convenience to cardholders. Your cardholders can use smart phones to view balances and available credit and enter out-of-pocket expenses as transactions occur, improving the accuracy of your expense reports.

We recently rolled out our mobile receipt imaging feature. Cardholders can use their smart phones to capture receipt images and upload them to our image archive. We will also introduce SMS text messages later this year. Cardholders will be able to receive text alerts when a transaction is completed or when they are nearing their card limit.

Manage out-of-pocket expenses

You can track out-of-pocket expenses for your entire organization through our online system. Cardholders and non-cardholders alike can input their out-of-pocket expenses and request reimbursement, creating a one-stop expense reporting experience. Once out-of-pocket expenses are approved, we can process ACH credits directly to employees' bank accounts or create files for you to send to your ACH processor to issue the credits.

Manage receipts online

Cardholders can capture receipt images electronically and submit them to our archive by email, fax, or mobile upload. You can view images of the receipts online along with the cardholder's expense report. This eliminates the need to send and track physical receipts.

Automate the payment of invoices

Like other entities, you may be dealing with budget cuts and the pressure to do more with fewer resources. You can achieve significant time and cost savings by moving more of your expenditures from paper-based processes to our commercial card. Moving a single transaction to your commercial card saves an average of \$74 in processing costs and eliminates nine days cycle time.²

When you authorize a payment, our accounts payable tool assigns a single-use account number, and then sends that number and the transaction details to the appropriate merchant by secure email. An electronic transaction detail file is available so you can close transactions within your back-end applications. Payments can be limited to an exact dollar amount for added control and ease of reconciliation.

To maximize participation from your suppliers, our Supplier Analysis and Onboarding team provides a complete enrollment strategy and performs outreach for you.

Integration with other electronic payment initiatives

Our accounts payable tool for commercial card is also fully integrated into our Payment Manager® service. You can use this service to send us electronic payment files directly from your treasury workstation, ERP, or accounts payable system. You can consolidate multiple different payment types — check, ACH, wire transfer, and commercial card transactions — in a single file. Upon receipt of the file, we separate payments by type and process them accordingly, sending traditional or human-readable remittance information to the payee.

Protect yourself from fraud

In 2013, 82% of attempted or actual payment fraud was check fraud.³ You can reduce your fraud risk and lower your payment costs by making more of your payments with commercial cards.

Additionally, each card is supported by our sophisticated fraud detection program and \$100,000 in protection against employee misuse of the card. Fraud detection and prevention is one of our top priorities, and we are proud to have attained a commercial card fraud rate that is nearly half the industry average.

Full implementation support

We approach implementation as a partnership. Because we recognize that any process improvement using electronic payments and web-based technology requires a knowledgeable partner, we don't outsource any part of the implementation process. We commit our own full-time resources to lead you through it. Experienced members of our commercial card team guide the design, installation, and rollout of your program.

Dedicated account manager

You have a dedicated account manager who is your primary point of contact for your program and provides you with guidance and support on an ongoing basis. Your account manager meets with you regularly to track program statistics and measure them against key goals.

Support available around the clock

Our Business Purchasing Service Center has locations in San Francisco and Salt Lake City and is available 24 hours a day, 7 days a week to provide day-to-day support to your program administrators and cardholders. The service center is dedicated solely to servicing our commercial card customers.

3.21 Disbursement services

Disbursing services for all accounts are required to include the payment of all County checks upon presentation. The County currently utilizes two Controlled Disbursement Accounts. Please list clearing bank information.

Wells Fargo will honor all checks presented for payment provided they include an authorized signature and proper endorsement. All checks presented for payment will be verified against your outstanding stop payment register. Checks presented over-the-counter will require two forms of identification in addition to proper endorsement.

Controlled disbursement accounts

Based on our understanding of your needs, we recommend that you use our controlled disbursement endpoint located in Van Wert, Ohio.

We operate this endpoint through Wells Fargo Bank, N.A. Because it is a wholly owned Wells Fargo facility, we control the endpoint's processing standards and related services, including account reconciliation, information reporting, funding, and customer service. Through this endpoint, we offer our *Perfect Presentment* Image Positive Pay service.

The Van Wert endpoint is located in the Cleveland Federal Reserve's 4th District and is classified as a Cleveland RCPC point. Its transit routing number is 041203824.

By the end of the business day, you must ensure that sufficient collected funds are available in the master funding account to cover the controlled disbursement account's reported presentment totals* and any other activity in your funding and disbursement accounts[†]. The only exception is when you use wire transfers to fund your account. In this case, we must receive all wire transfers by our wire deadline of 4:30 p.m. CT.

If you fail to deposit the total presentment amount, your master funding account will be overdrawn, and you will be subject to funds advanced fees, overdraft fees, or both.

*Shown in the Controlled Disbursement Summary report.

[†]For example, ACH debits that were processed after the second presentment.

Reporting

We can provide you with a same-day Controlled Disbursement Detail report, which includes check numbers, dollar amounts, value dates, transaction codes, and item descriptions. You can also choose the data fields you want and the order you want them to appear when you view or download the report in CSV or Excel formats.

Report availability

The Controlled Disbursement Detail (intraday) report is available by 8:30 a.m. and 9:30 a.m. CT, Monday to Friday on each business day; Controlled Disbursement Summary (also intraday) is available by 9:00 a.m. CT, Monday to Friday.

3.22 Bank reconciliation services

The Bank will provide partial or full reconciliation services, on specific accounts determined by the County. List what is included in both reconciliation services.

Wells Fargo offers our disbursement customers both full and partial ARP services.

Full ARP

The County provides Wells Fargo with issued check information, and we reconcile your paid checks to your issued checks and send a detailed statement.

We can update your check register information more than 50 times each day, seven days a week. Within 90 minutes of electronic transmission, you can receive an optional file confirmation or stop confirmation report.

On a weekly or monthly basis, comprehensive statements are available for your account. Reports can include deposit location reporting, sorting, subtotaling, and other reporting customizations to match your accounting system or information requirements. You can request a variety of optional reports, including paid checks, outstanding checks, stop payments, and several others, in various output formats.

Partial ARP

With this service, Wells Fargo provides the County with an ARP statement. You can also request a variety of optional reports, including paid checks, stop payments, and several others in various output formats. You can then use the statement or optional reports to reconcile your statement and identify any exceptions.

You'll receive an electronic file of paid checks daily, weekly, or monthly to upload into your reconciliation software.

3.23 Armored car services

The County utilizes armored car service for the transport of daily deposit from several county locations. List any accommodation the bank is willing to provide to help offset these charges.

Wells Fargo agrees to pay the armored car services invoice in full each month up to \$ 5,000

3.24 Other specific services

As described on the Bid Worksheet, the Bank will acknowledge services provided and attendant fees for such.

Acknowledged. We have included the completed Bid Worksheet with this response and additional Print Services have been added.

3.25 Check 21

The Bank will provide Electronic Deposit Service (Check 21) to transmit files.

We acknowledge and agree to this requirement.

Since the inception of Check 21, Wells Fargo has adopted a long-term strategy focusing on the movement of check processing to an image exchange or check conversion process. We have assigned senior level executives to develop our strategy and to participate in the leading industry groups that are setting the direction for clearing checks electronically.

We see check processing evolving in several ways in the future:

- Banks that receive paper checks are clearing more of them electronically through the Fed, third party organizations, or direct exchange.
- Commercial customers are rapidly adopting remote capture deposit and submitting their deposits electronically.

- Large corporations, receiving high volumes of consumer checks in centralized locations, are adopting ACH check conversion.
- Other large corporations that maintain an image archive are using image cash letters.

For the near future, banks will continue to receive deposits of paper checks, electronic checks, and converted checks.

Structure of accounts

The County's bank accounts will be structured as follows (numbers and dollar amounts are subject to change):

- Non-Interest Bearing Checking Accounts -- 23
- Estimated balances equal -- \$ 3,500,000.00
- Interest Bearing Checking and/or Money Market Savings Accounts -- 40
- Estimated balance equal -- \$ 89,000,000.00
- Controlled Disbursement Accounts -- 2
- Certificates of Deposit -- 0
- Estimated balances equal -- \$89,000,000.00

The County requests a bid for the interest rate on these accounts as a Whole.

For historical interest rates available for interest bearing accounts please refer to section 3.8- Interest rates.

Wells Fargo is offering our Texas Managed Rate across all accounts, the current interest rate for the Texas Managed Rate is 0.10%. The Texas Managed Rate is based on the T-Bill along with other market factors that our Texas Regional Finance Management team analyzes to set the rate on a weekly basis. The TMR account is fully collateralized, totally liquid, and will allow customers to continue to earn an Earnings Credit Rate to help offset any analysis fees.

* Variable Rate = 91 Day US T-Bill Effective Rate (as determined by the latest T-Bill Auction) + Margin (Based on basis points). The source of the rate under this proposal for a given month should be the Effective Rate as quoted in the Wall Street Journal for the last business day of the previous month.

Example: If 91 Day US T-Bill effective rate is 3.3% and basis points are 1.0, then the variable rate is 4.3%.

Minimum balance requirement or other considerations per account will be listed below:

Certificates of Deposit - Variable Interest Rate -

91 Day US T-Bill Effective Rate (as determined by latest T-Bill Auction)

Note: Due to the current low interest rate environment, Wells Fargo does not currently recommend CDs as a method of investment. The standard checking accounts earning the Texas Managed Rate earn a higher rate while being fully collateralized and liquid.

DEPOSITORY PLEDGE AGREEMENT

Jefferson County ("Depositor") has selected **WELLS FARGO BANK, NATIONAL ASSOCIATION** ("Bank") as a depository for certain of its funds and Bank has agreed to act as the depository for those funds in accordance with applicable laws, which require that Bank secure the deposited funds, to the extent not insured by the Federal Deposit Insurance Corporation ("FDIC"), by pledging securities ("Eligible Securities") of any type (including, without limitation, surety bonds and investment securities) permitted by the applicable provisions of Texas law in effect from time to time (the "Governing Statutes"). **THE BANK OF NEW YORK MELLON TRUST COMPANY, NATIONAL ASSOCIATION** ("Custodian") has agreed to hold the pledged securities in safekeeping pursuant to the terms of this Agreement.

NOW, THEREFORE, in consideration of the mutual promises and covenants in this Agreement, Depositor, Bank and Custodian agree as follows:

1. **Grant of Security Interest; Instructions Regarding Collateral.** (a) Bank hereby grants to Depositor a security interest in all Eligible Securities transferred to a collateral account (the "Collateral Account") established pursuant to this agreement (the "Collateral"). Custodian agrees to serve as collateral agent for Depositor, pursuant to the terms of this Agreement. For the avoidance of doubt, Custodian acknowledges and agrees that it does not have and will not acquire or assert at any time in the future, and hereby expressly waives, any lien upon, security interest in, setoff right or other right to charge the Collateral held in the collateral account for any obligation owed to Custodian by Bank or Depositor. Until Depositor has the right to compel sale of the Collateral under Section 7 hereof, Custodian may act in accordance with the instructions of Bank, including, without limitation, the right of Bank to unilaterally substitute Eligible Securities for the Collateral in accordance with Section 3 hereof. Addendum "A" contains the names and specimen signatures of individuals authorized to act on behalf of Depositor, and Addendum "B" contains the names and specimen signatures of individuals authorized to act on behalf of Bank. Either Depositor or Bank may add or remove authorized representatives without the consent of the other at any time by providing Custodian with a replacement addendum, duly executed by an authorized individual. In no event shall the Custodian be responsible for determining whether the pledged securities are "Eligible Securities".

(b) Bank, Depositor and Custodian agree that all Collateral delivered to or received by Custodian for deposit in the Collateral Account may be in the form of credits to the accounts of Custodian at a Securities Depository or by delivery to Custodian of physical certificates in a form suitable for transfer to Custodian or with an assignment in blank. Bank and Depositor hereby authorize Custodian to utilize such Securities Depositories and to hold such physical securities or any combination thereof in connection with its performance hereunder. Collateral credited to the Collateral Account and deposited in the Securities Depositories will be held, by book-entry notation, in accounts that include only assets held by Custodian or its agent(s) for third parties, including but not limited to accounts in which assets are held in a fiduciary, agency or representative capacity. Collateral that is not held in the Securities Depositories will be held in Custodian's vault and physically segregated from securities and other non-cash property belonging to Custodian. As used herein, the term "Securities Depository" or "Securities Depositories" shall mean the Treasury/Reserve Automated Debt Entry System maintained at The Federal Reserve Bank of New York for receiving and delivering securities, The Depository Trust Company and any other clearing corporation within the meaning of Section 8-102 of the Uniform Commercial Code, as in effect from time to time.

2. **Amount of Collateral.** The aggregate market value of Collateral held by Custodian at all times during the term of this Agreement must be in an amount not less than one hundred percent (100%) of (a) the amount of the collected funds on deposit, increased by (b) the amount of accrued but uncredited interest, (c) reduced by that portion of the funds insured by the FDIC. Such amount is hereinafter called the "Required Collateral Value". In no event shall the Custodian be responsible for determining whether the Collateral Account contains the Required Collateral Value.

3. **Substitutions and Withdrawals of Collateral.** If the aggregate market value of Collateral held by Custodian at any time exceeds the Required Collateral Value, Bank may withdraw any excess Collateral by providing Custodian with a withdrawal notice signed by an authorized representative of both Bank and Depositor, provided that after the withdrawal of any such excess Collateral, the remaining Collateral equals or exceeds the Required Collateral Value. Additionally, Bank may substitute Eligible Securities for any of the Collateral held by Custodian at any time by providing Custodian with a substitution notice signed by an authorized representative of both Bank and Depositor, provided that the market value of the Collateral following such substitution would equal or exceed the Required Collateral Value. Depositor agrees to promptly sign and deliver to Custodian, upon Bank's

request, a withdrawal or substitution notice if the market value of the Collateral remaining after the proposed withdrawal or substitution, as applicable, would equal or exceed the Required Collateral Value. Custodian shall be entitled to rely on, and Bank and Depositor agree to hold Custodian harmless from, any actions taken pursuant to, and consistent with, the instructions given in a withdrawal or substitution notice under this Section 3.

4. Bank's Obligations. Bank shall perform all of the duties and obligations required of a depository under applicable law with respect to collateralization of the funds of Depositor on deposit with Bank, including the duties and obligations required under the Governing Statutes. At the expiration of the term of this Agreement, Bank shall turn over to any successor depository designated by Depositor all funds held by Bank as depository. Bank will furnish to Depositor a monthly statement listing a description of the Collateral. The statement will specify the par value, market value, and maturity date of each component of the Collateral. Upon request, Bank shall provide to Depositor a copy of Bank's most recent publicly available quarterly or annual financial statement.

5. Custodian's Obligations. (a) Custodian shall perform the duties and obligations required of Custodian hereunder, in accordance with the provisions of the Governing Statutes. Upon transfer by Custodian of Eligible Securities to the Collateral Account, including Eligible Securities substituted for other Collateral, Custodian shall promptly identify such Eligible Securities on its books and records as being Collateral held pursuant to this Agreement, and shall promptly issue and deliver to each of Bank and Depositor a duplicate receipt for such Collateral. For the avoidance of doubt, it is understood and agreed that such receipts may be combined to identify more than one transaction on any one business day and Custodian shall not be required to issue more than one such receipt to Bank and Depositor on any business day. Bank and Depositor agree that they shall promptly review all receipts delivered to them by Custodian and shall promptly advise Custodian of any error, omission or inaccuracy in such receipts. In the event that Custodian receives such an advice, Custodian shall promptly undertake to correct any errors, failures or omissions, provided that Custodian determines in its sole discretion that such error, failure or omission actually occurred and shall notify Bank and Depositor of its action concerning each such error, failure, or omission.

(b) Depositor agrees that, with respect to all securities held in the Collateral Account, Custodian by itself, or through the use of the appropriate Securities Depository, shall, unless otherwise instructed to the contrary by Bank or as provided in Section 7 hereof: (i) collect all payments reflecting interest and principal on the securities in the Collateral Account; (ii) forward to Bank copies of all information or documents that it may receive from an issuer of securities which, in the opinion of Custodian, is intended for the beneficial owner of the securities including, without limitation all proxies and other authorizations properly executed and all proxy statements, notices and reports; (iii) execute, as Custodian, any certificates of ownership, affidavits, declarations or other certificates under any tax laws now or hereafter in effect in connection with the collection of bond and note coupons; (iv) hold directly, or through the Book Entry System or Depository, all rights issued with respect to any securities held by Custodian hereunder; and (v) upon receipt of written instructions from Bank, Custodian will exchange securities held hereunder for other securities and/or cash in connection with (A) any conversion privilege, reorganization, recapitalization, redemption in kind, consolidation, tender offer or exchange offer, or (B) any exercise, subscription, purchase or other similar rights; provided, however, such exchanged securities shall continue to be held by Custodian hereunder for the benefit of Depositor if such exchanged securities constitute Collateral. Upon receipt of payments reflecting principal and interest or dividends on the securities in the Collateral Account, Custodian shall transfer to Bank such principal and interest or dividend payments (either by credit to Bank's custody account at Custodian or otherwise).

(c) Custodian shall not be liable for any loss or damage, including counsel fees, resulting from its action or omission to act or otherwise, except for any loss or damage arising out of its own negligence or willful misconduct, and shall have no obligation hereunder for any loss or damage, including counsel fees, which are sustained or incurred by reason of any action or inaction by any Securities Depository, provided, however, that such loss or damage is not caused by the negligence or willful misconduct of Custodian. In no event shall Custodian be liable to Depositor, Bank or any third party for special, indirect or consequential damages, or lost profits or loss of business, arising in connection with this Agreement. Both Depositor, to the extent permitted by law, and Bank agree to indemnify Custodian and to hold it harmless against any and all costs, expenses, damages, liabilities or claims, including reasonable fees and expenses of counsel, which Custodian may sustain or incur with respect to any third party claim or which may be asserted by a third party against Custodian by reason of or as a result of any action taken or omitted by Custodian in connection with operating under this Agreement, except those costs, expenses, damages, liabilities or claims arising out of the negligence or willful misconduct of Custodian or any of its employees or duly appointed agents. This indemnity shall be a continuing obligation of Depositor and Bank notwithstanding the termination of this Agreement.

(d) Custodian may, with respect to questions of law specifically regarding the Collateral Account, obtain the advice of reputable legal counsel and shall be fully protected with respect to anything done or omitted by it reasonably and in good faith and without negligence, willful misconduct, bad faith or fraud in conformity with such advice, provided, however, that nothing contained in this paragraph (d) shall be deemed to relieve Custodian of any of its obligations pursuant to any other provision of this Agreement.

(e) Custodian shall not be responsible for, or considered to be custodian of, any securities received by it for deposit in the Collateral Account until Custodian actually receives and collects such securities directly or by the final crediting of Custodian's account on the books of the appropriate Securities Depository. Custodian will be entitled to reverse any provisional credits to the Collateral Account that were made in anticipation of the receipt of securities or cash which were not subsequently received by Custodian.

(f) Custodian shall have no duties or responsibilities whatsoever except such duties and responsibilities as are specifically set forth in this Agreement and no covenant or obligation shall be implied against Custodian in connection with this Agreement.

(g) In performing hereunder, Custodian may enter into subcontracts, agreements and understandings with third parties whenever and on such terms and conditions as it deems necessary or appropriate and which are consistent with applicable law. If any of such subcontracts, agreements, or understandings with third parties are for the deposit of Eligible Collateral for the benefit of Depositor, (i) such third party will qualify as a "permitted institution" pursuant to the Texas Public Funds Collateral Act, (ii) Custodian shall cause such third party to provide records to Custodian evidencing the deposit of Eligible Collateral with such third party, and (iii) records of the third party relating to such Eligible Collateral will at all times state the name of Custodian. No such subcontract, agreement or understanding shall discharge Custodian from its obligations hereunder.

6. Custodian's Reliance on Pricing Services. The Custodian is authorized to utilize one or more generally recognized pricing information services (including brokers and dealers of securities) in order to provide market values hereunder, and Bank and Depositor agree that Custodian shall not be liable for any loss, damage, expense, liability or claim (including attorneys' fees) incurred as a result of errors or omissions of any such pricing information service, broker or dealer.

7. Default and Remedies. If Bank defaults in performing its obligations under Section 4 above, or if Bank is declared insolvent, or if a receiver is appointed for Bank, Depositor may, after providing Bank at least three (3) business days prior written notice and opportunity to cure the default, and, if Bank fails to cure the default within such (3) business day period, instruct Custodian to transfer the Collateral or any part thereof to a broker-dealer for disposition in accordance with Depositor's instructions at a public or private sale. The proceeds of any such sale shall be applied to satisfy any indebtedness owed by Bank to Depositor, and any excess proceeds shall be returned to Bank. Depositor will also have any other remedies available under applicable law. The Custodian shall be entitled to rely on and shall be held harmless from acts taken in accordance with such instructions from Depositor.

8. Termination of Agreement. Any party to this Agreement may terminate this Agreement by giving thirty (30) days prior written notice of termination to the other parties.

9. Applicable Law; Other Agreements. This Agreement is governed by the laws of the State of Texas. All deposit accounts of Depositor will be subject to Bank's Commercial Account Agreement, Business Account Agreement, or other applicable deposit account agreement, as in effect from time to time.

10. Force Majeure. Custodian shall not be responsible or liable for any failure or delay in the performance of its obligations under this Agreement arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God, earthquakes, fires, floods, wars, civil or military disturbances, sabotage, epidemics, riots, loss or malfunctions of utilities, computer (hardware or software) or communications service, labor disputes, acts of civil or military authority, or governmental, judicial or regulatory action, provided however, that Custodian shall use its best efforts to resume normal performance as soon as practicable under the circumstances.

11. **Jury Trial Waiver.** EACH OF BANK, DEPOSITOR AND CUSTODIAN HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT.

12. **Miscellaneous.** The headings in this agreement are for convenience of reference only and should not be used in interpreting this Agreement. If any provision of this agreement is illegal or unenforceable under applicable law, that provision should be deemed reformed so as to be enforceable to the extent permitted by applicable law, or if that is not possible, then this Agreement should be read as if that provision was never a part of it, and the remainder of the Agreement will be enforceable. THIS AGREEMENT REPRESENTS THE FINAL AGREEMENT OF THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO ORAL AGREEMENTS OF THE PARTIES. JEFFERSON COUNTY
DISTRICT AND COUNTY CLERKS' TRUST FUNDS
DEPOSITORY CONTRACT

2015

WHEREAS, the Commissioners' Court of Jefferson County, Texas has published notices asking that sealed bid proposals be submitted preparatory to the selection by the Commissioners' Court of a County Depository, as is required by law, Chapter 113, V.T.C.S. Local Government Code, said notice stating, among other things, that the depository thus to be selected by the Commissioners' Court should be the depository for the District and County Clerks' Trust Funds, and money collected and held by the District and County Clerks' as required under Chapters 117, V.T.C.S. Local Government Code.

WHEREAS, Wells Fargo Bank, N.A., with offices located in the City of Beaumont, Jefferson County, Texas, submitted its written bid proposals, attached hereto as Exhibit A in response to said notice, which was received by said Commissioners' Court and entered upon its Minutes; and said Commissioners' Court by its order accepted the bid proposal of Wells Fargo Bank, N.A., as the Depository for the funds herein above mentioned; and

WHEREAS, said Wells Fargo Bank, N.A., which for brevity is hereinafter sometimes referred to as Bank and sometimes as Depository, hereby accepts said designation as the Depository for the public funds herein above mentioned and agrees to serve as such until sixty (60) days after the time fixed by law for the next selection of a Depository, which statutory time is presently May, 2019, or until such time as a new bank has qualified as the District and County Clerks' Trust Funds Depository, on or after May, 2019, whichever should sooner occur.

WHEREAS, Wells Fargo Bank, N.A., desires to qualify as such Depository by pledging with the Commissioners' Court securities in the amount provided by law under Section 117.117, Local Government Code, but limited to Federal Home Loan Bank Letters of Credit and to Securities eligible under Texas Government Code, Title 10, Section 2256.009, (a) (1), excluding derivative securities, provided that the market value of securities which the bank is obligated to pledge is never below the total deposits. Such securities so pledged shall be deposited in Trust with the Federal Reserve Bank, or other party selected by the bank and approved by the Jefferson County Commissioners' Court without expense to the County under an appropriate contract to be drawn conformably to the requirements of the Depository Law, and in accordance with this contract. The amount of securities so pledged shall be determined by their market value, and reported daily to the County Treasurer. Market values shall be determined monthly by an independent third source.

NOW THEREFORE, in consideration of the premises, and for the purposes and upon the conditions herein stated, Wells Fargo Bank, N.A., does hereby assign to and pledge with Jefferson County and the Commissioners' Court thereof securities as set forth on attached Exhibit D, which securities shall be of the kind and character described under Texas Government Code, Title 10, Subsection 2256.009(a)(1).

Wells Fargo Bank, N.A., as such Depository hereby acknowledges itself duly and firmly bound for the faithful performance of all of the duties and obligations devolving by law upon it as such Depository; that all funds deposited with it as such Depository shall be faithfully kept by it as such Depository and accounted for according to law; that with respect to the funds belonging to the District and County Clerks, or under its jurisdiction and control, it will, in accordance with applicable law, pay on due and proper

presentation all checks and drafts drawn upon it as such Depository by the District or County Clerk of said County, when sufficient collected funds are on deposit therefore in accordance with applicable law.

Should Depository at any time fail to pay and satisfy, when due, any check, transfer, draft or voucher lawfully drawn against Depositor's deposits, or commit a material breach of its agreement with Depositor, Depositor shall give written notice of such failure or breach and Depository shall have three (3) business days to cure such failure or breach. In the event Depository shall fail to cure such failure or breach within the three (3) days or should the Depository be declared insolvent by a Federal bank regulatory agency, or if a receiver is appointed for the Depository (each an event of default), it shall be the duty of the Custodian, upon demand by the Depositor (supported by proper evidence of an event of default) to surrender the collateral to Depositor.

Depositor may sell all or any part of such collateral and out of the proceeds thereof, pay Depositor all damages and losses sustained together with any expenses incurred by it of any kind on account of such failure. Collateral may be sold by Depositor at public or private sale provided however that Depository shall have one business day notice of the time and place of the sale, and Depository and Custodian shall have the right to bid at such sale.

When securities pledged hereunder shall be in excess of the amount required under the provisions of Section 116.054, Local Government Code, and other pertinent statutes, the Commissioners' Court shall permit the release of such excess. When the funds on deposit with said Depository Bank shall for any reason increase beyond the amount of security provided, said Bank shall immediately pledge additional securities to the Commissioners' Court hereunder to the end that securities

pledged shall at no time be less than the total amount of funds on deposit in the Depository Bank and covered by this Depository Contract.

The Bank shall have the right of substituting other securities for those herewith pledged (Exhibit D), or any part thereof, provided the securities substituted meet the requirements of the law and this contract and are approved by the Commissioners' Court. The pledge of securities herein mentioned is for the purpose of securing the faithful performance by said Bank of its duties as Depository as herein set forth.

The Bank also agrees to pay interest on "Certificates of Deposits", to the extent permitted by applicable laws and regulations. Interest on each certificate of deposit will be paid as outlined in Exhibit B, page 1.

On non-interest bearing checking accounts, the earnings credit will be calculated as shown in Exhibit B, page 2.

Other services rendered by the Bank at the request of the County will be negotiated.

At the end of this four year contract, the contract may be renewed for two years under terms negotiated by the Commissioners Court, and as outlined in Section 116.021 of the Texas Local Government Code.

Monthly bank statements will provide:

- Checks serially sorted by number
- Listing of checks (with check numbers) and drafts
- Deposits and Deposit items
- Debit and credit memos
- Total number of checks, withdrawals, and other items
- Total number of deposit items
- Daily balances
- Average ledger and collected balances
- Any other activity in accounts

These statements shall be provided within twenty (20)

working days after the calendar month end. The County will pay the fee for such statement services as provided in Exhibit B.

If the statements are lost in transit, Wells Fargo Bank, N.A. agrees, at its cost, to reconstruct such statements.

The Bank will handle any and all non-sufficient funds (NSF) checks, as may be issued by Jefferson County when presented for payment. Accounts are not considered overdrawn unless the total aggregate relationship is overdrawn. If this is so and not covered timely, then a charge can be assessed. Charges will be calculated from the date the check is received by the bank until payment is made by the County in collected funds.

The District or County Clerk reserves the right to direct the County Treasurer to withdraw any amount of funds of the Trust Funds that are deposited in the County Depository, and that are not required immediately to pay obligations of the County, and invest those funds in direct debt securities of the United States (according to Texas Government Code, Title 10, Section 2256).

In the event of a Bank failure causing the Bank to fail to honor all of the funds deposited with it as County Depository, then, in such event, the County shall have all rights and duties available at law, including, without limitation, the rights and duties of a secured creditor under Chapter 9 of the Texas Business and Commerce Code.

Any suit arising out of or in any way connected with this contract shall be tried in the County of Jefferson and State of Texas in any Court therein having jurisdiction of the subject matter thereof.

This Contract shall be executed in compliance with 12

U.S.C.A. 1823e regarding depository contracts and pledged collateral, and shall be for a term of four (4) years.

If ownership of Wells Fargo Bank, N.A. changes, the county at its option may within 90 days of notification or discovery of such change in ownership, cancel or continue the contract. Any such cancellation of this depository contract will become effective immediately upon county notice to the depository bank within 90 days from the date of notification or discovery of change in ownership at the option of the county.

All Exhibits attached hereto are incorporated into this contract by reference.

The accounts and all other banking services will be subject to the Bank's standard agreements governing accounts and services, but this Depository Contract will control in the case of any conflict.

Community reinvestment

Community reinvestment is an integral part of our business culture at Wells Fargo. We have long understood that we can be no stronger, or more successful, than the neighborhoods and communities where we do business, and where our team members live and raise their families.

We are one of corporate America's top 10 largest givers; ranking ahead of peers that are two and three times our size. We have caring and energetic team member-volunteers and our team members can be found as leaders in community partnerships.

The Community Reinvestment Act (CRA) of 1977 requires banks to meet the credit needs of all the communities where they do business, especially low-to-moderate income communities and families, and Wells Fargo meets this requirement.

In its most recent (2009*) CRA examination, the Office of the Comptroller of the Currency (OCC) gave Wells Fargo an "Outstanding" rating — the highest rating possible. We met and exceeded community needs in areas such as affordable housing, financial education, and small business lending.

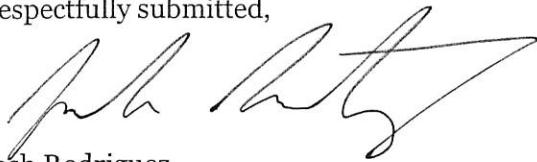

*The OCC conducts a CRA examination every four years.

We've included the Wells Fargo Corporate Social Responsibility (CSR) report that we publish every two years, with an interim update in the year between in Appendix Tab F which provides more information on how we give back to our communities.

The Bank contract will be effective for a period of four (4) years ending sixty (60) days from the time fixed by law for the next selection of a depository.

If a time deposit or certificate of deposit maturity extends beyond the expiration date of the depository contract, the depository will pledge sufficient securities as required by law for public funds, to provide for the maturity of the time deposit or certificate of deposit.

Acknowledge and agree.

2.5 Renegotiations

This four year contract shall allow the bank to establish, on the basis of negotiations with the County, new interest rates and financial terms of the contract that will take effect during the final two years of the four year contract if:

- a) the new financial terms do not increase the prices to the County by more than 10 percent; and

- b) the County has the option to choose to use the initial variable interest rate option, or to change to the new fixed or variable interest rate options proposed by the bank.

Acknowledge and agree.

2.6 Investments made outside depository bank

The Jefferson County District and County Clerks reserve the right to make investments outside the Depository Bank in accordance with the Laws of the State of Texas, as a result of court order, and the Investment Policy of Jefferson County. All investment purchases shall be made on a delivery versus payment basis.

Acknowledge and agree.

All Banks wishing to be designated as a Depository Bank will include as part of the Bid:

- a) The Bank's last three (3) quarterly Uniform Bank Performance Reports.

You can find our most recent annual report at: wellsfargo.com/invest_relations/annual.

2.8 Good faith guarantee

A Bank desiring to be the Depository Bank for the District and County Clerks Trust Funds must submit with the Bid Proposal Worksheet, a certified cashier's check in the amount of \$30,523.94 (one-half of one percent of the Trust Fund's revenue for the preceding year) payable to Jefferson County as a guarantee of good faith. The County will hold the check until a Depository Bank is selected and the bond and/or security has been filed.

Acknowledge and agree.

2.9 Liquidated damages for not providing security

As stated in Code Section 116.023:

“If a bank is selected as a depository and does not provide the bond and/or security, the county shall retain the amount of the check as liquidated damages.”

A new depository shall then be selected.

Acknowledge and agree.

2.10 Security

Within fifteen (15) days after selection of the Depository, the Bank so selected is to qualify as a County Depository for the funds of the District and County Clerks Trust Funds. As soon as the contract for securities pledged is provided and approved by the Commissioners' Court, an order will be entered by the County designating the successful applicant, or applicants, as Depository for the funds of the Jefferson County District and County Clerks. This contract shall remain in place until sixty (60) days after the time fixed for the next selection of a Depository, to-wit, May, 2019, or until such time as a new Bank has qualified as Trust Funds Depository, whichever should sooner occur. Thereupon, the County Treasurer will place with said Depository all the funds belonging to the Jefferson County District and County Clerks.

Acknowledge and agree.

2.11 Pledged collateral

a) Pledged Securities in the amount provided by law under Sec. 116.054, V. T. Local Government Code, will be provided in quantities sufficient to fully collateralize all of the Funds of Jefferson County and their subdivisions.

- 6) Federal Home Loan Mortgage Corporation Notes and Bonds
- 7) Federal Home Loan Bank Letters of Credit

The bank must be the true and legal owner of all securities, which will be pledged to the Jefferson County District and County Clerks Trust Funds. The securities must be free and clear of all liens, claims, or pledged for other purposes. The County will not accept any security acquired by the bank under a repurchase agreement. The securities will be deposited with the Federal Reserve Bank, or the Bank of New York-Mellon Trust Company, without expense to the County under an appropriate contract to be drawn to

the provisions of Tex. Loc. Gov't Code Chapter 116 and amendments in accordance with the application, if approved.

Wells Fargo agrees to these requirements.

2.12 Collateral management

The Depository Bank must include, as part of the Bid, a statement as to how the bank intends to ensure, on a daily basis, that sufficient collateral is pledged to protect covered accounts. Also a detailed monthly collateral report is required. The report shall contain security descriptions, par value/current face and current market value.

We will comply with the collateral rules set in the Texas Public Funds Code Chapter 2257.022.

Collateral needs are met based on prior day close of business assuming accounts are in the correct public funds product. Same day collateral requests must be made by phone or email to the public funds collateral group by 10:30 a.m. PT.

Included in Appendix (Tab D) are details regarding our Public Funds Collateralization Program and a sample contract.

2.13 Value of collateral

The Depository Bank must propose how it will value pledged securities. The County at any time may investigate the value of any of the securities that may be pledged by the Bank. The full cooperation of the Bank will be required in such instance.

Wells Fargo updates the market value of the securities in its portfolio daily. It obtains market values from established third-party service, IDC -Trust, which provides valuation services to many market participants.

2.14 Daily reports

A daily list of account balances and market value of pledge collateral will be provided to the County Treasurer.

Wells Fargo provides online access to view the previous day collateral position through Bank of New York Mellon's Inform website.

3.5 ACH transactions

Bank must provide for acceptance of ACH (Automated Clearing House) credits and debits. Bank will be required to provide detailed information

With our ACH Fraud Filter review option, ACH transactions post to your account. You review any transactions that you have not preauthorized and make a pay or return decision for each item. When you choose to return an item, we create a reversing adjustment to your account and return the transaction to the originator. With our ACH Fraud Filter stop option, any transactions that you have not preauthorized will automatically be returned without review.

ACH Fraud Filter

You can choose from three options to protect your checking and savings accounts from unauthorized ACH transactions.

Review transactions and decide if you want them returned

With our review option, you can preauthorize ACH transactions to post to your account. We then notify you of any that are not preauthorized; you review those and notify us whether you want them paid or returned. When you tell us to return one, we create a reversing adjustment and return it as unauthorized.

You can request that we report:

- All ACH transactions posted to your account
- All ACH transactions that exceed a predetermined dollar amount
- ACH credit transactions only, or ACH debit transactions only
- ACH credit transactions or ACH debit transactions that exceed a predetermined dollar amount

- ACH credit transactions or ACH debit transactions outside a specified date range
- ACH credit transactions or ACH debit transactions that exceed a specified maximum number of occurrences

If you do not make a pay or return decision on an item by the specified deadline, the item is automatically paid or returned based on the default action you select during implementation.

Stop unauthorized transactions automatically

With our stop option, we automatically return transactions that you have not preauthorized and process all that you have preauthorized.

You can request that we:

- Stop and return all ACH transactions
- Stop and return all ACH transactions that exceed a predetermined dollar amount
- Stop and return all ACH credit transactions only, or ACH debit transactions only
- Stop and return ACH credit transactions or ACH debit transactions outside a predetermined dollar range
- Stop and return all ACH credit transactions or ACH debit transactions outside a specified date range
- Stop and return all ACH credit transactions or ACH debit transactions that exceed a specified maximum number of occurrences

Monitor converted check entries

Our Echeck option helps you monitor converted check entries for business-sized checks that have an auxiliary on-us field in the MICR line. This service includes Echeck Post and Echeck Stop options for accounts receivable check (ARC) and back office conversion (BOC), and point-of-purchase (POP) transactions.

Echeck Post

If you use this option in conjunction with our positive pay service, you have the opportunity to see unmatched items that will post to your account, so you can decide to pay them or return them using our online Image Positive Pay service.

If you use this option with our Perfect Presentment® service, the ACH converted check will not be matched against your check issue records.

Echeck Stop

If you choose this option, we will automatically stop all ineligible items inadvertently converted before they post to your account.

ACH reporting

Our online reporting service provides comprehensive ACH reporting.

Standard reports available include:

- ACH Origination
- ACH Receive
- ACH Return/NOC

- ACH Customer Activity

You can download reports into your accounting, treasury workstation, or spreadsheet applications in a variety of the most popular formats, including BAI V2, CSV, and Excel, and view or print the reports in HTML and PDF formats.*

*Download and viewing formats may vary by report.

3.6 Wire transfers

Bank must provide the ability to send wire transfers on an automated or manual basis, and also to provide the ability to receive wire transfers. Bank must provide the ability to restrict outgoing wire transfers (debits) to only those authorized.

The District and County Clerks can send and receive wires, and transfer funds between Wells Fargo accounts quickly, easily, and securely. We discuss those options in detail below.

Outgoing wire options

Online and mobile

You can initiate same-day and future-dated domestic wires, international U.S. dollar wires, foreign exchange wires, drawdown requests, international requests for transfer, and book transfers from your computer or your mobile device².

Through our online service, you can:

- Enter information into free-form wire screens for one-off wires
- Create multiple-use templates for recurring wires to save time, with the option to lock all template information fields except date and amount
- Add, modify, and delete templates
- Upload up to 200 free-form or templated wires at a time
- Personalize each of your user's profiles to control access to accounts and wire services
- Specify number of approvals before wires can be sent (up to four approvers)³

²You can only initiate repetitive wires through our mobile service.

³Dual custody is required for our online wire transfer service, as well as for any administration services related to this service.

Telephone

Users will call a single toll-free number and provide an account number, personal identification number (PIN), and voiceprint; these are validated through a voice response unit (VRU).

Repetitive wires set up on our system are completed through the VRU. To complete a free-form wire, the user is transferred to a team member in the Wells Fargo Wire Transfer department.

Automatic standing transfer order

To set up a repetitive wire transfer, you will tell us the criteria that our system will use to determine the amount to send. You'll also specify initiation dates and times for us to automatically send the transfers.

In person

You can go to any Wells Fargo store to initiate a wire. You must have signing authority on the account to initiate the request.

Incoming wires

We accept wire transfers from other Wells Fargo accounts and from the Federal Reserve, SWIFT, and CHIPS (Clearing House Interbank Payments System) networks. If a sender provides a valid account number in wire instructions that arrive before our processing cutoff time, we'll post the incoming funds to your account the same day.

Wire reporting

Our Treasury Information Reporting service provides comprehensive intraday and previous day reporting of wire transaction information.

Wire reporting includes the account name and number, wire amount, process date and time, receiving and originating banks, corresponding bank, Fed or SWIFT reference number, internal reference or confirmation number, value date, currency, wire text, and the transaction status.

You can view, print, and download any report into your accounting, treasury workstation, or spreadsheet applications. Downloading and viewing options vary based on the report you choose. Format options include: BAI V2, CSV, Excel, HTML, and PDF.

As an extension of our single sign-on portal, you can view your intraday and previous day reports using our mobile service.

Wells Fargo agrees to cash without charge to the District and County Clerks or Jefferson County employees, the employees' payroll checks whether or not the employee has an account with Wells Fargo.

3.9 Positive pay

The Bank will provide a means for the County to upload disbursed check information that will be compared to checks that are presented to the bank for clearing. Any discrepancies shall be cleared by a designated County employee before checks are paid by the bank. Any applicable cost should be quoted.

Our account reconciliation (ARP) services with Image Positive Pay offers the District and County Clerks the most effective fraud reduction tool and the most choices available in the industry. Positive Pay identifies checks that may be fraudulent or unauthorized by matching those presented against your account to your file of issued checks. Positive Pay exceptions — checks that don't match your file — are presented to you for pay or return decisions. We will provide the District and County Clerks with exception item notification by 10:00 a.m. CT and you will have until 1:00 p.m. to make a "pay" or "no pay" decision.

With Image Positive Pay service, the District and County Clerks can view and download images of your exception items, helping you make informed. You can access Image Positive Pay services online using the *CEO* portal.

The District and County Clerks may choose to send a register file by direct transmission or input register information online through the *CEO* ARP Register Maintenance option.

Teller positive pay

We've focused on integrating our positive pay services with our teller system. Because we capture issue files and update the bank teller line every 30 minutes throughout the day, our tellers view the most current positive pay information available. Tellers validate checks presented for encashment at our teller windows by matching the serial number and dollar amount to your register file. This provides additional protection against check fraud.

Our ability to provide up-to-date information more than 50 times a day, seven days a week distinguishes Wells Fargo from other banks. We capture your positive pay issue files every 15 minutes, from 8:00 a.m. to 10:00 p.m. CT.

Wells Fargo offers both direct internet export of reconciliation data and modem transmission of data. Information is downloadable into Excel, HTML, BAI1, BAI2, and comma delimited formats.

Payee match

Our tellers ensure the payee name on the presented check matches the payee name on the issue file before cash is paid out. If an item with an unmatched payee name is presented for encashment, we identify it prior to encashment — helping to reduce fraudulent activity associated with payee alteration.

We can match up to 120 characters of a payee name.

When presented with an unmatched item, our tellers will make a best effort attempt to contact Treasury Management Client Services, who in turn would contact the District and County Clerks to request instructions about how to handle the item.

3.10 Deposit services

The Bank will guarantee immediate credit on all wire transfers, ACH transactions and government checks upon receipt and all other checks based on the Bank's Availability Schedule. All deposits received before the Bank's established deadline will be credited daily. Bank will include a copy of their Availability Schedule as part of the bid.

Incoming wire

We accept wire transfers from other Wells Fargo accounts and from the Federal Reserve networks. If a sender provides a valid account number in wire instructions that arrive before our processing cutoff time, we'll post the incoming funds to your account the same day.

We accept incoming wires from the Federal Reserve until 5:00 p.m. CT and credit them the same day.

Other services

Regarding availability schedules, we:

- Determine and calculate availability of deposited items based on our optimal check clearing and collection process.
- Give immediate availability for on-us items, except for our controlled disbursement items (which are available on the following business day).

- Calculate availability on an item-by-item basis according to the routing transit number on the check, the deposit location, and the time of day when you deposit the item.

Most of our customers use our standard accelerated availability schedule. We offer alternate schedules on a case-by case basis. We will work with you to ensure you have the most appropriate availability schedule for your account.

We review our availability schedules annually. Please refer to Appendix (Tab C) for the schedule specific to your proposed depositing locations.

3.11 Cash overdrafts

For the purpose of determining cash overdrafts, the daily cash balance in all District and County Clerks accounts will be added together and if a negative balance occurs, the District and County Clerks accounts are considered to be over-drafted. An applicable insufficient funds fee can then be charged.

In those situations where an overdraft occurs in the funding account, we assess an interest charge on the use of “Uncollected Funds” balance at our standard Prime Rate + 4%, as well as a per item fee for each overdraft. Though there is no daily cap on fees, we do allow these fees to be offset by the earnings credit allowance.

We charge for both overdrafts and for the use of uncollected funds. Overdraft fees and uncollected funds use fees can be offset by the earnings credit allowance. The charge for overdrafts is on a per item basis and is set by your relationship manager.

The rate for uncollected funds use is based on our prime borrowing rate. The formula for this fee is shown below.

$$\text{(average daily negative collected balance)} \times \text{(overdraft rate)} \times \text{(days in period)} / (360)$$

You will not be charged for daylight overdrafts.

Wells Fargo is a full-service bank. We continuously track all activity. Our daylight overdraft monitoring process consists of intraday monitoring of the current balance in your DDA account. The process begins by adding the opening available balance in a DDA account to the daylight overdraft limit. All ACH, wire, and other significant account activities such as investment and item processing update the balance. We compare outgoing wire transfers to this updated balance. When the balance is negative, all outgoing wire transfers are sent to the Risk Control area. We release wire transfers after receiving approval from a Credit Administrator, relationship manager, or other individual with the appropriate authority.

We do not offer a daylight overdraft line of credit. However, with credit approval, we have the ability to extend a revolving line of credit to you that can be linked to your checking account to help cover inadvertent overdrafts. Limits vary by customer and are subject to the review of the District and County Clerks' financial statements, credit approval, and completion of any necessary documentation. There are currently no fees charged for intraday activity.

3.12 Computerized output

The Bank must provide the capability for the County to download paid items that will be utilized in the bank account reconciliation process.

You can download an electronic file of your posted items, returned items, and electronic deposits from a secured location, using our suite of secure internet transmission protocols. Your images will be in-house when you need them.

We offer a convenient delivery schedule for each product type. Scripting software is available to fully automate file retrieval. Choose from the following two formats based on your technology infrastructure and needs:

- Image File Import archive-ready format*: View, search, print, and store check images in your secure in-house archive
- Image File Import PDF[†]: Review and print items using Adobe Acrobat software

*Lockbox files are zipped; all others are XML with a zipped image file.

[†]PDF not available for retail lockbox.

Images

We capture images and make them available to the District and County Clerks by three delivery channels: online, in an image transmission, or on a disk.

Online

Image retrieval is available as part of our Stops-Images-Search service, which lets you immediately view, print, and download items.

Transmission

Our Image File Import option provides a daily, weekly, semi-monthly, or monthly file of paid check images and related index information. Image files are available as early as 10:00 a.m. CT the day after posting. Through our secure transmission platform, you can download files into your internal archives or to our viewing software. During implementation, you'll choose which format (XML or PDF) you want to use for your files.

CD or DVD

CD-ROMs hold up to 30,000 images (front and back) and DVDs hold up to 120,000. We deliver disks weekly, monthly, or semi-monthly. Disks are ready nine business days after the cycle cutoff. You'll archive and view images and data using our viewing software.

The District and County Clerks can access images stored on a disk, or view them from your archive.

Bidders are invited to propose additional cash management services that are not specified herein.

Wells Fargo welcomes the ongoing opportunity to consult with Jefferson County to maintain the highest level of functionality and efficient structuring of accounts and services.

Refer to Appendix (Tab A) additional products and solutions we recommend and may be beneficial to the District and County Clerks.

3.16 Expense allowance

State the dollar amount, if any, that the Bank will provide for expenses incurred due to changing depository banks.

(For example: checks, deposit slips, endorsement stamps, and etc.)

The bank will provide for The District and County Clerks an initial supply of checks, deposit slips, endorsement stamps, sealable bags, coin wrappers, and currency straps at no cost.

3.17 Capital to assets ratio

Depository Banks will have and maintain a minimum five percent primary capital to assets ratio as compiled by dividing line 28 (total equity capital) by line 42 (total assets) on the Federal Financial Institutions Examination Council Form 032. Copies of the FFIEC form 32 statement will be included in the bid and shall be a continuing quarterly reporting requirement of the Depository Bank.

Should primary capital ratio fall below five percent, the Commissioners Court will review bank plans to future earnings and capital increases before determination is made to close out the depository.

Wells Fargo Bank, N.A. capital to assets ratio is 10.13% as of the 12-31-14 Call Report.

3.18 Stop payments

The Bank will be required to process stop payments on verbal, faxed, or e-mail instructions from the designated county employees with follow-up written confirmation.

Stop methods

You have two options to submit stop payment orders: online through Stops-Images-Search or by electronic transmission (where you'll include information in your ARP issue file). With both methods, you can send stop payment requests 24 hours a day, 7 days a week — we'll process them in real time. You can make a request as late as 8:00 p.m. CT and still receive same-day posting.

Online

The system automatically reviews the previous 180 days and intraday teller-cashed activity to determine whether a requested check has paid. You can place stop payments on a maximum of 20 checks at one time. To place a stop payment on more than 20 checks at one time, you will contact Treasury Management Client Services for assistance.

By transmission

The system automatically reviews the previous 90 days and intraday teller-cashed activity to determine whether a requested check has paid.

Effective period

Stop payments remain in effect for six months. You can individually renew a stop payment on an as-needed basis through our online system or choose to use our renewal option. The renewal option lets you:

- Extend a stop payment for up to an additional six years (in 12-month increments)
- Predetermine a dollar threshold for automatic stop payment renewal
- Limit the number of times a stop payment is automatically renewed

We recommend placing a stop payment on checks that are no longer in your possession.

Placing a stop payment order does not delete the check from the issue file.

We offer a service called Stop Drop for ARP accounts that allows us to automatically cancel an issue once the stop payment has expired. In addition, with Stop Drop, all items with a stop payment are excluded from the outstanding checks balance.

If you choose not to implement Stop Drop, you will need to send a cancel record to delete the issue from your reconciliation once the stop has expired.

Stop Payments can be processed by verbal instructions with written confirmation by contacting our 24 hour customer service line 1-800-225-5935. Manual Stop Payments are effective for six months.

3.19 Standard disbursement services

Standard disbursing services for all accounts are required to include the payment of all County checks upon presentation.

Wells Fargo will honor all checks presented for payment provided they include an authorized signature and proper endorsement. All checks presented for payment will be verified against your outstanding stop payment register. Checks presented over-the-counter will require two forms of identification in addition to proper endorsement.

3.20 Bank reconciliation services

The Bank will provide partial or full reconciliation services, on specific accounts determined by the County. List what is included in each service.

Wells Fargo offers our disbursement customers both full and partial ARP services.

Full ARP

The District and County Clerks provides Wells Fargo with issued check information, and we reconcile your paid checks to your issued checks and send a detailed statement.

We can update your check register information more than 50 times each day, seven days a week. Within 90 minutes of electronic transmission, you can receive an optional file confirmation or stop confirmation report.

On a weekly or monthly basis, comprehensive statements are available for your account. You can request a variety of optional reports, including paid checks, outstanding checks, stop payments, and several others, in various output formats.

You can also request a variety of optional reports, including paid checks, stop payments, and several others in various output formats. DEPOSITORY PLEDGE AGREEMENT

746000291

Jefferson County District & County Clerks Trust ("Depositor") has selected **WELLS FARGO BANK, NATIONAL ASSOCIATION** ("Bank") as a depository for certain of its funds and Bank has agreed to act as the depository for those funds in accordance with applicable laws, which require that Bank secure the deposited funds, to the extent not insured by the Federal Deposit Insurance Corporation ("FDIC"), by pledging securities ("Eligible Securities") of any type (including, without limitation, surety bonds and investment securities) permitted by the applicable provisions of **Texas** law in effect from time to time (the "Governing Statutes") **THE BANK OF NEW YORK MELLON TRUST COMPANY, NATIONAL ASSOCIATION** ("Custodian") has agreed to hold the pledged securities in safekeeping pursuant to the terms of this Agreement

NOW, THEREFORE, in consideration of the mutual promises and covenants in this Agreement, Depositor, Bank and Custodian agree as follows:

1. Grant of Security Interest; Instructions Regarding Collateral. (a) Bank hereby grants to Depositor a security interest in all Eligible Securities transferred to a collateral account (the "Collateral Account") established pursuant to this agreement (the "Collateral"). Custodian agrees to serve as collateral agent for Depositor, pursuant to the terms of this Agreement. For the avoidance of doubt, Custodian acknowledges and agrees that it does not have and will not acquire or assert at any time in the future, and hereby expressly waives, any lien upon, security interest in, setoff right or other right to charge the Collateral held in the collateral account for any obligation owed to Custodian by Bank or Depositor. Until Depositor has the right to compel sale of the Collateral under Section 7 hereof, Custodian may act in accordance with the instructions of Bank, including, without limitation, the right of Bank to unilaterally substitute Eligible Securities for the Collateral in accordance with Section 3 hereof. Addendum "A" contains the names and specimen signatures of individuals authorized to act on behalf of Depositor, and Addendum "B" contains the names and specimen signatures of individuals authorized to act on behalf of Bank. Either Depositor or Bank may add or remove authorized representatives without the consent of the other at any time by providing Custodian with a replacement addendum, duly executed by an authorized individual. In no event shall the Custodian be responsible for determining whether the pledged securities are "Eligible Securities"

(b) Bank, Depositor and Custodian agree that all Collateral delivered to or received by Custodian for deposit in the Collateral Account may be in the form of credits to the accounts of Custodian at a Securities Depository or by delivery to Custodian of physical certificates in a form suitable for transfer to Custodian or with an assignment in blank. Bank and Depositor hereby authorize Custodian to utilize such Securities Depositories and to hold such physical securities or any combination thereof in connection with its performance hereunder. Collateral credited to the Collateral Account and deposited in the Securities Depositories will be held, by book-entry notation, in accounts that include only assets held by Custodian or its agent(s) for third parties, including but not limited to accounts in which assets are held in a fiduciary, agency or representative capacity. Collateral that is not held in the Securities Depositories will be held in Custodian's vault and physically segregated from securities and other non-cash property belonging to Custodian. As used herein, the term "Securities Depository" or "Securities Depositories" shall mean the Treasury/Reserve Automated Debt Entry System maintained at The Federal Reserve Bank of New York for receiving and delivering securities, The Depository Trust Company and any other clearing corporation within the meaning of Section 8-102 of the Uniform Commercial Code, as in effect from time to time

2. Amount of Collateral. The aggregate market value of Collateral held by Custodian at all times during the term of this Agreement must be in an amount not less than one hundred percent (100%) of (a) the amount of the collected funds on deposit, increased by (b) the amount of accrued but uncredited interest, (c) reduced by that portion of the funds insured by the FDIC. Such amount is hereinafter called the "Required Collateral Value". In no event shall the Custodian be responsible for determining whether the Collateral Account contains the Required Collateral Value

3. Substitutions and Withdrawals of Collateral. If the aggregate market value of Collateral held by Custodian at any time exceeds the Required Collateral Value, Bank may withdraw any excess Collateral by providing Custodian with a withdrawal notice signed by an authorized representative of both Bank and Depositor, provided that after the withdrawal of any such excess Collateral, the remaining Collateral equals or exceeds the Required Collateral Value. Additionally, Bank may substitute Eligible Securities for any of the Collateral held by Custodian at any time by providing Custodian with a substitution notice signed by an authorized representative of both Bank and Depositor, provided that the market value of the Collateral following such substitution would equal or exceed the Required Collateral Value. Depositor agrees to promptly sign and deliver to Custodian, upon Bank's

request, a withdrawal or substitution notice if the market value of the Collateral remaining after the proposed withdrawal or substitution, as applicable, would equal or exceed the Required Collateral Value. Custodian shall be entitled to rely on, and Bank and Depositor agree to hold Custodian harmless from, any actions taken pursuant to, and consistent with, the instructions given in a withdrawal or substitution notice under this Section 3.

4. Bank's Obligations. Bank shall perform all of the duties and obligations required of a depository under applicable law with respect to collateralization of the funds of Depositor on deposit with Bank, including the duties and obligations required under the Governing Statutes. At the expiration of the term of this Agreement, Bank shall turn over to any successor depository designated by Depositor all funds held by Bank as depository. Bank will furnish to Depositor a monthly statement listing a description of the Collateral. The statement will specify the par value, market value, and maturity date of each component of the Collateral. Upon request, Bank shall provide to Depositor a copy of Bank's most recent publicly available quarterly or annual financial statement.

5. Custodian's Obligations. (a) Custodian shall perform the duties and obligations required of Custodian hereunder, in accordance with the provisions of the Governing Statutes. Upon transfer by Custodian of Eligible Securities to the Collateral Account, including Eligible Securities substituted for other Collateral, Custodian shall promptly identify such Eligible Securities on its books and records as being Collateral held pursuant to this Agreement, and shall promptly issue and deliver to each of Bank and Depositor a duplicate receipt for such Collateral. For the avoidance of doubt, it is understood and agreed that such receipts may be combined to identify more than one transaction on any one business day and Custodian shall not be required to issue more than one such receipt to Bank and Depositor on any business day. Bank and Depositor agree that they shall promptly review all receipts delivered to them by Custodian and shall promptly advise Custodian of any error, omission or inaccuracy in such receipts. In the event that Custodian receives such an advice, Custodian shall promptly undertake to correct any errors, failures or omissions, provided that Custodian determines in its sole discretion that such error, failure or omission actually occurred and shall notify Bank and Depositor of its action concerning each such error, failure, or omission.

(b) Depositor agrees that, with respect to all securities held in the Collateral Account, Custodian by itself, or through the use of the appropriate Securities Depository, shall, unless otherwise instructed to the contrary by Bank or as provided in Section 7 hereof. (i) collect all payments reflecting interest and principal on the securities in the Collateral Account; (ii) forward to Bank copies of all information or documents that it may receive from an issuer of securities which, in the opinion of Custodian, is intended for the beneficial owner of the securities including, without limitation all proxies and other authorizations properly executed and all proxy statements, notices and reports; (iii) execute, as Custodian, any certificates of ownership, affidavits, declarations or other certificates under any tax laws now or hereafter in effect in connection with the collection of bond and note coupons; (iv) hold directly, or through the Book Entry System or Depository, all rights issued with respect to any securities held by Custodian hereunder, and (v) upon receipt of written instructions from Bank, Custodian will exchange securities held hereunder for other securities and/or cash in connection with (A) any conversion privilege, reorganization, recapitalization, redemption in kind, consolidation, tender offer or exchange offer, or (B) any exercise, subscription, purchase or other similar rights; provided, however, such exchanged securities shall continue to be held by Custodian hereunder for the benefit of Depositor if such exchanged securities constitute Collateral. Upon receipt of payments reflecting principal and interest or dividends on the securities in the Collateral Account, Custodian shall transfer to Bank such principal and interest or dividend payments (either by credit to Bank's custody account at Custodian or otherwise).

(c) Custodian shall not be liable for any loss or damage, including counsel fees, resulting from its action or omission to act or otherwise, except for any loss or damage arising out of its own negligence or willful misconduct, and shall have no obligation hereunder for any loss or damage, including counsel fees, which are sustained or incurred by reason of any action or inaction by any Securities Depository, provided, however, that such loss or damage is not caused by the negligence or willful misconduct of Custodian. In no event shall Custodian be liable to Depositor, Bank or any third party for special, indirect or consequential damages, or lost profits or loss of business, arising in connection with this Agreement. Both Depositor, to the extent permitted by law, and Bank agree to indemnify Custodian and to hold it harmless against any and all costs, expenses, damages, liabilities or claims, including reasonable fees and expenses of counsel, which Custodian may sustain or incur with respect to any third party claim or which may be asserted by a third party against Custodian by reason of or as a result of any action taken or omitted by Custodian in connection with operating under this Agreement, except those costs, expenses, damages, liabilities or claims arising out of the negligence or willful misconduct of Custodian or any of its employees or duly appointed agents. This indemnity shall be a continuing obligation of Depositor and Bank notwithstanding the termination of this Agreement.

(d) Custodian may, with respect to questions of law specifically regarding the Collateral Account, obtain the advice of reputable legal counsel and shall be fully protected with respect to anything done or omitted by it reasonably and in good faith and without negligence, willful misconduct, bad faith or fraud in conformity with such advice, provided, however, that nothing contained in this paragraph (d) shall be deemed to relieve Custodian of any of its obligations pursuant to any other provision of this Agreement.

(e) Custodian shall not be responsible for, or considered to be custodian of, any securities received by it for deposit in the Collateral Account until Custodian actually receives and collects such securities directly or by the final crediting of Custodian's account on the books of the appropriate Securities Depository. Custodian will be entitled to reverse any provisional credits to the Collateral Account that were made in anticipation of the receipt of securities or cash which were not subsequently received by Custodian.

(f) Custodian shall have no duties or responsibilities whatsoever except such duties and responsibilities as are specifically set forth in this Agreement and no covenant or obligation shall be implied against Custodian in connection with this Agreement.

(g) In performing hereunder, Custodian may enter into subcontracts, agreements and understandings with third parties whenever and on such terms and conditions as it deems necessary or appropriate and which are consistent with applicable law. If any of such subcontracts, agreements, or understandings with third parties are for the deposit of Eligible Collateral for the benefit of Depositor, (i) such third party will qualify as a "permitted institution" pursuant to the Texas Public Funds Collateral Act, (ii) Custodian shall cause such third party to provide records to Custodian evidencing the deposit of Eligible Collateral with such third party, and (iii) records of the third party relating to such Eligible Collateral will at all times state the name of Custodian. No such subcontract, agreement or understanding shall discharge Custodian from its obligations hereunder.

6. Custodian's Reliance on Pricing Services. The Custodian is authorized to utilize one or more generally recognized pricing information services (including brokers and dealers of securities) in order to provide market values hereunder, and Bank and Depositor agree that Custodian shall not be liable for any loss, damage, expense, liability or claim (including attorneys' fees) incurred as a result of errors or omissions of any such pricing information service, broker or dealer.

7. Default and Remedies.
