Appendix C Pricing Index (Products and Pricing)

West is the foremost provider of integrated information solutions to the U.S. legal market. West has been providing legal, government, law enforcement, and information professionals with the highest-quality legal, news, business, public records, and law enforcement information, and the most innovative technology solutions and tools to manage them, for more than 140 years.

Pursuant to the RFO, West's Contract may be extended to allow non-state Texas agencies and other states and government jurisdictions (collectively referred to in this proposal as "Other Authorized Entities") to purchase under the Contract, subject to approval by DIR and West (see page 11).

Complete product and pricing details are provided in the following pages.

West CALIR Offerings Summary

Recognizing that Texas state and local agencies have diverse and unique online information research and solutions needs, West offers several options and packages, thus providing Texas state and local agencies with flexibility to pick and choose the option and/or package that is best suited to their specific end users' needs. West's Contract provides for three (3) different pricing options:

- **Option 1—Legal Research.** This option provides Texas agencies the ability to pick and choose from two (2) commonly requested legal research packages (Options 1A – 1B). These options also are consistent with the core legal research options offered under the existing CCG Contract. In addition, agencies may supplement these legal research packages by choosing additional content from a select list of optional separately priced add-on libraries.
- **Option 2—Investigative Research.** This option provides access to comprehensive public records, publicly available information, and proprietary data for investigative purposes. Thomson Reuters CLEAR helps law enforcement and agencies locate people faster, conduct due diligence more efficiently, and save valuable time and resources during investigations.
- **Option 3—Custom Packages.** The custom packages offered as part of this option recognize that Texas agencies may have diverse and unique needs that cannot be met by the pre-packaged content sets provided by West's Options 1 – 2. These custom packages provide maximum flexibility to purchase custom packages of legal and/or investigative online information that are specifically tailored to the unique research needs of individual agencies and end users.

In addition, West offers other similar products that might be of interest to DIR, such as legal drafting, practical law/legal know-how, print, case management, court management, continuing legal education (CLE), e-discovery, legal practice, and matter management.

PRICING

West's content offerings provide Texas state and local agencies with cost-effective pricing for access to an extensive variety of packages of online information and functionality that assist users in their research. Given the extensive variety of options and packages available, it may be helpful to speak to a West representative who is specifically trained to help assess your agency's unique needs. To discuss content and price options best suited to your agency's needs, please contact your West government sales representative.

AGENCY ORDERING INSTRUCTIONS

Texas state and local agencies may purchase products off the Contract by contacting their West government representative and completing the applicable West Order Form with the content/pricing option selected by the agency. Note that all POs must reference the Contract number.

STATE OF TEXAS DEPARTMENT OF INFORMATION RESOURCES CONTRACT FOR PRODUCTS AND RELATED SERVICES – DIR CONTRACT NO. DIR-LGL-CALIR-02

OPTION 1—LEGAL RESEARCH (PER PASSWORD)

This option provides Texas purchasing agencies the ability to pick and choose from two (2) commonly requested legal research packages (Options 1A – 1B):

- Option 1A—Texas Core Resources with News Databases
- Option 1B—All State and Federal Resources with News Databases

Note that these options are consistent with the core options offered under the existing CCG CALIR Contract (State Agency Options A and C, as well as Local Agency Options A and C). Texas state and local agencies that are currently accessing this content under the existing Contract will experience a seamless migration/transition process, should they decide to continue their current level of services.

Agencies may supplement these core legal research packages by choosing additional content from a select list of optional separately priced add-on libraries, including the following:

- | | |
|--|--|
| ▪ All Analytical Library | ▪ Texas Analytical Library |
| ▪ American Law Reports (ALR) Library | ▪ Texas Employment Practitioner Core Library |

STATE OF TEXAS DEPARTMENT OF INFORMATION RESOURCES CONTRACT FOR PRODUCTS AND RELATED SERVICES – DIR CONTRACT NO. DIR-LGL-CALIR-02

OPTION 2—INVESTIGATIVE RESEARCH (PER PASSWORD)

This option provides access to Thomson Reuters CLEAR Investigations Basic for Texas law enforcement and for investigators in agencies and other state government offices. CLEAR Investigations Basic is an enhanced version of the previous CLEAR product West offered under the CCG Contract. It provides more content and augmented capabilities over its predecessors.

CLEAR public records data provides tremendous benefit to authorized users in locating persons and assets, verifying identities, identifying businesses and business affiliations, and uncovering potentially adverse information. CLEAR provides comprehensive data sources with current and historical data, enhanced functionality, and exclusive offerings that comprise the most comprehensive investigative platform available.

Under this plan, investigators and analysts in law enforcement and other government agencies will access and search CLEAR's public records data, publicly available data, and proprietary data via the CLEAR platform (available via web browser on computer or mobile device). Additional delivery modes for CLEAR data as well as other premium features and services are available via a CLEAR custom package plan (see Option 3, Custom Packages).

Pricing and brief descriptions of the content, features and services included in Option 2 are provided on the following page.

751+	\$57	\$57	\$59	\$62	\$66	\$69	\$72

*Initial Term is included to cover that term from contract execution through August 31, 2017. Each subsequent year will begin September 1, in alignment with the Texas fiscal calendar. Cost of services during Initial Term and Year 1 is flat.

Pricing Notes:

- Tier pricing will remain fixed for the duration of the year. Tiers are based on the total number of users within an individual option and do not aggregate across other options or states. Invoices will be generated at the location level.
- Purchasing agencies with 1,000+ users may choose to contact West directly for custom pricing.

PACKAGE DESCRIPTION

Following is a brief description of the content included in Option 2.

- ✓ Mobile access

STATE OF TEXAS DEPARTMENT OF INFORMATION RESOURCES CONTRACT FOR PRODUCTS AND RELATED SERVICES – DIR CONTRACT NO. DIR-LGL-CALIR-02

OPTION 3—CUSTOM PACKAGES

Custom packages are offered in recognition that Texas state and local agencies may have diverse and unique needs that cannot be met by the pre-packaged content sets provided by West's Options 1 and 2.

These custom packages provide purchasing agencies with maximum flexibility to purchase custom packages of online legal, investigative, law enforcement, correctional, print, and other Thomson Reuters/West products and solutions that are specifically tailored to the research needs of individual agencies and end users. Offering customized packages allows an agency to enjoy the best value, in terms of both price and content.

Pricing is not available under this option as the custom agency-specific pricing will be negotiated with the purchasing agency based on its research needs. Please contact your local West government representative for more information about these custom plans and to obtain your discount. West can also provide agencies with free trial access.

OTHER SIMILAR PRODUCTS OFFERED BY VENDOR

In addition to our core offerings, West offers additional products that may be of interest to DIR, such as legal drafting, practical law/legal know-how, case management, court management, continuing legal education (CLE), e-discovery, legal practice, and matter management. West also offers an expansive print collection, and print discounts might be available for eligible agencies. (Please note that some of our print discount plans are not packaged with online offerings.)

Please see your local West government representative for more information regarding any of these additional products.

Vendor Standard Terms and Conditions

The following terms and conditions apply to purchases made under this Contract for authorized/eligible State of Texas Department of Information Resources (hereinafter “DIR”) Customers.

- **Eligibility**—Available only to authorized Texas state and local agencies as agreed upon by the terms of the Contract negotiated between the Texas Department of Information Resources (“DIR”) and West Publishing Corporation (“West”). The following entities are eligible to purchase CALIR products and services under this Contract (Bid Package 4, Appendix A, Subsection 3(A), as amended by Exhibit A):

“Customer - any Texas state agency, unit of local government, institution of higher education as defined in Section 2054.003, Texas Government Code, the Electric Reliability Council of Texas, the Lower Colorado River Authority, a private school, as defined by Section 5.001, Education Code, a private or independent institution of higher education, as defined by Section 61.003, Education Code, a volunteer fire department, as defined by Section 152.001, Tax Code, and those state agencies purchasing from a DIR contract through an Interagency Agreement, as authorized by Chapter 771, Texas Government Code, any local government as authorized through the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the state agencies and political subdivisions of other states as authorized by Section 2054.0565, Texas Government Code, subject to West’s approval, and except for telecommunications services under Chapter 2170, Texas Government Code.”

Please note: West does not agree to allow entities as defined in Sections B-J of Bid Package 4, Appendix A, Subsection 3(B-J) to purchase products and services under this contract.
- The rates set forth hereunder are available only to authorized state and local government personnel accessing West products for government purposes.
- Pursuant to the RFO, West’s contract may be extended to other non-Texas state agencies and political subdivisions of other states, subject to West’s approval.
- **Agency/Purchasing Agency Locations**—Each purchasing agency location must subscribe separately (for Options 1 and 2). Access is limited to the agency’s personnel at that location. Purchasing agencies with multiple locations may purchase under Option 3 (Custom Packages).
- **Authorized Users**—Only users authorized to use West products by the purchasing agency may access and use West products under the terms of this agreement, and such use must be solely for purposes directly related to the purchasing agency’s research and work.
- **Passwords**—Each user must be assigned a separate password. Passwords may only be used by the person to whom the password is issued. Sharing of passwords between or among users is STRICTLY PROHIBITED. West reserves the right to issue additional passwords to the purchasing agency and invoice the Password Rate if West learns that the product has been used by a person other than the person to whom the password has been issued.
- **Password Rates**—The Monthly Charge per User under each option will NOT be prorated. Requests for passwords by new Subscribers or requests for additional passwords by current Subscribers that are processed by West by the last day of a month will be billed the entire Monthly Charge per User for each password request during such month. The Monthly Charge per User for Subscribers that elect to change from one option to another will be effective on the first day of the month following receipt and approval of the appropriate documentation by West.
- **Included and Excluded Charges**—Purchasing agencies will receive the content package as described in their West Order Form. Access to and usage of any other databases, features, and services is excluded and will be billed separately as excluded charges. The excluded content, features, and services will be charged at the applicable rates (including applicable transaction, communications, and other associated charges, if any) for each database, feature, or service accessed according to the then-current terms and conditions as set forth in

the then-current Schedule A Plan 2 Westlaw Government Service or Schedule A Plan 2 Westlaw PRO (Westlaw), or the then-current CLEAR Services Schedule A (CLEAR).

West may, at its option, make certain databases, features, and services excluded charges if West is contractually bound or otherwise required to do so by a contributor of data to West, or if the databases, features, and services are enhanced or released after the effective date of any contract awarded to West pursuant to this Response. Purchasing entities will receive online notification and may have the option to change plans or terminate if a material change is made.

- **CLEAR Usage**—West’s proposal allows for CLEAR usage up to ten times the proposed fixed-rate guarantee. (Usage will be calculated using then-current retail rates.) In the event the purchasing agency’s CLEAR usage exceeds this limit during any month of the proposed contract term, West may, at its option, (1) limit the purchasing agency’s access to live gateways for the remainder of the contract term, (2) request that the parties enter into good faith negotiations for an adjusted fixed rate, or (3) terminate the contract (after providing ten days written notice to the purchasing agency).
- **New Databases, Features, Services, and Platforms**—West reserves the right to charge for any new databases, features, services, or platforms released during the term of this contract (whether “third-party” databases or not), and such charges may be separate from and in addition to the Fixed Monthly Charge. Such charges (if any) shall not be greater than the charges at which such databases, features, services, or platforms are made available to West’s other government subscribers under West’s then-current Schedule A Plan 2 Westlaw Government Service (Westlaw) or CLEAR Services Schedule A (CLEAR).

If, however, any new databases, features, services, or platforms released during the term of this contract are made generally available to government subscribers as part of their fixed rate agreement, West will also make these same new databases, features, services, or platforms available to the purchasing agency at no extra cost.

- **Ordering Documents**—The attached West Order Form and license agreement (General Terms and Conditions--Thomson Reuters Legal Products and Services) provide complete details regarding West’s offer. These documents will be incorporated by reference into and made part of any contract awarded to West. In addition, access to and usage of CLEAR requires completion of the then-current Account Validation and Certification (AVC) Form. (Current copies of these documents are included in Appendix D.)
- **Contractor Information**—Any contract resulting from this proposal will be with:

Legal Contracting Entity:	West Publishing Corporation
Doing Business As (DBA):	West, a Thomson Reuters business
Corporate Address:	610 Opperman Drive, Eagan, MN 55123
Remittance Address:	P.O. Box 6292, Carol Stream, IL 60197-6292
Federal Tax ID #:	41-1426973
DUNS #:	14-850-8286
Cage Code:	89101

- **Ordering Instructions**—Authorized purchasing agencies may purchase products off the Contract by contacting their West government representative and completing the applicable West Order Form and any necessary credentialing documents, and attaching the applicable West Order Form with the content/pricing option selected by the purchasing agency. Note that all Order Forms must reference the State Contract number and the Option(s) selected.
- **Signature Requirements**— The applicable Order Form and any related documentation must be signed by an authorized representative. In lieu of a signed Order Form, an agency must submit a Purchase Order that contains the following incorporating clause: “This Purchase Order incorporates the attached West Order Form made pursuant to the DIR Contract No. DIR-LGL-CALIR-02.”

- **Order Processing**—Orders will be processed as follows:
 - **Options 1 and 2:** Service will begin 5-7 days following receipt of a fully executed, clean, and process-able West Order Form, and after any necessary credentialing has been completed.
 - **Option 3:** Service will begin the first day of the first month following receipt of the fully executed West Order Form and after any necessary credentialing has been completed, provided adequate time is available for implementing the contract. In general, to implement a contract, West must receive the fully executed, applicable West Order Form no later than five business days prior to the end of the month preceding the start of service.

Orders received that do not follow these guidelines will not be accepted or will delay processing.

- **Survivability**—At the time of expiration or cancellation of the Contract, any existing multi-year agreement between West and a purchasing agency will remain in effect and continue to exist under the terms and conditions of the Contract, including payment for services, until the term expires as set forth in the multi-year agreement.

SOFTWARE LICENSE AGREEMENTS AND SAMPLE ORDERING DOCUMENTS

Copies of West's software license agreements and ordering documents/forms are part of Appendix D.

CFR Inc. dba Rentacomputer.com - Master Equipment Rental Agreement: The rental of equipment described on all Rental Proposals which refer to this Agreement shall be governed by this Agreement.

OWNERSHIP

All equipment including accessories and software rented by customer (Lessee) is and shall remain CFR's property. Lessee shall not remove, alter or efface any stencil, plate, label or other indication of CFR's ownership. Lessee shall have no rights or property interest in the equipment other than as set forth in this Agreement.

EQUIPMENT UPGRADES

Unless otherwise noted on quote and invoice, all equipment details are minimum specifications. CFR reserves the right to upgrade equipment as necessary to fulfill orders at no cost to the Client. Client is liable for the value of the equipment delivered.

RENT

Lessee shall pay the rent indicated in on all executed Rental Proposals, by the date indicated. Late charges may apply if Agreement is not met. Lessee understands that any credit card number on record with CFR may be debited for any overdue or unpaid invoices or for damages occurring to equipment during rental.

RENTAL PERIOD

For orders that are hand-delivered the rental period begins on the date of delivery and ends the date of pick up. For shipped orders the rental period begins on the date of delivery by shipping carrier and ends the date of pick up.

ADJUSTMENTS

Rental rates are based on the length of the rental period indicated in the Rental Proposal. Rates will not be adjusted if the Lessee terminates this Agreement prior to the expiration of the term indicated nor is CFR required to credit or prorate any rental fees if equipment is returned early.

USE & STORAGE

Lessee is responsible for providing safeguards against damage, loss or theft. Lessee shall not permit the equipment to be used in connection with any activity, legal or illegal, which could result in

confiscation, attachment or removal of equipment by any authorities.

RETURN OF EQUIPMENT

For orders to be picked up by CFR, Lessee shall make all equipment available at the location, date and time indicated on executed Rental Proposal. For orders to be shipped, Lessee shall ship equipment back by date and time indicated on executed Rental Proposal and provide CFR a tracking number for said shipment.

LIABILITY RISKS

Lessee agrees to keep the equipment fully insured during the entire rental period by an all-risk policy. Lessee is responsible for all equipment damages and losses from the period of pickup by the carrier in case of shipment by common or contract carrier, or at the time of local delivery and setup by CFR Inc. staff until the period of pickup or return. CFR is not obligated to deliver or release any equipment until Lessee has provided satisfactory evidence of insurance coverage.

DAMAGE PROTECTION PLAN

Optionally, CFR will relieve Lessee of obligation under the above LIABILITY RISKS clause (excluding theft, misuse, or abuse) with the acceptance and purchase of a Damage Protection Plan. If available, the cost of this plan will be included on your quote. There is a deductible of twenty percent (20%) the replacement/repair cost at the time equipment is reported damaged or returned to CFR and noted as damaged. Damage insurance must appear on quote and invoice along with equipment rental and cannot be purchased after delivery of equipment.

REPAIRS & SERVICE

Lessee is required and shall promptly notify CFR of any malfunction of the equipment. Repair or replacement will be made within forty eight (48) hours at the cost of CFR. Lessee shall bear the cost of service and repairs

made necessary by Lessee's fault or negligence.

LIABILITIES NOT ASSUMED

We will not be liable for misdelivery, nondelivery, misinformation, or failure to provide information in connection with any delivery or shipment caused by events we cannot control, including but not limited to acts of God, perils of the air, weather conditions, mechanical delays, acts of public enemies, war, strikes, civil commotions, or acts or omissions of public authorities (including customs and health officials) with actual or apparent authority.

LIMITATION OF LIABILITY

Lessee agrees to limit CFR's liability arising out of or in connection with this Agreement to no more than the aggregate amount paid for all rental fees paid under this Agreement.

DEFAULT

If Lessee breaches any part of this Agreement or if equipment is, in the opinion of CFR, in danger of being confiscated or damaged, CFR may terminate this Agreement. CFR will be entitled to repossess the equipment without notice to Lessee and without liability for any injuries or loss suffered by Lessee due to such repossession. Lessee grants authorization of judgment awarding CFR immediate possession of its equipment and acknowledges permission to Lessee's landlord to allow CFR access to the equipment. Lessee will pay CFR all rental amounts for the entire rental term. Lessee will be liable for all reasonable damages, costs and expenses which CFR has sustained, including, but not limited to, reasonable attorney's fees and other costs of collection.

UNDERWRITING

CFR will not be obligated to deliver or release any equipment unless and until Lessee's account is approved by CFR's Underwriting Department. Approval could be dependent on business application

and other factors. CFR reserves the right to deny service for any reason not explicitly prohibited by law.

GOVERNING LAW

This agreement shall be interpreted under and governed by the laws of the State of Texas. Legal jurisdiction for any problem arising out of this contract is the City of Beaumont, County of Jefferson, State of Texas.

TAXES

Lessee understands and agrees that Lessee will be responsible for payment of all taxes related to this transaction, including, but not limited to any and all local sales, use and personal property taxes levied now or in the future.

ENTIRE AGREEMENT

This Agreement and any Rental Proposal(s) constitute the entire agreement and understanding between Lessee and CFR. If any difference in terms exists between this Agreement and any Rental Proposal shall supersede the terms outlined in this Agreement. Any other changes or modifications must be made to and agreed upon in writing.

DISPUTES

Any disputes arising out of or relating to this agreement or the breach thereof by either party shall be decided by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The decision of the arbitrator(s) shall be final, and judgment thereon may be entered in any court having jurisdiction thereof. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration laws. Submission of a claim or dispute to arbitration shall not be a waiver of or limitation on any rights or remedies of CFR provided for in this agreement or otherwise available by law.

CFR Inc. dba Rentacomputer.com - Master Equipment Rental Agreement: The rental of equipment described on all Rental Proposals which refer to this Agreement shall be governed by this Agreement.

OWNERSHIP

All equipment including accessories and software rented by customer (Lessee) is and shall remain CFR's property. Lessee shall not remove, alter or efface any stencil, plate, label or other indication of CFR's ownership. Lessee shall have no rights or property interest in the equipment other than as set forth in this Agreement.

EQUIPMENT UPGRADES

Unless otherwise noted on quote and invoice, all equipment details are minimum specifications. CFR reserves the right to upgrade equipment as necessary to fulfill orders at no cost to the Client. Client is liable for the value of the equipment delivered.

RENT

Lessee shall pay the rent indicated in on all executed Rental Proposals, by the date indicated. Late charges may apply if Agreement is not met. Lessee understands that any credit card number on record with CFR may be debited for any overdue or unpaid invoices or for damages occurring to equipment during rental.

RENTAL PERIOD

For orders that are hand-delivered the rental period begins on the date of delivery and ends the date of pick up. For shipped orders the rental period begins on the date of delivery by shipping carrier and ends the date of pick up.

ADJUSTMENTS

Rental rates are based on the length of the rental period indicated in the Rental Proposal. Rates will not be adjusted if the Lessee terminates this Agreement prior to the expiration of the term indicated nor is CFR required to credit or prorate any rental fees if equipment is returned early.

USE & STORAGE

Lessee is responsible for providing safeguards against damage, loss or theft. Lessee shall not permit the equipment to be used in connection with any activity, legal or illegal, which could result in

confiscation, attachment or removal of equipment by any authorities.

RETURN OF EQUIPMENT

For orders to be picked up by CFR, Lessee shall make all equipment available at the location, date and time indicated on executed Rental Proposal. For orders to be shipped, Lessee shall ship equipment back by date and time indicated on executed Rental Proposal and provide CFR a tracking number for said shipment.

LIABILITY RISKS

Lessee agrees to keep the equipment fully insured during the entire rental period by an all-risk policy. Lessee is responsible for all equipment damages and losses from the period of pickup by the carrier in case of shipment by common or contract carrier, or at the time of local delivery and setup by CFR Inc. staff until the period of pickup or return. CFR is not obligated to deliver or release any equipment until Lessee has provided satisfactory evidence of insurance coverage.

DAMAGE PROTECTION PLAN

Optionally, CFR will relieve Lessee of obligation under the above LIABILITY RISKS clause (excluding theft, misuse, or abuse) with the acceptance and purchase of a Damage Protection Plan. If available, the cost of this plan will be included on your quote. There is a deductible of twenty percent (20%) the replacement/repair cost at the time equipment is reported damaged or returned to CFR and noted as damaged. Damage insurance must appear on quote and invoice along with equipment rental and cannot be purchased after delivery of equipment.

REPAIRS & SERVICE

Lessee is required and shall promptly notify CFR of any malfunction of the equipment. Repair or replacement will be made within forty eight (48) hours at the cost of CFR. Lessee shall bear the cost of service and repairs

made necessary by Lessee's fault or negligence.

LIABILITIES NOT ASSUMED

We will not be liable for misdelivery, nondelivery, misinformation, or failure to provide information in connection with any delivery or shipment caused by events we cannot control, including but not limited to acts of God, perils of the air, weather conditions, mechanical delays, acts of public enemies, war, strikes, civil commotions, or acts or omissions of public authorities (including customs and health officials) with actual or apparent authority.

LIMITATION OF LIABILITY

Lessee agrees to limit CFR's liability arising out of or in connection with this Agreement to no more than the aggregate amount paid for all rental fees paid under this Agreement.

DEFAULT

If Lessee breaches any part of this Agreement or if equipment is, in the opinion of CFR, in danger of being confiscated or damaged, CFR may terminate this Agreement. CFR will be entitled to repossess the equipment without notice to Lessee and without liability for any injuries or loss suffered by Lessee due to such repossession. Lessee grants authorization of judgment awarding CFR immediate possession of its equipment and acknowledges permission to Lessee's landlord to allow CFR access to the equipment. Lessee will pay CFR all rental amounts for the entire rental term. Lessee will be liable for all reasonable damages, costs and expenses which CFR has sustained, including, but not limited to, reasonable attorney's fees and other costs of collection.

UNDERWRITING

CFR will not be obligated to deliver or release any equipment unless and until Lessee's account is approved by CFR's Underwriting Department. Approval could be dependent on business application

and other factors. CFR reserves the right to deny service for any reason not explicitly prohibited by law.

GOVERNING LAW

This agreement shall be interpreted under and governed by the laws of the State of Texas. Legal jurisdiction for any problem arising out of this contract is the City of Beaumont, County of Jefferson, State of Texas.

TAXES

Lessee understands and agrees that Lessee will be responsible for payment of all taxes related to this transaction, including, but not limited to any and all local sales, use and personal property taxes levied now or in the future.

ENTIRE AGREEMENT

This Agreement and any Rental Proposal(s) constitute the entire agreement and understanding between Lessee and CFR. If any difference in terms exists between this Agreement and any Rental Proposal than the terms on the Rental Proposal shall supersede the terms outlined in this Agreement. Any other changes or modifications must be made to and agreed upon in writing.

DISPUTES

Any disputes arising out of or relating to this agreement or the breach thereof by either party shall be decided by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The decision of the arbitrator(s) shall be final, and judgment thereon may be entered in any court having jurisdiction thereof. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration laws. Submission of a claim or dispute to arbitration shall not be a waiver of or limitation on any rights or remedies of CFR provided for in this agreement or otherwise available by law.

AMENDED TAX ABATEMENT AGREEMENT BETWEEN JEFFERSON COUNTY
AND COASTAL CAVERNS 1, L.P. FOR PROPERTY LOCATED
IN THE COASTAL CAVERNS REINVESTMENT ZONE

1. Jefferson County, Texas ("County") and Coastal Caverns 1, L.P. ("Owner"), (together, the "Parties") entered into a Tax Abatement Agreement ("Agreement") on October 16, 2017 (attached hereto as Exhibit "A") with respect to the abatement of certain *ad valorem* property taxes on Phases 1-5 of new facilities (the "Project") to be constructed by OWNER, in the **Coastal Caverns Reinvestment Zone** which was originally adopted by Jefferson County on the 16th day of October, 2017.
2. Coastal Caverns 1, L.P. was the owner of record in County's real property records of the real property on which Project is being constructed, and the owner of the improvements to the real property that constitute the Project. Owner has advised that it has been merged, According to a Plan of Merger, (attached hereto and incorporated herein) with Energy Transfer Spindletop LLC. According to this plan of merger the surviving entity, Energy Transfer Spindletop LLC. will assume all assets, contractual rights, privileges and obligations of Coastal Caverns L.P.
3. It was and continues to be the intent of the Parties that all of the rights, duties and obligations granted or imposed by the Abatement Agreements with respect to the tax abatement reside with and are the property of the owner of the Project.
4. Coastal Caverns L.P. and Energy Transfer Spindletop LLC are requesting that the abatement agreements for each of the five phases be amended, pursuant to Chapter 312.401 et seq. to reflect this merger and

Terms of the Abatement Agreements

Energy Transfer Spindletop LLC acknowledges that it will be bound to comply with all terms specifically outlined in the specific individual Agreement for Phases 1-5 With respect to creating and retaining new full-time jobs and retaining pre-existing full-time jobs, attracting and certifying the use of local labor and contractors, certifying that the investments for each phase are fulfilled, and certifying completion of the projects.

6. The Parties further acknowledge and agree that all other terms and conditions of the original Abatement Agreement shall remain in full force and effect unless amended by written agreement and that jurisdiction of any disputes will remain subject to Texas law in a court of competent jurisdiction in Jefferson County, Texas..

Signed this 20th day of SEPTEMBER, 2022.

STATE OF TEXAS

§

COMMISSIONERS COURT

COUNTY OF JEFFERSON

§

OF JEFFERSON COUNTY, TEXAS

BE IT REMEMBERED at a meeting of Commissioners Court of Jefferson County, Texas, held on the 20 day of December, 2022, on motion made by Darrell Bush, Commissioner of Precinct No. 2, and seconded by Vernon Pierce, Commissioner of Precinct No. 1, the following Resolution was adopted:

WHEREAS, Joy Lovelace, has devoted 16 years of her life to the service of the taxpaying citizens of Jefferson County; and,

WHEREAS, that service was provided through the Office of Assessor-Collector of Taxes for Jefferson County; and,

WHEREAS, Joy Lovelace served admirably in the position as Deputy Assessor-Collector of Taxes for Jefferson County; and,

WHEREAS, Joy Lovelace dedicated her talents and services to the sometimes overwhelming task of collecting motor vehicle sales tax and license fees through the licensing and titling of motor vehicles. She also used her talent collecting property taxes and many other activities necessary for the daily functioning of the County Tax Office;

WHEREAS, Joy Lovelace has been the caregiver for all the clerks at the Mid County office, when she saw the need. She made protective facemasks and privacy covers for all the employees during the height of COVID season. She made holiday costumes and decorations so the office would be festive through the year. She was the provider of many deserts and treats just to keep the office happy. She has a humble/unselfish attitude that will be missed by her co-workers and taxpayers.

NOW THEREFORE, be it resolved that the Jefferson County Commissioners Court does hereby honor and commend Joy Lovelace for her dedicated service of Jefferson County and wishes her well in her retirement.

SIGNED this 20 day of December, 2022.

UTILITY AND COMMON CARRIER PIPELINE POLICY

GENERAL REQUIREMENTS

Who Must Apply

Any person company, corporation, or public agency desiring to place utility or common carrier pipelines in or above the rights-of-way of public roads in Jefferson County shall obtain a Commissioners' Court Order from Jefferson County Commissioners' Court for the construction, operation and maintenance of said line. The applicant shall comply with all rules, regulations, principles, and specifications herein contained and any other subsequently adopted by Jefferson County Commissioners' Court prior to issuance of the order.

Application

The permittee must complete, in quintuplicate (5), the form herein contained, outlining in detail the proposed installation and its location in public right-of-way. The completed application form must be returned to Jefferson County Engineering Department, at 1149 Pearl Street, 5th Floor, Beaumont, Texas 77701, for approval by Commissioners' Court prior to the start of construction.

Determination

Commissioners' Court shall determine, within a reasonable time after filing of a complete application in the opinion of the County Engineer, the following:

- a. If applicant is a utility, whether applicant is a public utility serving a public purpose; and
- b. If applicant is a pipeline carrier, whether:
 1. It is a common carrier; and
 2. It serves a public purpose; and
 3. The proposed pipeline is a parallel line to be placed within fifteen (15) feet of the improved portion of said right-of-way.

If Commissioners' Court determines that applicant is not a public utility, or that it is not a common carrier, or that its utility or pipeline shall not serve a public purpose, or that its propose pipeline will be a parallel line placed within fifteen (15) feet of the improved portion of any right-of-way, then, in the event of any such finding, applicant's application shall be denied and its bond returned.

Such applicant may then apply for a permit under the County's "Pipeline Permit Policy" and any bond, in lieu of returning it to applicant, may be applied to the permit application.

Maintenance, Alteration or Removal

Advance notification in writing will be required for all maintenance, alteration or removal operations except in emergency situations where the safety of the public would be endangered by a delay in repairs. In any such emergency, contact the County Engineer by phone at (409) 835-8584, and inform him of the proposed emergency repairs. As soon as practical, but no later than 48 hours after the start of emergency repairs, the permittee shall notify the County Engineer in writing of the emergency repairs effected, detailing the repairs and the reasons immediate action was required.

Time Limits

A time period of three months is allowed from the issuance of the order to start construction. Once started, the applicant is allowed three months to complete all work. All construction must be completed within six (6) months from the date of issuance. Upon application, extensions may be granted by the Jefferson County Commissioners' Court. Such applications for extensions must be received by the Court at least thirty days before the expiration of the six-month period.

Existing Permits

Any permit, franchise, or instruments of a similar character previously executed by Commissioners' Court shall be subject to the time limit and requirements herein unless specifically stated to the contrary in said permit, franchise or instrument.

GENERAL PRINCIPLES

No utility or common carrier pipeline shall ever be installed or maintained in such manner as to interfere with construction, maintenance or repair of any public road whether currently existing or hereafter constructed on future public right-of-way. Should a utility or common carrier pipeline installed by the applicant ever be found to interfere with the construction, maintenance or repair of an existing public road or future public road, the applicant shall, upon the request of the Commissioners' Court, or the County Engineer, promptly change or alter such installation, at its own expense, in such manner that the same no longer interferes with such construction, maintenance or repair.

No utility or common carrier pipeline shall ever be installed so as to interfere with the use of a public road for vehicular or pedestrian traffic, nor so as to interfere with any drainage now or hereafter effected on or along any such road.

Whenever the relocation of public utility is necessitated by the improvement of a county road; such relocation shall be promptly made by the utility company or common carrier company at the rate, cost and expense of said company.

Responsibility for Repairs

The applicant, in accordance with the specifications herein contained and/or the directions of the County Engineer or his designated representatives, shall immediately, at its own expense, repair, or replace all public property and all private property, including, but not limited to, driveways, fences, and mail boxes, located in, along or adjacent to public right-of-way, which may be damaged or destroyed by any action or inaction of the applicant.

In any case in which the public welfare demands immediate action to remedy conditions arising out of the actions or inactions of the applicant and in which it is judged that the applicant cannot provide such immediate action, and in any case in which the permittee has failed to comply with the directions of Commissioners' Court or the County Engineer or his representative, or to comply with the rules of Jefferson County to perform or cause to be performed, at the remedy such conditions or provide compliance with such directions.

SPECIFICATIONS

General

The applicant shall comply with the rules, regulations, principles, and specifications contained here and/or the directions of the County Engineer, or his representatives. Should the County Engineer or his representatives find that the applicant is not in compliance with said rules, regulations, principles, specifications and directions, he will require that the applicant cease all work until such compliance can be obtained. Failure to comply with said rules, regulations, specifications and directions will be cause for issuance of a "Stop Work Order" until such time as said defects are corrected.

Line Crossing, Method of Placement (See Standard Detail)

Any utility or common carrier pipeline crossing a public road, regardless of roadway surfacing or lack thereof, shall be bored, jacked or driven under the roadway and shall be placed in an iron, steel or other approved casing of approximately the same diameter as the utility or common carrier pipeline. Such casing shall extend one hundred and twenty (120) feet or the width of the right-of-way, plus one foot on each side of the right-of-way, whichever is greater with the casing location to be determined by the Jefferson County Engineering Department.

Water jetting will not be allowed. Excavation will not be allowed within the road right-of-way.

A minimum cover of six (6) feet must be provided under road ditches.

Uncased, protected lines must have a minimum cover of eight (8) feet.

Where evidence is presented indicating the impracticality of boring, jacking, or driving the line under the roadway, Commissioners' Court may at its option, grant permission for placement by open cut or require relocations of the crossing to another location where the line can be successfully installed by the specified method.

Where placement by open cut is allowed by Commissioners' Court, it shall be in compliance with these specifications:

- a. Casing The line will be fully cased for one hundred and twenty (120) feet or the width of the right-of-way, plus one foot on each side of the right-of-way, whichever is greater; with the casing location to be determined by the Jefferson County Engineering Department.
- b. Backfill The line must be properly bedded to prevent settlement or damage to the line. The excavation shall be backfilled with cement stabilized sand (1 ½ sack per cubic yard) to within 2" of the sub-base and compacted.
- c. Base The base shall be replaced with crushed limestone base material from 2" below the existing base to 1" below the existing top of base and compacted to a minimum 95% Proctor density. In no case shall the compacted thickness of the replacement base be less than 6".
- d. Surface
 1. Dirt, Shell or Gravel Surface The original surface shall be replaced with an equal thickness of shell or gravel, but in no case less than 6" of well-compacted material will be accepted.
 2. Bituminous Surface The original surface shall be replaced with a 1" greater thickness of hot mix, hot laid, asphaltic concrete, but in no case less than 2" thick.
 3. Concrete Surface The original surface shall be replaced with 1" greater thickness of minimum 3000 psi Portland Cement concrete, in no case less than 6" thick. Concrete must be replaced in full panel sections only. Replacement concrete is to be reinforced with ½" diameter deformed reinforcing steel bars, 12" on center or equal. Replacement sections must be accurately positioned with reference to existing sections by means of steel dowel bars. Bituminous overlays or concrete shall be replaced with an equal thickness of hot mix, hot laid asphaltic concrete.

Where a line is installed outside of the roadway area, the excavation may be backfilled with excavated material compacted in 6" lifts, and the right-of-way shall be reshaped to its original contours. Excess excavation shall be hauled away.

Lines paralleling Method of Placement (See Standard Detail)

Where the right-of-way is available, no lines shall be placed closer than ten (10) feet to the edge of pavement nor closer than twenty feet from the center line of a road where the road is not paved. No line shall be placed less than three feet below the flow-line of a road ditch without the permission of Jefferson County Commissioners' Court. (See Standard Detail)

Lines may be placed by an open cut of the road shoulder. When excavated material from the cut is piled along the cut, the permittee shall provide minimum 12" wide weep holes at maximum 200-foot intervals and at all low places to allow drainage of the road and adjacent property into the road ditch.

The line shall be properly bedded and may be backfilled with the excavated material compacted in 6" layers. Excess excavation must be hauled away.

Pole, Lines, Location

Utility lines for the transmission of electrical power, or for telephone or telegraph communications, or for similar purposes, may be installed above ground on timber or other sturdy poles. Poles shall be placed as close as practical to the right-of-way lines but in no case closer than fifteen (15) feet from the edge of pavement without the permission of Commissioners' Court.

No guy wires may be anchored within the right-of-way except in the outer one-foot on each side.

Care shall be taken in the placement of poles to minimize the danger that they present to vehicular traffic. The applicant may in some cases be required to construct guardrails for the protection of the public.

Care shall be taken in the placement of poles to avoid damage to existing underground lines. No poles will be placed where they will block drainage.

Pole lines crossing public roads must provide a minimum twenty-two (22) foot vertical clearance.

Inspection Notice

The permittee will notify the County Engineer, (409) 835-8584, at least 48 hours in advance of the start of construction, or of the resumption of construction if discontinued for more than 5 working days.

Line Markers

All lines crossing public roads shall be identified with appropriate markers installed three (3) feet above ground on metal posts located at the point where such line crosses the right-of-way line.

Lines paralleling shall be marked with similar markers every 400 feet, but in no event less than one city block. Lines paralleling shall be marked with similar markers at all angle points. Such markers shall be placed on the right-of-way line and the offset to the line indicated.

Traffic Control

The applicant shall maintain at least one lane of traffic in each direction open at all times unless permission to the contrary is granted by the County Engineer.

The applicant shall provide all necessary flagmen, barricades, flashers and any other traffic control devices necessary for the protection of the public and of his own personnel.

Bonds

The common carrier applicant will provide a performance bond as Jefferson County Commissioners' Court may require to provide for the protection of public property. The minimum bond required shall be \$5,000.00 per crossing and \$50,000.00 per mile of parallel construction or fraction thereof.

Significantly larger bonds may be required if judged necessary by Jefferson County Commissioners' Court. No work will begin until the County Engineer has been furnished such bond.

Application Fee

The common carrier application fee shall be \$100.00 per road crossing and \$150.00 per mile of parallel construction or fraction thereof.

ROUTE MAP

Applicant shall submit with application five (5) prints of the County Road Map accurately showing the location and alignment of the line, including all angle points and all tie-ins for crossings of roads and major streams. Applicant shall use the official Jefferson County Road Map at a scale of 1" = 3 miles. This map can be obtained through the office of the County Engineer.

This letter is to provide notice of proposed work for providing public utility of data communications in the rights of ways of affected streets in the County's jurisdiction. Please see the plan set attachment for consideration of no objection to proposed work included with this request. Notice is hereby given that AT&T Communications "Company" is proposing work that affects rights of ways of the following streets that can be described as follows:

FROM AN EXISTING HAND HOLE IN THE NORTH EAST R.O.W. OF BURRELL-WINGATE RD. 633 FEET NORTH OF THE CENTERLINE OF WHEAT LN. WITH COORDINATES OF 29°54'48.0"N & 94°14'22.9"W, AT&T PROPOSES TO PLACE FIBER OPTIC CABLE INSIDE 1.25" HDPE INNERDUCT CONDUIT AT A 36" MINIMUM DEPTH OF COVER, PARALLEL TO & OFFSET 3 FEET FROM THE NORTHEASTERN R.O.W. AND AFTER CROSSING KINDER MORGAN'S PIPELINE EASEMENT USING 2" GIP (GALVANIZED IRON PIPE) CONDUIT AT A 60" MINIMUM DEPTH OF COVER WITH 24" MINIMUM VERTICAL CLEARANCE FROM ALL EXISTING PIPELINES, TO CONTINUE DIRECTIONAL BORING USING 1.25" HDPE INNERDUCT CONDUIT AT A 36" MINIMUM DEPTH OF COVER, CROSSING KATY LN, PLACING A 24"X36"X24" HAND HOLE 103 FEET NORTH OF THE CENTERLINE OF KATY LN, CROSSING OLD FANNET RD, CROSSING WIGGINS RD, AND PLACING A SECOND 24"X36"X24" HAND HOLE 74 FEET NORTH OF THE CENTERLINE OF WIGGINS RD, AN PLACING A THIRD 24"X36"X24" HAND HOLE 1,033 FEET EAST OF THE CENTERLINE OF TX-124, BEFORE BORING SOUTH & CROSSING BURRELL-WINGATE RD AND EXITING THE SOUTHERN R.O.W. AND TERMINATING AT CUSTOMER PROPERTY LOCATED AT 23395 BURRELL-WINGATE RD IN BEAUMONT, TX 77705.

The location and description of proposed work and appurtenances is more fully shown by drawings attached to this notice, Note applicant's exemption from providing an engineer's seal to proposed plans, drawings and other documents per Occupations Code Title 6: <https://statutes.capitol.texas.gov/docs/oc/htm/oc.1001.htm>

The line will be constructed and maintained on the street right-of-way as shown on the attached drawings and as directed by the County in accordance with governing laws.

Company acknowledges proper traffic control measures complying with applicable portions of the Texas Manual of Uniform Traffic Control Devices required for adoption by the "Uniform Act Regulating Traffic on Highways" (V.A.C.S. Art. 6701d).

Proposed construction is requested to begin on or after the 31st day of December, 2022 or as soon as possible.

GENERAL NOTES

1. Flags attached to signs where shown are REQUIRED.
2. All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
3. Inactive work vehicles or other equipment should be parked near the right-of-way line and not parked on the paved shoulder.
4. A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of new exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
5. Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.
6. See TCPS-15/1 for shoulder work on divided highways, expressways and freeways.
7. CW2-5 "SHOULDER WORK" signs may be used in place of CW20-1D "ROAD WORK AHEAD" signs for shoulder work on conventional roadways.

STATE OF TEXAS
COUNTY OF JEFFERSON

COMMISSIONERS' COURT
OF JEFFERSON COUNTY, TEXAS

AN ORDER REGARDING ROAD USE IN
JEFFERSON COUNTY

1. Pursuant to Transportation Code Chapter 251.003, the Commissioners Court may make and enforce all necessary rules and orders for the construction and maintenance of public roads; and
2. Jefferson County has suffered extensive damage to its roads as a result of persons and entities hauling loads that exceed the weight limits of such roads; and
3. Jefferson County has been required to expend monies it did not budget to repair of roads damaged by those hauling excessively heavy loads; and
4. The Commissioners Court of Jefferson County, Texas finds it necessary to require that persons, firms or entities who will haul loads, which exceed the weight limits of county roads, first enter into an agreement to pay for costs of repairs occasioned by their hauling excessively heavy loads.

The Commissioners Court of Jefferson County, Texas does hereby adopt the attached Road Use Agreement to be executed by those who will haul loads which exceed the weight limit of any Jefferson County, Texas road.

Read and adopted by a vote of 4 ayes and 0 nays.

COUNTY OF JEFFERSON

ROAD USE AGREEMENT BETWEEN JEFFERSON COUNTY
AND PALNG COMMON FACILITIES COMPANY, LLC

WHEREAS, PALNG Common Facilities Company, LLC (hereinafter "Company") intends to conduct construction of Entergy Substation Pad _____ [describe operation], (hereinafter the "Project") at a site located on _____ certain property owned by Company adjacent to _____ county road name) located in Precinct No. 3; and _____ Keith Lake Boat Ramp Road

WHEREAS, the proposed project will require the transportation of heavy equipment or loads (loads shall include any building supplies, material or other bulk loads, including rock, gravel, cement, asphalt, timber, etc. in amounts that exceed the capacity of the road) over one or more Jefferson County, Texas road(s) identified as: [1st road name] and County [2nd road name]:

1. County Road Keith Lake Boat Ramp Road,
2. County Road _____; and

WHEREAS, the weight of the equipment will exceed the load bearing capacity of the identified county roads and bridges on the proposed route; and

WHEREAS, the transportation of the equipment or loads may cause substantial damage to the county roads and bridges; and

WHEREAS, Company and Jefferson County, Texas (hereinafter "County") agree that the transportation of this equipment or loads is necessary for the Project and that the County should be compensated for any damages or additional maintenance costs incurred by the County as a result of the Project; and

WHEREAS, the Company and County hereby agree and contract as follows:

1. Company may utilize County road Keith Lake Boat Ramp Road and County road _____ for the transport of all necessary equipment and/or loads to the Project location on the designated county roads without weight limitations for a time period from a commencement date of December 12th, 2022 to a termination date of December 12th, 2023. The Project time period may be extended only by written agreement of the County after not less than five (5) days notice of a need for extension by Company.
2. Company shall pay County its actual cost, including labor, equipment use (including fuel, depreciation and overhead costs) and materials, for all repairs, replacement or maintenance incurred as a result of the transport of equipment to or from the Project location. An estimate of these costs is attached as Exhibit 1 and incorporated herein by reference.
3. Company shall provide County details of preliminary work Company will perform prior to use of road, for example: install two 1" X 8' X 25' steel plates across the bridge located north of the intersection of County [road name: _____] and County [2nd road name: _____] for additional support.

4. Company shall provide a surety bond in the sum of [\$ 20,000 Estimated cost] dollars with the County Treasurer of Jefferson County, Texas upon execution of this agreement. All provisions of this agreement are contingent upon review and approval of the bond by the Jefferson County, Texas Commissioners Court. The bond shall provide for prompt payment by the surety upon demand by County for the repairs, replacement and maintenance costs incurred to return the road to substantially the same condition the road possessed prior to the commencement date of the project. However, the liability of Company for such costs is not limited to the face amount of the bond and Company agrees to pay any additional sums actually incurred to return the road to substantially the same condition of the road prior to the commencement date upon demand.
5. Company agrees to provide 48 hours notice to the County Commissioner or Road Superintendant for Precinct No. 3 of Jefferson County, Texas before transporting any equipment on County [road name: Keith Lake Boat Ramp Road and County [2nd road name: _____] that would interrupt the normal flow of traffic. Company agrees to bear the cost of any County manpower and equipment necessary to interrupt and redirect traffic during any interruption of the normal flow of traffic.

Jefferson County's Overweight Policy

COUNTY OF JEFFERSON §

STATE OF TEXAS §

BE IT REMEMBERED at a meeting of Commissioners' Court of Jefferson County, Texas, held on the 23rd day of August, 1999, on motion made by Jimmie P. Cokinos, Commissioner of Precinct No. 1, and seconded by Waymon D. Hallmark, Commissioner of Precinct No. 3, the following Resolution was adopted:

WHEREAS, a public hearing was held on the 9th day of August, 1999 at 10:00 A.M. in the Jefferson County Commissioners' Courtroom, 4th Floor, Jefferson County Courthouse, Beaumont, Texas to discuss the establishment of maximum load limits for all county roads in Jefferson County, and

WHEREAS, notice of said public hearing was published in a newspaper with county wide circulation one time, giving at least seven (7) days but not more than thirty (30) days notice of said hearing as required by Section 251.152, Transportation Code.

It is therefore RESOLVED and ORDERED that the following weight limitations be and hereby are established for all vehicular traffic on county roads pursuant to and in accordance with the county's authority under Section 621.301, Transportation Code.

(a) A vehicle or combination of vehicles may not be operated over or on a county road if the vehicle or combination exceeds the maximum weight of load as specified in Section 621.101, Transportation Code, to wit:

(1) an axle that carries a load heavier than:

- A. 16,000 pounds on high-pressure tires; or
- B. 20,000 pounds on low-pressure tires, including all enforcement tolerances as established in the Transportation Code.

(2) a tandem axle weight heavier than 34,000 pounds, including all enforcement tolerances as established in the Transportation Code.

(3) an overall gross weight on a group of two or more consecutive axles heavier than the weight computed using the following formula and rounding the result to the nearest 500 pounds:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

Where:

"W" is maximum overall gross weight on the group;

"L" is distance in feet between the axles of the group that are the farthest apart; and

"N" is number of axles in the group;

(4) a weight heavier than:

- A. 600 pounds for each inch of tire width concentrated on the surface of the highway on a wheel using high-pressure tires; or
- B. 650 pounds for each inch of tire width concentrated on the surface of the highway on a wheel using low-pressure tires; or

(5) a wheel that carries a load heavier than:

- A. 8,000 pounds on high-pressure tires; or
- B. 10,000 pounds on low-pressure tires.

(b) Notwithstanding Subsection (a)(3), two consecutive sets of tandem axles may carry a gross load of not more than 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets is 36 feet or more. The overall gross weight on a group of two or more consecutive axles may not be heavier than 80,000 pounds, including all enforcement tolerances as established in the Transportation Code.

(c) For the purposes of this ORDER, the load carried on an axle is the total load transmitted to the road by all wheels the centers of which can be included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle.

Notwithstanding any other provision of this Resolution, the following roads are excluded from the Resolution and are limited to the gross weight limits as indicated:

Hillebrant Road from Humble Road to Hwy. 365 – in Precinct No. 4 and 2. – 10,000 pounds.

It is further RESOLVED and ORDERED that any vehicular traffic exceeding any of the foregoing weight limits be and hereby is divided into two categories:

CATEGORY 1: OVERWEIGHT VEHICLES – Vehicles exceeding any of the foregoing weight limits but which does not exceed 100,000 pounds in overall gross weight on a group of two or more consecutive axles.

CATEGORY 2: SUPERHEAVY VEHICLES – Vehicles exceeding any of the foregoing weight limits with an overall gross weight on a group of two or more consecutive axles exceeding 100,000 pounds.

It is further RESOLVED and ORDERED that any vehicular traffic classified in Category 1 and not possessing a valid State permit for overweight vehicles must first notify the precinct Commissioner and/or foreman in the precinct or precincts in which it will operate and then obtain a permit from the Jefferson County Engineer. The initial permit granted by the County Engineer shall be valid for a period of ninety (90) days from the date of its issuance. During this ninety (90) day period it shall be the duty of anyone desiring to operate overweight vehicles to request a permit from the Jefferson County Commissioners' Court. An operator of an overweight vehicle may be required by the Commissioner's Court to execute a bond in an amount sufficient to guarantee the payment of any damages to any County road or County bridge sustained as a consequence of the transportation authorized by the State or County permit. The granting of permits under this provision shall be in accordance with Section 623.018, Transportation Code.

It is further RESOLVED and ORDERED that any vehicular traffic classified in Category 2 and not possessing a valid state permit for overweight vehicles will be allowed to operate on county roads after notifying the precinct Commissioner and/or foreman in the precinct or precincts in which it will operate, and after obtaining a Category 2 overweight permit from the County Engineer. The initial permit granted by the County Engineer shall be valid for a ninety (90) day period; it shall be the duty of anyone desiring to operate superheavy vehicles to request a permit from the Jefferson County Commissioners' Court. An operator of a superheavy vehicle may be required by the Commissioners' Court to execute a bond in an amount sufficient to guarantee the payment of any damages to any County road or County bridge sustained as a consequence of the transportation authorized by the County permit. The granting of

permits under this provision shall be in accordance with Section 623.018, Transportation Code. A \$200.00 fee shall be charged for Category 2 superheavy permits.

It is therefore RESOLVED and ORDERED that the following:

Who Must Apply

Any person, company or corporation wishing to operate a motor vehicle, trailer, semitrailer, or combination of those vehicles, or a truck-tractor or combination of a truck-tractor and one or more other vehicles, that is in itself overweight, oversize or overlength, or while in the action of transporting a commodity, is overweight, oversize or overlength, on the roadways of Jefferson County, or in the opinion of the County Engineer could severely damage the roadway.

A maximum weight set under this resolution does not apply to a vehicle delivering groceries or farm products to a destination requiring travel over a road for which the maximum is set.

A maximum weight or load set under this policy becomes effective on a highway or road when appropriate signs giving notice of the maximum weight or load are erected on the highway or road under order of the Commissioners Court.

Any person, company or corporation in possession of a valid and current overweight vehicle permit issued by the State of Texas, as defined in the State of Texas' Transportation Code, section 623.011, "Permit For Excess Axle Or Gross Weight", is exempt from having to obtain an overweight vehicle permit from Jefferson County. Any person, company or corporation issued a state permit under the above section must provide copies of the issued permit and bonds provided to the state, along with the completed permit application to the address listed below under Application.

The permittee shall comply with all rules, regulations, principals and specifications herein contained and any others subsequently adopted by the Jefferson County Commissioners' Court prior to the issuance of the permit.

Application

The permittee must complete seven (7) copies of the form herein contained, outlining in detail the purpose and route of the overweight vehicle. A plat of the project area identifying the location and route of the overweight vehicle, including roads, major stream crossings, survey lines, scale, northerly direction and property ownership.

A current USGS (United States Geological Survey) 7.5' Quad map with the location and route of the overweight vehicle, including roads, major stream crossings, survey lines, scale, northerly direction and property ownership will satisfy the plat requirements.

The completed application forms and maps must be returned to:

Jefferson County Engineering Department

1149 Pearl Street – 5th Floor

Beaumont, Texas 77701

Changes and Alterations

Advance notification in writing will be required for any changes or alterations in the Overweight Vehicle Permit except in emergency situations where the safety of the public would be endangered.

In any such emergency, contact the County Engineer by phone (409) 835-8584 and inform him/her of the emergency situation and any proposed solution. As soon as practical, but no later than 48 hours after starting the emergency response, the permit holder shall notify the County Engineer in writing of the emergency response effected, in detail and the reason(s) immediate action was necessary.

Time Limits

The permit holder is allowed ninety (90) days from the granting of the permit to complete operations. If the permit holder can not complete the work within the allowed time frame specified, the permit holder may re-apply. Any re-application must be completed prior to the expiration of the previously issued permit.

Bonds

Permit holder shall have in force with Jefferson County a performance bond in the principal amounts of **\$10,000.00** for each roadway crossing and **\$100,000.00** per mile or fraction thereof or **\$25,000.00** per culvert crossing. The bond shall be payable to Jefferson County for the use and benefit of protecting against damage to Jefferson County's property.

The bond shall provide that it may not be cancelled, altered or otherwise modified without fifteen (15) days prior written notice to Jefferson County. The bond shall be good and in effect for the length of the permit or such time as operations may be reasonably expected to be in effect.

Violations of this order shall be adjudicated in accordance with Section 251.161, Transportation Code which provides that a violation of a County Weight Limit Order is a misdemeanor which will be punished by a fine not to exceed \$50.00 for the first offense; a fine not to exceed \$200.00 for the second offense; and for each subsequent offense a fine not to exceed \$500.00; confinement in the county jail for a period not to exceed 60 days; or both the fine and confinement.

This resolution supersedes and repeals the 1986 resolution of the Jefferson County Commissioners' Court concerning maximum weight limits for County roads, and shall be in full force and effect from the 23rd day of August, 1999.

PASSED this 23rd day of August, 1999.

Ref: Out of State Travel Request

In reference to the "Out of State Travel Policy", I would like to provide answers to the four asked questions:

Q. 1. Is the trip budgeted? If not, how is the trip to be funded?

A. 1. No, the trip was not budgeted as there are no expenses incurred during this training. Per diem and lodging are provided, travel expenses are paid by the United States Secret Service.

Q. 2. Is the training mandatory, or does the training directly impact the employee's assigned job duties?

A. 2. Yes, the training is essential for my performance as an investigator assigned to investigate crimes involving requiring surveillance video recovery.

Q. 3. Does the benefit appear to be worth the cost?

A. 3. There is no cost, and the benefit directly improves my ability to function in my assigned duties. The course provides a significant amount of training at no cost.

Q. 4. Is the training available locally or within Texas at a lower rate?

A. 4. No. The National Computer Forensics Institute is located in Hoover, Alabama. It is the only facility of its kind that provides this training and equipment, at no cost.
