

AGENDA ITEM

February 27, 2017

Consider and possibly approve a Resolution supporting establishment of the PACE Program for Jefferson County and authorize the County Judge to execute the Required Report publication of the required report for same pursuant to Texas Local Government Code, Chapter 399 (the PACE Act).

Resolution

STATE OF TEXAS

§ COMMISSIONERS' COURT

§

COUNTY OF JEFFERSON

§ OF JEFFERSON COUNTY, TEXAS

BE IT REMEMBERED at a meeting of Commissioners' Court of Jefferson County, Texas, held on the 27 day of February, 2017, on motion made by Everette Alfred Commissioner of Precinct No. 4, and seconded by Michael Sinegal, Commissioner of Precinct No. 3, the following RESOLUTION was adopted:

PACE RESOLUTION

WHEREAS, The 83rd Regular Session of the Texas Legislature enacted the Property Assessed Clean Energy Act, Texas Local Government Code Chapter 399 (the "PACE Act"), which allows the governing body of a local government, including a County, to designate an area of the territory of the local government as a region within which an authorized local government official and the record owners of commercial, industrial, and large multifamily residential (5 or more dwelling units) real property may enter into written contracts to impose assessments on the property to repay the financing by the owners of permanent improvements fixed to the property intended to decrease water or energy consumption or demand; and

WHEREAS, the installation or modification by property owners of qualified energy or water saving improvements to commercial, industrial, agricultural, and large multifamily residential real property in Jefferson County will further the goals of energy and water conservation without cost to the public; and

WHEREAS, the Commissioners Court finds that financing energy and water conserving projects through contractual assessments ("PACE financing") furthers essential government purposes, including but not limited to, economic development, reducing energy consumption and costs, and conserving water resources; and

WHEREAS, the Commissioners Court, subject to the public hearing scheduled as provided below, at which the public may comment on the proposed program and the report issued contemporaneously with this resolution, finds that it is convenient and advantageous to establish a program under the PACE Act and designate the entire geographic area within the County's jurisdiction as a region within which a designated Jefferson County representative and the record owners of qualified real property may enter into PACE financing arrangements:

THEREFORE, BE IT RESOLVED by the Commissioners Court of Jefferson County that:

1. The Recitals to this Resolution are true and correct and are incorporated into this Order for all purposes.
2. Jefferson County hereby adopts this Resolution of Intent and finds that financing qualified projects through contractual assessments pursuant to the PACE Act is a valid public purpose.
3. Jefferson County intends to make contractual assessments to repay PACE financing for qualified energy or water conserving projects available to owners of commercial, industrial, agricultural, and large multifamily residential real property. The program is to be called Jefferson County Property Assessed Clean Energy ("Jefferson County PACE").
4. The following types of projects are qualified projects for PACE financing that may be subject to such contractual assessments: Projects that (a) involve the installation or modification of a permanent improvement fixed to privately owned commercial, industrial, or agricultural real property or residential real property with five (5) or more dwelling units, and (b) are intended to decrease energy or water consumption or demand, including a product, device, or interacting group of products or devices on the customer's side of the meter that uses energy technology to generate electricity, provide thermal energy, or regulate temperature.

An assessment may not be imposed to repay the financing of facilities for undeveloped lots or lots undergoing development at the time of the assessment or the purchase or installation of products or devices not permanently fixed to real property.

5. The boundaries of the entire geographic area within Jefferson County's jurisdiction are the boundaries of the region where PACE financing and assessments can occur.
6. Financing for qualified projects under the PACE program will be provided by qualified third-party lenders chosen by the owners. Such lenders will execute written contracts with Jefferson County's representative to service the assessments, as required by the PACE Act. The contracts will provide for the lenders to determine the financial ability of owners to fulfill the financial obligations to be repaid through assessments, advance the funds to owners on such terms as are agreed between the lenders and the owners for the installation or modification of qualified projects, and service the debt secured by the assessments, directly or through a servicer, by collecting payments from the owners pursuant to contracts executed between the lenders and the owners. The lender contracts will provide that Jefferson County will maintain and continue the assessments for the benefit of such lenders and enforce the assessment lien for the benefit of a lender in the event of a default by an owner. Jefferson County will not, at this time, provide financing of any sort for the PACE program.
7. Jefferson County will contract with a qualified non-profit organization to be the independent third-party Authorized Representative.
8. Jefferson County will consult with the County Tax Assessor/Collector for the Jefferson County.
9. The report on the proposed PACE program prepared as provided by Tex. Local Gov't Code Sec. 399.009, is available for public inspection on the Internet Website of Jefferson County and is incorporated in this resolution and made a part hereof for all purposes.
10. The County Commissioners Court will hold a public hearing on the proposed PACE program and report on [date] at 3/20/17 at 1:30 PM in the Commissioners' Courtroom, Jefferson County Courthouse, 1149 Pearl Street, Beaumont, TX 77701.

SIGNED this 27th day of FEBRUARY, 2017.

JUDGE JEFF R. BRANICK
County Judge

COMMISSIONER EDDIE ARNOLD
Precinct No. 1

COMMISSIONER MICHAEL S. SINEGAL
Precinct No. 3

COMMISSIONER BRENT A. WEAVER
Precinct No. 2

COMMISSIONER EVERETTE D. ALFRED
Precinct No. 4

REPORT REQUIRED BY TEXAS LOCAL GOVERNMENT CODE SECTION 399.009

FOR PROPOSED JEFFERSON COUNTY

PROPERTY ASSESSED CLEAN ENERGY (PACE) PROGRAM

This Report is adopted by Jefferson County Commissioners Court for the Jefferson County Property Assessed Clean Energy (PACE) Program (**the “program”**) in accordance with the requirements of the Property Assessed Clean Energy Act (**the “PACE Act”**) as set forth in Texas Local Government Code Chapter 399.

Jefferson County and its constituents benefit when older existing buildings are modified with new technology and equipment that increases energy efficiency and reduces water consumption. As described in this Report, Jefferson County is establishing the commercial PACE Program to encourage private sector investment in energy efficiency and water conservation. The PACE program will be offered to property owners on a strictly voluntary basis and will not require the use of any public funds or resources.

Authorized under the PACE Act enacted in 2013, the PACE program is an innovative financing program that enables private sector owners of privately owned commercial, industrial, and multi-family residential properties with five or more dwelling units to obtain low-cost, long-term loans to pay for water conservation, energy-efficiency improvements, and renewable energy retrofits. PACE loans provide up to 100% financing of all project costs, with little or no up-front out-of-pocket cost to the owner. The 2015 legislative session streamlined the process.

Loans made under the PACE Program will be secured by assessments on the property that are voluntarily imposed by the owner. Assessments may be amortized over the projected life of the improvements. The annual utility cost savings derived from improvements financed with PACE loans are expected to exceed the amount of the annual assessment payments. In turn, these improvements are able to generate positive cash flow upon installation because the debt service will be less than the savings.

PACE assessments are tied to the property and follow title from one owner to the next. Each owner is responsible only for payment of the assessments accruing during its period of ownership. When the property is sold, the payment obligation for the remaining balance of the assessment is transferred automatically to the next owner. As a result, the program will help property owners overcome market barriers which often discourage investment in energy efficiency and water conservation improvements.

1. Eligible Properties

The Jefferson County PACE program is a strictly voluntary program. All private sector owners of Eligible Properties located within the County PACE region may participate in PACE

financing. ***“Eligible Properties”*** include commercial, industrial, and multi-family residential properties with five or more dwelling units. Government, residential¹, and undeveloped property and property undergoing development at the time of the assessment are not Eligible Properties.

2. Qualified Improvements

PACE financing may be used to pay for Qualified Improvements to Eligible Properties.

“Qualified Improvements” are permanent improvements intended to decrease water or energy consumption or demand, including a product, device, or interacting group of products or devices on the customer’s side of the meter that use energy technology to generate electricity, provide thermal energy, or regulate temperature. Under the PACE Act, products or devices that are not permanently fixed to real property are not considered to be Qualified Improvements.

The following items may constitute Qualified Improvements:

- High efficiency heating, ventilating and air conditioning (“HVAC”) systems
- High efficiency chillers, boilers, and furnaces
- High efficiency water heating systems
- Energy management systems and controls
- Distributed generation systems
- High efficiency lighting system upgrades
- Building enclosure and envelope improvements
- Water conservation and wastewater recovery and reuse systems
- Combustion and burner upgrades
- Heat recovery and steam traps
- Water management systems and controls (indoor and outdoor)
- High efficiency irrigation equipment

3. Benefits of PACE to Property Owners

The PACE program will enable owners of Eligible Properties to overcome traditional barriers to capital investments in energy efficiency and water conservation improvements, such as unattractive returns on investment, split incentives between landlords and tenants, and uncertainty of recouping the investment upon sale of the property.

By financing Qualified Improvements through the program, property owners may achieve utility cost savings that exceed the amount of the assessment and reduce their exposure to utility price volatility. As a result, the value of the property will be enhanced, and the owner will only be obligated to pay the assessment installments that accrue during its period of ownership of the property. Additionally, by investing in energy efficiency and water conservation with PACE financing, property owners may also qualify for various rebate, tax credit, and incentive programs offered by utility providers and state or federal governmental authorities to encourage these types of investments.

4. Benefits of PACE to the County

¹ This encompasses single family residential and any multi-family properties less than five units.

Several commercial, agricultural and industrial buildings, plants and multifamily buildings require alterations to make them more energy efficient, water efficient and environmentally friendly to reduce the growing drain on our energy and water supplies and to improve air and water quality. They and many residential occupants may benefit from the financing options available through PACE to enable them to proceed with long range plans now rather than have to wait for other financing availability.

Among other things, projects financed through PACE will:

- Enable property owners and occupants to save substantial amounts in utility costs
- Reduce demand on the electricity grid
- Mitigate greenhouse gas emissions associated with energy generation
- Enhance the value and efficiency of existing buildings
- Boost the local economy by creating new job opportunities for laborers and new business opportunities for contractors, engineers, commercial lenders, professionals, and equipment vendors and manufactures
- Increase business retention and expansion in the PACE region by enabling cost effective energy and water saving updates to existing property
- Improve productivity through optimized energy usage
- Support the State's water conservation plan
- Better enable the County to meet its water conservation goals

Finally, there are multiple regulatory schemes being promulgated by EPA that will have significant impacts on air quality in Texas. For example, the recent adjustment in the NAAQS to a lower standard increased the difficulty for the County to maintain its attainment status. Being non-attainment for priority pollutants in the Clean Air Act endangers federal transportation funding. Through the reduction in energy consumption, as a result of the PACE program, there will be a decreased demand for power resulting in lower emissions from power plants.

The PACE program requires minimal support from the County. It is designed to be self-sustaining. Furthermore, because the PACE program is tax neutral, it achieves all of the benefits listed in this Report without imposing a burden on the County's general fund.

The 84th Texas Legislature added a provision that explicitly shields the County and its employees from liability resulting from administering a PACE program.²

5. The Benefits of PACE to Lenders

PACE loans are attractive to lenders because they are very secure investments. Like a property tax lien, the assessment lien securing the PACE loan has priority over other liens on the property. Therefore, the risk of loss from non-payment of a PACE loan is low compared to most other types of loans. PACE assessments provide lenders with an attractive new product to assist existing and new customers in addressing an almost universal pent-up demand for needed commercial and industrial property equipment modernization. In order to protect the interests of

² TX. Local Gov't Code §399.019.

holders of existing mortgage loans on the property, the PACE Act requires their written consent to the PACE assessment as a condition to obtaining a PACE loan.

6. The Benefits of PACE to Contractors, Engineers, and Manufacturers

PACE loans provide attractive sources of financing for water and energy saving retrofits and upgrades, thereby encouraging property owners to make substantial investments in existing commercial and industrial buildings. As a result, PACE will unlock business opportunities for contractors, engineers, and manufacturers throughout the commercial and industrial sectors.

7. Administration of the PACE Program

Under the PACE Act, the establishment and operation of the program are considered to be governmental functions. The PACE Act further authorizes the County to enter into a contract with a third party to provide administrative services for the PACE program (the “*Authorized Representative*”). Jefferson County may delegate administration of the PACE program to a qualified, non-profit organization that can administer the program at no cost to the County. The Authorized Representative will be funded by transaction fees paid by the parties, charitable grants or other sources of revenue. The Authorized Representative will not receive compensation or reimbursement from the County.

8. Eligible Lenders

The PACE Act does not set criteria for financial institutions or investors to be PACE lenders. The County will follow best practices of other PACE programs by recommending that lenders be:

- Any federally insured depository institution such as a bank, savings bank, savings and loan association and federal or state credit union;
- Any insurance company authorized to conduct business in one or more states;
- Any registered investment company, registered business development company, or a Small Business
- Small business investment company;
- Any publicly traded entity; or
- Any private entity that:
 - Has a minimum net worth of \$5 million; and
 - Has at least three years’ experience in business or industrial lending or commercial real estate lending (including multifamily lending), or has a lending officer that has at least three years’ experience in business or industrial lending or commercial real estate lending; and
 - Can provide independent certification as to availability of funds; and
- All lenders must have the ability to carry out, either directly or through a servicer, the bookkeeping and customer service work necessary to manage the assessment accounts.

Any lender can participate in the PACE program as long as it is a financially stable entity with the ability to carry out, either directly or through a servicer, the bookkeeping and customer

service work necessary to manage the assessment accounts. The property owner, not the County or the Authorized Representative, selects the lender.

The PACE administrator will not guarantee or imply that funding will automatically be provided from a third-party lender, imply or create any approval, endorsement or certification of, or responsibility for, any lender; or create any type of express or implied favoritism for any eligible lender.

9. Components of the PACE Program

As required under Section 399.009 of the PACE Act, the following describes all aspects of the PACE Program:

- a. Map of Region. A map of the boundaries of the region included in the program is attached to this Report as Exhibit 1. The region encompasses the Jefferson County limits.
- b. Form Contract with Owner. A form contract between Jefferson County and the record owner of the Eligible Property is attached as Exhibit 2. It specifies the terms of the assessment under the PACE program and the financing to be provided by an Eligible Lender of the property owner's choosing.
- c. Form Contract with Lender. A form contract between Jefferson County and the Eligible Lender chosen by a property owner is attached to this Report as Exhibit 3. It specifies the financing and servicing of the debt through assessments.
- d. Qualified Improvement. The following types of projects are qualified improvements that may be subject to contractual assessments under the PACE program:

Projects that (a) involve the installation or modification of a permanent improvement fixed to privately owned commercial, industrial or residential real property with five (5) or more dwelling units;³ and (b) are intended to decrease energy or water consumption or demand by installing a product, device, or interacting group of products or devices on the customer's side of the meter that uses energy technology to generate electricity, provide thermal energy, or regulate temperature.⁴

A sample list of potential Qualified Improvements appears in Section 2 above.

The PACE program may not be used to finance improvements to undeveloped lots or lots undergoing development at the time of the assessment, or for the

³ TX. Local Gov't Code §399.002(5).

⁴ TX. Local Gov't Code §399.002(3).

purchase or installation of products or devices not permanently fixed to real property.⁵

- e. Authorized Representative. HB 3187 was signed into law on June 16, 2015. It authorizes Jefferson County to delegate administration of the PACE program to a third-party "representative." Jefferson County may delegate all official administrative responsibilities, like the execution of individual contracts with property owners and lenders, to an Authorized Representative. This relationship will be monitored and maintained by the County Judge or his designee.
- f. Plans for Insuring Sufficient Capital. Lenders will extend loans to finance Qualified Improvements. Financing documents executed between owners and lenders will impose a contractual assessment on Eligible Property to repay the owner's financing of the Qualified Improvements. The lenders will ensure that property owners demonstrate the financial ability to fulfill the financial obligations to be repaid through contractual assessments.
- g. No Use of Bonds or Public Funds. Jefferson County does not intend to issue bonds or use any other public monies to fund PACE projects. Property owners will obtain all financing from the Eligible Lenders they choose.
- h. Limit on Length of Loan. One of the statutory criteria of a PACE loan is that the assessment payment period cannot exceed the useful life of the Qualified Improvement that is the basis for the loan and assessment. As part of the application process, the property owners will submit a third-party review showing the water or energy baseline conditions and the projected water or energy savings. This review will aid the Authorized Representative in making a determination that the period of the requested assessment does not exceed the useful life of the Qualified Improvement.
- i. Application Process. The Authorized Representative will accept applications from property owners seeking to finance Qualified Improvements under the program. Each application must be accompanied by the required application fee and must include:
 - (1) A description of the specific Qualified Improvements to be installed or modified on the property,
 - (2) A description of the specific real property to which the qualified improvements will be permanently fixed, and
 - (3) The total amount of financing, including any transaction costs, to be repaid through assessments.

Based on this information, the Authorized Representative may issue a preliminary letter indicating that, subject to verification of all requirements at closing, the proposed project appears to meet program requirements. Based on this

⁵ TX. Local Gov't Code §399.004.

preliminary letter, the property owner may initiate an independent third-party review of the project and submit the project to Eligible Lenders for approval of financing.

Once the above processes are completed, the property owner will submit the application to the Authorized Representative to obtain preliminary approval. The property owner is expected to produce the following documentation prior to closing on the PACE loan:

- (1) A Report conducted by a qualified, independent third party, showing water or energy baseline conditions and the projected water or energy savings, or the amount of renewable energy generated attributable to the project;
- (2) Such financial information about the owner and the property as the lender chosen by the owner deems necessary to determine that the owner has demonstrated the financial ability to fulfill the financial obligations to be paid through assessments; and
- (3) All other information required by the Authorized Representative.

- j. Financial Eligibility Requirements. The Authorized Representative will determine whether the owner, the property and the improvements are eligible for financing under the program. The Eligible Lender chosen by the owner will determine whether the owner has demonstrated the financial ability to repay the financial obligations to be collected through contractual assessments. The statutory method⁶ for ensuring such a demonstration of financial ability must be based on appropriate underwriting factors, including the following:

- (1) verification that the person requesting to participate in the program is the legal record owner of the benefitted property,
- (2) the applicant is current on mortgage and property tax payments,
- (3) the applicant is not insolvent or in bankruptcy proceedings,
- (4) the title of the benefitted property is not in dispute; and
- (5) there is an appropriate ratio of the amount of the assessment to the assessed value of the property.

- k. Mortgage Holder Notice and Consent. As a condition to the execution of a written contract between the Authorized Representative and the property owner imposing an assessment under the program, the holder of any mortgage lien on the property must be given notice of the owner's intention to participate in the program on or before the 30th day before the date the contract is executed, and the owner must obtain the written consent of all mortgage holders.⁷

- l. Imposition of Assessment. The Authorized Representative will enter into a written contract with the property owner, only after:
- (1) The property owner delivers to the Authorized Representative written consent of all mortgage lien holders;

⁶ TX. Local Gov't Code §399.009(b).

⁷ TX. Local Gov't Code §399.010.

- (2) The Authorized Representative's determination that the owner and the property are eligible to participate in the program, that the proposed improvements are reasonably likely to decrease energy or water consumption or demand, and that the period of the requested assessment does not exceed the useful life of the Qualified Improvements; and
- (3) The Eligible Lender notifies the Authorized Representative that the owner has demonstrated the financial ability to fulfill the financial obligations to be repaid through contractual assessments.

The contract will impose a contractual assessment on the owner's Eligible Property to repay the lender's financing of the Qualified Improvements. The Eligible Lender will file "A Notice of Contractual Assessment Lien," in substantially the form in Exhibit 4 in the Official Public Records of Jefferson County, depending on where the Eligible Property is located, as notice to the public of the assessment, from the date of filing. The contract and the notice must contain the amount of the assessment, the legal description of the property, the name of the property owner, and a reference to the statutory assessment lien provided under the PACE Act.

- m. Collection of Assessments. The execution of the written contract between the Authorized Representative and the property owner and recording of the Notice of Contractual Assessment Lien incorporate the terms of the financing documents executed between the property owner and with the lender to repay the financing secured by the assessment. The third-party lender will advance financing to the owner, and the terms for repayment will be such terms as are agreed between the lender and the owner. Under the form lender contract attached as Exhibit 3, the lender or a designated servicer will agree to service the debt secured by the assessment.⁸

With funds from the lender, the property owner can purchase directly the equipment and materials for the Qualified Improvement and contract directly, including through lease, power purchase agreement, or other service contract, for the installation or modification of the Qualified Improvements. Alternatively, the lender may make progress payments to the property owner as the Qualified Improvement is installed.

The lender will receive the owner's assessment payments to repay the debt and remit to the Authorized Representative any administrative fees. The lender will have the right to assign or transfer the right to receive the installments of the debt secured by the assessment, provided all of the following conditions are met:

- (1) The assignment or transfer is made to an Eligible Lender, as defined above; and
- (2) The property owner and the Authorized Representative are notified in writing of the assignment or transfer and the address to which payment of

⁸ The servicer will be responsible for maintaining payment records, account balances, and reporting to the PACE administrator as required.

the future installments should be mailed at least 30 days before the next installment is due according to the schedule for repayment of the debt; and
(3) The assignee or transferee of the right to receive the payments executes an explicit written assumption of all of lender's obligations under the lender contract.

- n. Verification Review. After a Qualified Improvement is completed, the Authorized Representative will require the property owner to provide verification by a qualified independent third-party reviewer that the Qualified Improvement was properly completed and is operating as intended.⁹ The verification report conclusively establishes that the improvement is a Qualified Improvement and the project is qualified under the PACE program.
- o. Marketing and Education Services. Jefferson may subsequently enter into agreements with one or more other local governments or non-profit organizations that promote energy and water conservation and/or economic development to provide marketing and education services for the PACE program.
- p. Quality Assurance and Antifraud Measures. The Authorized Representative will institute quality assurance and antifraud measures for the Program. The Authorized Representative will review each PACE application for completeness and supporting documents through independent review and verification procedures. The application and required attachments will identify and supply the information necessary to ensure that the property owner, the property itself, and the proposed project all satisfy PACE program underwriting and technical standard requirements. Measures will be put in place to provide safeguards, including a review of the energy and water savings baseline and certification of compliance with the technical standards manual from an independent third-party reviewer (ITPR), who must be a registered professional engineer, before the project can proceed. This review will include a site visit, report, and a letter from the ITPR certifying that he or she has no financial interest in the project and is an independent reviewer. After the construction of the project is complete, an ITPR will conduct a final site inspection and determine whether the project was completed and is operating properly. The reviewer's certification will also include a statement that the reviewer is qualified and has no financial interest in the project.
- q. Delinquency. Under the terms of the form lender contract attached as Exhibit 3, if a property owner fails to pay an agreed installment when due on the PACE assessment, the lender will agree to take at least the following steps to collect the delinquent installment:
 - (1) Mail to the owner a written notice of delinquency and demand for payment by both certified mail (return receipt requested) and first class mail, and

⁹ TX. Local Gov't Code §399.011.

- (1) Mail to the owner a written notice of delinquency and demand for payment by both certified mail (return receipt requested) and first class mail, and
- (2) Mail to the owner a second notice of delinquency and demand for payment by both certified mail (return receipt requested) and first class mail, at least 30 days after the date of the first notice if the delinquency is continuing.

If the owner fails to cure the delinquency within 30 days after mailing the second notice of delinquency, the lender may notify the Authorized Representative of the owner's default. Pursuant to Texas Local Government Code Section 399.014(c), the Authorized Representative will initiate steps for the County to enforce the assessment lien in the same manner as a property tax lien against real property may be enforced, to the extent the enforcement is consistent with Section 50, Article XVI, of the Texas Constitution. Delinquent installments will incur penalties and interest in the same manner and at the same rate as delinquent property taxes, according to Texas Local Government Code Section 399.014(d), and such statutory penalties and interest will be due to the County to offset the cost of collection.

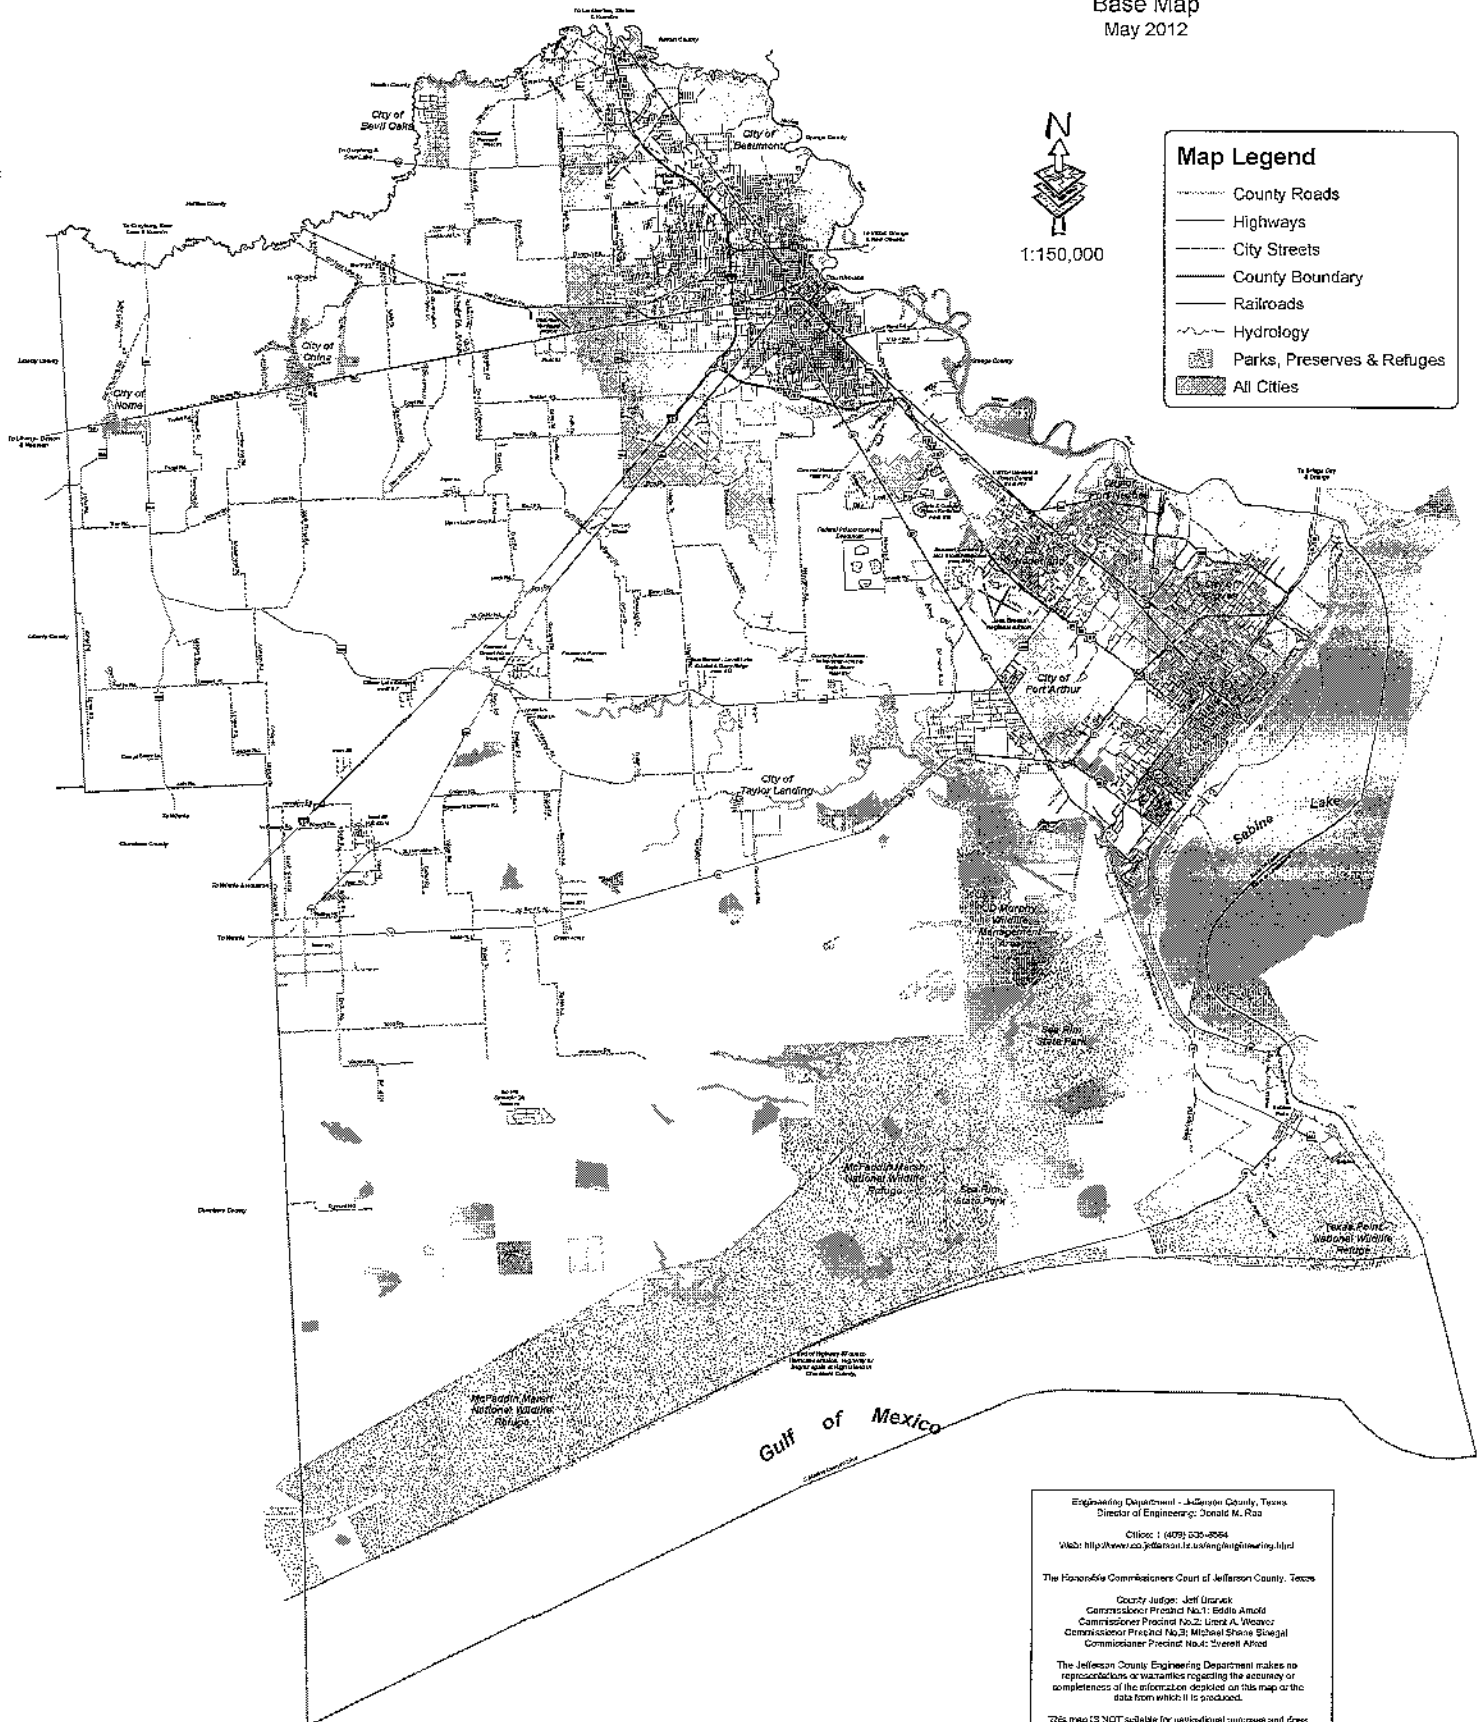

If the County files suit to enforce collection, the County may also recover costs and expenses, including attorney's fees, in a suit to collect a delinquent installment of an assessment in the same manner and at the same rate as in suit to collect a delinquent property tax. If a delinquent installment of an assessment is collected after the filing of a suit, the County will remit to the lender the net amount of the delinquent installments and contractual interest collected and remit to the Authorized Representative the amount of any administrative fees collected but will retain any statutory penalties, interest, and attorney's fees collected.

EXHIBIT 2

PACE OWNER CONTRACT

THIS PROPERTY ASSESSED CLEAN ENERGY ("PACE") OWNER CONTRACT ("**Owner Contract**") is made as of the [REDACTED] day of [REDACTED], [REDACTED], by and between Jefferson County, Texas ("**Local Government**"), and [REDACTED] ("**Property Owner**").

RECITALS

The Property Assessed Clean Energy Act ("**PACE Act**"), Texas Local Government Code Chapter 399, authorizes the governing body of a local government to establish a program and designate a region within the local government's jurisdiction within which an authorized representative of the local government may enter into written contracts with the record owners of commercial, industrial, agricultural, and large multifamily residential (5 or more dwelling units) real property to impose assessments on the property to finance the cost of permanent improvements fixed to the property intended to decrease water or energy consumption or demand.

Local Government has established a program under the PACE Act pursuant to a resolution dated [REDACTED], adopted by the Jefferson County Commissioners Court (the "**PACE Program**"), and has designated [REDACTED] ("**Authorized Representative**") as the representative authorized to enter into the Assessment, Owner Contract and Lender Contract described herein, and has designated the entire territory within the Jefferson County's jurisdiction as a region ("**Region**") within which the Authorized Representative and the record owners of such real property may enter into written contracts to impose assessments to repay the financing by owners of qualified improvements on the owner's property pursuant to the PACE Program.

Property Owner is the legal and record owner of the qualified "real property," as defined in Section 399.002 of the PACE Act, within the Region located at [REDACTED], [REDACTED], Texas, [REDACTED] (the "**Property**").

Pursuant to Application number [REDACTED], Property Owner has applied to Local Government to participate in the PACE Program by installing or modifying on the Property certain permanent improvements which are intended to decrease water or energy consumption or demand, and which are or will be fixed to the Property as "qualified improvements", as defined in Section 399.002 of the PACE Act (the "**Qualified Improvements**"). The installation or modification of such Qualified Improvements on the Property will be a "qualified project" as defined in Section 399.002 of the PACE Act (the "**Project**"). Property Owner has requested that Local Government enter into this Owner Contract pursuant to the PACE Act and the PACE Program and has requested Local Government to impose an assessment (the "**Assessment**") on the Property as set forth in the Notice Of Contractual Assessment Lien Pursuant To Property Assessed Clean Energy Act to be filed in the in the Official Public Records of Jefferson County, Texas (the "**Notice of Contractual**

Assessment Lien”), a copy of which is attached hereto as Exhibit A and made a part hereof, to repay the financing of such Qualified Improvements. The Property, Qualified Improvements and Assessment are more fully described in the Notice of Contractual Assessment Lien.

The financing of such Qualified Improvements will be provided to Property Owner by [REDACTED] (“**Lender**”), a qualified lender selected by Property Owner, pursuant to a written contract executed by Lender and Local Government as required by Section 399.006(c) of the PACE Act and by the PACE Program (the “**Lender Contract**”). The financing will include only those costs and fees for which an assessment may be imposed under the PACE Act. Local Government has agreed to maintain and continue the Assessment for the benefit of Lender until such financing is repaid in full and to release the Assessment upon notice from Lender of such payment, or foreclose the lien securing the Assessment for the benefit of Lender upon notice from Lender of a default by Property Owner.

As required by Section 399.010 of the PACE Act, Property Owner notified the holder(s) of any mortgage liens on the Property at least thirty (30) days prior to the date of this Owner Contract of Property Owner’s intention to participate in the PACE Program. The written consent of each mortgage holder to the Assessment was obtained prior to the date of this Owner Contract and is attached hereto as Exhibit B and made a part hereof.

AGREEMENT

The parties agree as follows:

Imposition of Assessment. In consideration for the financing advanced or to be advanced to Property Owner by Lender for the Project under the PACE Program pursuant to the Lender Contract, Property Owner hereby requests and agrees to the imposition by Local Government of the Assessment in the amount of \$[REDACTED], as set forth in the Notice of Contractual Assessment Lien, including all interest, fees, penalties, costs, and other sums due under and/or authorized by the PACE Act, PACE Program and the financing documents between Property Owner and Lender (the “**Financing Documents**”) which are described or listed on Exhibit C attached hereto and made a part hereof by reference. Property Owner promises and agrees to pay such amount and interest to Local Government, in care of or as directed by Lender, in satisfaction of the Assessment imposed pursuant to the Owner Contract and the PACE Act. Accordingly, Local Government hereby imposes the Assessment on the Property to secure the payment of such amount, in accordance with the requirements of the PACE Program and the provisions of the PACE Act.

Maintenance and Enforcement of Assessment. In consideration for Lender’s agreement to advance financing to Property Owner for the Project pursuant to the Financing Documents, Local Government agrees to maintain and continue the Assessment on the Property for the benefit of Lender until the Assessment, including all interest, fees, penalties, costs, and other sums due under and/or authorized by the PACE Act, PACE Program and the Financing Documents are paid in full, and to release the Assessment upon notice from Lender of such payment. Local Government agrees to undertake reasonable efforts to enforce the Assessment against the Property for the benefit of Lender in the event of a default by Property Owner. Local Government agrees to send an annual notice of assessment to the property owner with the annual property tax notice each year

there is a PACE lien balance. This notification can be listed on page one of said tax notice or as a separate page two (2) notification.

Installments. The Assessment, including the amount financed and contractual interest, is due and payable in installments as set forth in the Notice of Contractual Assessment Lien and the Financing Documents. The Assessment shall include: (1) an application fee paid by Property Owner to Authorized Representative at loan closing, and (2) a recurring administration fee paid by Property Owner to the Authorized Representative. The recurring administration fee amount shall be collected by Lender and paid to the Authorized Representative within thirty (30) days of receipt by Lender. The amounts due to the Authorized Representative are identified in Exhibit C hereto. As required by Section 399.009(a) (8) of the PACE Act, the period during which such installments are payable does not exceed the useful life of the Project. When the Assessment together with any prepayment premium, and/or default penalties and interest, if any, has been paid in full, Local Government's rights under this Owner Contract will cease and terminate. Upon notice from Lender that all amounts owing have been paid in full, Local Government will execute a release of the Assessment and this Owner Contract. Thereafter, the Authorized Representative will record the release.

Assignment of Right to Receive Installments. Lender will have the right to assign or transfer the right to receive the installments of the financing secured by the Assessment, provided all of the following conditions are met:

The assignment or transfer is made to a qualified lender as defined in the Lender Contract;

Property Owner and Authorized Representative are notified in writing of the assignment or transfer and the address to which payment of the future installments should be mailed at least 30 days before the next installment is due according to the payment schedule included in the Notice of Contractual Assessment Lien and the Financing Documents; and

The assignee or transferee of the right to receive the payments executes an explicit written assumption of all of Lender's obligations under Lender Contract.

Upon written notice to Property Owner and Authorized Representative of an assignment or transfer of the right to receive the installments that meets all of these conditions, the assignor shall be released of all of the obligations of the Lender under such Lender Contract accruing after the date of the assignment assumed by and transferred to such assignee or transferee and all of such obligations shall be assumed by and transferred to the assignee. Any attempt to assign or transfer the right to receive the installments that does not meet all of these conditions is void.

Lien Priority and Enforcement. Pursuant to Section 399.014 of the PACE Act,

Delinquent installments of the Assessment will incur interest and penalties in the same manner and in the same amount as delinquent property taxes, viz., a delinquent installment incurs a penalty of 6% of the amount of the installment for the first calendar month it is delinquent plus 1% for each additional month or portion of a month the installment remains unpaid prior to July 1 of the year in which it becomes delinquent.

However, an installment delinquent on July 1 incurs a total penalty of 12% of the amount of the delinquent installment without regard to the number of months it has been delinquent. A delinquent installment will also accrue interest at the rate of 1% for each month or portion of a month that the installment remains unpaid. Statutory penalties and statutory interest payable under this paragraph will be retained by Local Government to compensate it for the cost of enforcing the Assessment. Additional interest at any default rate imposed by Lender pursuant to the Financing Documents, along with any other fees and charges that become due pursuant to the Financing Documents may be assessed by Lender and retained by Lender.

The Assessment, together with any penalties and interest thereon,

is a first and prior lien against the Property from the date on which the Notice of Contractual Assessment Lien is filed in the Official Public Records of Jefferson County as provided by Section 399.014 of the PACE Act, until the financing secured by the Assessment and any penalties and interest are paid; and

such lien has the same priority status as a lien for any other ad valorem tax, pursuant to Section 399.014(a)(2) of the PACE Act.

The lien created by the Assessment runs with the land, and according to Section 399.014(b) of the PACE Act, any portion of the Assessment that has not yet become due is not eliminated by foreclosure of: (i) a property tax lien, or (ii) the lien for any past due portion of the Assessment. In the event of a sale or transfer of the Property by Property Owner, the obligation for the Assessment and the Property Owner's obligations under the Financing Documents will be transferred to the succeeding owner without recourse on Local Government or Authorized Representative.

In the event of a default by Property Owner in payment of the installments called for by the Financing Documents, the lien created by the Assessment will be enforced by Local Government in the same manner according to Texas Tax Code Secs. 33.41 to 34.23 that a property tax lien against real property may be enforced by a local government, to the extent the enforcement is consistent with Section 50, Article XVI, Texas Constitution.

In a suit to collect a delinquent installment of the Assessment, Local Government will be entitled to recover costs and expenses, including attorney's fees in the amount of 15% of the total amount of the delinquent installment, penalties, and interest due, in the same manner according to Texas Tax Code Sec. 33.48 as in a suit to collect a delinquent property tax. Lender shall be entitled to any additional sums due to it under the Financing Documents in connection with a suit to collect a delinquent installment of the Assessment.

After written notice of the Assessment is recorded in the real property records of the county in which the Property is located as provided under Section 399.013 of the PACE Act, the lien created by the Assessment may not be contested on the basis that the improvement is not a "qualified improvement" or the project is not a "qualified project", as such terms are defined in Section 399.002 of the PACE Act.

Written Contract Required by PACE Act. This Owner Contract constitutes a written contract for the Assessment between the Property Owner and Local Government as required by Section 399.005 of the PACE Act. The Notice of Contractual Assessment Lien will be recorded in the Official Public Records of Jefferson County as notice of the contractual Assessment, in accordance with the requirements of Section 399.013 of the PACE Act.

Qualified Improvements. Property Owner agrees that all improvements purchased, constructed and/or installed through financing obtained pursuant to this Owner Contract shall be permanently affixed to the Property and will transfer with the Property to the transferee in the event of and sale or assignment of the Property.

Water or Energy Savings. For so long as the Assessment encumbers the Property, Property Owner agrees on or before January 31st of each year, to report to Authorized Representative the water or energy savings realized through the Project in accordance with the reporting requirements established by the Local Government.

Construction and Definitions. This Owner Contract is to be construed in accordance with and with reference to the PACE Program and PACE Act. Terms used herein, and not otherwise defined herein, shall have the meanings ascribed to them in: (1) the PACE Program, and/or (2) the PACE Act.

Binding Effect. This Owner Contract inures to the benefit of Local Government and is binding upon Property Owner, its heirs, successors, and assigns.

Notices. All notices and other communications required or permitted by this Owner Contract shall be in writing and mailed by certified mail, return receipt requested, addressed to the other party at its address shown below the signature of such party or at such other address as such party may from time to time designate in writing to the other party, and shall be effective from the date of receipt.

Governing Law. This Owner Contract shall in all respects be governed by and construed in accordance with the laws of the State of Texas.

Entire Agreement. This Owner Contract constitutes the entire agreement between Local Government and Property Owner with respect to the subject matter hereof and may not be amended or altered in any manner except by a document in writing executed by both parties.

Further Assurances. Property Owner further covenants and agrees to do, execute and deliver, or cause to be done, executed, and delivered all such further acts for implementing the intention of this Owner Contract as may be reasonably necessary or required.

Captions. Paragraph and section titles are for convenience of reference only and shall not be of any legal effect.

Interest. Interest and penalties in the event of default, as provided above, are explicitly authorized by Section 399.014(d) of the PACE Act. However, in no event will the total amount of interest on the Assessment, including statutory interest payable to Local Government and contractual interest payable to Lender under the Financing Documents, exceed the maximum

amount or rate of nonusurious interest that may be contracted for, charged, or collected under Texas law (the "usury limit"). If the total amount of interest payable to Local Government and Lender exceeds the usury limit, the interest payable to Local Government will be reduced and any interest in excess of the usury limit will be credited to the amount payable to Local Government or refunded. This provision overrides any conflicting provisions in this Owner Contract.

Counterparts. This Owner Contract may be executed in any number of counterparts, each counterpart may be delivered originally or by electronic transmission, all of which when taken together shall constitute one agreement binding on the parties, notwithstanding that all parties are not signatories to the same counterpart.

Costs. No provisions of this Owner Contract will require Local Government to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder.

Construction Terms. If the Lender Contract includes requirements related to construction of the Project and disbursement of Financing, such requirements are set forth in Exhibit D attached hereto and incorporated herein by reference. Such requirements may include, among other things, (1) the disbursement schedule and (2) any holdback amount to be funded following verification of final project completion.

EXHIBIT A

**NOTICE OF CONTRACTUAL ASSESSMENT LIEN
PURSUANT TO
PROPERTY ASSESSED CLEAN ENERGY ACT**

STATE OF TEXAS §
 §
COUNTY OF JEFFERSON §

RECITALS

The Property Assessed Clean Energy Act ("**PACE Act**"), Texas Local Government Code Chapter 399, authorizes the governing body of a local government to establish a program and designate a region within the local government's jurisdiction within which an authorized representative of the local government may enter into written contracts with the record owners of commercial, industrial, agricultural, and large multifamily residential (5 or more dwelling units) real property to impose assessments on the property to finance the cost of permanent improvements fixed to the property intended to decrease water or energy consumption or demand. Unless otherwise expressly provided herein, all terms used herein have the same meanings ascribed to them in the PACE Act.

Jefferson County ("**Local Government**") has established a program under the PACE Act pursuant to a resolution dated [REDACTED], adopted by the Jefferson County Commissioners Court (the "**PACE Program**"), and has designated [REDACTED] ("**Authorized Representative**") as the representative authorized to enter into and enforce the Assessment, Owner Contract and Lender Contract described herein, and has designated the entire territory within the County of Jefferson jurisdiction as a region ("**Region**") within which the Authorized Representative and the record owners of such real property may enter into written contracts to impose assessments to repay the financing by owners of qualified improvements on the owner's property pursuant to the PACE Program.

[REDACTED] ("**Property Owner**") is the legal and record owner of the qualified "real property," as defined in Section 399.002 of the PACE Act, within the Region located at [REDACTED], [REDACTED], Texas, and more fully described in Exhibit A attached hereto and made a part hereof (the "**Property**").

Property Owner has applied to Local Government to participate in the PACE Program by installing or modifying on the Property certain permanent improvements described in Exhibit B attached hereto and made a part hereof, which are intended to decrease water or energy consumption or demand, and which are or will be fixed to the Property as "qualified improvements", as defined in Section 399.002 of the PACE Act (the "**Qualified Improvements**"). The installation or modification of such Qualified Improvements on the Property will be a "qualified project" as defined in Section 399.002 of the PACE Act. Property

Owner has entered into a written contract (the "**Owner Contract**") with Local Government pursuant to the PACE Act and the PACE Program and has requested Local Government to impose an assessment on the Property to repay the financing of such Qualified Improvements.

The financing of such Qualified Improvements will be provided to Property Owner by [REDACTED] ("**Lender**"), a qualified lender selected by Property Owner, pursuant to a written contract executed by Lender and Local Government as required by Section 399.006(c) of the PACE Act and by the PACE Program (the "**Lender Contract**"). Lender will be responsible for all servicing duties other than those specifically undertaken by Local Government in the Lender Contract.

THEREFORE, Local Government hereby gives notice to the public pursuant to Section 399.013 of the PACE Act that it has imposed an assessment on the Property in the amount of \$[REDACTED], as set forth on Exhibit C attached hereto, which together with all interest, fees, penalties, costs and other sums due under and/or authorized by the PACE Act, PACE Program and the financing documents between Property Owner and Lender (the "**Financing Documents**") is herein referred to as the "**Assessment**".

Pursuant to Section 399.014 of the PACE Act,

The Assessment, including interest and any penalties, costs, or fees accrued thereon,

- (i) is a first and prior lien on the Property from the date that this Notice of Contractual Assessment Lien is recorded in the Official Public Records of Jefferson County Texas, until such Assessment, interest, penalties, costs, and fees are paid in full; and
- (ii) such lien has the same priority status as a lien for any other ad valorem tax, pursuant to Section 399.014(a)(2) of the PACE Act.

The lien created by the Assessment runs with the land, and according to Section 399.014(b) of the PACE Act, any portion of the Assessment that has not yet become due is not eliminated by foreclosure of: (i) a property tax lien, or (ii) the lien for any past due portion of the Assessment. Additionally, in the event of a sale or transfer of the Property by Property Owner (excluding a transfer as part of a foreclosure sale for a past due portion of the Assessment), the obligations under the Financing Documents, including, without limitation, any unpaid installments of the Assessment then due and owing and the portion of the Assessment that has not yet become due, will be transferred to the succeeding owner without recourse on Local Government or Authorized Representative.

After this Notice of Contractual Assessment Lien is recorded in the real property records of the county in which the Property is located as provided under Section 399.013 of the PACE Act, the lien created by the Assessment may not be contested on the basis that the improvement is not a "qualified improvement" or the project is not a "qualified project", as such terms are defined in Section 399.002 of the PACE Act.

EXECUTED on [REDACTED] [REDACTED].

PACE LENDER CONTRACT

THIS PROPERTY ASSESSED CLEAN ENERGY ("PACE") LENDER CONTRACT (the "**Lender Contract**") is made as of the _____ day of _____, _____, by and between Jefferson County ("**Local Government**") and _____ ("**Lender**").

RECITALS

The Property Assessed Clean Energy Act ("**PACE Act**"), Texas Local Government Code Chapter 399, authorizes the governing body of a local government to establish a program and designate a region within the local government's jurisdiction within which an authorized representative of the local government may enter into written contracts with the record owners of commercial, industrial, agricultural, and large multifamily residential (5 or more dwelling units) real property to impose assessments on the property to finance the cost of permanent improvements fixed to the property intended to decrease water or energy consumption or demand.

Local Government has established a program under the PACE Act pursuant to a resolution dated _____, adopted by the Jefferson County Commissioners Court (the "**PACE Program**"), and has designated _____ ("**Authorized Representative**") as the representative authorized to enter into the Assessment, Owner Contract and Lender Contract described herein, and has designated the entire territory within the Jefferson County's jurisdiction as a region ("**Region**") within which the Authorized Representative and the record owners of such real property may enter into written contracts to impose assessments to repay the financing by owners of qualified improvements on the owner's property pursuant to the PACE Program.

Pursuant to Application number _____, _____ ("**Property Owner**") has applied to Local Government to participate in the PACE Program with respect to certain real property located at _____, _____, Texas, _____ (the "**Property**") by installing or modifying on the Property certain permanent improvements which are intended to decrease water or energy consumption or demand, and which are or will be fixed to the Property as "qualified improvements", as defined in Section 399.002 of the PACE Act (the "**Qualified Improvements**"). The installation or modification of such Qualified Improvements on the Property will be a "qualified project" as defined in Section 399.002 of the PACE Act (the "**Project**").

Property Owner and Local Government have entered into a written contract as required by Section 399.005 of the PACE Act, a copy of which is attached hereto as Exhibit A and made a part hereof (the "**Owner Contract**"), in which Property Owner has requested that Local Government impose an assessment (the "**Assessment**") on the Property as set forth in the Notice Of Contractual Assessment Lien Pursuant To Property Assessed Clean Energy Act to be filed in the in the Official Public Records of Jefferson County, Texas (the "**Notice of Contractual Assessment Lien**"), a

copy of which is attached to the Owner Contract as Exhibit A, to repay the financing of such Qualified Improvements. The Property, Qualified Improvements and Assessment are more fully described in the Notice of Contractual Assessment Lien.

Financing for the Project (the "**Financing**") will be provided to Property Owner by Lender in accordance with financing documents which are described or listed on Exhibit B attached hereto and made a part hereof (the "**Financing Documents**"). Such Financing includes only those costs and fees for which an assessment may be imposed under the PACE Act. This Lender Contract is entered into between Local Government and Lender as required by Section 399.006(c) of the PACE Act to provide for repayment of the Financing secured by the Assessment.

As required by Section 399.010 of the PACE Act, Property Owner notified the holder(s) of any mortgage liens on the Property at least thirty (30) days prior to the date of the Owner Contract of Property Owner's intention to participate in the PACE Program. The written consent of each mortgage lien holder to the Assessment was obtained prior to the date of the Owner Contract, as shown by the copy of such consent(s) attached as Exhibit B to the Owner Contract.

AGREEMENT

The parties agree as follows:

Maintenance and Enforcement of Assessment. Lender agrees to provide the Financing for the Project in the total amount of \$[REDACTED], according to the terms set out in the Financing Documents attached hereto as Exhibit B. In consideration for the Financing provided or to be provided by Lender for the Project, and subject to the terms and conditions of this Lender Contract, Local Government agrees to maintain and continue the Assessment for the benefit of Lender until the Financing, all contractual interest, any prepayment premium, additional penalties and interest imposed by the Lender under the Financing Documents according to the Financing Documents, and any statutory penalties, interest, attorney's fees, or costs accrued in the event of default are paid in full. Local Government will not release the Assessment until which time Lender notifies Local Government that all amounts owing have been paid in full. Local Government shall not sell, assign or transfer the Assessment or the assessment lien against the Property to any third party without the prior written consent of the Lender. Local Government agrees to enforce the assessment lien against the Property for the benefit of Lender in the event of a default by Property Owner in accordance with the provisions set forth in paragraph 6. Local Government shall have no obligation to repurchase the assessment and no liability to Lender should there be a default or an event of default in the payment thereof or should there be any other loss or expense suffered by Lender or under any other circumstances.

Installments. The Assessment, including the amount financed and contractual interest, is due and payable to Lender in installments as set forth in the Notice of Contractual Assessment Lien and Financing Documents. The Assessment shall include: (1) an application fee paid by Property Owner to Authorized Representative at loan closing, and (2) a recurring administration fee paid by Property Owner to the Authorized Representative. The recurring administration fee amount shall be collected by Lender and paid to the Authorized Representative within thirty (30) days of receipt by Lender. The amounts due to the Authorized Representative are identified in

Exhibit B hereto. As required by Section 399.009(a)(8) of the PACE Act, the period during which such installments are payable does not exceed the useful life of the Project. When the Assessment together with any prepayment premium, and/or default penalties and interest, if any, has been paid in full, Local Government's rights under this Lender Contract will cease and terminate. Upon notice from Lender that all amounts owing have been paid in full, Local Government will execute a release of the Assessment and this Lender Contract. Thereafter, the Authorized Representative will record the release.

Assignment of Right to Receive Installments. Lender will have the right to assign or transfer the right to receive the installments of the Assessment, provided all of the following conditions are met:

The assignment or transfer is made to a qualified lender, which may be one of the following:

Any federally insured depository institution such as a bank, savings bank, savings and loan association and federal or state credit union;

Any insurance company authorized to conduct business in one or more states;

Any registered investment company, registered business development company, or a Small Business Administration small business investment company;

Any publicly traded entity; or

Any private entity that:

(i) Has a minimum net worth of \$5 million;

(ii) Has at least three years' experience in business or industrial lending or commercial real estate lending (including multifamily lending), or has a lending officer that has at least three years' experience in business or industrial lending or commercial real estate lending;

(iii) Can provide independent certification as to availability of funds; and

(iv) Has the ability to carry out, either directly or through a servicer, the bookkeeping and customer service work necessary to manage the assessment accounts

Property Owner and Authorized Representative are notified in writing of the assignment or transfer and the address to which payment of the future installments should be mailed at least 30 days before the next installment is due according to the payment schedule included in the Financing Documents; and

The assignee or transferee of the right to receive the installments executes an explicit written assumption of all of Lender's obligations under this Lender Contract.

Upon written notice to Property Owner and Authorized Representative of an assignment or transfer of the right to receive the installments that meets all of these conditions, the assignor shall be released of all of the obligations of the Lender under this Lender Contract accruing after the date of the assignment and all of such obligations shall be assumed by and transferred to the assignee. Any attempt to assign or transfer the right to receive the installments of the Assessment that does not meet all of these conditions is void.

Financing Responsibility. Lender assumes full responsibility for determining the financial ability of the Property Owner to repay the Financing and for advancing the funds as set forth in the Financing Documents and performing Lender's obligations and responsibilities thereunder.

Lien Priority and Enforcement. As provided in the Owner Contract and Section 399.014 of the PACE Act:

Delinquent installments of the Assessment incur interest and penalties in the same manner and in the same amount as delinquent property taxes, viz., a delinquent installment incurs a penalty of 6% of the amount of the installment for the first calendar month it is delinquent plus 1% for each additional month or portion of a month the installment remains unpaid prior to July 1 of the year in which it becomes delinquent. However, an installment delinquent on July 1 incurs a total penalty of 12% of the amount of the delinquent installment without regard to the number of months it has been delinquent. A delinquent installment also accrues interest at the rate of 1% for each month or portion of a month the installment remains unpaid. Statutory penalties and statutory interest payable under this paragraph will be retained by Local Government to compensate it for the cost of enforcing the Assessment. Additional interest at any default rate imposed by Lender pursuant to the Financing Documents, along with any other fees and charges that become due pursuant to the Financing Documents may be assessed by Lender and retained by Lender.

The Assessment, together with any penalties and interest thereon,

is a first and prior lien against the Property from the date on which the Notice of Contractual Assessment Lien is filed in the Official Public Records of Jefferson County, as provided by Section 399.014 of the PACE Act, until the Assessment and any penalties and interest are paid; and

such lien has the same priority status as a lien for any other ad valorem tax, pursuant to Section 399.014(a)(2) of the PACE Act.

The lien created by the Assessment runs with the land, and any portion of the Assessment that has not yet become due is not eliminated by foreclosure of a property tax lien, according to Section 399.014(b) of the PACE Act. In the event of a sale or transfer of the Property by Property Owner, the obligation for the Assessment and the Property

Owner's obligations under the Financing Documents will be transferred to the succeeding owner without recourse on Local Government or the Authorized Representative.

In the event of a default by Property Owner in payment of the installments called for by the Financing Documents, the lien created by the Assessment will be enforced by Local Government in the same manner according to Texas Tax Code Secs. 33.41 to 34.23 that a property tax lien against real property may be enforced by a local government, to the extent the enforcement is consistent with Section 50, Article XVI, Texas Constitution.

In a suit to collect a delinquent installment of the Assessment, Local Government will be entitled to recover costs and expenses, including attorney's fees in the amount of 15% of the total amount of the delinquent installment, penalties, and interest due, in the same manner according to Texas Tax Code Sec. 33.48 as in a suit to collect a delinquent property tax. Lender shall be entitled to any additional sums due to it under the Financing Documents in connection with a suit to collect a delinquent installment of the Assessment.

After written notice of the Assessment is recorded in the real property records of the county in which the Property is located as provided under Section 399.013 of the PACE Act, the lien created by the Assessment may not be contested on the basis that the improvement is not a "qualified improvement" or the project is not a "qualified project", as such terms are defined in Section 399.002 of the PACE Act.

Servicing and Enforcement of Assessment.

Servicing. The Assessment payments will be billed, collected, received, and disbursed in accordance with the procedures set out in the Financing Documents. Lender will be responsible for all servicing duties other than those specifically undertaken by Local Government in this Lender Contract. Local Government agrees to send an annual notice of assessment to the property owner with the annual property tax notice each year there is a PACE lien balance. This notification can be listed on page one of said tax notice or as a separate page two (2) notification.

Remittances. Each of the parties covenants and agrees to promptly remit to the other party any payments incorrectly received by such party with respect to the Assessment after the execution of this Lender Contract.

Default and Enforcement. In the event of a default in payment of any installment of the Assessment as specified in the Financing Documents, Lender agrees to take at least the following steps to collect the delinquent installment:

Mail a written notice of delinquency and demand for payment to the Property Owner by both certified mail, return receipt requested, and first class mail; and

Mail a second notice of delinquency to the Property Owner by both certified mail, return receipt requested, and first class mail at least 30 days after the date of the first notice if the delinquency is continuing.

If the Property Owner fails to cure the delinquency within 30 days after the mailing of the second notice of delinquency, the Lender or its designated servicer may notify the Authorized Representative who will certify to the Local Government in writing of a default by the Property Owner, and upon receipt of such certification and after doing its own due diligence, Local Government will enforce the assessment lien for the benefit of Lender pursuant to Tex. Local Gov't Code Sec. 399.014(c), in the same manner as a property tax lien against real property may be enforced, to the extent the enforcement is consistent with Section 50, Article XVI, Texas Constitution.

Final Payment and Release. When the Assessment has been satisfied and paid in full, together with all interest and prepayment premiums, if any, provided under the Financing Documents and all costs, fees, penalties, and interest applicable under the PACE Act and payable to Lender or Local Government, Local Government's rights under the Owner Contract will cease and terminate. Upon notice from Lender that all amounts owing have been paid in full, Local Government will execute a release of the Assessment and the Owner Contract. Thereafter, the Authorized Representative will record the Release.

Limitations on Local Government's Actions. Without the prior written consent of Lender, Local Government will not enter into any amendment or modification of or deviation from the Owner Contract. Local Government will not institute any legal action with respect to the Owner Contract, the Assessment, or the assessment lien without the prior written request of Lender.

Limitations of Local Government's Obligations. Local Government undertakes to perform only such duties as are specifically set forth in this Lender Contract, and no implied duties on the part of Local Government are to be read into this Lender Contract. Local Government will not be deemed to have a fiduciary or other similar relationship with Lender. Local Government may request written instructions for action from Lender and refrain from taking action until it receives satisfactory written instructions. Local Government will have no liability to any person for following such instructions, regardless of whether they are to act or refrain from acting.

Costs. No provisions of this Lender Contract will require Local Government to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder.

Lender's Warranties and Representations. With respect to this Lender Contract, Lender hereby warrants and represents that on the date on which Lender executes this Lender Contract:

Lender is a qualified lender under the PACE Program, as defined in paragraph 3(a) above, and is fully qualified under the PACE Program to enter into this Lender Contract and the Financing Documents;

Lender has independently and without reliance upon Local Government conducted its own credit evaluation, reviewed such information as it has deemed adequate and appropriate, and made its own analysis of the Owner Contract, the Project, and Property

Owner's financial ability to perform the financial obligations set out in the Financing Documents; and

Lender has not relied upon any investigation or analysis conducted by, advice or communication from, or any warranty or representation by Local Government or any agent or employee of Local Government, express or implied, concerning the financial condition of the Property Owner or the tax or economic benefits of an investment in the Assessment.

Written Contract Required by the PACE Act. This Lender Contract constitutes a written contract between Local Government and Lender, as required under Section 399.006 (c) of the PACE Act.

Construction and Definitions. This Lender Contract is to be construed in accordance with and with reference to the PACE Program and PACE Act. Terms used herein, and not otherwise defined herein, shall have the meanings ascribed to them in: (1) the Notice of Contractual Assessment Lien, (2) the Owner Contract, (3) the PACE Program, and/or (4) the PACE Act.

Binding Effect. This Lender Contract is binding upon and shall inure to the benefit of the parties hereto and their respective heirs, representatives, successors, and assigns.

Notices. All notices and other communications required or permitted hereunder shall be in writing and mailed by certified mail, return receipt requested, addressed to the other party at the address stated below the signature of such party or at such other address as such party may from time to time designate in writing to the other party, and shall be effective from the date of receipt.

Governing Law. This Lender Contract shall in all respects be governed by and construed in accordance with the laws of the State of Texas.

Entire Agreement. This Lender Contract constitutes the entire agreement between the parties with respect to the subject matter hereof and shall not be amended or altered in any manner except by a document in writing executed by both parties.

Captions. Paragraph and section titles are for convenience of reference only and shall not be of any legal effect.

Counterparts. This Lender Contract may be executed in any number of counterparts, each counterpart may be delivered originally or by electronic transmission, all of which when taken together shall constitute one agreement binding on the parties, notwithstanding that all parties are not signatories to the same counterpart.

Interest. Interest and penalties in the event of default, as provided above, are explicitly authorized by Section 399.014(d) of the PACE Act. However, in no event will the total amount of interest on the Assessment, including statutory interest payable to Local Government and contractual interest payable to Lender under the Financing Documents, exceed the maximum amount or rate of nonusurious interest that may be contracted for, charged, or collected under Texas law (the "usury limit"). If the total amount of interest payable to Local Government and Lender exceeds the usury limit, interest payable to Local Government will be reduced and any

interest in excess of the usury limit will be credited to the amount payable to Local Government or refunded. This provision overrides any conflicting provisions in this Lender Contract.

Certification. Local Government certifies that the PACE Program has been duly adopted and is in full force and effect on the date of this Lender Contract. Property Owner has represented to Lender and Local Government that the Project is a "qualified project" as defined in the PACE Program and Section 399.002 of the PACE Act. The Assessment has been imposed on the Property as a lien in accordance with the PACE Owner Contract and the PACE Act. Local Government has not assigned or transferred any interest in the Assessment or the PACE Owner Contract.

Construction Terms. If this Lender Contract includes requirements related to construction of the Project and disbursement of Financing, such requirements are set forth in Exhibit C attached hereto and incorporated herein by reference. Such requirements may include, among other things, (1) the disbursement schedule and (2) any holdback amount to be funded following verification of final project completion.

FORM NOTICE OF CONTRACTUAL ASSESSMENT LIEN PURSUANT TO PROPERTY ASSESSED CLEAN ENERGY ACT

STATE OF TEXAS §
 §
COUNTY OF JEFFERSON §

RECITALS

The Property Assessed Clean Energy Act ("**PACE Act**"), Texas Local Government Code Chapter 399, authorizes the governing body of a local government to establish a program and designate a region within the local government's jurisdiction within which an authorized representative of the local government may enter into written contracts with the record owners of commercial, industrial, agricultural, and large multifamily residential (5 or more dwelling units) real property to impose assessments on the property to finance the cost of permanent improvements fixed to the property intended to decrease water or energy consumption or demand. Unless otherwise expressly provided herein, all terms used herein have the same meanings ascribed to them in the PACE Act.

Jefferson County ("**Local Government**") has established a program under the PACE Act pursuant to a resolution dated [REDACTED], adopted by the Jefferson County Commissioners Court (the "**PACE Program**"), and has designated [REDACTED] ("**Authorized Representative**") as the representative authorized to enter into and enforce the Assessment, Owner Contract and Lender Contract described herein, and has designated the entire territory within the County of Jefferson jurisdiction as a region ("**Region**") within which the Authorized Representative and the record owners of such real property may enter into written contracts to impose assessments to repay the financing by owners of qualified improvements on the owner's property pursuant to the PACE Program.

[REDACTED] ("**Property Owner**") is the legal and record owner of the qualified "real property," as defined in Section 399.002 of the PACE Act, within the Region located at [REDACTED], [REDACTED], Texas, and more fully described in Exhibit A attached hereto and made a part hereof (the "**Property**").

Property Owner has applied to Local Government to participate in the PACE Program by installing or modifying on the Property certain permanent improvements described in Exhibit B attached hereto and made a part hereof, which are intended to decrease water or energy consumption or demand, and which are or will be fixed to the Property as "qualified improvements", as defined in Section 399.002 of the PACE Act (the "**Qualified Improvements**"). The installation or modification of such Qualified Improvements on the Property will be a "qualified project" as defined in Section 399.002 of the PACE Act. Property Owner has entered into a written contract (the "**Owner Contract**") with Local Government pursuant to the PACE Act and the PACE Program and has requested Local Government to impose an assessment on the Property to repay the financing of such Qualified Improvements.

The financing of such Qualified Improvements will be provided to Property Owner by [REDACTED] ("**Lender**"), a qualified lender selected by Property Owner, pursuant to a written contract executed by Lender and Local Government as required by Section 399.006(c) of the PACE Act and by the PACE Program (the "**Lender Contract**"). Lender will be responsible for all servicing duties other than those specifically undertaken by Local Government in the Lender Contract.

THEREFORE, Local Government hereby gives notice to the public pursuant to Section 399.013 of the PACE Act that it has imposed an assessment on the Property in the amount of \$[REDACTED], as set forth on Exhibit C attached hereto, which together with all interest, fees, penalties, costs and other sums due under and/or authorized by the PACE Act, PACE Program and the financing documents between Property Owner and Lender (the "**Financing Documents**") is herein referred to as the "**Assessment**".

Pursuant to Section 399.014 of the PACE Act,

The Assessment, including interest and any penalties, costs, or fees accrued thereon,

- (i) is a first and prior lien on the Property from the date that this Notice of Contractual Assessment Lien is recorded in the Official Public Records of Jefferson County Texas, until such Assessment, interest, penalties, costs, and fees are paid in full; and
- (ii) such lien has the same priority status as a lien for any other ad valorem tax, pursuant to Section 399.014(a)(2) of the PACE Act.

The lien created by the Assessment runs with the land, and according to Section 399.014(b) of the PACE Act, any portion of the Assessment that has not yet become due is not eliminated by foreclosure of: (i) a property tax lien, or (ii) the lien for any past due portion of the Assessment. Additionally, in the event of a sale or transfer of the Property by Property Owner (excluding a transfer as part of a foreclosure sale for a past due portion of the Assessment), the obligations under the Financing Documents, including, without limitation, any unpaid installments of the Assessment then due and owing and the portion of the Assessment that has not yet become due, will be transferred to the succeeding owner without recourse on Local Government or Authorized Representative.

After this Notice of Contractual Assessment Lien is recorded in the real property records of the county in which the Property is located as provided under Section 399.013 of the PACE Act, the lien created by the Assessment may not be contested on the basis that the improvement is not a "qualified improvement" or the project is not a "qualified project", as such terms are defined in Section 399.002 of the PACE Act.

EXECUTED on [REDACTED], [REDACTED].
