

Operational Statement

The Constable and Deputies of Precinct 1 consist of commissioned Peace Officers and civilian clerks whose responsibilities include receiving, recording, serving and returning legal documents, such as eviction citations, probate, divorce proceedings, child support orders. These papers are returned to the courts from which they originated. The officer's written portion of the return on each document notifies the court the order or notice has been served.

Those filing or receiving service are welcome to inquire regarding status on your service. In most instances this will require speaking directly to the deputy assigned your case. As they are often in the field, be prepared to provide the clerk assisting you with the case number or service request information and a reliable contact number so that the deputy can call you back as soon as possible.
