Temporary Power

Permanent Power

I understand the following information:

Environmental Control only sends the information to Entergy. Once sent the customer must contact Entergy for more information. (1-800-ENTERGY)

The address on the form must match exactly the address the electrical service provider assigned to the meter and the address on the permit.

All required inspections must be complete/passed and on file with our office before permanent power can be released.

If an elevation certificate is required we must have the elevation certificate marked finished construction on file before permanent power can be released.
